A remarkably low rate of mortality prevailed in Melbourne and suburbs during the month of May. The number of deaths reported was only 244, as against 342 in May, 1861, and as against 308 in May, 1860. Compared with the previous month the mortality diminished by about one death per day, or from a daily average of 8.83 to a daily average of 7.74.

The mean temperature in the shade was 52.7°, which is precisely the same reading as that for May, 1861, but is 2° lower than the reading for May, 1860. The highest point attained by the thermometer (68.7°) was at 1 p.m. on the 19th, and the lowest (36.9°) at 7 a.m. on the 10th; the greatest range (18.8°) occurred on the 3rd, from a maximum 65.6° to a minimum 47.0°; and the least (7.1°) on the 31st, from a maximum 54.7° to a minimum 47.6°. The range between the highest and lowest of the month was 29.8°, and the mean daily range 12.2°. The mean atmospheric pressure during the month was 29.877 in. against 29.950 in. the previous month, and against 29.403 in. for May, 1861. The highest and lowest points reached by the barometer were on the 18th at 10 a.m., and on the 31st at 1 p.m., viz., 30.203 in. on the former day, and 29.806 in. on the latter, the range for the month thus being .397.

The mean temperature, number of deaths, and daily average of mortality for the first four weeks in May, were as follow:—

	Mean Temperature.	Number of Deaths.	Daily Mortality.
First week	53.0°	68	9.71
Second week	56.1°	52	7.43
Third week	52.1°	57	8.14
Fourth week	51.1°	43	6.14

Of the deaths recorded, 141, or nearly 59 per cent., were of males, and 99, or rather more than 41 per cent., were of females. 129, or nearly 54 per cent., were of children under five years of age, and 111, or about 46 per cent., were of persons over that age. In May, 1861, the latter proportions stood thus, 53.1 and 46.9 per cent. respectively, and in May, 1860, they stood respectively 56.5 and 43.5 per cent.

The days of greatest mortality were the 13th, 1st, and 12th, fifteen deaths having occurred on the first named, and thirteen on each of the last mentioned days. According to the returns, as few as three deaths took place on the 8th; so small a number on any one day is seldom noticed.

The only person who died during the month at a more advanced age than 75 years was a male, who at 78 years succumbed to old age.

The following is a summary of the deaths from external causes which occurred during the month:—A laborer aged 30 died of a fractured skull; a blacksmith aged 35, of concussion of the brain; a man aged 59 cut his throat; three male infants, aged respectively 23, 7, and 9 weeks, were accidentally suffocated; a woman aged 48 died in consequence of a fractured leg; a female child aged 16 months was accidentally poisoned by lucifer matches; and another female child aged 5 months died of fracture of the skull. No further information as to the nature or cause of these catastrophes appeared in the returns from which this report was compiled.

The deaths in charitable or public institutions were 43, or about 18 per cent. of the total. They occurred as follow:—Melbourne Hospital, 32; Benevolent Asylum, 3; Yarra Bend Lunatic Asylum, 3; Military Barracks, 1; Immigrants' Home, 1; Western Gaol, 1; Lying-in Hospital, 1; hulk *Success*, 1.

No. 81.—JULY 4, 1862.—2.

#### PETITION UNDER THE MUNICIPAL ACT. EAGLEHAWK, ETC.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by two hundred and seventy-seven householders resident at and near Eaglehawk, in the Sandhurst division of the Sandhurst Mining District, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 14th June, 1862.

3603.

The petitioners set forth that a public meeting, convened by notice duly advertised in the Sandhurst and other local journals, was held at the Camp Hotel, on the 20th of May, 1862, and that a resolution was passed thereat that it is advisable that a municipal district should be proclaimed, to include within its bounds Ironbark from the western boundary of the Sandhurst municipality, Long and California Gullies, Eaglehawk, Sailors' and Peg-leg Gullies, Myers' Flat, and the vicinity of those places respectively.

The petitioners represent that the creation of a local body having control over the roads and means of communication has been long felt as evidently necessary, and that to supply this want the Marong Road Board District was created in 1861, the result of which has been antagonism between the agricultural and mining interests of the locality and the election of two boards, one sitting at Lockwood, the agricultural centre of the district, and the other sitting at Eaglehawk, the mining centre of the district.

They further represent that an overwhelming majority of the inhabitants of the Marong Road District are engaged in and depend upon mining pursuits, and are resident within the mining area, and that about seven-eighths of the house property in the road district are situate in the last-mentioned area, which contains over 500 persons, occupying tenements of the clear value of One hundred pounds each, viz., about 75 at Ironbark, about 100 in Long Gully, about 85 in California Gully, and about 250 at Eaglehawk and in Sailors' and Peg-leg Gullies.

They state, also, that no two points in the proposed municipal district are distant more than six miles from each other, and that it does not contain more than nine square miles.

They state, moreover, that they are liable to be sued at law for taxes by the Marong Road Board sitting at Lockwood, which the petitioners are advised is illegally constituted, and at which the inhabitants of the mining area are altogether unrepresented; and that, while the greater portion of the taxation falls on the inhabitants within the mining area, it will be expended for the most part on localities where agricultural interests prevail.

They state, lastly, that they are owners or occupiers of tenements situate within the boundaries of the proposed municipality, of the clear value of One hundred pounds.

And the petitioners pray as follows, viz.:

"Your memorialists therefore pray that your Excellency may be pleased to declare that a municipality shall be constituted, pursuant and subject to the statute 18 Victoria No. 15, and the other statutes in that case made and provided, to include within its boundaries the land lying and being within the boundaries following (that is to say):—Commencing at the Sullivan post of the Sandhurst municipal boundary; thence south fifty-nine degrees forty minutes west eighty-two chains; thence north thirteen degrees thirty minutes east one hundred and fifteen chains; thence north twenty-three degrees forty minutes west ninety-two chains; thence north sixty-six degrees west one hundred and nine chains; thence north fifty-three degrees west one hundred and four chains; thence north twenty degrees east thirty-two chains; thence north eighty-nine degrees twenty minutes east one hundred and forty-four chains; thence north seventy-five degrees forty minutes east fifty-two chains; thence south fifty-eight degrees east two hundred and ten chains; thence south twenty-four degrees forty-five minutes west eighty-seven chains; thence south thirty-three degrees thirty minutes west seventy-three chains; thence south forty-seven degrees forty minutes west fifty-four chains to the commencing point aforesaid, be the said admeasurements and bearings more or less."

[The signatures to the above-mentioned petition appeared in No. 72 of the Gazette, page 1024 ante.]

#### PETITION UNDER THE MUNICIPAL ACT. FOR ANNEXATION TO BRIGHTON.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by one hundred and twenty householders, purporting to be the majority resident within an area adjoining to the municipal district of Brighton, containing an average of thirty-six resident householders for each square mile of such contiguous area, praying to be united with and to form part of the said municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 13th June, 1862.

3455.

The petitioners state that they are a majority of the resident householders within the area hereinafter referred to as "the eastern portion of the Brighton special survey," which, by a Proclamation in the *Government Gazette* of the 14th of May, 1862, is included in the Moorabbin road district.

They represent that with respect to roads and public works they have no interests in common with the inhabitants beyond the southern boundary of the Brighton special survey, and that they have forwarded a memorial to the Commissioner of Railways and Roads against being included in the road district above mentioned.

They further represent that the whole area of the Brighton special survey is less than nine square miles, and that its inhabitants have a common interest in roads, bridges, and public works.

And the petitioners pray as follows:—  
“Your petitioners therefore humbly pray that the eastern portion of the Brighton special survey may be united with the Brighton municipality.”

[The signatures to the above-mentioned petition appeared in the Gazette, No. 71, page 1009, &c., ante.]

#### PETITION UNDER THE MUNICIPAL ACT.

##### RUTHERGLEN.

IN pursuance of the Act of Council 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition addressed to His Excellency as hereinafter set forth, signed by one hundred and fifty-seven householders resident in the township of Rutherglen, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 13th June, 1862.

3417.

The petitioners state that they are householders residing in the township of Rutherglen, and that it is the centre of a large and important mining and agricultural district, the population of which, according to the census returns, is over four thousand.

They further state that the town contains more than three hundred householders; that the buildings are for the most part well and substantially constructed; and that, at the earnest wish of the townspeople, the township has been recently surveyed by the Government, for the purpose of selling the land; but that, as at present there exist no means by which local improvements can be effected otherwise than by private enterprise, the streets and roadways are unformed, and in winter partially impassable.

They therefore believe that the establishment of a municipality will greatly conduce to the prosperity and permanent welfare of the town, and suggest the following municipal boundaries, viz.:—“Commencing from a point sixty-seven chains south-east of allotment No. 4, section 20, parish of Carlyle, bearing thence due west one mile; bearing thence due north two miles to a Government road; bearing thence east one mile; and thence south two miles to the commencing point.”

And the petitioners pray as follows:—“Your petitioners therefore humbly pray that the district, as above defined, may be proclaimed a municipality under the name of ‘The Municipal District of Rutherglen,’ according to the provisions of the Act of Council 18 Victoria No. 15.”

[The signatures to the above-mentioned petition appeared in the Gazette, No. 71, page 1010 ante.]

#### PETITION UNDER THE MUNICIPAL ACT.

##### VICINITY OF SANDHURST.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by eighty-seven householders, purporting to be the majority resident within an area adjoining to the municipal district of Sandhurst, containing an average of thirty-six resident householders for each square mile of such contiguous area, praying that their locality may be united with and form part of the said municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 27th June, 1862.

3701.

The petitioners state that they are residents in an area outside of and adjacent to the northern boundary of the municipality of Sandhurst; that they constitute the majority of the residents within such area, which contains an average of thirty-six resident householders for each square mile thereof; and that they are desirous that the lands on which they reside should be included within the boundary of the municipality of Sandhurst.

And the petitioners pray as follows:—  
“Your petitioners therefore pray that your Excellency will be pleased to declare, by a proclamation, the locality within which they reside to be united with and form part of the Sandhurst municipality, by the following general description as defined and set forth in the plan [which accompanied the petition], viz.:—Commencing at Larrit's Post in the municipal boundary, and proceeding by a line sixty chains long to a point in parish of Marong boundary near Cape Clear Hotel; thence by about one hundred and forty-six chains to top of Windmill Hill; thence by a line of about two hundred and thirty-five chains to a point thirteen chains north 66°30 west of Simon's Post; thence by said thirteen chains to said post.”

[The signatures to the above-mentioned petition appeared in the Gazette, No. 78, page 1102 ante.]

#### PETITION UNDER THE MUNICIPAL ACT.

##### ENLARGEMENT OF RICHMOND.

THE Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of the petition hereinafter set forth, signed by four hundred and seventy resident householders of the municipal district of Richmond, and sealed with the municipal seal, praying for the extension of the municipal boundaries.

JOHN O'SHANASSY.

Chief Secretary's Office,  
Melbourne, 2nd July, 1862.

3850.

The petitioners state that they are resident householders and ratepayers of the township of Richmond.

They further state that the western boundary of the township [municipal district] of Richmond commences at the eastern side or alignment of the Funt road and Hoddle street, and that the municipal council have no power to expend their funds on the said road and street and the footpaths thereof, which are beyond their jurisdiction, and that consequently the footpaths and water-tables on the eastern side of the said road and street are in many places in a filthy, dangerous, and almost impassable state, from an accumulation of mud and stagnant water, the latter too being highly injurious to the health of the inhabitants.

They state lastly that the extension of the district in the manner they propose will enable the municipal council to apply a portion of the rates to the maintenance, formation, and repairs of the said road, street, and footpaths, and relieve the inhabitants of the east side of the said road and street from their present anomalous position.

And the petitioners pray as follows:—

“Your petitioners humbly hope that your Excellency and the Executive Council may in your wisdom deem it expedient to exercise the powers given to you by the 4th section of the before-mentioned Act [18 Victoria No. 15], and the Act of the 18th Victoria No. 32, by proclaiming the extension of the western boundary of the township [municipal district] of Richmond so as to include a moiety of the Funt road and Hoddle street, commencing at a point on the edge of the Yarra River thirty-three feet west from the present boundary of Richmond, and running in a straight and northerly direction to the intersection of Waterloo place and Hoddle street; and then commencing at a point forty-nine feet six inches west from the present boundary in Hoddle street, and running in a straight and northerly direction to the intersection of Hoddle street and Victoria street east, thereby including a moiety of the said road and street, as shown upon the sketch marked upon the margin of the petition.”

[The signatures to the above-mentioned petition appeared in the Gazette, No. 80, pp. 1127 and seq. ante.]

#### EAST COLLINGWOOD MUNICIPALITY.

**THIRTEENTH** Report of the Proceedings of the East Collingwood Municipal Council, for the Half-year ending 12th April, 1862.

The annual election was held on the 9th of October, 1861, when Messrs. Isaac Godfrey Reeves, Robert Flockhart, and Peter John Petherick were elected.

The council held 25 meetings during the half-year. Councillor Noone, the Chairman, attended 20, Councillor Greenwood 15, Councillor Turnbull 25, Councillor Payne 14, Councillor Reeves 22, Councillor Flockhart 23, and Councillor Petherick 25 meetings.

Councillor Payne obtained leave of absence on the 3rd of February, and eventually resigned his seat.

The Public Works Committee held 35 meetings. Councillor Petherick, the Chairman, attended 34, Councillor Turnbull 35, and Councillor Flockhart 28 meetings.

The Finance and Rate Committee held 26 meetings. Councillor Noone, the Chairman, attended 26, Councillor Turnbull 26, and Councillor Greenwood 3 meetings.

There were 18 special and other meetings of committee held. Councillor Noone attended 14, Councillor Greenwood 2, Councillor Turnbull 13, Councillor Payne 12, Councillor Reeves 12, Councillor Flockhart 7, and Councillor Petherick 6.

The assessment for the year amounted to the nett sum of £76,055, upon which a rate of 1s. in pound was levied.

The following grants of land have been obtained from the Government for the uses of the municipality, viz.:—Nine acres on the Merri Creek (which, with the seven acres adjoining, previously granted for a quarry reserve, will form a useful paddock for cattle brought to be slaughtered), seven and a half acres in the same locality for a site for municipal abattoirs, and two roods for a manure depot.

On the 18th March, Mr. H. J. Croker ceased to be municipal surveyor, and Mr. R. B. Gibson was subsequently appointed.

The East Collingwood Drainage and Improvement Bill has been laid before the House of Assembly, has passed the second reading, and been referred to a committee of the house, but owing to the opposition it has met with from John Dight, Esq., it is not expected that it will become law this session of Parliament. Steps, however, will be taken to obtain permission from the Assembly to allow the Bill to be proceeded with in the next session of Parliament from the stage at which it has arrived.
