Schedules of the articles required, and printed forms of tender, may be obtained from the Inspector of Stores, by whom also any information as to probable consumption, or explanation, will be afforded to persons tendering.

Separate tenders will be received for each schedule; but tenders must include the whole of the articles mentioned in such schedule, and one price only must be stated for each article. The value of all necessary packages, whether bulk be broken or not, must be included in the prices demanded.

In the event of any alteration of the tariff affecting any of the items included in this contract, the Government, or the contractor, as may be the case, shall make a proportionate allowance by way of deduction from, or increase of, the item so affected.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract; and

the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by a bank draft or other tangible money deposit for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street, or, if sent by post, must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders: in the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases, the supplies are to be the best quality of their several kinds or manufacture.

2. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Inspector of Stores, except in the case of supplies for the Local Military Store Department, and for Works and Buildings: from these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies for Ports and Harbours are to be delivered at the Marine Yard, Williamstown, or at the Transport Office, Melbourne, as may be stated in the orders. All other supplies are to be delivered at the department requiring the goods, or at the Transport Office, Melbourne, as may be directed in the order; and for the purposes of these contracts, all Government establishments within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works and Buildings	} <i>The Inspector General Public Works.</i>
For supplies for the Local Military Store	
For all other supplies	<i>The Superintendent.</i>
	<i>The Inspector of Stores.</i>

5. Orders must receive prompt execution, and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form, simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

11. It will be competent, either for the contractor on his own behalf, or for the Inspector of Stores on behalf of the Government, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

12. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by any article being made at or for the use of any Government establishment.
