TENDERS will be received until Noon on Wednesday, the 4th July, from persons willing to furnish Medicines, &c., in such quantities as may be required for the service of the Government (except for Railways and Aborigines) during twelve calendar months, commencing on the 1st January, 1867.

Schedules of articles required, and printed forms of tender, may be obtained from the Chief Medical Officer, or the Inspector of Stores, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in the sum of £100; and the tenders must include the whole of the articles mentioned in the schedule, one price being stated for each article.

Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts, in bottles having ground glass stoppers. In no case will hollands gin bottles be accepted.

The value of all packages, whether bulk be broken or not, must be included in the prices demanded; the weights and measures mentioned in the schedule are to be those of the new "British Pharmacopœia."

Tenders must be accompanied by bank notes or a bank draft in favor of the Chairman, Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons willing to become bound in the sum specified for due fulfilment of the contract; and such security must be completed within ten days of acceptance of the tender, failing which the deposit will be forfeited, and the contract may be again advertised or another tender accepted.

The Government may elect to require a money surety. The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

Tenderers failing to take up their accepted tenders, will be disqualified from tendering for Government supplies for a period of twelve months.

All tenders must be endorsed, "Tender for Medicines, &c.," and deposited in the Tender-box at the Government Stores, King street; or, if sent by post, must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS.

1. All articles must be of the best quality of their several kinds, and all preparations or compounds are to be those of the new "British Pharmacopœia;" unless otherwise specially ordered.

2. All orders for supplies under this contract will emanate from the Chief Medical Officer, or from the departments requiring the supplies, and the articles must be delivered at such place in Melbourne as may be stated in the order; and for the purposes of this contract, all Government offices within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

3. All supplies, when delivered, must be accompanied by the order, which, when receipted, is to be rendered with the contractor's account. No supplies can be received unless accompanied by the order, and not weight or quantity only will be paid for.

4. The contractor shall, at the time of delivering the supplies, furnish his account in the prescribed form, and present it in a complete state to the Chief Medical Officer, or to the officer taking delivery of the supplies, for payment at the Treasury.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Government, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the Chief Medical Officer, the Inspector of Stores, or the head of the department ordering the supplies (as the case may be), will have the power to reject such article or articles as are obviously of inferior quality; it being understood that they will be responsible to the Government for so doing, and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding the sum of £50, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

9. It will be competent for the Inspector of Stores, on behalf of the Government, or the contractor, on his own behalf, to terminate the contract by giving a notice in writing of three full calendar months; it being understood that such notice can be given only from the first day of a month.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for ——" (as the case may be), and be deposited in the Tender-box at the Government Stores, King street; or (if sent by post) must be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

CONDITIONS.

1. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture.

2. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Inspector of Stores, except in the case of supplies for the local Military Store Department, the Harbor Department, the Naval Training Ship, and for works and buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

3. Supplies for ports and harbors are to be delivered at the Marine Yard, Williamstown; or at the Transport Office, Melbourne, as may be stated in the orders. All other supplies are to be delivered at the department requiring the goods; or at the Transport Office, Melbourne, as may be directed in the order; and for the purposes of these contracts all Government establishments within a radius of three miles from the General Post Office will be deemed to be within Melbourne.

4. Arrangements as to time of delivery and inspection of goods will be made by the following officers:—

For materials for Works	} The Inspector General of Public Works.

For supplies for Ports and Harbors	} The Chief Harbor Master.
For supplies for the local Military Store	
Ditto Naval Training Ship	} The Lieut. commanding.
For all other supplies	
	} The Inspector of Stores.

5. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of depart-

ment, to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

6. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates.

7. The acceptance of the supplies shall be subject to the approval of the officers named in condition 4. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

8. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds, as the Government may direct. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked, "Tender for ——" (as the case may be), and addressed to the Chairman of the Tender Board, Stores and Transport Office, King street, Melbourne, where samples may be seen, and further particulars obtained.

CONDITIONS.

1. The whole of the articles required for the service of the Victorian Railways are to be in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture, subject to the approval of the Engineer-in-Chief and the Traffic Superintendent. The goods will also have to prove satisfactory to the examination and tests of the Locomotive Superintendent, as the inspecting officer appointed by the Engineer-in-Chief; and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Secretary for Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise directed by the secretary.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service of the Victorian Railways, or by the purchase of articles manufactured in the penal establishments, or the manufacture of articles by the department.

4. The Government will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles as the Government may order from time to time; neither will the Government be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Government require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

5. Delivery, as a rule, is to be of the full quantity ordered at one time; but all deliveries must be accompanied with detailed invoices or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order for the goods, otherwise the goods will not be received.

6. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the railway storekeeper, on the order of the secretary, to cancel the order and purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

7. Each contractor will be required to prepare his own account monthly, in the prescribed form, and render the same to the railway storekeeper for certification, previously to payment at the Treasury.

8. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

9. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

10. The railway storekeeper will have power to reject such article or articles as are obviously of inferior character, or not in accordance with the specification, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the railway storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government upon such repetition, to terminate the contract forthwith.

12. It will be competent either for the contractor, on his own behalf, or for the Secretary for Railways on behalf of the Government, to terminate the contract, by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.
