## ELECTRIC TELEGRAPH DEPARTMENT.—CHANGE IN ARRANGEMENTS AT GISBORNE.

IT is hereby intimated for public information that on and after Monday, the 6th instant, the business of the Electric Telegraph Office, hitherto conducted at the Electric Telegraph Station, Gisborne, will be removed to the Railway Station, and be placed under the charge of the station master at New Gisborne.

SAML. W. MCGOWAN,  
General Superintendent of Electric Telegraph.  
Electric Telegraph Department,  
General Superintendent's Office,  
Melbourne, 2nd July, 1868.

## MINING OPERATIONS ON RESERVED LANDS AT TARADALE AUTHORIZED.

THE Governor in Council has authorized the holders generally of miners' rights to occupy under the same the land reserved for the purposes of a park, garden, and for public recreation, comprising 108½ acres, more or less, situate at Taradale, and particularly described in an Order in Council dated 14th October, 1861, as published in the *Government Gazette* of the 29th November, 1861, page 2302, subject to the following conditions, namely:—

1. The extent of ground to be occupied by any miner or party of miners shall not exceed the limit prescribed by the Bye-laws of the Castlemaine Mining Board for mining claims of a similar class.

2. Before commencing mining operations under the authority of this order, each miner or party of miners shall give good and sufficient security in such sum as shall be required by the Borough Council of Taradale, as a guarantee that he or they will observe and fulfil the conditions herein contained.

3. Holes shall not be sunk nor excavations made within ten feet of any tree.

4. In working the claims the surface soil to a depth of two feet shall be placed on one side, in order that after the claims are vacated the surface of the reserve may be restored to its original condition, as provided in the seventh condition hereunder.

5. The holders of claims shall not stack any earth or other material at a less distance than six feet from the fence of the reserve.

6. The roofs of all drives shall be at least twelve feet below the surface, and all drives shall be properly and securely timbered.

7. Before any claim is given up, all shafts, drives, and excavations shall be refilled with earth properly and firmly rammed, and during a further period of twelve months all depressions in the surface of the ground shall be made good, and at the expiration of such period, the surface soil shall be spread and levelled to the satisfaction of the Borough Council.

8. Any mining surveyor, and any officer authorized in that behalf by the Borough Council, shall at any time be at liberty to enter upon any claim to inspect, and, if necessary, to make surveys of the workings; and all holders of claims shall afford every necessary facility and assistance to such officers when so engaged.

9. In case any person mining under the authority of this Order shall in any way violate the above conditions, it shall not be lawful for him any longer to mine upon or within the said lands.

GEO. B. KERFERD,  
Minister of Mines.

Office of Mines,  
Melbourne, 29th June, 1868.  
No. 80.—JULY 7, 1868.—1.

## ARARAT MINING DISTRICT.

## BYE-LAW No. 5.—REGULATING QUARTZ MINING IN THE ARARAT MINING DISTRICT.—[27th April, 1868.]

**A**T a meeting of the Mining Board of the Mining District of Ararat, begun and holden at the Mining Board Room, Ararat, in the said district, on the 27th day of April, One thousand eight hundred and sixty-eight, it is ordained by the said Board as follows, that is to say:—

1. *Marking off claims.*—All claims must be marked off at each corner by a post, and the boundary lines meeting at each post shall be as near as practicable at right angles to each other; the length of all claims shall be with the course, or supposed course, of the reef; and all reefs or veins of quartz within the said claims shall be the property of the holders thereof.

2. *Boundary posts.*—The corner posts of all claims shall be at least three (3) feet above the surface; they must be firmly fixed in the ground, and kept visible during the working of a claim or while it is held in possession. In places where it is impossible to keep wooden posts standing to define boundaries in consequence of the same being situated on public roads, an iron peg firmly driven into the ground shall be a sufficient definition of boundaries; where iron pegs are placed instead of wooden posts to define boundaries, their position must be shown at once to any person wishing to know the same.

3. *Prospecting claims.*—Any miner or miners prospecting for or discovering a quartz reef, shall be entitled to hold in length three hundred (300) feet along the course or supposed course of the reef, by a breadth of eight hundred (800) feet.

4. *Ordinary claims.*—In ordinary claims each miner shall be entitled to hold in length fifty (50) feet along the course or supposed course of the reef, by a breadth of six hundred (600) feet, but no ordinary claim shall exceed two hundred (200) feet in length.

5. *Claims to be worked in a bonâ fide manner.*—Not more than six (6) days after a claim has been taken possession of, work must be commenced and continued thereon in a bonâ fide manner by the number of men required to represent such claim according to this bye-law. If any shareholder should neglect to have his interest represented as required by the provisions of this bye-law, a majority of the other shareholders may have his place supplied by a competent miner, and such shareholder shall be responsible for any reasonable wages to the person so employed. Any shareholder who fails to contribute the proportion of working expenses, or of his share of labor due on any claim in which such shareholder is interested, within one week after receiving written notice from the rest of the shareholders, or some agent appointed by them, shall render his interest liable to forfeiture; but no claim or part of a claim shall be taken possession of by any claimant for the same until an order by the warden has been issued authorizing such possession.

6. *Abandoned shares, claims, or interests.*—All claims, shares, or interests left unworked for seven (7) consecutive days, unless protected by clauses five (5), thirteen (13), fourteen (14), fifteen (15), sixteen (16), and thirty-two (32) of this bye-law, shall be deemed to be abandoned; and any person or persons first claiming to be put in possession shall be entitled to such claim, share, or interest.

7. *Claims to be numbered.*—All claims shall be numbered consecutively on either side from the prospecting claim, which shall be number one (1).

8. *Oversized claims.*—Any person having marked off a claim larger than he is entitled to, the excess may be taken possession of by any person claiming the same on whichever side he may prefer.

9. *Amalgamation for testing a reef.*—Any number of adjoining claims not exceeding six (6) may be amalgamated to test the ground in searching for a quartz reef; provided that not less than one (1) miner for every two hundred (200) feet be employed thereon. Claims so amalgamated must be worked bonâ fide, and in no case shall less than two (2) men be employed, and on discovery of payable quartz the full number of men must be employed thereon.

10. *Permanent amalgamation of claims.*—Any number of adjoining claims, not exceeding twelve (12), may be amalgamated by the holders thereof posting near the centre of the claims so amalgamated a notice stating the registered numbers and extent of such claims. All amalgamated claims must be registered and represented according to clause four (4).

11. *Quartz reefs in alluvial claims.*—Should a quartz reef be discovered in an alluvial claim, the owners of the claim may work such reef, subject to all the provisions of this bye-law; but should the working of the alluvial part of the claim be neglected or given up, all the excess over and above the legitimate extent of the quartz claim shall be deemed to be forfeited.

12. *Exempted lands.*—In accordance with the provisions of the thirteenth section of *The Mining Statute 1865* any holder of a miner's right or a consolidated miner's right, wishing to occupy for mining purposes any land held under a business license, or other lands which as in that section provided may cease to be exempt from mining, shall be allowed to occupy the same by paying compensation to the parties in possession, the amount of such compensation to be determined in the following manner, viz.:—the occupier under a business license or otherwise shall appoint one arbitrator, the person wishing to mine shall appoint one, and the said two so appointed before proceeding to an arbitration shall appoint a third arbitrator, and the decision of any two of such arbitrators shall be final.

13. *Suspension of work.*—Any miners who have done three (3) consecutive months' bonâ fide work in a claim may obtain from the registrar a certificate (in the form of the schedule

hereunto appended) authorizing suspension of work in said claim for any period not exceeding three (3) months. Previous to a subsequent suspension being allowed three (3) additional consecutive months bonâ fide work must be done on the claim. No certificate shall be granted if the holders of the greater part of the interest in a claim are opposed thereto. The provisions of this clause shall not apply to claims amalgamated under clause nine (9) of this bye-law.

14. *Suspension on the water-level.*—The holders of any claim who strike the water in such quantities as to prevent the continuance of work shall be entitled to receive from the registrar a certificate (in the form of the schedule hereunto appended) authorizing suspension of work for three (3) months, and such certificate shall be renewable from time to time until the claim is sufficiently drained to enable work being proceeded with; but no such renewal of certificate of suspension shall be granted unless all reasonable exertions have been made to overcome the water.

15. *Suspension whilst procuring machinery.*—Claimholders shall be entitled to receive from the registrar a certificate (in the form of the schedule hereunto appended) authorizing suspension of work whilst procuring machinery, which must be done in a reasonable time, or the claim shall be liable to forfeiture.

16. *Claims dependent on machinery.*—Should the machinery upon which any claim is dependent for assistance be disabled or stopped from working, the holders of such claim shall be entitled to suspension from work until the machinery is repaired, or the working of it renewed. Holders of adjoining claims who have worked out the level such machinery is drawing water from may suspend work until the owners of the machinery have completed the sinking of their shaft to a lower level.

17. *Tunnels and tramways.*—Any person cutting a tunnel, or laying down a tramway for the greater convenience of working a claim, may hold possession of the same, together with a wall of six (6) feet on each side thereof, provided the same does not impede the working of the claim of any other person, or obstruct any road in ordinary use.

18. *Protection to stacked quartz or tailings.*—Persons wishing to retain possession of any quartz or tailings he may possess, the produce of his own claim or of his own machinery, may do so for twelve (12) months by registering the same with the registrar.

19. *Sites of dams, &c., proving auriferous.*—When the site occupied by a dam, tunnel, tramway, race, stacked quartz or tailings, shall prove auriferous, it may be mined upon; but any person before commencing work upon such site shall compensate the owner for any injury that may be sustained thereby. The mode of determining the amount of compensation shall be the same as enacted in clause 12.

20. *Sludge.*—Where machinery is employed an embankment for the purpose of retaining the sludge must be constructed, except the sludge can be more conveniently carried off by drainage without injury to any other person.

21. *Roads to be bridged.*—When sludge or water runs across any road in general use, a substantial bridge not less than sixteen (16) feet in width must be constructed and kept in repair by the owners of the claim from which such sludge or water proceeds.

22. *Forfeiture of claims or interests.*—Non-compliance with the provisions of clauses numbers eighteen (18) and thirty (30), and the obtaining by false representations a certificate from the registrar authorizing suspension of work, and the non-resumption of work after the expiry of the time allowed for suspension, shall render the claim or interest affected liable to forfeiture.

23. *Non-forfeiture through neglect of hired workmen.*—No registered interest shall be forfeited through neglect on the part of any hired miner, or contractor, or agent, provided that, after seven (7) days' notice in writing of such neglect to the owner or his agent, the owner's interest be fully represented in conformity with this bye-law.

24. *Effacing notices or removing pegs.*—No person shall efface, alter, remove, or destroy any notice posted on a claim, or willfully remove the posts or pegs thereof.

25. *Plurality of shares.*—Any holder of a miner's right may hold one or more shares in any number of claims, provided each claim be represented in accordance with this bye-law, but no person shall be entitled to mark off more than one claim on any reef until the claim last marked off by him be abandoned, or shall have been worked in a bonâ fide manner at least four (4) days.

26. *Protection to mortgagees.*—Any person having an interest in a claim or share by way of lien or mortgage, his interest shall not be liable to forfeiture by non-compliance with this bye-law on the part of the lienor or mortgagor, or their agent or representative, provided he, the licensee or mortgagee, has the said interest represented within thirty (30) days after receiving notice from the other owners of the claim or from any person desiring to take possession of the interest so liened or mortgaged.

27. *Registration.*—All interests in quartz claims, all mortgages, liens or incumbrances thereon, the discharge of any such mortgages, liens, or encumbrances, and the sale of any shareholder's interest under the decree, judgment, or order of any court, or the decision of a warden, must be registered.

28. *Insolvency, &c.*—In the event of the insolvency, lunacy, or death of any shareholder, it shall be incumbent on his partner or partners to register the same with the mining registrar.

29. *Penalties for infringements.*—Any infringement of this bye-law, not involving forfeiture, shall subject the person so offending to the penalty specified in the 237th section of *The Mining Statute 1865*.

30. *Agent to be appointed.*—Any person holding an interest in any claim shall, in case of absence from the locality, appoint an agent, whose acts shall be held as those of his principal, and whose name and address must be registered with the registrar of the division in which such interest is situated.

31. *Scale of fees.*—The scale of fees shall be as follows for registration:—

	s.	d.
Each share or interest ... ..	1	0
Each transfer of share or interest ... ..	1	0
Address of agent ... ..	1	0
Mortgage or lien ... ..	1	0

32. *Non-forfeiture of claims of special value.*—Claims on which an expenditure of One thousand pounds (£1000) has been incurred for labor and machinery, shall not be forfeitable under any circumstances unless the claimholders fail to comply with the provisions of this bye-law within seven (7) days of their receiving notice from any miner or miners stating their intention to take possession.

33. *Roads.*—No miner or party of miners shall have power to prevent public traffic across any part of their claims provided no injury be done to their workings by such traffic.

34. *Holidays.*—Any person may be absent from his claim on the following days (viz.): Good Friday to Easter Tuesday (both inclusive, 24th December to the 2nd January (both inclusive), any day on which the election, within the district, of a member of the Legislature or Mining Board may take place, and the day before and the day after such election, and any day proclaimed a holiday by the warden.

35. *Repeal clause.*—Clauses 120 to 150, both inclusive, regulating quartz mining in the Ararat Mining District in Bye-law

No. 2, gazetted 22nd February, 1867, are hereby repealed, saving as affects the rights obtained previous to and held at the time of this bye-law coming into operation.
