NOTICE TO APPLICANTS FOR LEASES OF AURIFEROUS LANDS.

THE attention of applicants for Mining Leases is directed to the Ninth and Eleventh clauses, Leases, of the Regulations under Act No. 148, relating to Leases of Auriferous Lands, and for other purposes, where it is notified that—

9. The parcel of land demised shall be, in ordinary leases, in the form of a parallelogram (except where the same shall be impracticable by reason of the adjoining land being occupied, or from insuperable impediments), and the maximum length thereof shall not, except as hereinafter provided for, exceed more than twice the maximum breadth, and shall be accurately described by metes and bounds.

11. The extent of the areas of leases shall be (except in special cases hereinafter provided for):—

1. For ordinary leases an area not less than one acre nor more than thirty acres.
2. For quartz leases an area the length of which shall not exceed six hundred yards, nor be less than one hundred yards along the line of the lode, and the width thereof shall not be more than two hundred yards nor less than fifty yards measured across the lode;

and they are hereby required to mark out such lands as near as may be in the form therein prescribed.

Much delay and no little inconvenience have occurred in consequence of lessees marking out areas in such a manner as to include lands which by law cannot be demised for mining purposes.
