#### PETITION UNDER THE MUNICIPAL ACT.

##### RUTHERGLEN.

IN pursuance of the Act of Council 13 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-seven householders resident in the township of Rutherglen, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 13th June, 1862. 3417.

The petitioners state that they are householders residing in the township of Rutherglen, and that it is the centre of a large and important mining and agricultural district, the population of which, according to the census returns, is over four thousand.

They further state that the town contains more than three hundred householders; that the buildings are for the most part well and substantially constructed; and that, at the earnest wish of the townspeople, the township has been recently surveyed by the Government, for the purpose of selling the land; but that, as at present there exist no means by which local improvements can be effected otherwise than by private enterprise, the streets and roadways are unformed, and in winter partially impassable.

They therefore believe that the establishment of a municipality will greatly conduce to the prosperity and permanent welfare of the town, and suggest the following municipal boundaries, viz.:—"Commencing from a point sixty-seven chains south-east of allotment No. 4, section 20, parish of Carlyle, bearing thence due west one mile; bearing thence due north two miles to a Government road; bearing thence east one mile; and thence south two miles to the commencing point."

And the petitioners pray as follows:—"Your petitioners therefore humbly pray that the district, as above defined, may be proclaimed a municipality under the name of 'The Municipal District of Rutherglen,' according to the provisions of the Act of Council 13 Victoria No. 15."
