## PROVISIONS, ETC., FOR THE "VICTORIA."

**TENDERS** will be received until Noon on Wednesday, the 31st instant, from persons willing to supply Provisions and other articles, in such quantities as may be required for use on board the steam sloop *Victoria*, up to the 31st December, 1866.

Printed forms of tender may be obtained from the Inspector of Stores, by whom also any information will be afforded to persons tendering.

Security will be required in the amount of £150 for due fulfilment of the contract.

The tenders must include the harbor scale and the whole of the sea stores. The charge per ration in harbor is to be stated; and for sea stores the price of each article.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded (except flour, meal, and potato bags, which will be returned when empty).

In the event of any alteration in the tariff affecting any of the items included in these contracts, after the contract shall have been taken, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

Tenderers must state the security proposed, whether in debentures, bank deposit receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract; and the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by a bank draft or other tangible money deposit (no cheques will be received) for Ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tender for Provisions for s.s. *Victoria*," and be deposited in the Tender-box at the Stores and Transport Office, King street; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

## CONDITIONS.

All the articles required by this notice are to be of the best quality of their several kinds, in the best condition, and to be delivered in sound packages.

The flour and bread must be the produce of prime wheat, from which 20 per cent. has been extracted in bran and waste.

Fresh beef and mutton are to be supplied in such proportions as may be required, and when the quantity admits to be delivered in fore and hind quarters alternately.

When it may be necessary to substitute one article for another, the following proportions are to be observed, viz.:

Green vegetables, such as—	
Pumpkins, greens free from root, carrots	} equal to 1 lb. of potatoes.
free from top, &c. ... 2 lbs., or	
Onions ... 1 lb.	

The above substitutions are to be made whenever it may be considered advisable by the officer authorized to draw the rations, but not otherwise.

The supplies are to be immediately placed on board by the contractor by day or night if so required, on the written order of the officer in command, failing which they will be otherwise procured, and the expense over and above the contract price will be deducted from the contractor's account.

The contractor will be bound to put on board rations either for one day or one month, or more or less, as may be required.

When the vessel shall be in any harbor of the colony except Hobson's Bay, the officer in command shall be at liberty, without reference to this contract, to procure provisions in such manner as he may be empowered by the Government.

The contractor will be required to prepare his own account monthly in the prescribed form, and to present the same in a complete state to the officer in command, for payment at the Treasury, Melbourne.

In the event of a difference of opinion between the contractor and the officer receiving the supplies, as to quality, the matter is to be decided by a board of survey, composed of persons named by the officer in command, and the decision of the board is to be final; but if, from the perishable nature of the goods, this course cannot be adopted, the officer in command will have power to reject such article or articles, it being understood that he will be responsible to the Government for so doing.

It will be competent for the Inspector of Stores on behalf of the Government, or the contractor on his own behalf, to terminate the contract by giving a notice in writing of one calendar month to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
