**PETITION UNDER THE MUNICIPAL ACT.
RUTHERGLEN.—No. II.**

IN pursuance of the Act 18 Victoria No. 15, the Governor, with the advice of the Executive Council, has directed the publication of the substance and prayer of a petition* addressed to his Excellency as hereafter set forth, signed by One hundred and sixty-four householders resident in the township of Rutherglen, praying for the erection of their locality into a municipal district.

JOHN O'SHANASSY.

Chief Secretary's Office,
Melbourne, 5th August, 1862.

4882.

The petitioners state that they are householders residing in the township of Rutherglen, and that it is in the centre of a large and important mining and agricultural district, the population of which, according to the census returns, is over four thousand.

They further state, that the town contains more than three hundred householders; that the buildings are, for the most

part, well and substantially constructed; and that at the earnest wish of the townspeople the land in the township has recently been sold; but that as at present no means exist for effecting local improvements otherwise than by private enterprise, the streets and roadways are unformed, and in winter partially impassable.

They therefore believe that the establishment of a municipality will greatly conduce to the prosperity and permanent welfare of the town, and suggest the following municipal boundaries, viz.:—Commencing from a point sixty-seven chains south-east (magnetic) from the south-eastern angle of allotment No. 7, section 20, parish of Carlyle; bearing thence due west one mile; bearing thence due north two miles; bearing thence due east one mile; bearing thence due south two miles to the commencing point.

And the petitioners pray as follows:—

"Your petitioners therefore humbly pray that the district as above defined may be proclaimed a municipality under the name of 'The Municipal District of Rutherglen,' according to the provisions of the Act of Council 18 Victoria No. 15."

[The signatures to the above-mentioned petition appeared in the Gazette, No. 91, pp. 1372-3 ante.]

In the reports for May and June mention was made of the unusually low rate of mortality which existed in Melbourne and suburbs during those months. In the month of July this rate was still further reduced by upwards of one death per diem, the daily average being 6.68, against 7.80 in June and 7.74 in May. The total number of deaths in July was 207, a result which, notwithstanding an increased population, is considerably below that in the two previous years, as 263 deaths occurred in July, 1861, and 319 in July, 1860.

The mean temperature of the month was 50.0°, against 46.6° for the corresponding period in 1861, and against 47.3° for that in 1860. The highest point reached by the thermometer (62.3°) was at 2 p.m. on the 10th, and the lowest (35.0°) at 5 a.m. on the 1st; the range for the month thus being 27.3°. The greatest range (16.8°) occurred on the 18th, from a maximum of 56.3° to a minimum of 49.5°; and the least (5°) on the 6th, from a maximum of 55° to a minimum of 50°. The mean daily range was 10.3°. The extremes of atmospheric pressure (30.161 in. and 29.174 in.) were respectively at 10 a.m. on the 17th and at 6 a.m. on the 23rd; the range for the month being .987 in. The mean pressure of the month was 29.814 in., against 29.859 in. for July, 1861, and against 30.114 in. for July, 1860.

The mean temperature, number of deaths, and daily average of mortality for the first four weeks in July, were as follow:—

	Mean Temperature.	Number of Deaths.	Daily Mortality.
First week	48.4°	49	7.00
Second week	53.5°	59	8.43
Third week	50.2°	42	6.00
Fourth week	48.2°	41	5.86

Of the 207 deaths returned as having taken place during the month, 111, or about 54 per cent., were of males, and 96, or about 46 per cent., of females; 94 deaths, or about 46 per cent., were of children under five years of age, and 113, or about 54 per cent., were of persons over that age. In June these latter proportions were respectively 43 and 57 per cent., so that in both months the mortality at the younger period of life was exceeded by that at the more advanced age.

The 9th, 5th, and 24th were the days of greatest mortality: 12 deaths took place on the first named, and 10 on each of the latter. Only two deaths were reported as having occurred on the 28th.

Two persons, a male and a female, died at the very advanced age of 90, the former of apoplexy and the latter of old age; in no previous report has a greater longevity than 87 been noticed; the death of the man took place at the Benevolent Asylum, and that of the woman at Hawthorn; no further particulars were furnished.

Fourteen deaths from violent causes were recorded during the month, and occurred thus:—A male lunatic, aged 30, at the Yarra Bend Asylum committed suicide by strangulation; at Caulfield, a wood carter, aged 65, was "found drowned;" the cook of the ship *Mistress of the Seas*, aged 45, was accidentally drowned in Hobson's Bay; in the Melbourne Hospital, a man, of the age of 33, died of fracture of the skull; in Simpson's road, a male child, aged 4, was accidentally drowned; at Sandridge, a male infant was accidentally suffocated; in Bourverie street, a male child of nearly 2 years old was run over; at Emerald Hill, a married woman, aged 25, died of buras; at Brunswick street, Fitz Roy, a female child, aged 2 years, also died of buras; and a female servant, aged 34, in the Melbourne Hospital, from the same cause; at Williamstown, a female infant, aged 3 months, was accidentally smothered; at Boroondara, a female child, aged 1 year and 8 months, was "found drowned;" at the Queen's Wharf and in Madeline street, two females, of the respective ages of 63 years and 3 weeks, died of asphyxia or suffocation. Of the two latter cases no further particulars were given.

The deaths returned as having taken place in the public and charitable institutions numbered 46, or about 22 per cent. of the total mortality; they occurred as follows:—Melbourne Hospital, 35; Benevolent Asylum, 2; Immigrants' Home, 2; Yarra Bend Lunatic Asylum, 5; Military Hospital, 1; Western Gaol, 1.

The following table shows the number of persons of all ages according to the last census, the number of deaths of persons under and over five years of age, the total at all ages, and the number of deaths to every 1000 of the population during the month of July, 1862, in the Statistical District of Melbourne and suburbs, and in each of the sub-districts of which it is composed:—

SANDHURST MINING DISTRICT.

FRONTAGE-SYSTEM BYE-LAW.—[28th July, 1862.]

At a meeting of the mining board of the district of Sandhurst, in the said district, on the twenty-eighth day of July, One thousand eight hundred and sixty-two, it is ordained by the said board as follows, that is to say:—

1. Declaration of frontage lead.—It shall be competent for the mining registrar, on the application of twenty miners working or desirous of working on any ground where a lead is known to exist, to proceed to the said ground seven days after receiving such application, hear all the evidence that may be offered, and on his finding that the majority of miners working or desirous of working on said ground are in favor of such application, to declare the same under the frontage system; provided that a copy of such application shall have been posted four days in some conspicuous part of such ground prior to the mining registrar proceeding to the said ground.

2. After the declaration of any frontage lead, claims shall be laid off or caused to be laid off by the mining registrar; and the mining registrar may then, and at any time thereafter, receive applications for claims or shares on such lead, and every such application shall be registered in a book to be kept for that purpose under the date and hour upon which such applications are made. The claims shall be marked consecutively, and priority of right to any claim, or share in any claim, shall be according to the priority of registration; and the registrars shall, at the time of registration, issue to each person registered a register ticket in the form specified in schedule IX. annexed to this bye-law.

3. The extent of ground for every four miners shall be one hundred feet along the course or supposed course of the lead, with a width of eight hundred yards, until the lead is defined, as provided for in clause 10 of this bye-law, when the width shall be reduced to two hundred feet, and the remainder of the ground shall then be open for occupation in block claims.

4. Within four days after the necessary number of shares have been registered for any claim within eight claims from the last payable shaft, the owners of the same shall commence to sink their shaft, and continue to do so all and every lawful day; and when such parties shall strike water they shall (if necessary) sink their shaft, and continue to do so all and every day and night until their well is complete, after which they shall continue to bail the water (if necessary) day and night until the claim is abandoned, except in cases of erection or breakage of machinery, such machinery or breakage, as the case may be, to be erected and repaired without delay; and it shall be competent

for not less than half the number of claimholders in such lead to fix the minimum capacity of the bucket used for such water bailing: the non-compliance with this section shall be deemed a forfeiture of the claim or share therein.

5. Any number of claims not exceeding eight may amalgamate for the purpose of erecting machinery; and the labor of erecting such machinery upon any one of those amalgamated claims, or the working of any one or more of such claims with good and efficient machinery, shall be deemed a *bona fide* working of the whole of them; provided that when payable gold is found, and while payable gold is being got, a number of miners equivalent to what would have been required to work the claims individually be employed in or on any one or more of such claims or about such machinery.

6. All registered claimholders, except those that are compelled to sink under any of the clauses of this bye-law, shall be and appear on the ground during the whole of the time from the hour of Eleven to Twelve in the forenoon of every Monday and Thursday, for the purpose of holding their claims; and any claimholder absenting himself shall be deemed to have abandoned his share in the claim, and such share shall be open to occupation on application by any other miner.

7. A junction of two or more leads shall be considered to have taken place when such leads shall have joined and formed one lead; and the point of junction shall be deemed to be the point at which two lines drawn along the centres of such leads towards their confluence or junction, and produced, shall intersect each other, such centres being understood to mean the respective centres of those portions of the confluent leads which, after the last bends in such leads respectively, prior to their confluence, flow towards each other.

8. When a junction of leads shall have been discovered to exist, the holders of claims, in respect of which registration shall have been first effected, shall be entitled to hold the claims for which they have been so registered, as against the holders of claims in respect of which registration shall have been subsequently effected, notwithstanding that all such claimholders may have been finally registered for the same ground as having been supposed to be on different leads; such priority to be determined by reference to the first or original registration, and not to be affected by any subsequent transfer of any share or interest in such first-mentioned claim.

9. When two leads converge and are discovered to be distant from each other three hundred feet or less, the registrar shall stay final but not conditional registration until the actual point of junction (if any) shall have been discovered, when the persons conditionally registered shall be dealt with as provided in the 9th clause of this bye-law, or until it shall have been ascertained that such leads diverge from each other in courses sufficient in extent to allow spaces for claims thereon beyond the points at which final registration has been discontinued as aforesaid, or until it shall appear to the registrar that no junction in fact exists, when final registration shall be resumed; and no person shall be permitted to commence mining operations on any ground in respect of which final registration shall have been so stayed until such registration is resumed as aforesaid, when the persons conditionally registered shall be entitled to final registration according to the priority of their conditional registration.

10. When the lead shall have been discovered in any frontage claim, the owner thereof shall, with the least possible delay, construct or cause to be constructed a main drive into, and thence along the course of such lead throughout such claim; and the centre of the main drive so constructed shall, for the purpose of fixing the lateral boundaries and marking the course of the lead on the surface, be considered the central line of the lead; and the owners of the claim shall define such central line (so far as the same may from time to time be traced or determined by the workings of the claim) on the surface by pegs firmly fixed in the ground, and projecting three feet at least above the surface, and distant not more than fifty feet from each other; and such pegs shall not be varied or altered at any time.

11. In cases where the lead or gutter changes its course from the original supposed one, the position of the claim shall be changed accordingly by the mining registrar, taking precedence as before according to their numbers.

12. Any party of miners (not less than four) desirous of prospecting for a new lead, or for a continuation of the lead being worked, under the frontage system, at a distance of upwards of half a mile from the last payable shaft, shall be entitled to a double claim in length with the usual frontage, but their title to such claims shall only be valid so long as they continue to work such claims according to the conditions laid down in No. 4 clause of this bye-law, and the nonfulfilment of such conditions on any such claim shall be deemed an abandonment of the same.

13. Deputy registrar.—It shall be lawful for a registrar to appoint any fit and proper person to act as the deputy of such registrar, or as his assistant, in the discharge and performance of the duties of his office, and to effect all such registration as but for this clause should have been effected by the registrar himself, and in the name of the registrar to sign the same and all such other documents as require the registrar's signature, and generally to do, and perform all and every such other act and deeds as pertain to and constitute the duties of such registrar; and it shall be lawful for such registrar to remove such deputy or assistant at his pleasure, the appointment or dismissal of such deputy or assistant to be registered by the clerk of the mining board; and no deputy or assistant shall have the power to perform any acts under this bye-law until the name shall have been registered as aforesaid; and any registrar appointing such deputy or assistant, shall be responsible for all and every the act and proceedings of such deputy or assistant under this bye-law; and all acts done by such deputy or assistant in relation to the office of registrar shall be as valid and effectual as if done by the registrar himself: Provided always that no neglect or default of any registrar, or his deputy, or assistant, shall in any way prejudice the right or title of any person to any interest, matter, or thing in respect

of which such registrar shall have any duty to perform under this bye-law.

14. *Fees to be paid registrars.*—There shall be paid to the mining registrars, in respect to the several registrations and other duties mentioned in this bye-law, and in the schedule hereunto appended and numbered 1, the sums or fees respectively set forth in the said schedule, which fees and none others the registrars may demand and receive previous to making any registration under this bye-law.

15. *Lien upon shares or claims to be registered.*—The holder or holders of any registered claim, share, or interest, may grant a lien upon the same to any other person or persons as security for the due payment of any debt or liability which such holder or holders may have contracted either before or at any time of such lien being granted; and upon the production to the registrar of the register or transfer ticket, or certificate by virtue of which the intending lienor holds the claim, share, or interest intended to be made the subject of a lien, and of the miner's right of the intending lienor, and upon the execution of a lien ticket by a lienor or lienor, and in the form prescribed in schedule II. herewith appended, duly signed by the said lienor and lienor, and attested by the registrar, the registrar shall register a lien upon the aforesaid claim, share, or interest, in the form prescribed in schedule III. herewith appended; and after having made such registration, the registrar shall issue to the lienor a duplicate of the lien ticket, in the form prescribed in schedule II. herewith appended as aforesaid, and shall inscribe on the register or transfer ticket, or certificate of the lienor, the date and amount of the lien, and the name of the lienor; and every such lien granted and duly registered as aforesaid shall be a specific charge upon the claim, share, or interest which shall have been made the subject of a lien, until the debt or liability shall have been discharged in full, and shall take precedence according to the dates of their respective registrations by the registrar; and every transfer of any claim, share, or interest held under lien, shall be made subject to every registered lien thereon: Provided that upon the delivery to the registrar by the lienor of a certificate duly signed by the lienor, that the debt or liability for which such lien was held has been fully discharged, the registrar shall forthwith cancel such lien: and further provided that the registrar shall not register a lien upon any claim, share, or interest, or transfer or release the same without the consent of the lienor or lienor respectively.

16. The holder of any registered lien upon any claim, share, or portion thereof, upon production to the registrar of satisfactory proof that the holder or holders of the subject of such lien has or have failed to fulfil any agreement or to pay any debt, charge, or liability secured under such lien, or that the holder or holders of the subject of such lien has or have abandoned such subject, shall be entitled to be conditionally registered for such subject, in accordance with schedule IV. herewith appended; and such conditional registration shall entitle the holder of the lien to all the benefits arising out of such claim, share, or portion thereof; and unless the holder or holders of the subject of such lien shall within three calendar months from and after the date of the conditional registration aforesaid, reclaim the said subject and satisfy the claim of the holder of the lien, the said holder or holders of the subject of such lien shall forfeit all right and title to such subject, and the holder of the lien shall be absolutely registered (in the form in schedule III. herewith appended) for and become the actual possessor of the said claim, share, or portion thereof the subject of the lien aforesaid.

17. *Transfer of shares by companies.*—It shall be lawful for any mining company holding a registered claim to effect and register transfers of shares or interest therein from the holder, or holders thereof to any person or persons, or to effect the registration of any lien granted, or any share or interest therein, by the holder or holders thereof, to any other person or persons, subject to the restrictions and conditions hereinafter prescribed, that is to say:—Every mining company taking advantage of this section, previous to effecting any transfer of any share or interest, or effecting the registration of any lien upon any share or interest therein, shall deliver to the mining registrar of the division in which such company's claim is situated a notice in writing, which notice the said mining registrar shall retain and file, intimating the intention of the said company to effect transfers of shares or interest and to effect registration of liens upon shares or interest in such company's claim as aforesaid; and the said notice shall set forth the name or names of one or more person or persons, who shall therein be nominated, appointed, and empowered to act as the agent or agents of said company in effecting and registering transfers, and in effecting registration of liens as aforesaid, subject to the provisions of this bye-law, on such company's behalf; and said notice shall be signed by a majority of the shareholders in said company, and shall be generally in the form set forth in schedule V. herewith appended; and the person or persons who have been duly nominated, appointed, and empowered as aforesaid, upon the production to him or them of the register or transfer ticket or certificate by virtue of which the intending transferor holds the share or interest intended to be transferred, provided the act to be performed be the transfer of a share or interest in such company's claim, and of the miner's right of the intending transferee, and upon the request, either orally or in writing, of such transferor or transferee, shall, during proper and reasonable hours, effect in triplicate a transfer of said share or interest, in the form contained in schedule VI. herewith appended; which triplicate form of transfer shall be signed by the transferor and transferee in the presence of the person or persons duly authorised as aforesaid, and shall be attested by said person or persons in the form contained in said schedule VI.; and the said duly authorised person or persons shall register the transferee for the share or interest so transferred in the form contained in schedule VII. herewith appended, under the date and hour on which the transfer was effected, and shall issue to the transferee two of the forms of transfer so effected, in triplicate, to be disposed

of as hereinafter directed; and in case the transferor shall have transferred only a portion of the interest held by him in said company's claim, shall also issue to said transferor a certificate in the form contained in schedule VI. herewith appended, showing the amount of interest retained by said transferor; and the transferor and transferee shall, within forty-eight hours next after the date of the transfer aforesaid, deliver to the mining registrar the register or transfer ticket, or certificate by virtue of which the transferor held the interest transferred previous to transfer, and the certificate (if any) of the interest retained by said transferor, and the two triplicate forms of transfer held by the transferee; and on production of the said tickets or certificates and of the triplicate of transfer aforesaid, provided the same shall have been duly signed and attested as prescribed, the registrar shall forthwith register the transferee in his books for the share or interest transferred, as from the date of the transfer set forth on the triplicate forms of the transfer aforesaid; and the registrar shall retain and file one of the said triplicate forms of transfer so delivered to him, and shall also retain and file any certificate or ticket by which such share or interest may have been held previous to transfer, and shall endorse with the signature and the date and hour of its delivery to him the remaining triplicate of transfer, and thereupon return the same to the transferee, and shall in like manner endorse the certificate, if any, of the interest retained by the transferor, and return the same to the said transferor; and in case of the act to be performed shall be the registration of a lien, as hereinbefore mentioned, the person or persons duly authorised as aforesaid, upon the production to him or them of the register or transfer ticket, or certificate by virtue of which the intending lienor holds the share or interest intended to be made the subject of a lien, and of the miner's right of the intending lienor, and upon the execution of a lien ticket by the lienor and lienor, in the form prescribed in schedule II. herewith appended, duly attested by the person or persons authorised as aforesaid, shall register the said lienor for a lien upon said share, in the form prescribed in schedule III. herewith appended; and the lien ticket as aforesaid shall be executed in duplicate, and shall be disposed of as herein directed; and the person or persons duly authorised as aforesaid shall inscribe on the register or transfer ticket, or certificate produced by the lienor, the amount and date of the lien and the name of the lienor, and shall attest the same by his or their signatures and return it to the lienor; and the lienor and lienor shall, within forty-eight hours next after the date of such registration, deliver to the mining registrar the register or transfer ticket or certificate by virtue of which the lienor holds the share or interest which has been so made the subject of a lien, and the duplicate lien ticket held by the lienor; and on production of the said tickets or certificates, and of the said duplicate lien tickets, provided the same shall have been properly prepared and attested, the registrar shall forthwith register the lienor in his books for a lien upon the aforesaid share or interest as from the date set forth in the duplicate lien tickets produced by the lienor; and the registrar shall retain and file one of the duplicate tickets so produced, and the remaining duplicate ticket he shall endorse in the manner hereinbefore mentioned, and return the same to the lienor; and all transfers of shares or interests effected and registered in the manner herein specified, shall be deemed to be good and efficient evidence that the said shares or interests have been duly transferred, or that the said liens have been duly registered, as the case may be; and the persons whose names are set forth as transferees or lienors on the aforesaid transfer or lien tickets respectively, shall be deemed to be the lawful owners of the shares or interests set forth therein; and no transfer of shares or interests, or registration of liens effected by any mining company, or any agent or agents empowered to act on their behalf, shall be deemed to be legally effected, or be binding on such company or any other person, unless the provisions of this section shall have been complied with.

No. 2 ward shall consist of Long Gully, Opossum Gully, Red Hill, and all adjacent gullies running into said gullies.

No. 3 ward shall consist of Argyle Gully, Caledonia Gully, and all adjacent gullies running into said gullies.

2. *Powers of committee.*—For the purpose aforesaid, a committee may be appointed, as hereafter mentioned, in said division, and such committee shall exercise and enjoy all and singular the powers vested in the mining board of Sandhurst mining district for the purposes aforesaid, and shall have power from No. 99.—August 26, 1862.—4.

time to time to assess all mills, sluices, and machines discharging any sludge, water, or other matter, either into intermediate channels or into any main channel which shall have been constructed by the Government within the limits of such aforesaid division, at such rate as may appear to such committee fair and reasonable; to make such assessment as shall be necessary for the clearing and keeping clear such channels, and to collect the periodical rates assessed, and to disburse the money thereby raised for the purpose of clearing and keeping clear such main and intermediate sludge and water channels as aforesaid, and in defraying all expenses necessary for such purposes; and for the making, as aforesaid, assessments and collection on recovery of the said rates; and also to appoint, and out of such rates to pay, all such surveyors, collectors, or superintendents as said committee may deem necessary for effecting the objects aforesaid.

3. *Mode of forming committee.*—Upon application in writing to the mining board of the Sandhurst district of not less than six owners of puddling machines situated in such division, requiring the formation of a committee to carry out this bye-law in said division, the mining board shall (provided such applicants shall therewith forward the sum £6 to defray the expenses of electing a committee as hereinafter mentioned) cause an advertisement to be inserted once in some newspaper circulating in said division, stating the number of persons who may be elected for each ward respectively, and requiring the names of all candidates and of their proposers to be forwarded to the returning officer hereinto to be named and to be previously appointed by the mining board, within such time, not less than six days from the time of giving such notice, as shall be named therein; and any person desirous of nominating a candidate shall, within the time named in such notice, forward to such returning officer, in writing, the christian and surname, residence and occupation, of such candidate, and the ward for which he is proposed; and such nomination shall be signed by not less than five persons duly qualified to vote at such election; and no person shall be capable of being elected unless he shall have been proposed in the manner above mentioned, and his name, address, and occupation shall have been published before such election in some newspaper as aforesaid. 4. *Qualification of electors.*—Every owner or part owner of any machine liable to assessment under this bye-law, and situated within any ward, whether the same be held under the miner's right or to be situated on ground held under lease from the Crown, shall be entitled to vote at every election for the number of candidates to be returned within the ward where his qualification exists.

5. *Qualification of candidates.*—Any male person of the age of twenty-one years, resident within the division for which the committee is to be elected, holder of miner's right and owner or part owner of any puddling machine, mill, or sluice in such division, may be elected to serve thereon.

6. *Appointment of scrutineers.*—Each candidate shall be entitled to appoint a scrutineer to be present in the polling room; and such scrutineer, with the returning officer or his deputy, and any electors not exceeding six in number, shall alone be permitted at any one time to enter or remain in the polling room, without the consent of the returning officer or his deputy.

11. *Quorum and deputy chairman.*—A majority of the committee shall form a quorum, and all questions brought before them shall be determined by them in the same manner as if brought before the whole committee; provided that a quorum shall not assemble within half an hour of the time appointed for any meeting, or having so assembled shall disperse, the committee shall stand adjourned until the next day, at the same hour. In case of the absence of the chairman, it shall be lawful for the members present, being a quorum, to appoint an acting chairman, who, during such absence, may exercise the powers by this bye-law or any bye-law of said committee vested in the chairman.

12. *Members may resign, &c., &c.*—It shall be lawful for the chairman or any member to resign his office by giving at least six days' writing to the committee, and such vacancy, or that by death or otherwise, shall be filled up by any qualified person that the majority of the committee shall decide by vote, at a meeting called by advertisement for such purpose, as soon as convenient after such aforesaid resignation. And the committee so constituted as aforesaid shall, subject to the bye-laws of the Sandhurst board, have the sole authority over the sludge channels of said division, with power to make, alter, and remove all sludge channels, whether public or private, at their discretion.

13. *Duration of committee.*—The polling for such committee shall take place upon a Monday, and shall begin at Nine o'clock a.m. and end at Four o'clock p.m.; and every such committee, and the members thereof individually, shall hold office for twelve months from the general election thereof; provided that if their successors shall not then have been appointed, they shall hold office until the appointment of a new committee; provided also, that if the mining board deem it fit (on receiving a requisition from the puddlers of the division), any committee may be reappointed, or any new committee may be appointed by the chairman of said board, by writing under his hand, to hold office for the ensuing twelve months, or such other time continue as may be expressed in said writing, and the committee so reappointed or appointed shall exercise and enjoy the powers of a committee established by election as aforesaid.

14. *Assessment.*—Every assessment made by such committee shall become due and payable within two days after the striking thereof shall have been advertised in some newspaper circulating in the division, and if such assessment is not paid after due notice in writing being served on the owner or part owner of the mill, sluice, machine, or puddling claim so assessed, the amount shall be recoverable in a summary manner before any justice or justices of the peace.

15. *Notice of abandonment.*—The owner of any mill, sluice, machine, or site for a machine liable to assessment, shall be responsible for all assessments made and unpaid, including arrears unpaid by former owners, without the necessity of serving any other notice than such as has been served on former owners up to the date on which he shall abandon said mill, machine, or otherwise, and give notice in writing of such abandonment to the committee.

Between DAVID NORRIE, Plaintiff,
and

THOMAS ROBERTSON, Defendant.

NOTICE is hereby given that an action has been commenced in this court by the abovenamed plaintiff against the abovenamed defendant, for that by deed dated the twenty-seventh day of May, in the year of our Lord One thousand eight hundred and fifty-nine, and made between the defendant of the one part, and the plaintiff of the other part, the defendant let to the plaintiff certain land, known as Robertson's pre-emptive section, from the first day of December then last past for the term of five years thence next ensuing (at the yearly rent of One thousand pounds, to be paid half-yearly), subject to the sooner determination in manner therein mentioned: And in the said deed was contained a proviso for determining the said term of five years at the end of the first three years thereof in the manner therein mentioned, and the said term was accordingly so determined: And by the said deed the defendant covenanted with the plaintiff that he the defendant should and would during the said term thereby granted, upon every half-yearly payment of rent, allow to the plaintiff out of every such half-yearly payment such sum not exceeding Fifty pounds as should have been well and truly expended by the plaintiff in grubbing trees on the land comprised in the said pre-emptive section, and should and would during the said term at the same time allow to the plaintiff out of every such half-yearly payment as aforesaid such sum not exceeding Twenty-five pounds as should have been well and truly expended by the plaintiff in fencing the said section provided that the fencing should be formed of split posts and rails, the posts to be charred, and the whole to be put up in a workmanlike manner, and to the satisfaction of the defendant: And in the said deed was contained a provision that in case any dispute should arise between the plaintiff and defendant respecting the amount to be allowed for such grubbing and fencing as aforesaid, such dispute should be settled by arbitration in the usual manner, by the appointment on each side of an arbitrator, or by the appointment by such arbitrators, in case of difference between them, of an umpire, the decision of such arbitrators or umpire, as the case might be, to be binding, final, and conclusive on all parties: And by the said deed the defendant covenanted with the plaintiff that he the defendant should and would at the end, or other sooner determination of the said term thereby granted, pay the plaintiff such sum for the growing crops then being in and upon the said pre-emptive section as should be determined by arbitration in manner aforesaid: And the plaintiff avers that from time to time, during the continuance of the said term, and before the determination thereof as aforesaid, and preceding each half-yearly payment of the said rent, which he duly paid to the defendant, he the plaintiff well and truly expended divers sums of money, not exceeding in each such preceding period the sum of Fifty pounds, in grubbing trees on the land comprised in the said pre-emptive section, and not exceeding Twenty-five pounds in fencing the said section: And the plaintiff also avers that certain growing crops of him the plaintiff, at the time of the determination of the said term as aforesaid, were then being and were left for the defendant in and upon the said pre-emptive section, and that the amount to be paid at the said determination of the said term by the defendant to the plaintiff for the said growing crops was accordingly referred by the defendant and the plaintiff to be settled and determined by the arbitration of Henry Barrow and John Nicholas, arbitrators respectively chosen and appointed by the plaintiff and defendant, or by the appointment by such arbitrators, in case of difference between them, of an umpire, the decision of such arbitrators or umpire, as the case might be, to be binding, final, and conclusive on the parties: And the said Henry Barrow and John Nicholas took upon themselves the said reference, and a difference having arisen between them therein, they duly appointed James Mouat to be an umpire, who accordingly made his umpirage and decision respecting the said matters so referred as aforesaid, and thereby awarded and determined that the defendant should forthwith pay to the plaintiff Eight hundred and sixty-eight pounds ten shillings for the said growing crops: And all conditions were performed and fulfilled, and all things happened and were done, and all times elapsed necessary to entitle the plaintiff to maintain this action, and nothing happened or was done to prevent the plaintiff from maintaining the same; yet the defendant did not nor would, upon every half-yearly payment of rent by the plaintiff, allow to the plaintiff such sums severally, not exceeding Fifty pounds, as were so as aforesaid well and truly expended by the plaintiff in grubbing trees on the land comprised in the said pre-emptive section, nor such sums severally, not exceeding Twenty-five pounds, as were so as aforesaid well and truly expended by the plaintiff in fencing the said station; and did not nor would pay to the plaintiff the said sum of Eight hundred and sixty-eight pounds ten shillings, or any part thereof: And the plaintiff also sues the defendant for money payable by the defendant to the plaintiff for money awarded by James Mouat to be paid by the defendant to the plaintiff by an umpirage of the said James Mouat, duly appointed an umpire in that behalf by Henry Barrow and John Nicholas, under a submission by the plaintiff and defendant of matters in difference between them to the arbitration of the said Henry Barrow and John Nicholas, or of an umpire to be appointed by them in that behalf, in case they should disagree in making an award, as in fact they did; and for goods sold and delivered by the plaintiff to the defendant; and for goods bargained and sold by the plaintiff to the defendant; and for work done and materials for the same provided by the plaintiff for the defendant at his request; and for money lent by the plaintiff to the defendant; and for money paid by the plaintiff for the defendant at his request; and for agistage, depasturing, and feeding of cattle and sheep for the defendant at his request; and for the hire of farming and other implements by the plaintiff, let to hire to the

defendant; and for board and lodging found and provided by the plaintiff for the defendant and others at his request; and for meat, drink, washing, lodging, and other necessities by the plaintiff found and provided for the defendant and others at his request; and for interest upon money due from the defendant to the plaintiff, and forborne at interest by the plaintiff to the defendant at his request; and for money found to be due from the defendant to the plaintiff on accounts stated between them: And the plaintiff claims One thousand six hundred pounds. And a writ of foreign attachment has been issued, directed to the Bank of Victoria, or George Valentine, the manager thereof, at Sandhurst, and Thomas Urquhart, of Sunny Bank, Campaspe, in the said colony, farmer, for the purpose of attaching in the hands of the said George Valentine and Thomas Urquhart, all and singular the lands and other hereditaments, moneys and chattels, bills, bonds, and other property of whatsoever nature, in the custody or under the control of the said George Valentine and Thomas Urquhart, at the time of the service of the said writ, belonging to the abovenamed Thomas Robertson, or to or in which such defendant shall at the time be legally or equitably entitled or otherwise beneficially interested (and whether solely or jointly with any person or persons), and all debts of every kind then due by the said George Valentine and Thomas Urquhart, or either of them, to such defendant, although the same, or part thereof, may be payable only at a future day. And if at any time before final judgment in this action, the said Thomas Robertson, or any person on his behalf, will give the security required by law, the said Thomas Robertson, upon entering an appearance, and upon giving notice thereof to the plaintiff, may apply to the court and have the said attachment dissolved.
