The Immigration Agent will then transmit Passage Warrants for the persons nominated, either to the office at which the money was paid, or to such address as the applicant may request. The Passage Warrant must be sent by the applicant to his friends in the United Kingdom.

5. The following sums shall be in all instances paid by the applicant in advance, in respect to intending emigrants of the various classes, prior to the issue of the Passage Warrants:—

The Passage Warrant will entitle the person or persons named therein, except unprotected single females, to be conveyed to Melbourne from the port mentioned in such warrant, by a ship to be named by the contractors within one month of the receipt by them (the contractors) of a request for a passage in terms of such warrant; but unless a nominee shall leave the United Kingdom within nine months from the date of his warrant, such warrant will not be recognized.

7. Warrants will be payable in the following manner:—One moiety by the Emigration Commissioners, upon their being satisfied that the immigrants named therein have departed; the remaining moiety within ten days after the arrival of the immigrants, provided that the conditions of the contract have been, in all respects, faithfully performed, and the warrants certified by the Immigration Agent accordingly.

8. 9. Passage Warrants shall not be issued for children under fifteen years of age, unless accompanied by some suitable person who will take charge of them during the voyage.

10. No person should, upon any account, send any money to any officer specified in clause 3, unless he shall previously have received Form B, directing him to do so.

11. Should the persons specified in the Passage Warrant decline or be unable to emigrate, the money paid towards their passages will not be refunded to the nominator, but unless the nominator requires the Passage Warrant to be made non-transferable, the nominee, having first obtained the consent of Her Majesty's Colonial Land and Emigration Commissioners, may, by endorsement, transfer such warrant. Should the nominee be dead, the Passage Warrant may be exchanged upon application to the Immigration Agent in Melbourne.

12. If the nominator wilfully misrepresent particulars respecting the persons nominated, or if the transferor wilfully misrepresent particulars respecting the person to whom he proposes to transfer the Passage Warrant, or if any person known by the nominator to be under indenture be nominated, then the Commissioner of Trade and Customs, or Her Majesty's Colonial Land and Emigration Commissioners, may cancel the said Passage Warrant, and the deposit shall be forfeited, or if the nominee or transferee may have been introduced into Victoria previous to the disqualification being discovered, the nominator shall be held liable to refund the amount paid by the Government in respect to such Passage Warrant.

13. No single females will be permitted to be conveyed in any ships except those chartered by the Emigration Commissioners, unless accompanied by relatives or a family of friends. All single females, therefore, should forward their warrants to the Emigration Commissioners, Park street, Westminster, requesting to be despatched by an early vessel.

14. No Passage Warrant shall be issued, and no transfer of any warrant will be permitted, in favor of or to any person who has already been in Victoria.

Printed forms of tender may be obtained from the Government Storekeeper, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders may be for either of the supplies required, oats, bran, hay, or straw only, and if all be included in one tender, it be accepted for one article only if advisable.

As much forage as the storage will accommodate will be drawn at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel for oats and bran, including delivery at the stations and all charges; bags to be returned when empty.

The net weight only after deducting the tare is to be charged.

The names and addresses of the tenderers and of their proposed sureties must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the case may be), and deposited in the box at the Government Stores, King street, or if sent by post they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice and by letter to accepted tenderers.

CONDITIONS.

1. The hay to be eaten, good, sound, and sweet; the straw to be wheaten, and both to be in all respects of the best quality; oats (colonial grown) and bran to be sound and sweet and of the best description.

2. The supplies to be delivered on the requisition of the officer in charge of the district or station, the quantities stated in schedule being, however, only approximative, and it must be understood that the Government will draw either more or less than stated. The excess over the estimate will not, however, exceed during the whole year 50 per cent. of the estimated quarterly consumption.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat.

4. The forage, when delivered, must be accompanied by an invoice of quantity, showing the gross weight, the tare, and the net weight (this should be on the back of the requisition or order), which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the District, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours from a reasonable time to be fixed on the order, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to quality of the same, it is to be decided by a board of survey composed of persons named by the head of a department, and the decision of the board is to be considered final.

8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when from some other cause injury would accrue either to the public service or the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

J. McCULLOCH.

Schedules of the articles required, and printed forms of tender, may be obtained from the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering. A stock of stationery is in store, to a list of which tenders will be afforded an opportunity of referring, in order to ascertain what articles will, and what will not be required.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and one price must be stated for each article. The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound in the sum specified for due fulfilment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

In cases where two or more manufacturers' names are indicated on the schedule, tenderers are to state which of those makers' goods they intend to supply.

The names of the tenderers and their proposed sureties (if any), together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street, or, if sent by post, must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. The supplies are to be according to sample, where so indicated, and other items are to be of the best of their several kinds or manufacture.

2. All orders for supplies under these contracts must issue from the Government Storekeeper's Department; and unless otherwise specially ordered, the supplies must be delivered to the Government Stores. When ordered, they are to be delivered free of charge to any part of Melbourne, and in the case of Ship Chandlery and Oil for Lighthouses, at the Marine Yard, Williamstown.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the military commissariat, or by other departments of the public service.

4. All supplies when delivered must be accompanied by the order, which will be receipted, and must be rendered with the contractor's account. No goods will be received unless accompanied by the order.

5. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Government Storekeeper, should circumstances require it, to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

6. Each contractor will be required to prepare his own account monthly in the prescribed form, and present the same to the Government Storekeeper for payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

9. The Government Storekeeper will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Government Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Government Storekeeper on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

Schedule of articles required, and printed forms of tender, may be obtained from the Chief Medical Officer, or the Government Storekeeper, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in the sum of £100, and the tenders must include the whole of the articles mentioned in the schedule, one price being stated for each article.

The value of all packages, whether bulk be broken or not, must be included in the prices demanded.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, Guarantee Society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound in the sum specified for due fulfilment of the contract, and such security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the Tender-box at the Government Stores, King street; or, if sent by post, they must be addressed to the Government Storekeeper, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds.

2. All orders for supplies under this contract must emanate from the Chief Medical Officer, or from the Government Storekeeper; and the articles must be delivered at the office of the Chief Medical Officer, or at the Government Stores, as the case may be.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and net weight or quantity only will be paid for.

4. The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state to the Chief Medical Officer, or to the Government Storekeeper, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, or the Government Storekeeper, as the case may be, will have the power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead, failing which, it will be procured elsewhere, and the extra expense (if any) will be charged as in clause 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. It will be competent for the Government Storekeeper on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
