NOTICE TO SELECTORS UNDER "THE LAND ACT 1862," SECTION 23, AND "THE AMENDING LAND ACT 1865," SECTION 1.

IT is hereby notified to all selectors under the above sections whose rent may be overdue, that unless all arrears be forthwith paid their leases will be forfeited.

J. M. GRANT,
Commissioner of Crown Lands and Survey.

Office of Lands and Survey,
Melbourne, 13th July, 1868.

NOTICE TO LESSEES UNDER SECTION 12 OF "THE AMENDING LAND ACT 1865."

ALL persons holding land under the above section whose rents are in arrear, are hereby notified that unless the same are paid on or before the 31st instant, the allotments will be re-proclaimed open for leasing early in August next.

THE following "Notice to Mariners," respecting two temporary Lights about to be exhibited on Barrenjuey, Broken Bay, is published for general information.

GROFFREY EAGAR.

NOTICE TO MARINERS.

STEWART'S LIGHTS, BROKEN BAY.

On and after Monday, the 20th July, two temporary fixed lights will be exhibited on Barrenjuey, the inner south head-land of Broken Bay.

The lights will be situated E.S.E. and W.N.W. from each other at a distance of 1,150 feet apart, the higher one being 347,

and the lower one 315, feet above high-water mark, and they will be visible at a distance of about 12 miles.

Both lights will be eclipsed between the bearings of S. and S.S.E. & E. to prevent them from being seen over the land which recedes from the Outer South Head, and also to ensure a vessel to pass a safe distance off the South Head, when running with the lights in sight for the purpose of obtaining anchorage in Broken Bay.

The lower, or outer light, will be lost sight of in rounding Barrenjuey, but the upper light will be a good guide for coasters bound to Pittwater, or for large vessels anxious to obtain shelter in Flint and Steel Bay.

SECTIONS V. TO X. OF "THE POLICE OFFENCES STATUTE 1865" EXTENDED TO THE SHIRE OF BARRABOOL.

PROCLAMATION

By His Excellency the Honorable SIR JOHN HENRY THOMAS MANNERS SUTTON, Knight Commander of the Most Honorable Order of the Bath, Governor and Commander-in-Chief in and over the Colony of Victoria, &c., &c., &c.

WHEREAS by an Act of the Parliament of Victoria, passed in the session held in the twenty-eighth year of Her Majesty's reign (No. 265), called *The Police Offences Statute 1865*, it is amongst other things enacted that the Governor in Council may by proclamation in the *Government Gazette* extend all or any of the provisions contained in Part I. of the said Statute to any city, town, district, or place in Victoria, and may define the limits of any such city, town, district, or place, and vary and alter such limits, and may revoke any such proclamation; and upon any such proclamation the provisions so proclaimed shall extend to and be in force in such city, town, district, or place: Now therefore I, the Governor of Victoria, do, with the advice of the Executive Council, by this my Proclamation, extend the provisions contained in sections V., VI., VII., VIII., IX., and X. of Part I. of the said Statute to

THE SHIRE OF BARRABOOL.

Given under my Hand and the Seal of the Colony, at Melbourne, this thirteenth day of July, in the year of our Lord One thousand eight hundred and sixty-eight, and in the thirty-second year of Her Majesty's reign.

Printed forms of tender may be obtained from the Secretary of Tender Board, by whom also any information or explanation will be afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c.

Security will be required either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect. Tenders must be accompanied by bank notes, or a bank draft in favor of the Chairman of the Tender Board, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified as future contractors.

All tenders must be enclosed in a separate envelope, marked "Tender for ——" (as the case may be), and addressed to the Chairman of the Tender Board, Stores and Transport Office, King street, Melbourne, where samples may be seen, and further particulars obtained.

CONDITIONS.

1. The whole of the articles required for the service of the Victorian Railways are to be in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture, subject to the approval of the Engineer-in-Chief and the Traffic Superintendent. The goods will also have to prove satisfactory to the examination and tests of the Locomotive Superintendent, as the inspecting officer appointed by the Engineer-in-Chief; and should articles of any particular manufacture be ordered, the same are to be furnished at the rates set forth in the contract.

2. All orders for supplies under these contracts must issue from the Secretary for Railways, and all goods must be delivered free of charge to the Railway Stores, Williamstown, unless otherwise directed by the Secretary.

3. The contracts entered into under this notice are not to be considered as being infringed or vitiated by the importation of stores for the Government service of the Victorian Railways, or by the purchase of articles manufactured in the penal or other Government establishments, or the manufacture of articles by the department.

4. The Government will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles, as the Government may order from time to time; neither will the Government be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Government require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

5. Delivery, as a rule, is to be of the full quantity ordered at one time; but all deliveries must be accompanied with detailed invoices or bills of parcels in duplicate, showing quantity, rate, and value, also the number of the order for the goods, otherwise the goods will not be received.

6. In the event of supplies ordered under these contracts not being delivered within forty-eight hours, it will be competent

for the Railway Storekeeper, on the order of the Secretary, to cancel the order and purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense over and above the contract price will be deducted.

7. Each contractor will be required to prepare his own account monthly, in the prescribed form, and render the same to the Railway Storekeeper for certification, previously to payment at the Treasury.

8. In the event of a difference of opinion between the contractor and the head of the department requiring the supply, as to the quality, the same is to be decided by a board of survey composed of persons named by the Government, and the decision of the board is to be considered final. Any expense incurred on account of the rejection of supplies by a board of survey will be charged to the contractor.

9. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to the contractor.

10. The Railway Storekeeper will have power to reject such article or articles as are obviously of inferior character, or not in accordance with the specification, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged to him.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Railway Storekeeper, to such mulct, not exceeding one-fourth the amount of the monthly account, as the Government may direct. It will also be in the power of the Government upon such repetition, to terminate the contract forthwith.

12. It will be competent either for the contractor, on his own behalf, or for the Secretary for Railways on behalf of the Government, to terminate the contract, by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made.

13. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

14. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest, or otherwise, and no such transfer will be recognized by the Government.

C. E. JONES,
Commissioner of Railways and Roads.

Railway Department,
Melbourne, 20th July, 1868.

UNIFORM CAPS, ETC.

Cloth caps
Cloth bands, silver embroidered
Ditto worsted ditto
Badges for porter in charge

The caps and bands to be in strict accordance with sample, well made and sewn, cloth properly shrunk, and in every respect subject to the approval of the Traffic Superintendent.

The contractor will be liable to any expense incurred by the Government, owing either to delay in the execution of orders or to rejection of caps and bands when delivered.

The whole of the caps and bands ordered must be made to measure (for which purpose a free pass to all stations will be granted), and delivered free of charge to the Railway Storekeeper, Williamstown, on or before the 1st day of May, 1869.

Security will be required in the amount of £10 for due fulfilment of the contract, either in Government debentures, bank deposit receipt, or cash deposit, as the tenderer may elect, and must be completed within ten days of the acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must be accompanied by bank notes or a bank draft in favor of the Chairman of the Tender Board for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed time.

Tenderers failing to take up their accepted tenders will be disqualified as future contractors.

The Government will not necessarily accept the lowest or any tender.

In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

PATENT FOR AN INVENTION INTITULED "IMPROVEMENTS IN THE CONSTRUCTION OF CERTAIN DESCRIPTION OF FURNACES PRINCIPALLY APPLICABLE TO STEAM BOILERS."

THIS is to notify that George Henry Frederick Ulrich, of Melbourne, geological surveyor, and Robert Watson, of Sandhurst, railway engineer, did, on the seventeenth day of July, 1868, deposit at the office of the Chief Secretary, in Melbourne, a specification, or instrument in writing, under their hands and seals, particularly describing and ascertaining the nature of the said invention, and in what manner the same is to be performed, and that by reason of such deposit the said invention is protected and secured to them exclusively for the term of six calendar months thence next ensuing; And I do further notify that the said George Henry Frederick Ulrich and Robert Watson have given notice in writing, at my chambers, of their intention to proceed with their application for letters patent for the said invention, and that I have appointed Monday, the twenty-fourth day of August next, at eleven o'clock in the forenoon, at my chambers, to hear and consider the said application and all objections thereto; and I do hereby require all persons having an interest in opposing the grant of such letters patent to be present on or before the twentieth day of August, at my chambers in Melbourne, particularly in writing of their objections to the said application, otherwise they will be precluded from urging the same.

Given under my hand this twentieth day of July, A.D. 1868.

No. 1115

CITY OF MELBOURNE.

AT a Meeting of the Council of the City of Melbourne, held in the Council Chamber, in the temporary Town Hall, in the Western Market, in the said city, on the 29th day of June, 1868, at which were present—The Right Worshipful the Mayor, Councillor James Stewart Butters (presiding); Alderman Edward Cohen, John Harbison, John Thomas Smith, and George Wragge, and Councillors Samuel Amess, Orlando Fenwick, Robert Flockhart, Abraham Linacre, Thomas Moubay, Alexander McBean, Thomas McPherson, Thomas Reed, Henry Sanders, Alexander Kennedy Smith, Joseph Story, John Walker, and William Williams, being more than one-third of the members of the said council, it was resolved and ordered, That whereas by an Act of the Governor and Legislative Council of New South Wales, 14 Victoria No. 20, intituled *An Act for regulating the formation, drainage, and repair of Streets, Courts, and Alleys on private Property within the City of Melbourne*, it is amongst other things enacted that where any street, court, or alley, on private property in the city of Melbourne, shall not be or shall not have been sufficiently paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed and repaired to the satisfaction of the council of the said city, it shall be lawful for the said council at any time, and from time to time, by any order under the hand of the Mayor or Town Clerk of the said city for the time being respectively, to order that any such street, court, or alley, or any part thereof, shall be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered, or otherwise completed or repaired, in such manner, and within such time as to the said council may appear expedient; and thereupon the owners of the tenements adjoining or abutting upon such street, court, or alley, on each side thereof, shall, in such manner and within such time as shall be expressed in such order, at their respective costs, charges, and expenses, remove all obstructions, and well and sufficiently pave, flag, macadamise, level, drain, and sewer, or otherwise complete or repair so much of the said street, court, or alley, to the centre thereof, as may be opposite to and co-extensive with their respective tenements, adjoining or abutting on such streets, courts, or alleys respectively:

And whereas by the Act of the Parliament of Victoria, No. 178, intituled *An Act to further alter and amend the Laws relating to the Corporations of the City of Melbourne and of the Town of Geelong respectively, and to extend and apply other existing Acts thereto*, it is amongst other things enacted that the words "tenements adjoining or abutting on such street, court, or alley," where used in the first hereinbefore recited Act, shall be held and taken to mean all tenements or premises actually abutting upon, and accessible from, and communicating with such street, court, or alley, whether the owners or occupiers thereof have or have not a right to use or do commonly use the same: And that the word "owner," used in the said Act, shall apply to and be held to include agent of an owner, but only in so far as to enable such agent to apply to the defrayal of expenses incurred in the formation, drainage, and repair of such street, court, or alley, under the authority hereof, moneys of his principal, of which he shall be in the receipt or possession, accruing from tenements lawfully chargeable for such expenses:

And that the said Act for regulating the formation, drainage and repair of streets, courts, and alleys on private property within the city of Melbourne, shall extend and apply to the entire limits of the said city:

And that the apportionment of the expenses incurred by the council of the city of Melbourne, in the formation, drainage, and repair of every such street, court, or alley, on private property, shall be made proportionate to the extent of the area of the land of each of the several owners which shall be so situated as to have or be capable of obtaining access to such street, court, or alley, at the time of or in consequence of the formation or repair of such street, court, or alley:

And whereas the streets, courts, or alleys enumerated in the

schedule to this order annexed, marked A, have not been sufficiently paved, flagged, macadamized, levelled, drained, and sewered, or otherwise completed or repaired to the satisfaction of the council of the city of Melbourne:

Be it now ordered by the council of the said city, that the streets, courts, or alleys enumerated in the schedule to this order annexed, marked A, shall, within ten days from the date of this order's coming into operation, be freed from obstruction, paved, flagged, macadamised, levelled, drained, and sewered in such manner as is expressed in the schedule to this order annexed and marked B. And it is hereby notified to the owners respectively of the tenements adjoining or abutting upon the streets, courts, or alleys enumerated in the schedule to this order annexed, marked A, that if they or any of them shall neglect or omit to remove the obstructions, and pave, flag, macadamise, level, drain, and sewer, or otherwise complete and repair the street, court, or alley on which their respective tenements adjoin or abut, in the manner and within the time expressed in this order, then the council of the said city will remove all obstructions in the said streets, courts, or alleys, and pave, flag,

macadamise, level, drain, sewer, and otherwise complete or repair the same, or such parts thereof as shall not have been so done pursuant to this order; and will thereupon ascertain determine, and charge such respective owners with their several proportionate parts of the costs, charges, and expenses thereof, according to and co-extensive with their respective tenements adjoining or abutting on such street, court, or alley, proportionate to the extent of the area of the land of each of the several owners so situated as to have or be capable of obtaining access to such street, court, or alley, at the time of or in consequence of the formation or repair of such street, court, or alley, having regard in such apportionment to the state and condition in which the pavement, flagging, macadamising, levelling, draining and sewerage of such streets, courts, or alleys respectively, or any part thereof, shall or may be at the time of making this order.

Made and passed by the council of the city of Melbourne, at the meeting of the said council held on the 29th day of June, 1868.

E. G. FITZGIBBON,
Town Clerk.

SCHEDULE B.

Referred to in the foregoing Order.

Manner in which the streets, courts, and alleys enumerated in Schedule A, referred to in this Order, are ordered to be freed from obstruction, paved, kerbed, flagged, macadamised, levelled, drained, and sewered.

The natural soil is to be reduced or made up, as the case may require, so that the longitudinal section of the whole street, court, or alley, shall in no part have an inclination of less than one (1) in eighty (80), and where practicable, the entire length is to form one incline.

In laying on any stuff, it is to be spread in layers of not more than one foot thick.

The transverse section of the street, court or alley (where the water-channels are on the sides), is to show a roadway whose crown shall be one inch above the kerbs of the footways, and the fall from the crown to the water-channels shall not be less than one (1) in twenty-five (25).

Each street, court or alley shall have a bluestone pitched water-channel, either at each of its sides or in its centre, of sufficient capacity to meet the required drainages for the same, the width of said channel or channels in no instance to be less than two (2) feet.

The pitchers to be nine (9) inches wide, and from six (6) to nine (9) inches deep, and from nine (9) to fourteen (14) inches long, with upright sides, set in sand, and well rammed down to such section as the city surveyor may direct.

The bottom of the channel is to be seven (7) inches below the kerbstones of footpaths.

On either side of the roadway there is to be, where practicable, a footpath not more than three (3) feet wide, and these are to be separated from the roadway by a neatly dressed bluestone kerb from two (2) to four (4) feet long, six (6) inches wide, and fifteen (15) inches deep.

The footways are to be covered with a coat of gravel three (3) inches thick, and the surface is to fall towards the channel at the rate of one (1) in ten (10).

The roadway is to be covered with a coat of clean bluestone metal, 2½ inch gauge, nine (9) inches deep in the centre, and six (6) inches deep on the sides, and this, when necessary, covered over with a coat of good loam two (2) inches thick, and rolled with a corporation iron roller.

Whenever private residences lead from the streets, courts, or alleys, they are to be paved to the full width (of building line) with bluestone pitchers similar to those used in the channels.

All entrances from adjoining streets shall be pitched and kerbed either with four (4) inch bluestone cubes or nine (9) inch pitchers, as the city surveyor may direct, the sides being well supported with eight (8) inch stone kerbing.

The whole of the work must be done under the inspection, and subject to the approval, of the city surveyor, who is authorized to order any deviation from these general principles which the peculiarities of any case may require.
