SEPARATE Tenders for the performance of the several Surveys enumerated below, will be received at the Department of Lands and Survey up to Twelve o'clock on Monday, the 5th day of January, 1868, under the conditions notified to tenderers for contract surveys in the *Government Gazette* of the 14th May, 1861.

Rate per lineal mile marked for main and secondary roads unconnected with survey of allotments (both sides of road marked, but payment made by single measurement).

Rate per lineal mile chained in feature survey and connection lines.

Rate per lot for marking detached allotments under five acres in extent:

1st class.—Containing under fifteen allotments in one connected survey.

2nd class.—Comprising fifteen allotments and upwards in one connected survey.

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying, and preparation of plans for photolithographic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1867.

The surveys to be executed personally by the contractor, unless under very special circumstances, authority for which will have to be obtained from the Surveyor-General.

The surveys in future are to be proceeded with in the following order:—Lists of the applications for surveys in each district received in one calendar month will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and finished before any further applications of a more recent date can be commenced:—
