All such claims when amalgamated shall adjoin each other for a distance of not less than 100 yards.

BYE-LAW No. 10.—CREEK CLAIMS.

Creek claims, i.e., claims which include the bed of a creek or river, shall be an area of ground not exceeding 25 yards in the direction of the course of the stream by 100 yards in width, excepting in the following places, viz.: In the Oneco and Jordan divisions the claims shall not exceed 50 yards in the direction of the course of the stream, by a width of 100 yards; in that portion of the Yackandandah division situate between; the lower part of Allan's Flat and the junction of the Yackandandah Creek with the Little River, and also in that portion of the Woolshed Creek situate between the upper end of Kneebone's claim and the junction of said creek with the Ovens River, the claim shall not exceed 50 yards in the direction of the course of the stream, by a width not exceeding 400 yards. But in the aforesaid portions of the Yackandandah and Woolshed creeks, where ten or more claims have been amalgamated so as to form one claim, it shall only be necessary during the sinking of the pump shaft to employ one-half the number of men required to represent such amalgamated claims, without rendering any portion thereof liable to forfeiture, or the claimholder liable to any penalty.

BYE-LAW No. 11.—FRONTAGE CLAIMS.

Dry frontage claims, i.e., alluvial claims not in the bed of a creek or river, and exceeding 40 feet in depth, the drainage of which (if any) does not amount to twelve hundred gallons of water per twenty-four hours.

Wet frontage claims, i.e., alluvial claims not in the bed of a creek or river and exceeding 40 feet in depth, the drainage of which is at least twelve hundred gallons of water per twenty-four hours.

A frontage claim occupied on a supposed lead, previous to proclamation, shall not exceed 65 feet in length (except in the Buckland division, where the length shall not exceed 90 feet) on the supposed course of the lead by a width not exceeding one mile.

The holder or holders of any such claim may defer the working thereof until the lead is proclaimed, without rendering the claim liable to forfeiture, provided he shall attend at the registrar's office with all the men to be employed on the claim and shall cause each of them to register the number and place of issue of his miner's right, and allow the registrar to mark upon their miner's rights the number of the claim and date of registration, and shall on the same day post a notice on some conspicuous place of the claim stating the number of the claim, the names of the men registered therefor, and the date of registration, and shall within forty-eight hours after the lead is proclaimed begin to work upon the claim laid off for him by the surveyor with the men registered for it, or with an equal number of men registered for any claim on the same lead, provided always that if any man is registered for more than one claim on one or more unproclaimed leads, all his interests in such claims shall be forfeited.

Upon the proclamation of the lead by the surveyor all claims previously occupied on such lead shall be deemed to be forfeited, and the holders thereof shall be entitled to occupy claims as laid off by the surveyor, according to their priority of occupation, excepting where any claimholder on such unproclaimed lead has sunk a shaft on his claim at least two-thirds of the depth of the prospecting shaft, previous to the proclamation of the lead; in which case such claimholder shall be entitled to hold the claim in which the shaft is situated.

A dry frontage claim occupied on a proclaimed lead shall not exceed 25 feet in length on the surveyor's base-line, together with 3 inches in length on such base-line for every foot exceeding 40 that the prospecting shaft of the lead on which the claim is situated is in depth, and if the claim is below the prospecting claim, 3 inches additional in length on the base-line for every claim between it and the prospecting claim, by a width not exceeding 1 mile, until gold in payable quantities has been found in the claim, after which the width shall not exceed 150 yards.

A wet frontage claim occupied on a proclaimed lead shall not exceed the following length on the surveyor's base-line, viz.:—35 feet (except in the Buckland division where it shall be 50 feet), together with 4 inches for every foot exceeding 40 that the prospecting shaft of the lead on which the claim is situated is in depth; and if the claim is below the prospecting claim, 4 inches for every claim between it, and the said prospecting claim, by a width not exceeding 1 mile, until gold in payable quantities has been found in the claim, after which the width shall not exceed 400 yards; always provided that no united or amalgamated frontage claim shall be reduced in width to a greater extent than the length of four single claims above and below the point where payable gold has been discovered in such united or amalgamated claim.

BYE-LAW No. 12.—EXTENDED AREAS WHICH MAY BE OCCUPIED BY THE PROJECTORS OF MINING COMPANIES UNDER THE FRONTAGE BYE-LAWS.

On wet frontage leads, where the depth of sinking exceeds two hundred feet, and the lowest or last occupied claim or amalgamated claim has been in possession of the present occupants for six months after payable gold has been discovered by them, and where machinery equal to twelve-horse power is at work on such last or lowest claim—

One man may take possession of and hold	Ten claims
Two men	Twenty claims
Three men	Thirty claims
Four men	Forty claims

without commencing work for a period of three months, such time being allowed for the formation of a company to work the ground. If at the expiration of the said time, a company has been formed and registered under any Act of Parliament (excepting Act No. 291) then in force—the required officers of such company having been appointed and one-fourth of the proposed capital subscribed for, and the deposit on said subscribed for shares duly paid up, amounting in the aggregate to not less than one hundred pounds sterling—the manager, on making a statutory declaration setting forth that the aforesaid requirements have been complied with, shall be entitled, on behalf of the company, to register for a further period of six months, during which additional term the claim shall not be liable to forfeiture, nor shall the holder thereof be liable to any penalty on the expiry of the aforesaid term of three months, or of the further additional term of six months, as the case may be. The works shall be commenced and carried on in the usual course of proper and efficient mining: Provided always, that until payable gold has been struck in the claim, the holder or holders shall not be required to keep employed more than one-half the number of men required to be employed under the ordinary frontage bye-laws. It shall be imperative that the occupation of such extended areas shall be advertised in the nearest local newspaper in at least two consecutive weeks, and a copy of the mining registrar's certificate posted in a conspicuous place on the ground. All companies under this bye-law, except as herein specified, must comply with the ordinary frontage bye-laws.

BYE-LAW No. 13.—SUSPENSION OF WORK ON WET FRONTAGE CLAIMS.

Should the holder or holders of a wet frontage claim on a proclaimed lead fail to discover the course of the lead within six months (during which time the requisite number of men have

been employed on such claim) be unable to prosecute their labors for want of the necessary funds, they may suspend operations for a period not exceeding six months, provided such suspension is registered with the registrar, and a copy of the certificate of registration be posted on some conspicuous place on the claim.

BYE-LAW No. 14.—WORKED AND ABANDONED GROUND.

All alluvial claims, irrespective of depth, on worked and abandoned ground, shall not exceed the following areas, viz.:

Ordinary claims, 50 feet by 100 feet.

Bank sluicing-claims, 50 yards by 130 yards.

Creek or river claims, 50 yards in the direction of the course of the stream, by a width of 100 yards.

Frontage claims shall not exceed an area of twice the size of that allowed in the new ground on the lead in which the claim is situated.

Any person purposing to construct a tail-race, or to erect machinery for the purpose of mining such ground, may (in addition to the claims which he may be entitled to hold under the provisions of this bye-law) temporarily occupy two extra claims of the same class for every £250, up to £1,000, proposed to be invested in the construction of such tail-race, or the erection of such machinery. The temporary occupation of all such extra claims must be registered with the registrar, and also the sum proposed to be invested. Where the holder of any extra claim has not, within one month from the date of occupation of such claim, *bona fide* commenced the construction of such tail-race or erection of such machinery, his title to such extra claim shall be deemed to be forfeited.

If at the expiration of six months from the date of occupation, two hundred and fifty pounds (£250) has not been expended in the construction of such tail-race, or the erection of such machinery, all title to the temporary occupation of such extra claim shall be deemed to be forfeited; and if at the expiration of twelve months from the date of occupation of any such extra claims, five hundred pounds (£500) has not been expended, or if at the expiration of eighteen months seven hundred and fifty pounds (£750) has not been expended, or if at the expiration of two years one thousand pounds (£1000) has not been expended in the construction of such tail-race, then all title to temporary occupy claims in excess of two (2) for every two hundred and fifty pounds (£250) expended on the construction of such tail-race shall be forfeited.

When mining operations shall have been commenced on any of such claims by the using of such tail-race or machinery, the construction of such tail-race or the erection of such machinery shall be deemed to be completed, and the owner thereof shall be entitled permanently to occupy two (2) extra claims for every two hundred and fifty pounds (£250) up to one thousand pounds invested in the construction of such tail-race or erection of such machinery.

Any person who shall have expended two hundred and fifty (£250), five hundred (£500), seven hundred and fifty (£750), or one thousand pounds (£1000) in constructing a tail-race or in erecting machinery for mining such ground shall be entitled to hold (in addition to the area allowed for a claim by the bye-law under which he occupies) extra claims as provided for by this bye-law; provided that such extra claims adjoin his original claim, and with it form one area or claim.

When any dispute shall arise under this bye-law, in reference to any extra claim held, the onus of proof of the cost of the tail-race or machinery shall lie with the owner thereof.

BYE-LAW No. 15.—QUARTZ.

Prospecting Claim.—Any person searching for a quartz reef may occupy for a prospecting claim an area not exceeding 250 yards by 500 yards, if such claim be situated not less than 500 yards from the nearest occupied quartz claim. Upon the discovery of the reef, such area shall be forfeited, and the discoverer shall be entitled to occupy for a claim an area not exceeding 160 yards in length by 150 yards in width.

Any person searching for auriferous quartz reefs by means of tunnelling into hills or mountain ranges may occupy an area not exceeding 1000 yards along the course of the proposed tunnel by a width of 320 yards, such area to be laid off by the surveyor. The holder of any such tunnelling claim shall keep constantly employed four men in driving the said tunnel, and shall be subject to the requirements and provisions of these bye-laws. On the owner of any tunnelling claim ceasing to keep four men constantly employed as required, such extended area shall be forfeited, and the said owner shall be entitled to re-occupy a claim of 320 yards in length on the course of all auriferous quartz reefs or veins intersected by said tunnel by a width not exceeding 75 yards on each side of such reefs or veins. And such claims shall thereafter be entitled to the privileges and subject to the conditions of ordinary quartz claims.

BYE-LAW No. 16.—ORDINARY QUARTZ CLAIMS.

Ordinary quartz claims shall not exceed 40 yards in length on the supposed course of the reef by a width not exceeding 150 yards across such course.

The measurements of all quartz claims shall be horizontal.

BYE-LAW No. 17.

All levels or tunnels used or required outside the boundary of any quartz claim, to an extent not exceeding 1000 yards in length by a width of 16 feet, as also an area of 100 yards in length by a width of 40 yards at the entrance of all such levels or tunnels, may be held as an easement to the claim with which they are connected, provided they be registered.

BYE-LAW No. 18.

Any person desirous of erecting a quartz mill driven by steam or water power may occupy for such purpose an area not exceeding one acre, the length of which shall not exceed twice the

width thereof. All such areas to be registered with the registrar, and a copy of such registration kept posted in a conspicuous part of the area, until the erection of such machinery; but no person shall be entitled to occupy any such area on the supposed course of, or within 75 yards of, any known quartz reef, or any known auriferous land.

Any person having occupied any such area, and shall fail to erect any such machinery thereon within six months from the date of occupation shall forfeit all title to such area.

BYE-LAW No. 19.

Any claimholder requiring to construct a road or tramway out and beyond the limits of his claim may occupy a site for such road or tramway not exceeding two miles in length by 20 feet in width, subject to the following conditions, namely:—He shall define the area so occupied by posts, not more than 200 yards apart, and shall register the same within forty-eight hours of the time of occupation. When any such area shall not have been used for the purpose for which it has been registered for a period of four consecutive weeks, it shall be deemed to be abandoned: Provided always that such area shall not be liable to forfeiture during the working of the claim held in connection therewith, or during the period for which a suspension from the working of such claim may have been lawfully obtained.

BYE-LAW No. 20.

The lawful occupant of a claim shall not be liable to any penalty, or his claim liable to forfeiture during the time he is incapacitated from work by illness, or has to attend any court of law, or upon any urgent business; but should any dispute arise as to the claim not being represented in accordance with these bye-laws, the onus of proof of the cause of absence shall rest with the claimholder.

BYE-LAW No. 21.—SUSPENSIONS.

When any person or company requires time for the purpose of procuring or erecting machinery before commencing operations, or to repair his or their machinery, or when any person or company requires to suspend or partially suspend operations at any time through any unavoidable cause, such person or company, or the manager or secretary duly authorized on his or their behalf, shall make a statutory declaration, setting forth the reasons for which he or they require registration; and such declaration shall be in the form in schedule II herunto appended; and on receipt of such declaration, the registrar shall, upon ascertaining and satisfying himself that such reasons are good and sufficient, register such person or company for permission to suspend or partially suspend operations for any term not exceeding three months, in the form set forth in schedule I herunto appended; and may, upon the like grounds, renew such registration from time to time; and no statutory declaration shall be required for any subsequent registration, but the manager or secretary of a company, or the person or persons holding such claim or area, shall sign and deliver to the registrar a written document affirming that the same reasons as those for which they were originally registered exist at the time of the renewal; and no person but the owner shall be allowed to take possession of any claim or area so registered during the term of the aforesaid registration. Provided always that such registration shall afford no protection to the parties obtaining the same in any case where the same has been obtained through any wilful misrepresentation of facts; and in case the owner or owners of any claim or area shall not, within seven days after the expiration of the period of such registration, cause work to be renewed according to the usual course of proper and efficient mining, such person or company shall be liable to a penalty not exceeding £10, nor less than £5; and if work is not resumed within one month from the time of such penalty being inflicted, such claim or portion thereof as may be unrepresented shall be deemed to be forfeited, and the person or persons on whose complaint the penalty has been enforced shall be entitled to the prior right to occupy such forfeited claim or portion thereof.

BYE-LAW No. 22.—UNION OR AMALGAMATION OF CLAIMS.

Any number of claims which shall adjoin each other in at least half their length or width may be amalgamated or united and occupied as one claim, except where otherwise ordained by any bye-law of this board; provided always that the number of men ordained to be employed on or in connection with the claims if occupied singly shall be employed on or in connection with the united or amalgamated claim.

Where a creek claim is united to one or more claims of any other class, the water privileges of such creek shall not extend further than if such creek claim had not been united or amalgamated to any other. All such amalgamations shall be effected by registration.

BYE-LAW No. 23.—RACES.

Any person intending to cut or construct a race for mining purposes shall register the same with the registrar, stating the proposed extremities thereof, and shall mark the proposed course thereof with pegs at intervals not exceeding 100 yards. He shall then be deemed to be in possession of such proposed course; but if he shall not within one month begin to form such race, or having begun shall not continue the formation thereof, he shall forfeit his title to any portion of the proposed course of the race which has not been cut or constructed.

The owner of any race used for mining purposes shall be entitled to hold, in addition to the site of such race, five feet on each side thereof.

The head of any race cut for the purpose of diverting water from any creek or river shall not be shifted to the prejudice of any existing race.

The owner of any race shall build and maintain efficient bridges where any road in ordinary use crosses such race.

BYE-LAW No. 24.—TAIL-RACES.

The holder of any claim using a tail-race in connection with such claim shall be entitled to occupy an area for the site of such tail-race not exceeding 1 mile in length by a width of 27 feet for a distance of 20 yards from the upper end of such tail-race, and a width of 12 feet for the remaining portion thereof. Nevertheless, no person shall be entitled to occupy any greater length of tail-race than is necessary for his requirements.

BYE-LAW No. 25.—WATER-RIGHTS.

Rights to divert water shall be divided into three classes, viz., creek water-rights, bank water-rights, and motive-power water-rights.

Creek water-rights shall in all cases be superior to others. Bank water-rights shall be superior to motive-power water-rights, except in the Yaakandandah division, in which motive-power water-rights used in connection with a creek claim shall be superior to bank water-rights.

Creek and motive-power water-rights taken up in connection with a creek claim shall be deemed to belong to the claim or area with which they were first occupied, and shall not be used in or extended to any other claim.

The superiority of water-rights of the same class shall be by priority of registration.

If the use of a bank water-right shall be abandoned for any period exceeding one month at a time, when water is available for it, the right shall be deemed to be forfeited.

The alteration of the course of a race at any time shall not in any way affect any water-right or privilege attached to such race.

If the water flowing in any creek or river is insufficient to supply all the water-rights derived from such creek or river, the owner of any water-right shall, on the receipt of a water-notice from the owner of any superior water-right (in form of schedule F), cease to divert, or make available to the superior water-right, his supply of water, or such portion thereof as shall be necessary to make up the supply of the superior water-right, and shall not resume such diversion until a supply in excess of the quantity allowed to such superior right shall be available.

The holder of any creek or motive-power water-right shall not be entitled to demand a supply of water at a higher level than is sufficient for his purposes. In the Yaakandandah division no motive-power water-right shall be held as superior to a bank water-right, unless such motive-power be used for drainage purposes only.

Any person registering a water-right shall be deemed to be in the use and occupation of such water-right during the time he may be cutting or constructing the race through which the water is to flow.

BYE-LAW No. 26.—HOW AND WHERE WATER TO BE GAUGED.

The holder of any water-right in the Beechworth district shall, subject to the following exceptions, be limited to a supply of water to be gauged by a box 12 feet long, 12 inches wide, and 6 inches deep in the inner measurement, with an opening of a uniform depth of 1 inch and $\frac{1}{4}$ th of an inch across the bottom. In the Buckland, Jordan, and Omeo divisions, and that portion of the Beechworth division formerly known as the Woolshed division, the gauge shall be a box of the same length, width, and depth as before mentioned, with an opening of a uniform depth of 3 inches across the bottom. In the Yaakandandah division, bank water-rights shall be gauged by a box the same length and width as before mentioned, but only $\frac{3}{4}$ inches deep in the inner measurement, with an opening of a uniform depth of 3 inches across the bottom. Creek water-rights in the Yaakandandah division shall be limited to a supply of water gauged by a box of the same length and width as before mentioned, but $7\frac{1}{2}$ inches deep in the inner measurement, with a uniform opening of 7 inches across the bottom. In races carrying more than one head of water, the box shall be increased in width 12 inches for every additional head of water the race may be permitted to carry. All gauges shall be placed level in the race, by the owners of the race, at a distance not exceeding 20 yards from the point where such race heads, within 24 hours after receiving a written notice (in the form of schedule G) from any person entitled to receive a supply of water from the same source, and shall thereafter continue to run such water through such gauge.

BYE-LAW No. 27.—PROTECTION TO SPRINGS.

No person shall be allowed to open a drain or tunnel into any spring in the Beechworth division unless at a distance of not less than 100 yards from any drain or tunnel which may have been previously opened, and from which any occupied race derives a supply of water, unless with the consent of the owner of such last-mentioned race, drain, or tunnel.

BYE-LAW No. 28.—PROTECTION TO MINING PROPERTY.

No person shall, under any pretence whatever, injure or destroy, whether by design or culpable negligence, any machines, races, drains, dams, &c., reservoirs, or the water therein, or any pegs, posts, fences, and notices, or any plant or appliances used for or in connection with mining. Any person found guilty of a breach of this bye-law shall be liable to a penalty of not less than £1.

BYE-LAW No. 29.—CAUSING CLAIMS TO BE FLOODED PROHIBITED.

No person shall back the water of any creek, race, or water-course into or upon any claim, or otherwise cause any claim to be flooded, either wilfully or by neglect.

BYE-LAW No. 30.—PROTECTION TO RACES AND CLAIMS.

No person shall permit any water used on or in connection with his claim or race to flow upon or into any other claim, race, or tail-race.

All claimholders shall keep all tailings or sludge from their claim clear of any other claim, race, or tail-race unless with the consent of the owner thereof.

BYE-LAW No. 31.—LIENS.

The holder or holders of any registered claim, race, tail-race, dam, reservoir, or other easement or share, or interest therein, may grant a lien upon the same to any other person or persons, as security for the due payment of any debt or liability which such holder or holders may have contracted, either before or at the time of such lien being granted; and upon production to the registrar of the register or transfer ticket, or certificate by virtue of which the intending lienor holds the claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, intended to be made the subject of lien, and of the miner's right of the intending lienee, and upon the execution of a lien-ticket by the lienor or lienee, in the form prescribed in schedule C hereto appended, duly signed by the said lienor and lienee, and attested by the registrar, the registrar shall register a lien upon the said claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, in the form prescribed in schedule D hereto appended; and after having made such registration, the registrar shall issue to the lienee a duplicate of the lien-ticket, in the form prescribed in schedule C hereto appended, as aforesaid; and shall inscribe on the registry or transfer ticket, or certificate of the lienor, the date and the amount of the lien, and the name of the lienee, and when payable; and every such lien, granted and duly registered as aforesaid, shall be a specific charge upon the claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein which shall have been so made the subject of a lien, until the debt or liability shall have been discharged in full, and shall take precedence according to the dates of their respective registrations by the registrar; and every transfer of any claim, race, tail-race, dam, reservoir, or other easement or share or interest therein held under lien shall be made subject to every registered lien thereon; provided that upon the delivery to the registrar, by the lienor, of a certificate duly signed by the lienee, that the debt or liability for which such was held has been fully discharged, the registrar shall forthwith cancel such lien; and further provided, that the registrar shall not register a lien upon any claim, race, tail-race, dam, reservoir, or other easement, or share or interest therein, or transfer, or release the same, without the consent of the lienor and lienee respectively; and further, that it shall be necessary for the registrar to have the authority of any registered company, or their agent, or agents, previous to effecting any such registration or transfer of any share, or portion of a share, or interest of any mining company.

The holder of any registered lien upon any claim, race, tail-race, drain, dam, reservoir, or easement, or share or interest therein, upon production to the registrar of satisfactory proof that the holder or holders of the subject of such lien has or have failed to fulfil any agreement, or to pay any debt, charge, or liability secured under such lien, or that the holder or holders of the subject of such lien has or have abandoned such subject, shall be entitled to be conditionally registered for such subject, in accordance with schedule E hereto appended; and such conditional registration shall entitle the holder of the lien to all the benefits arising out of such claim, race, tail-race, drain, dam, reservoir, or easement, or share or interest therein, and unless the holder or holders of the subject of such lien shall, within three calendar months from and after the date of the conditional registration aforesaid, reclaim the said subject and satisfy the claim of the holder of the lien, the said holder or holders of the subject of such lien shall forfeit all right and title to such subject, and the holder of the lien shall be absolutely registered for, and become the actual possessor of, the said claim, race, tail-race, drain, dam, reservoir, or easement, or share or interest therein, the subject of the lien aforesaid.

It is hereby provided that any lienee shall not be held to be a co-partner or co-adventurer in any mining company in which he may hold a lien or liens, save and except what is contained in respect of the bye-laws of this board in regard to certain conditions of forfeiture therein contained, in which case such lienee shall, upon conditional registration as therein provided for, become the responsible shareholder of such share or interest.

BYE-LAW No. 32.—SURVEYOR TO ENTER UPON CLAIMS.

It shall be imperative upon any claimholder to permit the mining surveyor, his agents or assistants, to enter upon the claim, descend the shaft, and examine the underground workings; and when required by the surveyor, to render him all reasonable assistance in doing so.

BYE-LAW No. 33.—FEES FOR REGISTRATION.

All persons registering any of the subject-matters prescribed to be registered under these bye-laws shall, for each registration, pay to the registrar, on receipt of certificate of registration, as per following scale:—

For registration of any parcel of ground allowed to one man as a claim under any bye-law of this board or any number of such (prospecting claims excepted)	s. d.

BYE-LAW No. 34.

In any division for which there is no registrar duly appointed, non-registration shall not be deemed a breach of the mining-board bye-laws, nor shall bar the exercise of any privileges under these bye-laws.

In any division in which there is no surveyor duly appointed, the non-fulfilment of any of the surveyor's duties shall not invalidate the title to any claim. Where any surveyor or registrar shall refuse to perform the duties attached to his office by these bye-laws, and thereby prevent the fulfilment of the conditions imposed by any bye-law on any claimholder, such non-fulfilment shall not be deemed a breach of a bye-law by such claimholder, and shall not invalidate the title to any interest or privilege held or enjoyed by such claimholder.

BYE-LAW No. 35.—EXTENDED CLAIMS—Omeo Division.

Any person proposing to construct a race for the purpose of conveying water to his claim may, in addition to the ground he is entitled to occupy by virtue of his miner's right, temporarily occupy thereunder until the completion of such race—but subject as in this bye-law after mentioned—three extra single claims of the same class for every £100 up to £500 proposed to be expended on such race. The temporary occupation of all such extra claims must be registered with the registrar, together with the sum proposed to be invested.

When the holder of any such extra claim has not, within one month from the date of occupation of such, *bona fide* commenced the construction of such race, his title to such extra claims shall be forfeited. If at the expiration of three months from the date of occupation, £100 has not been invested in the construction of such race, his title to the temporary occupation of such extra claims shall be forfeited; and if at the expiration of twelve months from the date of occupation, £500 has not been invested in the construction of such race, then he shall only be entitled to permanently occupy three extra single claims for every £100 so invested; and the remaining temporarily occupied claims shall be forfeited.

When mining operations shall have been commenced on any such claims by the using of such race, the construction of such race shall be deemed to be completed, and the owner thereof shall be entitled to permanently occupy three extra claims for every £100 expended (up to £500) on the construction of such race.

When any dispute shall arise under this bye-law, in reference to any extra claims held, the onus of proof of cost of construction of the race shall rest with the owner thereof.

This bye-law to apply to the Omeo division only.

BYE-LAW No. 36.—RESERVOIRS.

Any person desirous of constructing a reservoir shall take possession of the site or area thereof by erecting a post at each angle, and shall register the same with the registrar within forty-eight hours after taking such possession.

The embankments of all reservoirs, having a storage capacity of more than 600,000 gallons, constructed for the purpose of storing water, shall be formed of earth, with or without a facing of any other material, and shall be of the following dimensions, and according to the following scale, namely: The base of the embankment shall be 4 feet wide in addition to 5 feet for every foot it is in height. The front of the embankment shall have a slope of not less than 3 feet for every foot in height, and the back shall have a slope not less than 2 feet for every foot in height. The top of the embankment, when finished, shall not be less than 4 feet in width. There shall also be a bye-wash formed at least 3 feet below the level of the top of the embankment, which shall not be less than 4 feet wide; and if the storage capacity of the reservoir exceed 1,000,000 gallons, then the width of the bye-wash shall not be less than 6 feet.

BYE-LAW No. 37.—TAILING-DAMS IN THE YACKANDANDAH DIVISION.

The holder of any bank sluicing-claim in the Yackandandah division shall be entitled to occupy, for the purposes of a tailing-dam, an area of ground not exceeding 1 acre, into which the tailings from such claim shall be run; always provided that, should any other claimholder wish to use such dam for the same purpose, he may do so by paying the owners thereof a fair share of the cost of construction, and also by contributing a fair share of the cost of keeping said dam in repair.

BYE-LAW No. 38.—RESIDENCE AND BUSINESS SITES.

When any residence or business site is occupied within 50 yards of any road, street, or thoroughfare existing at the time of such occupation, the frontage of such site towards such road, street, or thoroughfare shall not exceed 66 feet by a depth of 165 feet.

No person shall occupy a residence or business site any portion of which is within 33 feet of the centre of any road, street, or thoroughfare, or within 10 feet of any site previously occupied.

No person shall take up and occupy for residence or business purposes any ground within 12 feet of any race unless with the consent of the owner of such race.

Any person taking up land under this bye-law shall not be deemed to be in legal possession thereof unless the same shall have been registered within forty-eight hours after taking possession, and such person shall be compelled to occupy the same within twenty-one days after such registering, or in default, the same shall be deemed to be forfeited.

BYE-LAW No. 39.—WHO MAY ENFORCE PENALTIES.
