NOTICE TO MARINERS.

TIDAL SIGNALS, RIVER YARRA.

MASTERS of vessels and others navigating the River Yarra are hereby informed that the Tidal Signals hitherto hoisted on board the *Sir Harry Smith* will, on and after the 12th instant, be discontinued, and the height of water in the Yarra be shown from that date by a self-acting tide-gauge erected on the outer red dolphin at the entrance of the river.

To assist persons on board vessels at a distance in ascertaining the height of water shown by the self-acting tide-gauge, six projecting arms are fixed on its south side, the upper edge of each arm coinciding with the lower part of each figure on the face of the tide-gauge, which commence with the ten feet mark.

N.B.—The top of the indicator, as it is moved up or down by the tide, shows on the face of the gauge the height of water over the shoalest part of the fairway.

CHAS. FERGUSON,
Chief Harbor Master.

CITY OF MELBOURNE.

At a meeting of the Council of the city of Melbourne, held in the Council Chamber in the Town Hall, Swanston street, in the said city, on the 29th day of August, 1864, at which were present:—The Right Worshipful the Mayor, Alderman John Thomas Smith, presiding; Aldermen, Richard Eades, Richard Evans Hill, John Harbison, and Michael Kealey; Councillors, William Bayles, John Donovan Brown, Edward Cohen, Joshua Cowell, John Edwards, John George Goldsmith, George Hughes, Charles Edwin Jones, Thomas Kenny, Joseph Story, Samuel Thorp, James Weedow, George Wragge, and William Williams, being more than one-third of the members of the said council, it was resolved and ordered, that whereas by an Act of the Governor and Legislative Council of New South Wales, 14 Victoria No. 20, intituled, *An Act for regulating the formation, drainage, and repair of streets, courts, and alleys on private property within the city of Melbourne*, it is amongst other things enacted that where any street, court, or alley on private property, in the city of Melbourne, shall not be or shall not have been sufficiently paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired to the satisfaction of the council of the said city, it shall be lawful for the said council at any time, and from time to time, by any order under the hand of the mayor or town clerk of the said city for the time being respectively, to order that any such street, court, or alley, or any part thereof, shall be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired, in such manner and within such time as to the said council may appear expedient; and thereupon the owners of the tenements adjoining or abutting upon such street, court, or alley, on each side thereof, shall, in such manner and within such time as shall be expressed in such order, at their respective costs, charges, and expenses, remove all obstructions, and well and sufficiently pave, flag, macadamise, level, drain, and sewer, or otherwise complete or repair so much of the said street, court, or alley, to the centre thereof, as may be opposite to and co-extensive with their respective tenements, adjoining or abutting on such streets, courts, or alleys respectively.

And whereas by the Act of the Parliament of Victoria No. 178, intituled, *An Act to further alter and amend the Laws relating to the City of Melbourne and of the Town of Geelong respectively, and to extend and apply other existing Acts thereto*, it is amongst other things enacted, that the words "tenements adjoining or abutting on such street, court, or alley" where used in the first hereinbefore-recited Act, shall be held and taken to mean all tenements or premises actually abutting upon, and accessible from, and communicating with such street, court, or alley, whether the owners or occupiers thereof have or have not a right to use or do commonly use the same: And that the word "owner," used in the said Act shall apply to and be held to include agent of an owner, but only in so far as to enable such agent to apply to the defrayal of expenses incurred in the formation, drainage, and repair of such street, court, or alley, under the authority hereof, moneys of his principal, of which he shall be in the receipt or possession, accruing from tenements lawfully chargeable for such expenses:

And that the said Act for regulating the formation, drainage, and repair of streets, courts, and alleys on private property within the city of Melbourne, shall extend and apply to the entire limits of the said city:

And that the apportionment of the expenses incurred by the council of the city of Melbourne, in the formation, drainage and repair of every such street, court, or alley, on private property, shall be made proportionate to the extent of the area of the land of each of the several owners which shall be so situated as to have or be capable of obtaining access to such street, court, or alley, at the time of or in consequence of the formation or repair of such street, court, or alley:

And whereas the streets, courts, or alleys, enumerated in the schedule to the order annexed marked A have not been sufficiently paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired to the satisfaction of the council of the city of Melbourne:

Be it now ordered by the council of this the said city, that the streets, courts, or alleys, enumerated in the schedule to this order annexed, marked A, shall within ten days from the date of this order's coming into operation, be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered in such manner as is expressed in the schedule to this order annexed and marked B. And it is hereby notified to the owners respectively of the tenements adjoining or abutting upon the streets, courts, or alleys, enumerated in the schedule to this order annexed marked A, that if they or any of them shall neglect or omit to remove the obstructions, and pave, flag, macadamise, level, drain, and sewer, or otherwise complete and repair the street, court, or alley on which their respective tenements adjoin or abut, in the manner and within the time expressed in this order, then the council of the said city will remove all obstructions in the said streets, courts, or alleys, and pave, flag, macadamise, level, drain, sewer, or otherwise complete or repair the same, or such parts thereof as shall not have been so done pursuant to this order; and will thereupon ascertain, determine, and charge such respective owners with their several proportionate part of the costs, charges, and expenses thereof, according to and co-extensive with their respective tenements adjoining or abutting on said street, court, or alley, proportionate to the extent of the area of the land of each of the several owners so situated as to have or be capable of obtaining access to such street, court, or alley, at the time of or in consequence of the formation or repair of such street, court, or alley, having regard in such apportionment to the state and condition in which the pavement, flagging, macadamising, levelling, draining, and sewerage of such streets, courts, or alleys respectively or any part thereof, shall or may be at the time of making this order.

Made and passed by the council of the city of Melbourne, at the meeting of the said council held on the twenty-ninth day of August, 1864.

E. G. FITZGIBBON, Town Clerk.

**SCHEDULE B,
Referred to in this Order.**

Manner in which the streets, courts, and alleys, enumerated in schedule A, referred to in this Order, are ordered to be freed from obstruction, paved, kerbed, flagged, macadamised, levelled, drained, and sewered.

The natural soil is to be reduced or made up, as the case may require, so that the longitudinal section of the whole street, court, or alley, shall in no part have an inclination of less than one (1) in eighty (80), and where practicable the entire length is to form one incline.

In laying on any stuff it is to be spread in layers of not more than one foot thick.

The transverse section of the street, court, or alley (where the water-channels are on the sides), is to show a roadway whose crown shall be one inch above the kerbs of the footways, and the fall from the crown to the water-channels shall not be less than one (1) in twenty-five (25).

Each street, court, or alley, shall have a bluestone pitched water-channel, either at each of its sides or in its centre, of sufficient capacity to meet the required drainage for the same, the width of said channel or channels in no instance to be less than two (2) feet.

The pitchers to be nine (9) inches wide, and from six (6) to nine (9) inches deep, and from nine (9) to fourteen (14) inches long, with upright sides set in sand, and well rammed down to such section as the city surveyor may direct.

The bottom of the channel is to be seven (7) inches below the kerbstones of footpaths.

On either side of the roadway there is to be, where practicable, a footpath not more than three (3) feet wide, and these are to be separated from the roadway by a neatly dressed bluestone kerb from two (2) to four (4) feet long, six (6) inches wide, and fifteen (15) inches deep.

The footways are to be covered with a coat of gravel three (3) inches thick, and the surface is to fall towards the channel at the rate of one (1) in ten (10).

The roadway is to be covered with a coat of clean bluestone metal, 2½ inch gauge, nine (9) inches deep in the centre, and six (6) inches deep on the sides, and this, when necessary, covered over with a coat of good loam two (2) inches thick, and rolled with corporation iron roller.

Whenever private entrances lead from the streets, courts, or alleys, they are to be paved to the full width (of building line) with bluestone pitchers similar to those used in the channels.

All entrances from adjoining street shall be pitched and kerbed either with four (4) inch bluestone cubes or nine (9) inch pitchers, as the city surveyor may direct, the sides being well supported with eight (8) inch stone kerbing.

The whole of the work must be done under the inspection, and subject to the approval, of the city surveyor, who is authorised to order any deviation from these general principles which the peculiarities of any case may require.
