NOTICE TO MARINERS.

THE accompanying Notice to Mariners, which has been issued from the Hydrographic Office, Admiralty, London, is published for general information.

WILLIAM M. K. VALE,
Commissioner of Trade and Customs.

Department of Trade and Customs,
Melbourne, 28th October, 1868.

[The substance of this notice, as soon as it is received on board, is to be inserted in red ink on the charts affected by it; and introduced into the margin, or otherwise in the page, of the Sailing Directions to which it relates. See Instructions, Navigation and Pilotage, p. 172.]

NO. 71.—NEW ZEALAND, MIDDLE ISLAND, WEST COAST.—SUNKEN ROCK BETWEEN CAPE FOULWIND AND RIVER BULLER.

INFORMATION has been received from Commander H. L. Percival, H.M.S. *Falcon*, that a sunken rock (now called the Falcon Rock), having two or three feet over it at low water, lies midway between the north extreme of the Three Steeples (off Cape Foulwind) and the entrance of the River Buller.

ALTERATION OF LIGHT AT HOKITIKA.

Also that the red light exhibited from the flag-staff at the north side of the entrance of the Brunner of Hokitika River has been changed to a white light.

The best anchorage off Hokitika is in fifteen fathoms, with the flag-staff bearing east-south-east, distant two and a half or three miles, veering cable to sixty or seventy fathoms; this is in good holding ground, and a vessel may here ride in safety, except with westerly winds.

AUSTRALIA, SOUTH COAST.—ALTERATION OF LIGHT, PORT ADELAIDE.

The Colonial Government of South Australia has given notice that, from about the 31st December, 1868, the following alteration in the light at the entrance of Port Adelaide Creek, St. Vincent Gulf, will take place:—The light at present exhibited from the light-vessel will be discontinued, and a light will be exhibited from a tower on the south side of the outer bar of the creek in lieu thereof.

The new light will be a fixed white light, elevated fifty feet above the high-water level of the sea, and in clear weather should be seen from a distance of fourteen miles. The illuminating apparatus will be dioptric, or by lenses of the fourth order.

Further notice will be given when the precise date of the alteration can be stated.

[The bearing is magnetic. Variation, $15\frac{1}{2}^{\circ}$ easterly in 1868.]

By command of their Lordships,

GEO. HENRY RICHARDS,
Hydrographer.

Hydrographic Office, Admiralty,
London, July 31, 1868.

This notice affects the following Admiralty Charts:—New Zealand General, No. 1212; River Waiau to Cape Foulwind, No. 2591; and Cape Foulwind to D'Urville Island, No. 2616; also New Zealand Pilot, third edition, page 263. It will also affect Australia, South coast, Sheet III., No. 1061; St. Vincent and Spencer Gulfs, No. 2389; and Adelaide Port, No. 1752.

COWS MALICIOUSLY INJURED AT MALVERN HILL.

THIRTY-FIVE POUNDS REWARD.

WHEREAS on Tuesday the 6th of October instant, a Cow belonging to Richard Scholes, Malvern Hill, had one of her legs broken by some evil disposed person, and on the 9th instant another cow belonging to the same owner was injured in a similar manner; and there is reason to suppose that the same individual was concerned in the perpetration of both of these outrages: And whereas Mr. Scholes has offered a Reward of Twenty-five pounds for the detection of the offender: Notice is hereby given that a Reward of Ten pounds (supplemental to that offered as above mentioned) will be paid by the Government for such information as will lead to the conviction of the person or persons guilty of perpetrating the outrages above described.

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 31st October, 1868.

ATTEMPT TO SET ON FIRE THE QUARTZ MINERS' HOTEL, PLEASANT CREEK.

ONE HUNDRED AND FIFTY POUNDS REWARD.

WHEREAS about a quarter past One in the morning of Friday the 16th of October instant, an unsuccessful attempt was made to set on Fire the Quartz Miners' Hotel, Pleasant Creek, Wimmera District, by some person pushing open a revolving window and setting the curtains on fire, and the spreading of the conflagration was prevented solely through its prompt discovery: And whereas Isaac Holt, the owner of

the premises and the keeper of the hotel, has offered a Reward of One hundred pounds for the detection of the person guilty of this attempt: Notice is hereby given that a Reward of Fifty pounds (supplemental to that offered by Mr. Holt) will be paid by the Government for such information as will lead to the conviction of the person guilty of making the attempt above described.

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 31st October, 1868.

MURDERED CHILD FOUND IN THE PINE PARK RESERVE, SOUTH MELBOURNE.

FIFTY POUNDS REWARD.

WHEREAS on Tuesday the 13th of October instant, the body of a Male Child (whose only covering was an old blue check shirt) was found in the Pine Park Reserve, opposite the Victoria Barracks, South Melbourne, death appearing to have occurred about five days previously and soon after birth: And whereas at an inquest the jury returned a verdict that the said child was willfully and maliciously murdered by some person or persons unknown: Notice is hereby given that a Reward of Fifty pounds will be paid by the Government for such information as will lead to the discovery of the person or persons guilty of the murder of the said child.

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 31st October, 1868.

11375.

CHILD EXPOSED IN LEICESTER STREET, CARLTON.

TWENTY-FIVE POUNDS REWARD.

WHEREAS in the evening of Friday the 16th of October instant, a Male Child about four months old was found exposed in Leicester street, Carlton: Notice is hereby given that a Reward of Twenty-five pounds will be paid by the Government for such information as will lead to the discovery of the person who exposed the said child.

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 31st October, 1868.

11372.

PARTICULARS TO AID DETECTION.

The child was of good size, with fair hair and complexion, and blue eyes. His clothing was almost all new and good, and consisted of a striped lilac calico frock, red and black striped plain jumper with black braid binding, red flannel and light stuff petticoat (each with a calico body), white cotton shirt with insertion round the sleeves, flannel bodice, white holland pinafore, purple woollen boots, two cotton napkins, small black striped woollen shawl, and an old white linen pocket-handkerchief.

MALE CHILD EXPOSED OUTSIDE OF THE RETREAT HOTEL, BRIGHTON.

TWENTY-FIVE POUNDS REWARD.

WHEREAS about half-past nine o'clock in the evening of Friday the 16th of October instant, a Male Child was found exposed outside of the Retreat Hotel, Brighton: Notice is hereby given that a Reward of Twenty-five pounds will be paid by the Government for such information as will lead to the discovery of the person who exposed the said child.

J. McCULLOCH,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 31st October, 1868.

11371.

PARTICULARS TO AID DETECTION.

The child is about 12 months old, fat and healthy, with fair hair, blue eyes, and the top of the head scabby.

His clothing consisted of a white diaper pinafore, pink frock with two tucks of white braid, white socks, red boots, imitation seal-skin jacket, black velvet turban hat, white petticoat, and short flannel. A bundle was found near containing two diaper pinafores, two print frocks, a stuff one, two pairs of red worsted socks, two white petticoats, two calico shirts, a roller, and a night-dress.

Suspicion lies against a rather tall woman wearing a dark dress, white petticoat with broad tucks, drab cape, and a white straw hat. She was seen running towards the beach at the time the child was discovered.

IRON CASTINGS.

TENDERS will be received until Noon on Wednesday, the 18th of November, 1868, from persons willing to furnish Iron Castings, in such quantities as may be required for the Government Railways, from 1st January until the 31st December, 1869.

The castings are required for locomotive engine work, carriage work, &c.

Whenever specially ordered, the castings shall be run from the very best "cold-blast iron," and of such particular brand, quality, and mixture as may be described in the order; or of such other substituted mixture as may be approved or directed by the Locomotive Superintendent, so as to produce a hard, close, soft or other description of metal.

The castings are to be clean, sharp, free from surface scale, shell, cold shuts, blow holes, honeycomb, cinder, or any other imperfection, and are to be sound in every respect and thoroughly close in grain. When specially ordered, the castings are to be run with heads or runners of such weight as may be requested, and no extra charge shall be made or allowed for same; and the contractor will be required to remove the head or runner from the casting where possible, and charge the casting at the net weight only, trimmed and cleaned. In cases where it is necessary to cut off the head in a lathe or machine, such head will be cut off by the Government, and returned to the Melbourne Station, there to be delivered to the contractor free of cost of carriage.

Whenever ordered, the castings are to be moulded in loam without a pattern, and loam price will be paid according to schedule, but no extra charge will be allowed for patterns, strickles, or loam boards. The orders will express the kind or description of casting according to the schedule distinction; and the rates there filled in opposite each item will be allowed accordingly.

The Government will supply all patterns, and deliver the same to the Melbourne Station free of cost, from whence the contractor must fetch them when required and when due notice of same has been given in writing, and no cost for carriage from Spencer street Station to the contractor's place of business will be allowed.

Whenever only one or two castings are required, and they can be moulded from the broken originals, the contractor will be bound to mould from such patterns without requiring the Government to supply a wooden or other pattern for same, and no extra price will be allowed.

All pipes and bends must be moulded in loam whenever required, and a loam pattern made. A loam pattern must be struck up for any casting when a pattern cannot be supplied, and when only one casting or so is required, and when of that simple form that it can be made from a loam pattern; and no extra rate or charge will be allowed for the loam pattern beyond the loam price stated in schedule. The Government will supply all necessary striking boards, but no plates or cramps.

All patterns, loam boards, &c., supplied by the Government must be returned by the contractor in good order to the Government with the castings, and delivered to the Railways Stores at Williamstown, and no allowance will be made for return carriage.

The following must all be of good mixture of "cold-blast" iron:—

No. 1.—Locomotive or engine cylinders	per cwt.
No. 2.—Castings of all descriptions moulded in loam or sand and oven dried	"
No. 3.—Very best description of sand castings, moulded in boxes, as specified, and dried if required	"
No. 3a.—Chilled castings	"

The following must all be of good mixture of "hot-blast" iron:—

- No. 4.—Open sand castings, per cwt.
 No. 5.—Common heavy castings, for furnace work, &c.
 No. 6.—Furnace bars
 No. 7.—Railway chairs
 No. 8.—General heavy permanent-way castings
 No. 9.—Water pipes of any shape, bends, sockets, T pieces, &c., of four inches diameter and upwards
 No. 10.—Water pipes in straight lengths of four inches diameter and upwards

Security will be required in the amount of £50 for due fulfilment of the contract, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tenders for Iron Castings," and addressed to the Chairman of the Tender Board, Stores and Transport Office, King street, Melbourne.

CONDITIONS.

1. All orders for supplies under these contracts must issue from the Secretary of Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise ordered by the Secretary.

2. Notwithstanding the delivery of any castings into the store and a receipt having been given for them, should such castings turn out unsound, not in accordance with pattern or instructions, or in any way whatever defective, or of different quality of iron to that ordered, they must be taken away from the Railway Store at Williamstown at the expense of the contractor, and other castings must be supplied in lieu thereof without delay, and without additional charge.

3. Tenderers must fill in opposite to each particular item in the schedule the price at which he undertakes to execute the work, according to the specification and conditions.

4. Should the contractor, in the opinion of the Engineer-in-Chief, fail to furnish work in accordance with this specification, then, in seven days after due notice to that effect shall have been given, in writing, the Secretary for Railways shall have full power to re-advertise and let this contract to any other person the Government shall think fit; and at the expiration of seven days after such notice shall have been given to the contractor, this contract shall become null and void.

5. The contractor must furnish with each delivery detailed invoices or bills of parcels, in duplicate, showing quantity, rate, and value, also the number of the order of the goods, otherwise they will not be received. Delivery, as a rule, is to be of the full quantity ordered at one time.

6. The contractor will prepare his own account on the prescribed form, and render the same to the Railway Storekeeper for certification, previously to payment at the Treasury.

7. In the event of a difference of opinion between the contractor and the officer requiring the supply, as to the quality, the same is to be decided by a board of survey, composed of persons named by the Engineer-in-Chief, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

8. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

9. The Locomotive Superintendent will have power to reject such article or articles as are obviously of inferior character, or not in accordance with the specification, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

Contractors are not at liberty to transfer their contracts under power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

10. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required will subject the contractor, upon report from the Locomotive Superintendent, to a penalty not exceeding Ten pounds; and it will be in the power of the Government, upon repetition of such irregularities to terminate the contract forthwith.

11. It will be competent either for the contractor on his own behalf, or for the Secretary for Railways on behalf of the Government, to terminate the contract by giving a notice in writing of full three calendar months to the opposite party; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

C. E. JONES,
 Commissioner of Railways.

Railway Department,
 Melbourne, 26th October, 1868.

FIREWOOD.

TENDERS will be received until Noon on Wednesday, the 18th day of November, 1868, for the supply of 3300 tons of Firewood, at the undermentioned stations, for the use of the Engineer-in-Chief:—

	Tons.
At Woodend	3000
Woodend pumping engine	100
Kyneton ditto	100
Echuca ditto	100

The wood is to be split out of large forest timber of either red or white gum, box, or she-oak, and must be perfectly sound; peppermint, stringy bark, or messmate, will not be received.

The wood is to be split into billets of convenient sizes for the use of the engines, and is to be cut into billets of 2 feet in length, and no small branches will be received.

The whole of the firewood, when delivered, is to be stacked where pointed out, at the contractor's expense, in stacks of such sizes as will be directed, ready for measurement. The stacks are to be 2 feet wide by 5 feet high, with space between each stack for measuring, and the billets are all to lie the same way, viz., crossways of the stacks, in the form of a cord, and are to be laid as closely and solidly as possible in the stack.

The wood for the locomotive engines is to be stacked on the station grounds as aforesaid, but that required for the pumping engines will have to be delivered at the pumping engines, and stacked inside the fence.

Tenderers are to state the price at per ton of 50 cubic feet. No wood will be measured until it shall have been stacked fourteen days, so as to have settled down, and must then stand 5 feet high by 2 feet wide. The contractor will be required to provide cash security for the due performance of his contract, which security shall amount to the sum of ten (10) per cent. on the total amount of the said contract, and must be paid into Her Majesty's Treasury, at Melbourne, to the credit of the Commissioner of Railways, within seven days from the acceptance of his tender, and shall remain to the credit of the said Commissioner until the final completion of the contract, when, on the Engineer-in-Chief's certificate that the whole of the contract has been completed to his entire satisfaction, the amount of such security will be returned to the contractor.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The contractor will be paid for the wood only on the measurements made by the officers of the Government, after it has been delivered and properly stacked by the contractor and left as aforesaid; payment will then be made at the rate of 90 per cent. at the completion of each delivery of 100 tons; the remaining 10 per cent., together with the cash security, will be paid over to the contractor on the certificate of the Engineer-in-Chief that the whole of the contract has been completed to his satisfaction.

The firewood is to be delivered at each place mentioned herein, and is to be delivered at the rate of at least 100 tons per week at each place mentioned, commencing not later than the 1st day of January, 1869.

For each and every week's delay in the delivery, beyond the times specified in this contract the Government shall be entitled to deduct, as and for liquidated damages, the sum of £10 sterling.

The officer appointed by the Government to receive and inspect the wood shall have full power to reject any wood which he may consider not in accordance with the specification, notice of which will be given to the contractor, in writing, stating the reason.

In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality or kind of timber, the same is to be decided by the Locomotive Superintendent, whose decision shall be final.

Contractors are not at liberty to transfer their contract under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

Irregularity in quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding Twenty-five pounds for each case, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

Tenders, endorsed "Tenders for Firewood," Station, are to be addressed to the Chairman of the Tender Board, King street, Melbourne.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified as future contractors.

C. E. JONES,
 Commissioner of Railways.
 Railway Department,
 Melbourne, 26th October, 1868.

COAL.

TENDERS will be received until Noon on Wednesday, the 18th day of November, 1868, from persons willing to supply Coal at Melbourne and Geelong, in such quantities as may be required by the Engineer-in-Chief, for Government Railways, from the 1st January to the 31st December, 1869, inclusive.

The estimated consumption at Melbourne, during the year, will be about 11,000 tons; and at Geelong 4000 tons. The coal is to be delivered daily on to the coal platforms, and during such hours as may be required by the officer receiving,

and at such part of the station ground as may be pointed out, in bags each containing 1½ cwt. net, weighed at the expense of the contractor on the coal platform.

The contractor will be required at his own cost to provide a sufficient supply of coal bags to keep two days' supply upon the Melbourne and on the Geelong coal platforms, and the contractor will bear all loss through wear and tear of bags.

The bags will be returned to the contractor on the third day following the delivery, and a receipt must be given by the contractor or his agent, at the time of the receipt of the bags, for all bags returned, and the Government hold themselves responsible only for deficiency in return of bags.

Further particulars may be obtained from the Locomotive Superintendent, Melbourne, or the Loco. Foreman at Geelong.

Security will be required, to the amount of £1000, for the due fulfilment of the Melbourne, and £500 for the due fulfilment of the Geelong contract, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, endorsed "Tender for Coal, Railway," are to be deposited in the Tender-box at the Stores and Transport Office, King street, Melbourne, and addressed to the Chairman of the Tender Board.

CONDITIONS.

1. The coal is to be of the very best quality, for locomotive engine purposes, and must be either screened before delivery, over a screen with bars at least one inch apart and ten feet long, set at an angle of 45 degrees to the ground level, or hand-picked so as to be of the same size as if screened in the above manner, and be quite free from small shale or other impurities.

2. The orders will be issued by an officer of the railway department, and, should an order not be complied with within twenty-four hours, it will be competent for the local officer who ordered, to purchase at the contractor's risk.

3. Coal, when delivered, is to be accompanied by the order, which will be rebeited by the officer receiving the supply, and must be rendered with the contractor's accounts.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state to the Locomotive Superintendent, who will send it forward to the Railway Storekeeper, to be passed for payment at the Treasury, or at a district pay office as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by the Engineer-in-Chief or the Locomotive Superintendent, and the decision of either is to be final.

6. The Engineer-in-Chief or officer in charge at the station will have the power to reject coal which is of inferior quality, and the contractor must take back the rejected coal, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged to the contractor.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

7. A repetition of irregularity in the quality or quantity of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding Fifty pounds for each case, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

8. It will be competent for the contractor, or for the Secretary for Railways on behalf of the Government, to terminate the contract by giving, in writing, a notice of three calendar months, it being understood that such notice can be given only from the first day of a month.

9. The contractor will not be exempt from wharfage or other import or landing rates.

C. E. JONES,
Commissioner of Railways.

Railway Department,
Melbourne, 26th October, 1868.

COAL FOR SMITHY PURPOSES.

TENDERS will be received until Noon on Wednesday, the 18th day of November, 1868, from persons willing to supply Coal for smithy purposes, in such quantities as may be required by the Victorian Railways, from 1st January until the 31st December, 1869, inclusive.

Security will be required to the amount of Twenty pounds for the due fulfilment of the contract, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, endorsed "Tender for Coal for Smithy purposes," are to be deposited in the Tender-box at the Stores and Transport Office, King street, Melbourne, addressed to the Chairman of the Tender Board.

CONDITIONS.

1. The coal is to be of the very best quality for smithy purposes, and must be screened before delivery over a screen with bars half an inch apart, and afterwards through a screen with bars an inch apart, and that which has passed through the bars one inch apart is to be delivered, and is to be what is termed nutty smiths' coal, free from lumps, dust, shale, sulphur, and other impurities.

2. The contractor is to deliver the coal screened, ready for use, into the wagons on the railway or breakwater pier at Williamstown, at the option of the Government, or may deliver into the railway wagons at any station on the Victorian Railways. The coal will be weighed by the Government, and such weight and returns shall form the basis upon which the contractor's account will be made out.

3. The contractor will be required to produce the invoice and a letter from either company, to prove the genuineness of the coal, before it will be received. The coal will be afterwards subjected to such test as the Engineer-in-Chief may decide, before acceptance.

4. The contract entered into under this notice is not to be considered as being infringed or vitiated by the importation of smiths' coal for the Government service of the Victorian Railways.

5. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state, signed by the officer receiving the supply, to the Locomotive Superintendent, who will send it forward to the Railway Storekeeper to be passed for payment at the Treasury or at a district pay office, as the case may be.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply, as to the quality of the coal, the same is to be decided by a board of survey composed of persons named by the Engineer-in-Chief, and the decision of the board is to be final.

7. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the Engineer-in-Chief or Locomotive Superintendent will have the power to reject coal which is of an inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged to him.

Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding Twenty-five pounds for each case, as the Government may direct; and it will also be in the power of the Government to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

10. It will be competent for the contractor, or for the Secretary for Railways on behalf of the Government, to terminate the contract, by giving, in writing, a notice of three calendar months, it being understood that such notice can be given only from the 1st day of a month.

11. The orders will be issued by the Secretary, on the requisition of the Locomotive Superintendent; and, should an order for Australian Agricultural or Walsend coal not be complied with and satisfied within twenty-one days, the Railway Storekeeper shall have power to obtain the supply elsewhere, and charge the extra cost of the same to the contractor.

12. The estimated consumption of coal for smiths' use during the year will be about 100 tons; but the Government do not bind themselves to order that quantity, but only what may be required from time to time.

C. E. JONES,
Commissioner of Railways.

Railway Department,
Melbourne, 21st October, 1868.

FIREWOOD.

TENDERS will be received until Noon, on Wednesday, the 18th day of November, 1868, for the supply of 790 tons of Firewood for the use of the Traffic Superintendent, to be delivered at the undermentioned stations:—

Woodend	520 tons.
Buninyong	270 tons.

The wood is to be tendered for at per ton of fifty cubic feet, to be split out of large forest timber of either red or white gum, box, or she-oak, perfectly sound, and cut into billets not exceeding nor less than two feet in length. Peppermint, stringybark, and messmate will not be received.

The whole of the firewood to be delivered at the above stations not earlier than the 1st January nor later than 1st March, 1869. A separate price is to be stated for delivery at each station, and tenders must specify the description of wood, and, if mixed, in what proportion of kind; the date of commencing and completing delivery must also be given.

When delivered the wood is to be solidly stacked where pointed out on the station ground, at the contractor's cost, and in stacks of two feet wide by five feet high, with space between each stack for measurement, or such other dimensions as may be directed, ready for measurement; but no stack is to exceed two feet in width, and must be measured and certified to by the Railway Storekeeper.

No wood will be measured until it shall have been stacked fourteen days, so as to have settled down, and must then stand 5 feet high by 2 feet wide.

Cash security to the amount of 10 per cent. will be required for due fulfilment of the contract.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for 10 per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Railway Storekeeper will have full power to reject any wood which he may consider not in accordance with the specification, notice of which will be given to the contractor, in writing, stating the reason.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

On certificate of the Traffic Superintendent that the contract has been completed to his satisfaction, the amount deposited as security will be repaid to the contractor.

For each and every week's delay in delivery beyond the time specified in this contract, the Government shall be entitled to deduct as and for liquidated damages the sum of £10 sterling.

Tenders, endorsed "Tenders for Firewood, — Station," are to be addressed to the Chairman of the Tender Board, Stores and Transport Office, King street, Melbourne.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contract will be disqualified as future contractors.

C. E. JONES,
Commissioner of Railways.

Railway Department,
Melbourne, 26th October, 1868.

FIREWOOD, INDUSTRIAL SCHOOL, SUNBURY.

TENDERS will be received until Noon on Wednesday, the 18th November, for the supply of Firewood in such quantities as may be ordered during 1869. Probable quantity 2200 tons.

Tenderers must state the price per ton of 50 cubic feet, and also specify the proportion of wood if mixed.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

The wood is to be white-gum and box, and is to be perfectly sound, in billets of, but not exceeding, 2 feet in length, and to be solidly stacked, at the contractor's cost, on such part of the grounds of the Industrial School as may be pointed out. The stacks are to be 2 feet wide by 5 feet high, with space between each stack for measuring, and the billets are all to lie the same way, viz., crossways of the stacks in the form of a cord.

Security will be required to the extent of ninety pounds, and the conditions will be those published in the *Government Gazette*, headed fuel, &c., and dated 25th October, 1867.

Security will be required in cash, Government debentures, or bank deposit-receipt, as the tenderer may elect.

Tenderers must state the security proposed, whether in debentures, bank deposit-receipt or cash deposit.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for nine pounds of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which, the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

Further particulars can be obtained from the Secretary to the Tender Board, Melbourne.

Tenders, endorsed "Tender for Firewood, Sunbury," are to be addressed to the Chairman of the Tender Board, Stores and Transport Office, Melbourne.

The lowest Tender will not necessarily be accepted.

G. V. SMITH,
For the Treasurer.

Treasury,
Melbourne, 27th October, 1868.

MEAT FOR SANATORY STATION.

TENDERS will be received until Noon on Wednesday, the 18th November, from persons willing to supply Fresh Meat (Beef and Mutton), in such quantities as may be required at the Sanatory Station, Point Nepean, during the year 1869.

The meat is to be of the very best description, and to be delivered in fore and hind quarters alternately, on order from the surgeon superintendent.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

The contractor or his agent must reside at Point Nepean; and should he fail to supply when required, the meat will be otherwise procured, the expense over and above the contract price being chargeable to the contractor.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

The contract will be terminable by three months' notice either from the Inspector of Stores on behalf of the Government, or the contractor; such notice to date from the first of a month.

Security either in cash, or Government debentures, or bank deposit-receipt, as the tenderer may elect, will be required in the sum of £20 for the due fulfilment of the contract, and it must be completed within ten days from the date of acceptance.

Further information may be obtained from the Inspector of Stores, Melbourne, or from the medical officer in charge at the Sanatorium.

Tenders, endorsed "Tender for Meat, Sanatory Station," are to be deposited in the Box at the Government Stores, or addressed to the Chairman, Tender Board, Stores and Transport Office, Melbourne.

The Government will not necessarily accept the lowest or any tender.

G. V. SMITH,
For the Treasurer.
