Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule, will be allowed to the contractor for any articles or packages, cases, casks, &c.

Tenders must state the security proposed, whether in debentures, bank deposit-receipt, cash deposit, guarantee society's bond, or sureties; if the latter, the tender must be accompanied by a certificate from two responsible persons that they are willing to become bound as sureties; and in either case the bond must be executed within ten days of acceptance of the tender, failing which, the contract may be again advertised at the risk of the tenderer, or another tender accepted. The Government will not necessarily accept the lowest or any tender, and may elect to require money surety. Persons failing to take up their contract will be disqualified as future contractors.

The names of the tenderers and their proposed sureties, together with their addresses, must be stated at full length.

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the case may be), and addressed to the Chairman of the Tender Board, Stores and Transport Office, King street, Melbourne, where samples may be seen, and further particulars obtained.

## CONDITIONS.

1. The whole of the articles required for the service of the Victorian Railways are to be in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture, subject to the approval of the Engineer-in-Chief and the Traffic Superintendent. The goods will also have to prove satisfactory to the examination and tests of the Locomotive Superintendent, as the inspecting officer appointed by the Engineer-in-Chief; and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Secretary for Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise directed by the secretary.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service of the Victorian Railways, or by the purchase of articles manufactured in the penal establishments, or the manufacture of articles by the department.

4. The Government will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles as the Government may order from time to time; neither will the Government be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Government require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

5. Delivery, as a rule, is to be of the full quantity ordered at one time; but all deliveries must be accompanied with detailed

invoices or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order for the goods, otherwise the goods will not be received.

6. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent for the Railway Storekeeper, on the order of the Secretary, to cancel the order and purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

7. Each contractor will be required to prepare his own account monthly, in the prescribed form, and render the same to the Railway Storekeeper for certification, previously to payment at the Treasury.

8. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

9. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

10. The Railway Storekeeper will have power to reject such article or articles as are obviously of inferior character, or not in accordance with the specification, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Railway Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government upon such repetition, to terminate the contract forthwith.

12. It will be competent either for the contractor, on his own behalf, or for the Secretary for Railways on behalf of the Government, to terminate the contract, by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these Contracts, the Government, or the Contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.
