A higher rate of mortality obtained in Melbourne and suburbs during November than in the corresponding mouth of any year since 1860. The number of deaths was also greater than in any month since last May. The mean temperature of the month was about a degree above the average.

Males and females died in the respective proportions of 56 and 44 per cent: Sixty per cent. of the deaths were of children under five years of one against 43, 47, 55, 50, and 75 per cent. in the month of November of the previous five years respectively.

Twenty and soccurred on the 21st, 18 on the 29th, 17 on the 22nd, and 16 on the 2nd and 38th. These were the days of highest mortality. Those of the lowest were the 4th, 8th, and 9th, on each of which there is only a record of five deaths having taken place.

There was no case noted during the month of the death of a person of upwards of 75 years of age. The oldest person who died was a female aged 73 of dropsy.

Twelve violent deaths took place during the month of which 9 were referred to accident, 2 to homicide, and 1 to suicide The following are the particulars:—Two boys, aged respectively 10 and 12, were drowned in the Yarra; a carpenter aged 22, and a plumber aged 34, were drowned by the upsetting of a boat in Hobson's Bay; a male of unknown occupation, aged 50, a laborer aged 54, and a female attendant at the Yarra Bend, aged about 35, were found drowned in the Yarra; a shoemaker aged 49, whilst under the influence of alcohol, purposely drowned himself in the same river; a boy aged 9, and a girl aged 10, were killed by being passed over by vehicles; a new-born infant was murdered by strangulation, and another by suffocation.

Forty-four deaths, or nearly 14 per cent. of the total, took place in public institutions, as follows:—27 in the Melbourne Hospital, 2 in the Benevolent Asylum, 5 in the Immigrants' Home, 5 in the Industrial Schools, 1 in the Lying-in Hospital, 1 in the Yarra Bend Lunatic Asylum, 1 in the Royal Park Lunatic Asylum, 1 in the Cremorne Lunatic Asylum, and 1 in the Melbourne Gool.

The following table shows the number of persons of all ages according to the last census, the number of deaths of persons, under and over five years of age, the total at all ages, and the number of deaths to every 1000 of the population during the month of November, in the Statistical District of Melbourne and suburbs, and in each of the sub-districts of which it is composed:—

#### Cenders.

#### CONTRACT, SURVEYS...

SEPARATE tenders for the performance in each of the undermentioned Survey Districts of the several surveys enumerated below will be received at the Department of Lands and Survey, up to Twelve o'clock on Wednesday, the 3rd day of January, 1866, under the conditions notified to tenderers for Contract Surveys in the Government Gazette of the 14th May, 1861

Survey of detached residence areas on gold fields under five acres in extent.

Survey and marking of main and secondary roads, and occupation roads.

Survey of connected township allotments, ranging from twenty perches to half an acre.

Survey of detached agricultural allotments, ranging from twenty up to six hundred and forty acres in extent.

Such surveys to be made at the instance of and under the specific directions of the District Surveyor, and will embrace only such surveys as may not be let by the department by tender in the usual way. The successful-tenderer under this advertisement will therefore have no monopoly of the surveys required in the district.

Tenderers will state separately for each district:—
Rate per lineal mile trenched as directed on specification for township surveys. Rate per lineal mile marked as directed for suburban

surveys.
Rate per lineal mile marked for main and secondary roads, unconnected with survey of allotments (both sides of road marked, but payment made by single

measurement). Rate per lineal mile chained in feature survey and con-

nection lines.

Rate per lot for marking detached allotments under five acres in extent: 7.

1st. class. Containing under fifteen allotments in one

connected survey.

2nd class. Comprising fifteen allotments and upwards in one connected survey.

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying, and preparation of plans for photolithographic purposes.

tion of plans for pnotoningraphic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1866.

The surveys to be executed personally by the contractor, unless under very special circumstances, authority for which will have to be obtained from the Surveyor General.

will have to be obtained from the Surveyor General.

The surveys in future are to be proceeded with in the following order. Lists of the applications for surveys in each district received in one calendar month will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and finished before any further applications of a more recent date can be commenced:

Printed forms of tender and conditions of contract may be obtained from the Inspector of Stores, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders may be for either of the supplies required, oats, bran, hay, or straw only; and if all be included in one tender, it may be accepted for one article only, if advisable.

As much forage as the storage will accommodate will be drawn at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats and 20 lbs. for bran, including delivery at the stations and all charges; bags to be returned when empty.

The net weight only after deducting the tare is to be charged.

The names and addresses of the thoderers and of their proposed sureties must be stated at full length.

The successful tenderer will be required to enter, into a bond, with two approved sureties, for one-third the estimated amount of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be incligible to again kold contracts for Government supplies.

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the éase, may be), and denosited in the box at the Government Stores, King street; or if sent by post they must be laddressed to the Chairman of the Tender Board Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice and by letter to accepted tenderers.

- conditions.
- 1. The hay to be often, good sound, and sweet; the straw to be wheaten, and both to be in all respects of the best quality; oats (colonial grown) and bran to be sound and sweet and of the best description.

  2. The supplies are for police and telegraph horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximative, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed or additional horses be required to be stationed in any of the districts tendered for, the supplies required may be drawn from the contractor. The excess over the estimate will not, however, exceed during the whole year 50 per cent. of the estimated quarterly consumption.
- 3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat.
- 4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the gross weight, the tare, and the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.
- 5. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the District, as may be indicated by the contractor on the account.
- 6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.
- 7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to quality of the same, it is to be decided by a board of survey composed of persons named by the head of the department ordering the supply, and the decision of the board is to be considered final.
- the decision of the board is to be considered final.

  8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, ailing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

  9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or the, contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.
- 10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct not exceeding £20, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.
- may direct. It will be competent for the Inspector of Stores on behalf of the Government, or for the contract or his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months to that effect, it being understood that such notice only can be given from the first day of a month, and provided that no such notice can be given before the 30th June, 1866; and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation. possible intimation.

Fifteen out of the twenty-four deaths registered at Collingwood were of children under three years of age. Eight out of the seventeen deaths recorded in South Melbourne occurred in public institutions. Twenty out of the twenty-seven deaths in North Melbourne were of children under three years of age, and the children causes of mortality were scartating, diarrhosa, and whooping cough. Diarrhosa is also very prevalent at Frahran and Richmond. The tone of the reports generally, however, is more favorable than during the previous week, but the mortality is still very high, and it cannot be too earnestly impressed upon the public mind that no season on record has demanded so much bygienic precaution as does that on which we are now entering.

#### Tenders.

#### CONTRACT SURVEYS.

SEPARATE tenders for the performance in each of the undermentioned Survey Districts of the several surveys enumerated below will be received at the Department of Lands and Survey, up to Twelve o'clock on Wednesday, the 3rd day of January, 1866, under the conditions notified to tenderers for Contract Surveys in the Government Gazette of the 14th May, 1861

Survey of detached residence areas on gold fields under five acres in extent.

Survey and marking of main and secondary roads, and occupation roads,

Survey of connected township allotments, ranging from twenty perches to half an acre.

perches to half an acre.

Survey of detached agricultural allotments, ranging from twenty up to six hundred and forty acres in extent.

Such surveys to be made at the instance of and under the specific directions of the District Surveyor, and will embrace only such surveys as may not be let by the department by tender in the usual way. The successful tenderer under this advertisement will therefore have no monopoly of the surveys required in the district. the district.

Tenderers will state separately for each district :-

Rate per lineal mile tronched as directed on specification for township surveys.

Rate per lineal mile marked as directed for suburban surveys.

Rate per lineal mile marked for main and secondary roads, unconnected with survey of allotments (both sides of road marked, but payment made by single measurement).

Rate per lineal mile chained in feature survey and connection lines.

Rate per lot for marking detached allotments under five

Rate per lot for marking detached allotments under five

Rate per lot for marking detached allotments under five acres in extent:—

1st. class. Containing under fifteen allotments in one connected survey.

2nd class. Comprising fifteen allotments and upwards in one connected survey.

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying, and preparation of plans for photolithographic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1866.

The surveys to be executed personally by the contractor, unless under very special circumstances, authority for which will have to be obtained from the Surveyor General.

The surveys in future are to be proceeded with in the following order. Lists of the applications for surveys in each district received in one calendar month will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and finished before any further applications of a more recent date can be commenced. commenced :-

Printed forms of tender and conditions of contract may be obtained from the Inspector of Stores, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

The tenders for each station will be accepted or rejected separately.

Tenders may be for either of the supplies required, oats, bran, hay, or straw only; and if all be included in one tender, it may be accepted for one article only, if advisable.

As much forage as the storage will accommodate will be drawn at a time for the convenience of contractors.

The price must be per ton for hay and straw, and per bushel of 40 lbs. for oats and 20 lbs. for bran, including delivery at the stations and all charges; bags to be returned when empty.

The net weight only after deducting the tare is to be charged.

The names and addresses of the tenderers and of their proposed sureties must be stated at full length.

The successful tenderer will be required to enter into a bond, with two approved sureties, for one-third the estimated amount of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contracts satisfactorily, will be ineligible to again hold contracts for Government supplies.

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the case may be), and deposited in the box at the Government Stores, King street; or if sent by post they must be addressed to the Chairman of the Tender Board Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice and by letter to accepted tenderers.

## CONDITIONS.

- 1. The hay to be caten, good, sound, and sweet; the straw to be wheaten, and both to be in all respects of the best quality; cats (colonial grown) and bran to be sound and sweet and of the best description.
- 2. The supplies are for police and telegraph horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximative, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed or additional horses be required to be stationed in any of the districts tendered for, the supplies required may be drawn from the contractor. The excess over the estimate will not, however, exceed during the whole year 50 per cent. of the estimated quarterly consumption.
- 3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by any contracts made by the military commissariat.
- 4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the gross weight, the tare, and the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.
- 5. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the District, as may be indicated by the contractor on the account.
- 6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

  7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to quality of the same, it is to be decided by a board of survey composed of persons named by the head of the department ordering the supply, and the decision of the board is to be considered final.
- 8. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.
- 9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.
- 10. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct not exceeding £20, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.
- 11. It will be competent for the Inspector of Stores on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months to that effect, it being understood that such notice only can be given from the first day of a month, and provided that no such notice can be given before the 30th June, 1866; and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.
