SANDHURST MINING DISTRICT.

DRAINAGE BYE-LAW.

At a meeting of the mining board of the mining district of Sandhurst begun and holden at Sandhurst, in the said district, on the twelfth (12th) day of September, One thousand eight hundred and sixty-six (1866), it is ordained by the said board as follows, that is to say:—

1. The owner or occupier of any machine which is employed in draining water from any line of reef may claim drainage rates from adjacent claimholders and lessees, by giving fourteen days' notice of his intention so to do in any newspaper circulating in the division in which such line of reef is situated, and also to the warden of the division; and in the event of no valid objection being raised, such claimant shall be entitled to a drainage area (as defined by this bye-law), and shall be entitled to all drainage rates derivable from the same for a period of six months.

2. Should the right to drainage rates of any such claimant as aforesaid be objected to by any other machine-owner, or should two or more machine-owners claim drainage rates from the same portion of any line of reef, or in the same area, the drainage rates to be given to the machine-owner whose machine drains the most effectually.

3. The lineal extent of any drainage area awarded under this bye-law shall not exceed 1500 yards—750 yards on each side of drainer's engine-shaft—the same to be measured along the course which the reef is known or supposed to traverse, starting from the engine-shaft, by a width of 100 yards on each side of said known or supposed line. And if it can be shown that any claim or gold-mining lease outside the end boundaries of any such drainage area is drained, and that the owners of such claims or leases are working below the datum water-level, they shall be liable to pay drainage rates, the same as if their claims or leases were included within the limits thereof.

4. The owner or lessee of any quartz claim or gold-mining lease which is being worked below the datum water-level shall pay the sum of threepence per lineal yard per week, and the owner of any claim exempted from the labor basis shall, if the same be situated in any drainage area, pay to the clerk of the mining board, or such other person as may be appointed, the sum of twopence per lineal yard per week during the whole period of exemption, whether the working in such claim as aforesaid be down below datum water-level or not; and the owner of any gold-mining lease, in which mining is not being carried on, shall, if the same be situated within a drainage area, pay as aforesaid the sum of twopence per lineal yard per week.

5. The owner of any claim or gold-mining lease which is being worked above the datum water-level, and no work being carried on below said level, shall be exempted from paying any drainage rates. And any claim or gold-mining lease shall be deemed at work below the datum water-level in which work shall have been done below said water-level at any time during the month for which a drainage rate is claimed.

6. The owner of any claim or gold-mining lease situated within any drainage area which has been sunk to water, and in which sinking cannot be continued, may give notice to the drainer that he requires further drainage, and that the engine-shaft must be sunk deeper, or that a cross-cut must be driven in order to improve the drainage; and should the drainer proceed to execute such work, then such owner shall pay twopence per lineal yard per week, until sinking can be and is resumed, and after that, threepence per lineal yard per week; but should the drainer refuse to cross-cut or sink (as the case may be), then such owner to be exempted from paying any drainage rate unless he continues to work his claim or gold-mining lease below the datum water-level.

7. The owner of any claim or gold-mining lease within any drainage area who is compelled and who does, in order to effect complete drainage, employ a horse-whim, whip, or steam-engine every day to draw water from such claim or lease shall be exempted from paying drainage rates on account of such claim or lease.

8. Any drainer to whom a drainage area has been granted on any line of reef, and who is receiving drainage rates therefrom, shall, should it be his intention to discontinue drainage operations, give at least three months' notice to the drainees of his intention, so to do; in the event of such notice not being given, said drainer shall be held liable for any damage that may accrue to the claims or leases of the drainees through any more sudden stoppage of the drainage machinery.

9. No drainer shall be held liable for any damage caused to any claim or gold-mining lease through the sudden stoppage of his machinery, if it can be shown that such stoppage was caused by an accident to the machinery, provided, however, that the necessary repairs are made and drainage resumed with the utmost despatch by the said drainer.

10. All rates imposed under this bye-law shall become due once a month, and shall be paid to the clerk of the Sandhurst mining board, or to such other person as may from time to time be appointed to receive or collect the sums on his behalf.

11. In the event of any claim or gold-mining lease being so situated on the side line of any drainage area that the whole extent of such claim or lease is not included within the drainage area, they shall be deemed to be included for all the purposes of this bye-law; provided the underground workings or working shafts are within the said drainage area.

12. Whenever a break may occur in any claim or lease on a line of reef, obstructing the drainage of claims beyond, it shall be lawful for the drainors, or the holders of claims adjoining, to sink or drive in any such claim or lease for the purpose of removing such obstruction, provided such work shall be perfectly secured as not to damage the claim or lease so worked, and no claim-owner or lease-owner may object to such work being done in his claim or lease.

13. All drainage areas shall be marked at each corner by a substantial post, standing at least three feet above the surface of the ground, and there shall also be a line of posts of the same

height marking the centre of such area, at distances of one hundred yards apart, and following the line or supposed line of reef, and the drainer or drainors shall at all times keep such posts standing and in good order.

14. Should the drainer or drainors of any drainage area at any time wish to dispose of his or their right to or interest in any part of same, it shall be competent for him or them to transfer such right or interest to any person or persons upon application to the registrar of the division in which such machinery may be situated, and upon payment to the registrar of a fee of two shillings and sixpence (2s. 6d.); and such registrar shall give to the transferee a ticket in the form of schedule one (I), bearing the names of the transferor and transferee, and the date and other particulars of the transfer; and shall keep a duplicate of such form in the office; and shall enter the full particulars of such transfer in a book to be kept for that purpose, which book shall at all times be kept in good preservation, as evidence in case of dispute thereafter; and this clause also provides, that such transferee shall be entitled to enjoy all the privileges enjoyed by the transferor under this bye-law, but shall, nevertheless, be subject to all and every the restrictions and obligations imposed upon drainors, as regards the efficient drainage of the area within which such machine is situated.

15. All monies received by the mining board as rates under this bye-law shall, after deducting the costs incurred in imposing and collecting the same, be handed over to the drainors entitled to receive it at least once every month.

16. Any drainer to whom a drainage area has been granted shall notify the same to the clerk of the mining board, accompanied with a list of the owners of the claims and leases from which he claims drainage rates under this bye-law; and the clerk shall thereupon serve or cause to be served upon the respective owners thereof a notice setting forth the amount of drainage rate imposed upon any such claim or gold-mining lease, and the rate so notified shall be the rate levied, charged or claimed on account of any such claim or lease, unless the same be varied or set aside on appeal as provided for in section 75 of *The Mining Statute 1865*.

Every tender must bear the *bond fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to twenty per cent. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient. On completion of bond the deposit money will be returned, on application and receipt being given for the amount.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

In cases where vehicles are intended to be used, tenderers are requested to state what additional charge, if any, would be made for the free conveyance of Members of Parliament along the line of road between the districts they represent and Melbourne.

A separate tender must be sent in for each service, but notwithstanding this condition, any offer will be entertained for the

performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The Government will not necessarily accept the lowest or any tender.

Tenders for schedules Nos. 1, 2, 3, and 4, and for rations to the s.s. *Pharos*, will be accepted or rejected separately.

Printed forms of tender and conditions of contract may be obtained from the Inspector of Stores, Melbourne; the Sheriffs at Geelong, Ararat, Ballarat, Beechworth, Castlemaine, Kilmore, Maryborough, Sandhurst, and Portland; from the officers in charge of the police at Belfast, Warrnambool, and Palmerston; and from the officer in charge of the Industrial School, Sunbury; by whom also information will be afforded to persons tendering.

The value of all packages, whether in bulk or otherwise, is to be included in the price demanded (except flour, meal, and potato bags, which will be returned when empty).

Tenders must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the certificate on the printed form of tender must be signed by two responsible persons willing to become bound in the sum specified for the due fulfilment of the contract, and the names of the tenderers and their proposed sureties, together with their respective addresses, must be stated at full length upon such certificate.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent.

† Tenderers for the Melbourne and Williamstown Districts to submit a sample of the flour they propose using for the third quality bread.

of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government may elect to require a cash deposit; but any approved security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for —" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages.

2. Bread. A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Second quality to be made of flour known in the trade as "best seconds," and the third quality (that issued for prisoners of the Crown) to be made of flour, the produce of prime wheat, from which twelve per cent. has been extracted in bran and waste.

3. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than five inches, must have been cut off.

4. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department, either for delivery at the Stores and Transport Office, or at the office of the department concerned, as may be stated in the order.

5. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with delivery of the supplies. In other cases the account is to be rendered monthly. The rates quoted in the orders cannot be exceeded.

6. Should the contractor fail to supply any articles at the time mentioned in the order they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

7. In the event of a difference of opinion between the Contractor and the officer receiving the supplies as to the quality, the same to be decided in cases where the article is not of a perishable nature, by a Board of Survey composed of persons named by the head of the department, and the decision of the board is to be considered final.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured by the person requiring it, and the expense charged as in clause 6.

9. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due, or to the contractor in waiting for a Board of Survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report of the Tender Board, to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

12. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months, it being understood that such notice can be given only from the first day of the month.
