3. *Mode of taking possession.*—The mode of taking possession of a claim shall be by one or more shareholders defining the boundaries thereof by erecting a post at each corner or angle thereof; every such post to project at least four (4) feet above the surface, and to be so maintained during the working of the claim.

4. *Registration.*—Every claim, together with the names of all shareholders, shall be registered with the mining registrar within eight (8) days after possession thereof has been taken, under the penalty of forfeiture.

5. *Mode of working.*—Within eight (8) days after registration the holders of every such claim, or as many of them as can from time to time be properly employed thereon, shall *bonâ fide* proceed to work, and shall continue to work regularly upon or in connection with such claim according to the usual course and practice of efficient mining, and any such holder neglecting to work and to continue to work as aforesaid, either personally or by substitute, shall be deemed to have forfeited his share or interest in and to such claim; nevertheless, the title to any claim, share, or interest shall not be invalidated by reason of such claim being worked by a smaller number of men than are registered in respect of such claim, or by reason of the work being done by contract, hired labor, or otherwise, provided such claim be worked efficiently, anything contained in this bye-law to the contrary notwithstanding.

6. *Abandonment of claims.*—Any share or claim remaining unrepresented for a period of four (4) days consecutively, shall be deemed to be abandoned, unless such share or claim be held under the provisions of clause seven (7).
