JOHN O'SHANASSY.

4274.

The petitioners state that they are householders resident upon lands outside of and adjacent to the municipality of Gisborne, and that they constitute a majority of the residents within an area surrounding the said municipality containing an average of thirty-six resident householders for each square mile, which area they are desirous should be annexed to and form part of the said municipality.

And the petitioners pray as follows:—

"Your petitioners therefore pray that your Excellency will be pleased to declare by Proclamation the respective localities within which we reside be united with and form part of the said municipality of Gisborne, by the following general description, as defined and set forth on the plan [which accompanied the petition], viz:—Commencing at a line from the south-east corner of block xxx. on the Mount Alexander road, running north two miles forty chains to the north-east corner of section 1, known as Todd's paddock; then running west one mile twenty chains to the south-east corner of that part of Early's allotment known as New Gisborne; then north fifteen chains to the south side of the railway line; then along the railway line eighteen chains to the section of the west boundary of allotment 17, known as Hurst's paddock, with the Mount Alexander Railway; then along the west boundary of Hurst's paddock south twenty chains to the north-east corner of the Racecourse paddock; then west twenty-four chains along the Racecourse boundary; then south-west along the same boundary twenty-five chains to the Mount Alexander road; then south along the Mount Alexander road forty-five chains to the section of the west boundary of block xxxiv. with the main Mount Alexander road; then due south along the west boundary of section 34 one mile sixty-four chains to the south-west corner of section 1, known as the Gisborne town common; then due east one mile sixty chains to the south-east corner of section xxx., the starting point."

The petitioners state that they are resident householders and ratepayers of the township of Richmond.

They further state that the western boundary of the township [municipal district] of Richmond commences at the eastern side or alignment of the Punt road and Hoddle street, and that the municipal council have no power to expend their funds on the said road and street and the footpaths thereof, which are beyond their jurisdiction, and that consequently the footpaths and water-tables on the eastern side of the said road and street are in many places in a filthy, dangerous, and almost impassable state, from an accumulation of mud and stagnant water, the latter too being highly injurious to the health of the inhabitants.

They state lastly that the extension of the district in the manner they propose will enable the municipal council to apply a portion of the rates to the maintenance, formation, and repairs of the said road, street, and footpaths, and relieve the inhabitants of the east side of the said road and street from their present anomalous position.

And the petitioners pray as follows:—

"Your petitioners humbly hope that your Excellency and the Executive Council may in your wisdom deem it expedient to exercise the powers given to you by the 4th section of the before-mentioned Act [18 Victoria No. 15], and the Act of the 18th Victoria No. 32, by proclaiming the extension of the western boundary of the township [municipal district] of Richmond so as to include a moiety of the Punt road and Hoddle street, commencing at a point on the edge of the Yarra River thirty-three feet west from the present boundary of Richmond, and running in a straight and northerly direction to the intersection of Waterloo place and Hoddle street; and then commencing at a point forty-nine feet six inches west from the present boundary in Hoddle street, and running in a straight and northerly direction to the intersection of Hoddle street and Victoria street east, thereby including a moiety of the said road and street, as shown upon the sketch marked upon the margin of the petition."

**TENDERS** will be received until Noon on Tuesday, the 22nd instant, from persons willing to furnish the undermentioned supplies, in such quantities as may be required by the Government Storekeeper, on behalf of the Government, during twelve calendar months, commencing on the 1st January, 1863.

Articles.	Amount of Security.
	£
Ironmongery, &c. ....	500
Iron, steel, and nails ....	100
Oil for lighthouses, &c....	500
Ship chandlery ....	200
Painters', plumbers', and glaziers' materials	200
Leather and shoemakers' materials ...	200
Linendrapery, prisoners' clothing, &c. ....	500
Stationery ....	200

Schedules of the articles required, and printed forms of tender, may be obtained from the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering. A stock of stationery is in store, to a list of which tenderers will be afforded an opportunity of referring, in order to ascertain what articles will and what will not be required.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

No tender will be entertained unless accompanied by a certificate from two responsible persons that they are willing to become bound as sureties in the sum specified above for the due fulfilment of the contract; and in the event of the tender being accepted, the bond must be executed within ten days, failing which the contract will be again advertised or another tender accepted.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for —" (as the case may be), and be deposited in the Tender Box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

**CONDITIONS.**

1. The supplies are in all cases to be of the best quality and description, and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department, and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Ship Chandlery and Oil for Lighthouses, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public

service. When desirable, raw material will be ordered for the manufacture in the penal establishments of articles required by the Government Storekeeper.

4. All supplies when delivered must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the head of the department requiring the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month; and within the period for which the contract is made.
