SEPARATE Tenders for the performance of the several surveys enumerated below will be received at the Department of Lands and Survey, Melbourne, up to Twelve o'clock on Monday the 3rd day of January, 1870, under the conditions notified to tenderers for contract surveys in the *Government Gazette* of 14th May, 1861.

The successful tenderer under this advertisement will therefore have no monopoly of the surveys required in the district.

5th. Rate *per lineal mile, chained*, in topographic and feature survey and connection lines.

6th. Rate *per lineal mile, chained and marked* for main, secondary, and occupation roads unconnected with the survey of allotments (both sides of the road to be marked, but payment made by single measurement).

The requisite plans of these surveys to be finished in accordance with the specifications for contract surveying and preparation of plans for photo-lithographic purposes.

The rates accepted for these surveys to be in operation up to the 31st December, 1870.

The surveys to be executed personally by the contractor, unless under very special circumstances, which are to be reported to the Surveyor-General, when permission is requested to employ an assistant.

The surveys are to be proceeded with in the following order. Lists of the applications for surveys in each district received in any one calendar month by the District Surveyor, will be handed to the contractor on or about the first day of the month following, and such surveys are to be proceeded with at once, and completed before any further applications of a more recent date can be commenced.
