NOTICES TO MARINERS.

THE following Notices to Mariners, extracted from the *Queensland Government Gazette*, are published here for general information.

WILLIAM M. K. VALE,
 Commissioner of Trade and Customs.

Department of Trade and Customs,
 Melbourne, 16th March, 1869.

Hydrographic Notice, No. 25.

SOUTH PACIFIC OCEAN.—FIJI ISLANDS.

THE following account of a detached coral reef off the north coast of Viti Levu, has been received from Navigating Lieutenant George E. G. Jackson, of H.M.S. *Charybdis*, Captain A. McL. Lyons.*

(All bearings are magnetic. Variation 10 degrees 20 minutes easterly in 1868.)

CHARYBDIS REEF.

When on the passage from Raki Rak, on the north side of Viti Levu, to Sandalwood Bay in Vanua Levu, H.M.S. *Charybdis* passed a coral reef not laid down on recent charts. This reef, which is just awash, is between two and three miles in length, crescent-shaped, in a N.E. and S.W. direction; its centre lies W. by N. $\frac{1}{2}$ N. (N. 70 degrees W.), about nine miles from the north point of Annan Island, and about the same distance N. by E. from the anchorage of Raki Rak.

Hydrographic Office, Admiralty.

London, 14th December, 1868.

NOTICE TO MARINERS.

INNER ROUTE TO TORRES STRAITS.

Lloyd Bay and Pipon Islands.

CAPTAIN EDWARDS, of the *Melanie*, reports the existence, in Lloyd Bay, of a patch of rocks—upon the N.W. edge of which the vessel touched, and where there were about five feet at low water—with the following bearings:—Restoration Island, N. $\frac{1}{2}$ W.; Peaked Red Hill, S.W. $\frac{1}{2}$ W.

Also of a small pinnacle, about three feet square, awash at low water; the point of Cape Direction bearing E. by S. $\frac{1}{2}$ S.; peak of lump, S. by E. $\frac{1}{2}$ E.; Lloyd Island being at the same time just open to the northward of Low Island.

He also reports having seen in the same Bay, two rocks just awash, bearing from the small sandbank, S.E., and from X reef, S.W. by S.

Also, near the Pipon Islands, the *Melanie* struck on a patch of rocks not laid down in the charts: North Bay Point bearing S. by E. $\frac{1}{2}$ E.; and the east end of Pipon Islands, S.W. by W. $\frac{1}{2}$ W. As the tide was about half ebb when she touched, this patch cannot have more than three feet of water upon it at low water.

BOARD OF EDUCATION.

GENERAL REGULATIONS.

THE Governor, with the advice of the Executive Council, has been pleased to approve of the following General Regulations, in accordance with the provisions of section VIII. of *The Common Schools Act No. 149*.

G. V. SMITH,
Postmaster-General.

Melbourne, 15th March, 1869.

THE following General Regulations relative to Allowances to Schools have been framed by the Board of Education, and will take effect from 1st January, 1869, from which date Regulations 16—27, approved by the Governor in Council on 25th January, 1864, are hereby rescinded.

ALLOWANCES TO SCHOOLS.

16. In addition to the above payments the following allowances for results will be made to schools.

17. To each school such proportion of a sum hereinafter called the maximum increment, as may be gained by it under the conditions specified in Rules 18—23.

18. The maximum increment shall be 45 per cent. of a salary assumed in the case of each school, according to the allotment of teachers, as shown in the following table:—

For every School entitled to the allotment for an average attendance of—	The Salary assumed shall be	Amount.
20 to 24 ...	That of a female of the 2nd division	£ s. d. 60 0 0
25 to 29 ...	The mean between a female of 2nd division and a male of 2nd division	67 10 0
30 to 35 ...	That of a male of 2nd division	75 0 0
36 to 49 ...	That of a female of 1st division	80 0 0
50 to 74 ...	That of a male of 1st division	100 0 0
75 to 99 ...	The mean between the highest and lowest possible allotments excluding salaries of work-mistresses and augmentations for honors	156 0 0
All schools above 99	The mean as above	Mean in each case.

Infant schools not being departments of other schools, two-thirds of the above.

19. Every scholar who has attended during any part of the five weeks preceding the Inspector's visit shall be liable to examination, and if presented by the teacher shall be examined in the class with which he is taught and on the roll of which his name and correct age have been entered.

20. Every scholar below seven (7) years of age presented in class I. shall receive three (3) marks, subject to reduction or forfeiture should the class fail to satisfy the requirements of the examination specified on the programme.

21. Every other scholar presented shall receive one (1) mark for each subject in which he has passed the examination specified in the programme, and an additional mark shall be given for arithmetic in all classes above the second.

22. One-twelfth (1-12) of the marks gained by any class shall be deducted for each month by which the average age of the scholars (liable to examination) composing it exceeds the age specified in the programme.

23. The sum to which each school shall be entitled as payment for results, shall bear the same ratio to the maximum increment as the total number of marks actually gained bears to the number which might have been obtained if all the children liable to examination had gained their full number, and one-twelfth (1-12) of this sum shall be paid monthly, commencing at the first day of the month following the day of examination.

24. If at any time the attendance necessitate a change in the allotment of teachers, the monthly allowance for results shall from the date of such change be calculated upon the maximum increment corresponding to the new allotment.

25. The amount gained under results is to be calculated by the Inspector in the school, and a record left by him in the Inspector's register, and any appeal against the Inspector's examination must be forwarded to the Board within one week, or the same will not be entertained.

26. At the end of the year 1869, the balance, if any, of the amount appropriated by the Board for the payment of results, which may remain unexpended under the preceding rules, may at the discretion of the Board be distributed amongst all the schools, such distribution to be in the same proportion as the amounts which shall have been already expended.

27. It shall be lawful for the Board at the commencement of any year, subject to the approval of the Governor in Council, to raise or reduce the percentage of the allotment which is to form the maximum increment, or to modify the average age of the classes shown in the programme, as the interests of education may require, or the amount voted by Parliament for payment under results may render necessary.

28. After one month's notice the grant may be reduced or withdrawn upon the Inspector's report for faults of organization, instruction, or discipline on the part of the teacher, or for failure on the part of the local committee to remedy any such defect in the school premises as seriously interferes with the efficiency of the school, or to provide proper furniture, books, maps, or other apparatus of elementary instruction.

29. Any local committee objecting to the Inspector's report upon the building, organization, instruction or discipline, may appeal to the Board of Education, and every such appeal must

be made within twenty-one days from the receipt by the local committee of notice of such report, and must state fully the grounds of appeal.

30. No grant will be made in respect of any teacher or teachers who shall at any time knowingly and wilfully present for examination, or make any claim on behalf of any scholar who shall be by these rules disqualified from such presentation or claim, or who shall make a false entry respecting any child liable to examination, knowing the same to be false, or not knowing the same through gross negligence, and such disability shall continue for the period of five (5) years from the date of the discovery of such false entry.

EVENING SCHOOLS.

31. No scholar shall be entered on the rolls of an evening school whose age is below 12 years, or who shall be in attendance at, or employed as a teacher or pupil-teacher in any ordinary common school.

32. The maximum increment for an evening school having an average attendance below 20 shall be less than that allowed for an ordinary school of from 20 to 24, and in the same ratio as the average attendance of said evening school is less than 20.

33. The maximum increment for evening schools having an average attendance above 20 shall be the same as would follow the allotment in ordinary schools having the same average attendance.

34. Rules 20 and 22 shall not apply to evening schools, but no scholar may be twice presented for examination in the same class, and the classification of each scholar at his first examination must be approved by the Inspector.

35. The other regulations relative to payment of results in ordinary common schools shall apply to evening schools.

By Order of the Board of Education,

BENJAMIN F. KANE,
Secretary.
