### REIMBURSEMENT OF PAYMENTS MADE BY CONSULAR OFFICERS ON ACCOUNT OF DISTRESSED BRITISH COLONISTS.

THE accompanying Despatches, which have been received from the Secretary of State for the Colonies, are published for general information.

JAMES McCULLOCH.

Department of Trade and Customs,  
Melbourne, 29th June, 1869.

[Circular.]

Downing street,  
29th March, 1869.

SIR,—I have had under my consideration the answers which have been returned to the circular despatch addressed by my predecessor to the various Colonial Governors on the 9th January, 1868, requesting to be informed whether or not their respective Governments would be prepared to make provision for the expense of the return passages of distressed colonists, whom Consuls at foreign ports or Governors of other colonies might deem it necessary to send to their homes.

I have been in communication with the Secretary of State for Foreign Affairs upon the subject, and I now transmit to you, for your information, the copy of a circular (26th February, 1869) which Lord Clarendon has directed to be addressed to Her Majesty's Consuls abroad, containing instructions for their guidance.

I have, &c., &c.,  
GRANVILLE.

(Signed)  
The Officer Administering the  
Government of Victoria.

[Circular.]

Foreign Office,  
February 26, 1869.

SIR,—I am directed by the Earl of Clarendon to inform you that his Lordship has been in communication with the Secretary of State for the Colonies regarding the question of the relief of distressed British colonists by Her Majesty's Consuls; and the decision that has been arrived at, after consulting the various Colonial Governments, is, that the instructions contained in the 9th paragraph of the revised consular instructions should be strictly observed by Her Majesty's Consuls.

These instructions prescribe that "no payments are to be made by consular officers on account of British colonial subjects, unless under authority from the Governor of the colony to which such persons belong, and in such case reimbursement must be asked for from the colonial Government."

The only exceptions to this rule are the colonies of Malta, Mauritius, and Ceylon, where the local Governments have accepted the responsibility of repaying any expenses which may be incurred on behalf of distressed natives of those colonies.

In the case of Malta, you are aware that the local Government authorize Her Majesty's Consuls to afford relief at the rate of 10d. a day each, and to defray the return passages home of all really distressed Maltese who may present themselves for relief, and periodical bills may be drawn by Her Majesty's Consuls on the Maltese Government for the expenses thus incurred.

In the colony of Mauritius an ordinance has been passed, in which it is enacted that whenever a British Consul shall have paid the expenses of sending back to the Mauritius any distressed native of that colony or its dependencies, or any person naturalized as a British subject in the colony, the expenses will be repaid out of the poor relief fund; but the Government are desirous that whenever it is practicable Her Majesty's Consuls should communicate with them before availing themselves of these powers.

No. 31.—JULY 2, 1869.—1.

With respect to Ceylon, it has been decided that Her Majesty's Consuls may assist natives of that colony in any case, and on the same terms as natives of the United Kingdom.

I am to call your particular attention to the foregoing instructions, and to request that they may be strictly complied with.

I am, Sir,

Your most obedient servant,  
JAMES MURRAY.

(Signed)

Her Majesty's Consul.

### CAUTION AGAINST USING UNLAWFUL MANIFESTS FOR VESSELS ENTERING PORTS OF THE UNITED STATES.

THE accompanying Despatches, which have been received from the Secretary of State for the Colonies, are published for general information.

JAMES McCULLOCH.

Department of Trade and Customs,  
Melbourne, 29th June, 1869.

[Circular.]

Downing street,  
1st April, 1869.

SIR,—With reference to the Circular Despatch from this Department of the 6th February, 1868, enclosing a copy of a circular, issued by the United States Government, relative to the necessity of vessels bound for those States being furnished with full manifests of cargo, I now transmit to you a copy of a Despatch (22nd December, 1868) from Her Majesty's Consul at Savannah, addressed to the Board of Trade, calling attention to the frequent arrival at that port of British vessels with unlawful manifests.

I have to request that you will take such steps as may be necessary for calling the attention of persons interested in shipping in the colony under your Government to the penalties referred to in the enclosed Despatch for non-compliance with the law of the United States in this respect.

I have, &c.,  
GRANVILLE.

(Signed)  
The Officer Administering  
the Government of Victoria.

British Consulate,  
Savannah, 22nd December, 1868.

SIR,—I have the honor to address you with regard to a subject which, from despatches now at this Consulate, I find that Mr. Consul William Tasker Smith has already brought before the notice of the Board of Trade.

It is of frequent occurrence that British vessels enter at this port with unlawful manifests, and the masters generally plead ignorance of the laws in excuse for so doing.

As it is of course necessary to conform to the laws of the United States of America in this matter, and impossible to assist masters transgressing them, I would most respectfully call the attention of the Board of Trade to the expediency of making public, as far as possible, that without a lawful manifest (such as I find are printed by James Brown, Power Street, Liverpool, which is the same for all legal purposes as the printed copy of Inward Foreign Manifest which I have the honor to enclose for the inspection of the Board) all vessels entering at this port are subjected to a fine of twenty-five dollars American currency and upwards.

There can be no doubt but that the masters of vessels are in many instances much to blame for not making themselves acquainted with the United States laws, but regarding it as my duty to make known to the Board of Trade such facts as they occur in this consular district, I have respectfully reported the same.

(Signed) WM. HOTHAM BENNETT,  
Her Britannic Majesty's Acting Consul.

The Secretary,  
Board of Trade.

Provided that no claim shall be held in reserve as aforesaid unless a majority of the shareholders, or in cases where there are only two shareholders in a claim, then unless both of such shareholders shall be willing to hold such claim in reserve, and the consent of such majority or of such shareholders to such claim being held in reserve, shall be given in writing to the mining registrar, and shall be by him filed in his office.
