* This calculation is made upon the population at the last census, instead of the present population, as there are no means of estimating the changes which have taken place in the different sub-districts since the census was taken. It is believed that the present population of the whole district of Melbourne and suburbs amounts to 175,000. If this be correct, the mortality of the month under review would indicate a proportion of 2.17 deaths to every 1000 persons living.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade and the mean atmospheric pressure, during the month of December for the last ten years, were as follow:—

	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
December, 1860	525	66.3°	29.804 inches.
" 1861	322	62.8°	29.716 "
" 1862	393	63.8°	29.815 "
" 1863	289	62.6°	29.787 "
" 1864	304	62.2°	29.848 "
" 1865	478	61.0°	29.764 "
" 1866	558	63.3°	29.903 "
" 1867	371	62.0°	29.752 "
" 1868	349	62.7°	29.833 "
" 1869	379	65.6°	29.787 "
Mean of ten years	397	63.2°	29.796 "

The deaths in December, 1869, were fewer by 18 than the average in that month during ten years. Of the previous nine years, the month of December in which the greatest mortality occurred was that of 1866, and the least that of 1863. In the former the deaths exceeded those in the month under review by 173, and in the latter they were less than them by 90.

The highest temperature in the shade recorded at the Melbourne Observatory was 108.4° on the 20th, and the lowest was 44.7° on the 30th. The mean temperature of the month was nearly 24 degrees above the average. The greatest range of the thermometer in any one day (49.3°) took place on the 30th, viz.:—from a maximum of 94° to a minimum of 44.7°. The least range (7.7°) was on the 16th, viz.:—from a maximum of 64.5° to a minimum of 56.8°.

Males contributed 56 per cent. and females 44 per cent. to the total mortality. Children who had not attained their fifth year contributed 53 per cent., against 55 per cent. in December, 1866; 54 per cent. in December, 1867; 69 per cent. in December, 1868; 65½ per cent. in December, 1865; 63 per cent. in December, 1864; 47 per cent. in December, 1863; 66 per cent. in December, 1862; 50½ per cent. in December, 1861; and 73 per cent. in December, 1860.

The deaths of four males and five females of the age of 75 years or upwards occurred during the month. Of the former, one aged 75 died of bronchitis, one aged 82 of cancer of the lower jaw, one aged 79 and one aged 93 of old age. Of the females, one aged 76 died of heart disease, one aged 77 and one aged 80 of old age, one aged 78 of cancer in the stomach, and one aged 97 of congestion of the lungs.

The violent deaths numbered 22, which is above the average. Of these 19 were set down as accidental, viz.:—The death of a boy, aged 11, of injuries resulting from his being passed over by a cart-wheel; that of a youth, aged 15, of injuries resulting from the bursting of a gun; of a French-polisher, aged 25, of a fractured skull received in a drunken row; of a laborer, aged 29, of a compound fracture of the leg; of a groom, aged 30, of a ruptured bladder and dislocated pelvis, caused by riding a buck-jumping horse; of a wood-carter, aged 31, of a fall from his cart; of a horse-breaker, aged 56, of rupture of the colon, caused by a kick from a horse; of a girl, aged 2, and a boy, aged 3, of scalds; of a girl, aged 8, and of a grocer, aged 37, of burns from kerosene oil; of a boy, aged 10, and of a female, aged 39, of sunstroke; of a female, aged 26, of lead-poisoning; of a boy, aged 8, of a girl, aged 9, and of a gardener, aged 21, who were drowned; of a boy, aged 31, who died of asphyxia, caused by a cherry-stone getting into the lungs; and of a laborer, aged 60, who was choked by meat. The three remaining deaths were referred to suicide, viz.:—Those of a journeyman hatter, aged 19, and of a cabman, aged 34, who hanged themselves; and that of a carpenter, aged 61, who cut his throat.

Eighty-two deaths, or 22 per cent. of the whole, occurred in public institutions, viz.:—48 in the Melbourne Hospital, 5 in the Lying-in Hospital, 8 in the Benevolent Asylum, 8 in the Immigrants' Home, 6 in the Yarra Bend Lunatic Asylum, 4 in the Industrial Schools, and 3 in the Melbourne Gaol.

The deaths of children under five years of age numbered 202, of which 102, or about 50 per cent., were of males, and 100, or nearly 50 per cent., were of females; of those dying, 143 were under one year of age, 39 were between one and two years, 9 were between two and three, 4 were between three and four, and 3 were between four and five.

The persons dying at a more advanced age than five years numbered 177, of which 109, or nearly 62 per cent., were males, and 68, or about 38 per cent., were females; 13 were between five and ten, 5 were between ten and fifteen, 7 were between fifteen and twenty, 8 were between twenty and twenty-five, 11 were between twenty-five and thirty, 24 were between thirty and thirty-five, 18 were between thirty-five and forty, 21 were between forty and forty-five, 15 were between forty-five and fifty, 13 were between fifty and fifty-five, 7 were between fifty-five and sixty, 12 were between sixty and sixty-five, 5 were between sixty-five and seventy, 8 were between seventy and seventy-five, 5 were between seventy-five and eighty, and 4 were eighty and upwards, and 1 was of age unknown.

The following table shows the causes of the deaths of persons of both sexes under and over five years of age, and the proportions per cent. of deaths from each cause, in Melbourne and suburbs, during the month of December, 1869:—

During the year 1869, the total number of deaths in Melbourne and suburbs was 3,832, which gives a proportion of 27.39 to every thousand of its inhabitants according to the returns of the last census, or of 21.90 to every thousand if 175,000 be accepted as an estimate for its present population.

NOTE.—These Regulations gazetted, on the fourth day of February, 1870, have no force or effect until the expiration of twenty-one days from that date.—See "Mining Statute 1865," section 44.

REGULATIONS RELATING TO GOLD MINING LEASES.

At the Executive Council Chamber, Melbourne, the twenty-fifth day of January, 1870.

PRESENT:

His Excellency the Governor	
Mr. MacPherson	Mr. Cohen
Mr. McDonnell	Mr. Smith
Mr. Berry	Mr. McLellan.
Mr. McKean	

HIS Excellency the Governor in Council, in exercise of the powers conferred upon him by *The Mining Statute 1865*, doth hereby rescind all regulations now in force relating to gold mining leases, and in lieu thereof doth hereby make the following regulations, save that the regulations hereby rescinded shall continue to apply to all applications for gold mining leases commenced when these regulations come into operation.

INTERPRETATION CLAUSE.

1. In construing these regulations the following words and expressions shall have the meanings hereafter assigned to them, except where inconsistent with the context:—

"The Governor" shall mean the Governor of the colony for the time being, or other person for the time being administering the Government of the colony.

"The Minister of Mines" shall mean the minister of mines for the time being in the said colony.

"The Secretary" shall mean the secretary for mines for the colony.

"The Warden" shall mean one of Her Majesty's wardens of the gold fields in and for the colony or in and for any district thereof who shall have jurisdiction over the land applied for on lease or the greater part thereof.

"The lease" shall mean the gold mining lease applied for under these regulations.

"The land" shall mean the land proposed to be leased in the application for the lease.

"The application" shall mean the application for a gold mining lease left with the warden under these regulations, and the expression "previous to" and "after" and "before" the application and similar ones, shall mean "previous to," "after," and "before" the time when the application for a lease is left with a warden.

"The applicant" shall mean any person or persons, corporate company or corporate companies, or other legally constituted association of persons applying or entitled to apply for a gold mining lease under these regulations.

The singular number shall include the plural and the plural the singular.

The calculation of "days" for doing any act shall be exclusive of Sundays, Good Friday, and Christmas Day.

2. The extent of the area in the lease shall not be less than one acre nor exceed thirty acres, and in the case of a lode shall not be less than one hundred yards or exceed six hundred yards along the lode, and the width not less than fifty yards nor more than two hundred yards across the lode.

3. If a larger or less area than the above is applied for in any case, the warden shall not proceed to take the steps prescribed under these regulations before he shall receive the direction of the Minister of Mines to that effect. Such direction shall be applied for by the applicant to the Minister of Mines previous to the application, who shall be at liberty to refuse or grant such direction as he shall see proper, and if he shall refuse to grant such direction, the application shall be deemed to be abandoned, but if he shall grant the same, he shall direct the warden to proceed, and the application shall thereupon be proceeded with as by these regulations directed.

REQUIREMENTS PRELIMINARY TO THE APPLICATION.

4. Every applicant shall apply for a lease in manner prescribed by these regulations; but within seven days previous to leaving the application with the warden he must do the following things:—

(a.) Erect posts not less than two feet six inches above the ground, painted white, as far as circumstances and occupiers will permit, to define the boundaries and angles of the land, with a metal plate thereon having the words "Applied for lease" and the name of the applicant, or (if more than two) the first two applicants, legibly painted thereon; such posts to be kept so erected and painted until the termination of the proceedings under these regulations.

(b.) Insert in a newspaper published in the district where the land is situated, or if no such newspaper, then in one published nearest the district, an advertisement or notice in the form "marked A" in the schedule hereto.

(c.) Post similar notices on the day of the publication of such advertisement at the office of the warden and at the post office or police court, whichever shall be the nearest to the land.

(d.) Give to every person occupying or having any rights on or under the land, or any part thereof, a similar notice.

(e.) Deposit with the clerk of the warden, or if no such clerk, with the clerk of the petty sessions holden nearest the land, the sum of £15, to be dealt with as hereinafter provided. The clerk shall give the receipt set out in Schedule B for such deposit.

5. The applicant shall previously to the application obtain from every person occupying or having rights on or under the land, or any part thereof, and willing to give the same, a consent in writing, duly witnessed, to such application being granted. But if any such person should not be willing to give such consent, he shall be at liberty to object to the lease being granted in manner hereinafter provided for.

APPLICATION FOR LEASE.

6. Within six days after the advertisement aforesaid has appeared in the newspaper, the applicant shall address to the Minister of Mines, and leave with the warden, the application in duplicate for a lease in the form set out in Schedule C, together with the receipt for the deposit and the said consent of occupiers (if any). Thereupon, or as soon as practicable, the warden shall enter or cause to be entered in a book kept for the purpose a note of such application, numbered in order, and the day and hour when the same was left with him, and shall endorse a similar note on both such duplicate applications.

7. Leases shall be granted according to priority of application, (unless there are reasons to the contrary, of which the Governor shall be the sole judge), and the priority of application shall be determined according to the time at which each application shall have been received as endorsed on the applications. And in case of two or more applications for the same land, or any part thereof, at or about the same time, it shall be in the discretion of the Governor which application (if any) shall be granted.

OFFICIAL SURVEY.

8. On the receipt by the warden of the application, receipt for deposit, and consents (if any), he shall direct a mining surveyor to survey and make a plan of the land, and to report, in writing, on all matters on which the warden shall by written instructions require him to report, among which shall be included an inquiry as to whether the posts have been erected and the notices have been duly served on occupiers and persons having rights in the land, in compliance with Rule 4, or in any and what respect not complied with, and under what circumstances.

9. Immediately after such survey is completed, the surveyor shall post in a conspicuous place on the land, and also on his own office, and at the Post Office or Police Court nearest to the land, a notice in the form set out in Schedule D.

OBJECTIONS.

10. Any person objecting to such application being granted shall, within the time appointed by the last mentioned notice, lodge with the warden and leave for the applicant, or if more than two, for any two named in the application, at his or their address stated in the said notice, a statement, in writing, of the grounds of his objections. No particular form of objection shall be necessary, so that it clearly appears whose application is objected to, and the grounds thereof, and the address of the objector, which shall be his address for all the purposes of these regulations. Each objector must at the same time deposit with the clerk of the warden, or (if no such clerk) with the clerk of the petty sessions holden nearest the land, the sum of £5 to be dealt with as hereinafter provided. The clerk receiving such deposit shall give a receipt in the form set out in Schedule B.

DUTIES OF WARDEN.

11. Within four days after the expiration of the twenty-one days for lodging objections, whether any objections shall have been lodged or not, the warden shall give to the applicant and objectors (if any) two clear days' notice of the first court to be holden to inquire into such application and the objections (if any); and he shall accordingly hold such court at the time and place appointed in such notice. If there are more than two applicants in any one application, notice to any two named in the application shall be sufficient.

12. The warden shall at such first court, which shall be continued from day to day until the adjournment hereinafter mentioned—

1st. Require evidence (to be reduced into writing by him) from the applicant, that the requirements of Rule 4 have been complied with by the applicant, and if not complied with, in what respects and under what circumstances, and as to any other matter or thing connected with such application as he shall think proper. And if objections have been lodged he shall (2ndly) proceed to inquire into the matters of such objections, and shall take down in writing all oral testimony given by and on behalf of the applicant and objectors with reference to such objections, and all matters and things connected therewith, and mark in the usual way all documentary evidence produced, and shall take possession thereof, or of a certified copy thereof. After the applicant and objectors have concluded the evidence aforesaid, the warden shall then adjourn the court.

13. The mode of conducting the business of such court shall be entirely in the discretion of the warden, and the court shall be open to the public.

14. On the expiration of three clear days after the adjournment of the court the warden shall transmit to the Minister of Mines the application, plan, report of mining surveyor, objections (if any), evidence written and documentary, and all other writings relating to the application; with his observations and opinion thereon.

15. The applicant and objectors (if any) shall be entitled to take copies of, or make extracts from, any of the particulars mentioned in the preceding rule before the same are transmitted to the Minister of Mines.

16. The Minister of Mines shall, as soon as practicable after receiving the particulars aforesaid, notify to the warden whether or not the particulars so transmitted are sufficient, and whenever the Minister of Mines shall notify that the same are sufficient, the warden shall, immediately on the receipt of such notification, post at the place where the first court was held a notice to the effect that the court in the matter of such application is closed.

17. In case the Minister of Mines shall be of opinion that the particulars transmitted to him are not sufficient, he may take all or any of the following courses, one before the other, or in any order, and as often as he shall think fit, before the court is closed, as hereinafter directed:—

- (a.) State to the warden on what subjects the particulars aforesaid or anything connected therewith are not sufficient, and may require further observations from the warden respecting such subjects, with his opinion thereon and the reasons therefor.
- (b.) Require the mining surveyor who made the first plan and report, or any other mining surveyor instructed by him for that purpose, to make a further plan or report, or both, as to the land or any part thereof, and as to any other matters or things the Minister of Mines may think proper connected with the application.
- (c.) Direct the warden to hold an adjourned court for inquiry as to the application and objections (if any), and as to any matters and things connected therewith; such matters and things to be specified in the direction to hold the court.

18. The warden shall, immediately on the receipt of such last-mentioned direction, and as often as such direction shall be received, give the same notices of an adjourned court as hereinbefore required for the first court, and in addition thereto he shall notify to the applicant and the objectors (if any, whom it may in his opinion concern), the matters and things respecting which such adjourned court is to be held.

19. At and after such adjourned court, and every adjourned court directed by the Minister of Mines, the duties of the warden shall be the same as at and after the first court, except that the matters and things for inquiry at each adjourned court respectively shall be the matters and things specified in the direction of the Minister of Mines to hold each adjourned court.

20. After every such adjourned court, and within three days thereof, the applicant and objectors (if any) shall be entitled to take copies and make extracts, as specified in Rule 15.

21. After the Minister of Mines is satisfied, by all or any of the courses aforesaid, that the particulars transmitted to him are sufficient, he shall notify such fact to the warden, who shall, on the receipt thereof, or as soon thereafter as practicable, post the notice hereinbefore directed in that event by Rule 16.

22. The applicant, or if there shall be two or more, such two or any two named in the application, shall be bound to attend the first court and all adjournments thereof (if any), either by himself or themselves, and may be heard by his or their counsel or agents; but in case of more than two applicants, any two of them attending (whether the same or not who attended at the first or any adjourned court) shall be sufficient. The warden shall note in the evidence the absence of any party hereby bound to appear, and shall inquire into the truth of any excuse offered for such absence which shall likewise be entered in the evidence. Any objector, whether served with notice of any adjourned court or not, may adduce evidence on the matters or things directed to be inquired into thereat.

23. The Minister of Mines will as soon as practicable after the particulars and matters aforesaid are sufficient, submit the application with all the particulars and materials aforesaid to the Governor, who will, on consideration thereof and of all circumstances connected therewith, refuse such application or grant the same as he shall see fit: Provided that in granting such application it shall be lawful for the Governor to determine whether the whole or what part of the land shall be included in such lease and to define the same accordingly, and also to alter as he sees fit any of the other terms proposed in the application. The lease to be granted in pursuance of the Governor's determination shall not be issued until after the expiration of one month from the time of a notice of the intention to issue the same appearing in the *Government Gazette*, and in some newspaper circulating in the district within which the land is situate.

24. If the Governor shall refuse to grant a lease, the application shall be deemed to be abandoned, and such abandonment shall take effect from the date of the notice of such refusal appearing in the *Gazette*, as provided in that event by these regulations.

25. If the Governor shall determine to grant a lease of the land or any part thereof, such lease will, after the expiration of the last-mentioned month be forwarded to the warden, who on the receipt thereof shall notify such fact to the applicant.

26. Before executing the said lease the applicant shall pay to the Receiver of Crown Revenue for the district in which the land is situate the sum of £1 as a fee for the preparation of the lease, and shall also pay the half-year's rent then due as reserved in the said lease, and shall produce receipts for such payments to the warden before executing the lease, and unless so produced, and also unless Rule 36 has been complied with, the warden shall not allow such lease to be executed, but the applicant shall after complying with the requirements aforesaid be permitted by the warden to execute the lease.

27. Every successful applicant for a lease shall execute the same, and such lease shall, after it has been registered as hereinafter provided, be delivered to the applicant, or if more than one applicant, to such of them who shall execute the lease as the warden shall think fit.

28. The applicant shall execute the lease within twenty-one days after the receipt from the warden of the above-mentioned notification that he has received the same, and after that time the applicant shall not be allowed to execute the lease, unless by the permission of the Minister of Mines, but in no case shall the applicant execute the lease after the expiration of sixty days after the day of the date of the *Government Gazette* in which a notice that the lease is ready for execution by the lessees shall have been published; and if not executed within the time last aforesaid the lease shall be deemed void.

29. The lease to be issued by the Governor to the applicant shall be in the form and to the effect and shall contain the reservations, covenants, and provisos set out in Schedule E hereto, or with such modifications and additions as the circumstances of the case may require or as the Governor may think proper.

30. The Governor shall have power at any time during the progress of the application, and before the lease shall be executed by him, to declare by writing under his hand that the application is abandoned, and after the lease has been executed by him, and before its execution by the applicant, that such lease is void, and thereupon the secretary shall publish in the *Government Gazette* a notice to the effect that the application of [naming him] dated _____ day of _____ 18____ for a gold mining lease of the land (describing it as in the application) was abandoned, or the lease executed by the Governor, dated the _____ day of _____ 18____ between Her Majesty the Queen and [the applicant] _____ of the land (describing it as in the lease) is void, as the case may be, and such notice in the *Gazette* shall be conclusive evidence in all courts of law and other judicature of such declaration having been made, and that such application was abandoned or such lease void, as the case may be, as from the date of such notice, and thereupon the land shall be open as if no application for a lease or the lease so declared void had ever been made.

31. The secretary shall publish in the *Gazette* a similar notice to that mentioned in the preceding rule, in every case where by these regulations the applicant is stated to have abandoned, or to be deemed to have abandoned his application, or the lease is stated to be void, or to be deemed void; and such notice shall be conclusive evidence in all courts of law and other judicature that the application was abandoned or the lease void (as the case may be), from the date of such notice in the *Gazette*, and the land shall thereupon be open as if no application for a lease, or the lease so declared void, had been made.

32. The first half-year's rent reserved on the lease shall be deemed to have accrued on the day of the date of the lease, and shall be paid before the lease is executed by the applicant.

33. The duplicate application, and all the plans, reports, objections (if any), evidence, and all other papers and writings relating to the application, shall be deposited with the Minister of Mines, or in such other place or places as he shall direct; but, after the application shall have been dealt with, all written documents and certified copies received by the warden in evidence from any person or persons at the first court or any adjourned courts under these regulations shall be returned by the warden to the person or persons from whose custody the same were produced and delivered to him, and for that purpose the warden shall enter in a book to be kept by him for that purpose, the name and address of the person or persons from whose custody each of such documents or certified copies was produced and delivered; but the warden shall not be liable for the loss of any such document or certified copy accidentally lost or destroyed. Every person occupying the land, or any part thereof, under any license or right derived under *The Mining Statute 1865* (hereafter called the claimant), whether he shall or not lodge an objection under Rule 10, shall be entitled to be compensated by the applicant for any buildings or improvements, or both, made by him, or some one under whom he claims on the land previous to the application; and unless the applicant and such claimant shall agree on the amount of such compensation, the claimant shall send in a claim to the warden, who shall determine the same, and also as to whether the claimant is in lawful occupation of the land, or any part thereof, under the said statute, at such time and place as he shall appoint, of which one clear day's notice shall be given to the applicant and claimant. Notice of any such agreement shall be given by the claimant to the warden, and in case he shall not give such notice, he shall not be entitled to the benefit of Rule 36.

35. The warden shall at such time and place (whether or not the applicant and claimant, or one or neither of them attend), proceed to inquire into the matter of the claim, and shall as soon as practicable thereafter, make his award in respect of such claimants as shall appear to him to be entitled to compensation. Such award shall be in the form marked F in the schedule hereto, and shall be delivered by him to the claimant. If the warden shall be of opinion that the claimant is not entitled to compensation, he shall post a notice to that effect on some conspicuous part of his court.

36. The warden shall not allow the applicant, and the applicant shall not be entitled to execute the lease as provided by these regulations, unless and until the warden has been satisfied that the applicant has paid, or satisfied, or tendered the compensations agreed or awarded (as the case may be) to be paid to such claimants as shall occupy the land, or any part thereof, contained in the proposed lease.

AS TO THE DEPOSITS.

37. After the payment of the costs of survey the deposit of £15 shall be subject to any orders which the Minister of Mines or the warden may at any time or from time to time after the same is deposited make for the payment thereof of any costs to the Crown, the objectors or any other person; and the clerk with whom the same is deposited shall pay thereout such sums as shall by written order be directed to the persons named in any such order, and if any balance remains, the same, or if no costs are so ordered to be paid thereout, the whole thereof shall be paid to the applicant, or if more than one, to such one or more of them as shall apply to the warden for the same after the execution of the lease or after the notice of the refusal or abandonment of the application appearing in the *Government Gazette* as by these regulations directed, but not before.

Such power shall be filed as hereinafter provided, and a certified copy thereof, together with the Registrar-General's receipt for the original power-of-attorney, shall be left with the warden.

Every such application must be accompanied with a remittance of £1, which will be returned if the application be refused. Unless the person or persons so applying is or are the legal holder or holders of the lease, such license if granted shall have no effect. (at the rate of £1 per acre) by equal half-yearly payments of each to be made in advance, the first payment to be made on the day of the date hereof, and the next payment on the day of next, and the succeeding payments respectively to be made on the same days in each succeeding year, clear of all rates, taxes, and assessments to which the said land, mine, and premises are now or at any time during the said term may be subject or liable. Provided always and it is hereby agreed that if the said half-yearly rent shall be in arrear for twenty-one days after the same shall have become payable, or if any other sum of money hereby covenanted to be paid shall be in arrear twenty-one days after the time appointed for payment thereof, whether such rent or sum of money shall have been legally demanded or not, any Bailiff of Crown Lands may, by himself or his agents, enter upon the said land, and seize and distrain all gold, and rock or earth containing gold, actually gotten, and all machinery, apparatus, tools, wagons, carts, carriages, engines, plant, live and dead stock, and all other goods, chattels, and effects whatsoever in, upon, and about the said land and premises; and every distress then made may take away, sell, and dispose of, as in cases of distress for rent reserved in common leases, and out of the moneys arising thereby retain so much as shall be sufficient to satisfy the said arrears and other payments, and which shall at the time of such sale be unpaid, and all expenses incurred by him or them; and if any surplus, the same to be paid to the said lessee, h executors, administrators or assigns.

And the said lessee do hereby for h msel, h heirs, executors, administrators and assigns, covenant with Her Majesty, Her heirs and successors, in manner following, that is to say:

1st. That the said lessee, h executors, administrators, and assigns, shall and will during the said term pay unto Her Majesty, Her heirs and successors, the rent hereby reserved, at the times and in manner hereinbefore appointed for payment thereof clear of all deductions.

2. And also shall and will make, construct, and work the said mine in a skilful and workmanlike manner, and in the mode usually adopted in gold mines in the colony of Victoria.

3. And also shall and will employ in the construction of the works, or in mining operations on or under the said land, during the first month of the said term and during the usual hours of labor, able and competent workmen and miners at the least, and during the remainder of the said term not less than such miners and workmen: unless prevented by inevitable accident or during the execution of repairs.

4. And also shall and will, during the said term, effectually drain the said mine, and pump out all water likely to cause injury thereto, or which would prevent, or interfere with the working thereof, and if the said mine shall be affected, or liable to be affected, by the same flow or body of water as any other mine or mines contiguous thereto, shall and will contribute with the lessee or lessees, or owner or owners of such other mine or mines, a reasonable proportion of the machinery and labor necessary to free and keep free such mine or mines from water to a workable extent; or if the said mine shall be kept free from water to a workable extent, whether wholly or partially by means of the machinery and labor of a contiguous mine or mines, then shall and will pay for and on behalf of the lessee or lessees, owner or owners of such contiguous mine or mines, a reasonable proportion of the expenses of such machinery and labor; the Minister of Mines for the time being to depute some efficient person who shall have access to, and inspection of, all such mines to determine when the said mine is so freed or kept free wholly or partially from water, and what are the reasonable proportions of the expenses aforesaid, and to whom and when the same are to be paid; such decision to be final and conclusive on all parties.

5. And shall and will make such provision for the disposal of the detritus, dirt, waste, workings, or refuse of the said mine, so that the same shall not be an inconvenience, nuisance, or obstruction to any roads, ways, rivers, creeks, or private or Crown lands, or in any manner occasion any public or private damage or inconvenience.

6. And also shall and will make such provisions for decency, and the observance of sanitary regulations, as the Minister of Mines for the time being shall approve of or direct.

7. And also shall and will erect and keep erected, during the said term, posts not less than two feet six inches high above the ground, and painted white, so as accurately to define the boundary-line and angles of the said land, and so that each post shall be visible from those nearest to it on each side.

8. And also shall and will, if required by the Minister of Mines, erect and keep in repair a substantial wall or fence round each of the shafts, at any time during the said term, open on any part of the said land or used for the purpose of the said mine so as effectually to prevent all accidental access thereto; and when the Minister of Mines for the time being, or other person authorized in that behalf shall consider any such shaft unnecessary, and shall by certificate under his hand notify the same, then shall and will effectually fill up and substantially enclose the same.

9. And also shall and will, as often as required so to do during the said term, make and deliver to the Secretary for Mines for the time being, or other officer appointed for that purpose, all such true and proper plans and sections, returns, statistics, and particulars made up to the last day of the preceding month of the workings and operations of the said mine, as shall be in accordance with the rules and directions from time to time issued by the Minister of Mines, or other officer authorized so to do, the same to be accompanied with a statutory declaration of the truth and correctness thereof by the lessee of the said mine, his executors, administrators or assigns, or such other person as the said minister shall direct.

10. And shall not nor will use or occupy, or permit to be used or occupied, the said land for other than mining purposes, or for pasturage, or as garden ground for the persons employed in, on, or about the said mine.

11. And shall not nor will cut any timber on the said land, except for the mining operations hereby authorized and for the domestic purposes of those residing on the said land.

12. And also shall not nor will assign, underlet, or part with the possession of the said land, mine, and premises, or any part thereof, or mortgage, charge or encumber the same without the license of the person for the time being authorized to grant leases of Crown lands for mining purposes: Provided that no such license shall be necessary in cases where by operation of law or otherwise a sale of the said land, mine, and premises, or any part or parts thereof is made by any person or persons entitled to sell the same for the benefit of the creditors, or a creditor, of the lessee or h assigns.

13. And also shall and will permit the Chief Mining Surveyor, or his deputy, or other duly authorized person, with all proper assistants, at all reasonable times during the said term, quietly to enter into and upon the said land, mine, and premises, to survey and examine the state and condition thereof, and for the purposes aforesaid, to descend all pits and shafts, and to use all roads, ways, engines, ropes, machinery, gear, labor, and other things in or on the said land and mine which shall be deemed necessary by him, without making any compensation for the same, so nevertheless that in so doing no unnecessary interference is caused with the carrying on of the said mining works.

14. And also shall not nor will close up or obstruct any adit or adits to or from any contiguous mine or mines whereby fresh air is admitted or ventilation promoted.

15. And shall and will, during the said term, make proper and reasonable compensation to the occupier or occupiers or lessee or lessees from the Crown of any adjoining land in respect of any damage which may be sustained by him or them by the working of the said mine, or the carrying on the works thereof, or by any other works connected therewith, such compensation to be determined by the Minister of Mines, or other person authorized by him so to do.

16. And further, shall and will at all times during the said term, keep and preserve the said mine and premises from all unnecessary injury or damage, and also the levels, drifts, shafts, watercourses, roads, ways, works, buildings, erections, and fixtures therein and thereon in good repair and condition, except such of the matters and things last aforesaid as shall from time to time be considered by a mining surveyor, or other proper

officer, to be unnecessary for the working of the said mine or any contiguous mine, and in such state and condition shall and will at the end, or other sooner determination of the said term, deliver peaceable possession thereof and of all and singular the premises hereby demised to Her Majesty, Her heirs and successors, or to the warden, or other officer authorized to receive possession thereof.

17. And lastly shall and will observe, perform, and fulfil the stipulations, covenants, and provisions which may be contained in the Second Schedule hereto:

Provided always, and it is hereby agreed and declared in manner following:

18. That it shall be lawful for Her Majesty, Her heirs, successors, and assigns to take, carry away, and use any sand, stone, gravel, clay, or timber, in, on, or under the said land for any public purpose whatsoever; and all proper facilities for the purposes aforesaid shall be given by the lessee, his executors, administrators, or assigns: And that if at any time during the said term any part or parts of the said land shall be required for any railway, road, canal, watercourse, reservoir, or any public purpose, it shall be lawful for the Governor for the time being, on giving three months' notice of his intention so to do, to cause to be set out the part or parts of the said land which shall be so required; and so soon as the same shall be so set out, such part or parts of the said land shall cease to be included in the lands hereby granted, and the lessee, his executors, administrators, or assigns shall not be entitled to any abatement of rent or any compensation whatever in respect thereof.

19. And that it shall be lawful for Her Majesty, Her heirs, successors, and assigns to take, carry away, and use any sand, stone, gravel, clay, or timber, in, on, or under the said land for any public purpose whatsoever; and all proper facilities for the purposes aforesaid shall be given by the lessee, his executors, administrators, or assigns: And that if at any time during the said term any part or parts of the said land shall be required for any railway, road, canal, watercourse, reservoir, or any public purpose, it shall be lawful for the Governor for the time being, on giving three months' notice of his intention so to do, to cause to be set out the part or parts of the said land which shall be so required; and so soon as the same shall be so set out, such part or parts of the said land shall cease to be included in the lands hereby granted, and the lessee, his executors, administrators, or assigns shall not be entitled to any abatement of rent or any compensation whatever in respect thereof.

20. And lastly, that if and whenever the said rent, or any other payment hereby covenanted to be made, shall be in arrear for ten days after the time appointed for payment thereof, whether the same shall have been legally demanded or not, or if and whenever there shall be a breach of or non-compliance with the covenants and provisions herein contained by the lessee, his executors, administrators, or assigns, the Governor in Council, who alone and finally shall judge and determine the matter, may declare these presents void, and upon publication in the *Government Gazette* of notice of such declaration, all the right, title, and interest of the lessee, his executors, administrators, or assigns under these presents shall cease and determine, both at law and in equity, and the production of a copy of the *Government Gazette* containing a notice purporting to be signed by the Secretary for Mines declaring the lease void, shall be conclusive evidence in all courts whatsoever in the said colony of a breach of or non-compliance with the covenants and provisions herein contained sufficient to authorize and sustain such declaration having been committed, and that the interest created hereunder has been lawfully determined, and thereupon it shall be lawful for Her Majesty, Her heirs and successors or Her or their agents or officers, or for any bailiff of Crown lands, or for any holder of a miner's right, without any previous demand whatsoever, to enter forthwith into and upon the said land and premises hereby granted, and the same to repossess and enjoy as fully and effectually to all intents and purposes as if these presents had not been made, and the said lessee, his executors, administrators, and assigns to expel and remove without any legal process, and as effectually as the sheriff might do in case judgment in ejectment had been obtained and a writ of *habere facias possessionem* had been issued on such judgment, and in case of such entry and any legal proceeding taken in respect thereof, the defendants in such proceeding may plead leave and license in bar thereof, and these presents shall be conclusive evidence of such leave and license by the lessee, his executors, administrators, and assigns, or other the person or persons, plaintiff or plaintiffs in such proceedings for such entry or other matters complained of in such proceedings.

In witness whereof His Excellency the Right Honorable JOHN HENRY THOMAS VISCOUNT CANTEBERY, Knight Commander of the Bath, the Governor of the colony of Victoria, hath, on behalf of Her Majesty the Queen, caused the seal of the said colony to be affixed to this grant, and also set his hand the day and year first above written, and the lessee has also set his hand and seal, the day of

REGULATIONS RELATING TO MINERAL LEASES.

At the Executive Council Chamber, Melbourne, the twenty-fifth day of January, 1870.

PRESENT:

His Excellency the Governor	Mr. Cohen
Mr. MacPherson	Mr. Smith
Mr. McDonnell	Mr. McLellan.
Mr. Barry	
Mr. McKean	

HIS Excellency the Governor in Council, in exercise of the powers conferred upon him by *The Mining Statute 1865*, doth hereby rescind all regulations now in force relating to mineral leases, and in lieu thereof doth hereby make the following regulations, save that the regulations hereby rescinded shall continue to apply to all applications for mineral leases commenced when these regulations came into operation.

INTERPRETATION CLAUSE.

1. In construing these regulations the following words and expressions shall have the meanings hereafter assigned to them, except where inconsistent with the context:—

"The Governor" shall mean the Governor of the colony for the time being, or other person for the time being administering the Government of the colony.

"The Minister of Mines" shall mean the Minister of Mines for the time being in the said colony.

"The secretary" shall mean the secretary for mines for the colony.

"The warden" shall mean the warden of the gold fields having jurisdiction over the land applied for on lease or the greater part thereof.

"The lease" shall mean the mineral lease applied for under these regulations.

"The land" shall mean the land both on and below the surface proposed to be included in the lease; and the "surface land" only that portion of the surface of the land proposed to be included in the lease.

"The application" shall mean the application for a mineral lease left with the warden under these regulations; and the expressions "previous to," "after," or "before" the application, and the like, shall mean "previous to," "after," or "before" the time when the application for a lease is left with the warden.

"The applicant" shall mean any person or persons, corporate company or corporate companies, or other legally constituted association applying or entitled to apply for a mineral lease under these regulations.

The singular number shall include the plural, and the plural the singular.

The calculation of "days" for doing any act shall be exclusive of Sundays, Good Friday, and Christmas Day.

2. All leases under these regulations shall be designated "Mineral Leases," and the area of the land shall be for the several minerals mentioned below as follows:—

For Working Coal—an area not less than fifty acres or more than six hundred and forty acres.

For Ironstone or Iron Ore—an area not less than two acres or more than one hundred acres.

For Silver, Copper, Tin, and all other metals and minerals whatsoever—an area not less than one quarter of an acre or more than fifty acres.

In no case can more than six hundred and forty acres be granted.

3. The application shall specify the metal or mineral intended to be comprised in the lease.

4. If a less or larger area than above specified in the respective cases be applied for, the warden shall not proceed to take the steps prescribed by these regulations before he shall receive the direction of the Minister of Mines to that effect. Such direction shall be applied for by the applicant to the Minister of Mines previous to the application, who shall be at liberty to refuse or grant such direction as he may see proper, and if he shall refuse such direction the application shall be deemed to have been abandoned; but if he shall grant the same he shall direct the warden to proceed, and the application shall thereupon be proceeded with as by these regulations directed.

REQUIREMENTS PRELIMINARY TO THE APPLICATION.

5. The applicant shall apply for a mineral lease in manner prescribed by these regulations, but within seven days previous to the application he must do the following things:—

(a.) Erect posts of not less than two feet six inches above the ground, as far as circumstances and occupiers will permit, to define accurately the boundaries and angles of the land with a metal plate, having painted thereon the words "Applied for lease," and the name of the applicant, or (if more than two) the first two applicants, legibly painted thereon, such posts to be kept so erected and painted until the termination of the proceedings under these regulations.

(b.) Insert in a newspaper published in the district where the land is situated, or if no such newspaper, then in one published nearest the district, an advertisement or notice in the form marked A in the schedule hereto.

(c.) Post similar notices on the day of the publication of such advertisement at the office of the warden and at the post-office or police court, whichever shall be nearest the land.

(d.) Give to every person occupying the land, or having any rights on or under the land, or any part thereof, a similar notice.

(e.) Deposit with the clerk of the warden, or if no such clerk, with the clerk of the petty sessions holden nearest the land, the sum of £15, to be dealt with as hereinafter provided. The clerk shall give the receipt for such deposit set out in Schedule B hereto.

6. The applicant shall previous to the application obtain from every person occupying the land, or any part thereof, and willing to give the same, a consent in writing, duly witnessed, to such application being granted. But if any such person shall not be willing to give such consent, he shall be at liberty to object to the lease being granted in manner hereinafter provided for objections.

THE APPLICATION FOR THE LEASE.

7. Within six days after the advertisement required by Rule 5 has appeared in the newspaper, the applicant shall address to the Minister of Mines, and leave with the warden the application for a lease (in duplicate) in the form set out in Schedule C, together with the receipt for the deposit and the consents of occupiers (if any). Thereupon, or as soon as practicable, the warden shall enter or cause to be entered in a book to be kept for that purpose a note of such application, numbered in order,

and the day and hour when the same was left with him, and shall endorse a similar note on the said duplicate applications.

8. Leases shall be granted according to priority of application (unless there be reasons for a different course, of which the Governor shall be the judge), and the priority of application shall be determined according to the time at which each application shall have been received as endorsed on the applications; and in case of two or more applications for the same land, or any part thereof, at the same time, it shall be in the absolute discretion of the Governor which application (if any) shall be granted.

OFFICIAL SURVEY.

9. On the receipt by the warden of the application, receipt for deposit, and consents (if any), he shall direct a mining surveyor to survey and make a plan of the land, and to report in writing on all matters on which the warden shall, by written instructions, require him to report, among which shall be included an inquiry as to whether the posts have been erected and the notices on occupiers and persons having rights on the land have been duly served as required by Rule 5, or in any and what respect not complied with, and under what circumstances.

10. The mining surveyor shall, as soon as practicable, proceed to make the survey and report in pursuance of such instructions, and he shall erect posts two feet six inches high above the ground, painted white, defining the extent of the area below the surface, and by similar posts, painted red, the area of the surface land, in respect of which respectively he shall consider the lease ought to be granted.

11. Immediately after such survey is completed, the surveyor shall post in a conspicuous place on the land, and also on his own office, and at the post office or police court nearest to the land, a notice in the form set out in Schedule D.

OBJECTIONS.

12. Any person objecting to such application being granted (hereinafter called the objector) shall, within the time appointed by the last-mentioned notice, lodge with the warden, and leave for the applicant (or if more than two for any two named in the application) at his or their address stated in such last-mentioned notice, a statement in writing of the grounds of his objections. No particular form of objection shall be necessary, so that it clearly appears whose application is objected to, and the grounds thereof, and the address of the objector, which shall be his address for all the purposes of these regulations.

13. Each objector must at the same time deposit with the clerk of the warden, or if no such clerk with the clerk of the petty sessions holden nearest the land, the sum of £5, to be dealt with as hereinafter provided. The clerk receiving such deposit shall give a receipt in the form set out in Schedule B.

DUTIES OF WARDEN.

14. Within four days after the expiration of the twenty-one days for lodging objections, whether any objections shall have been lodged or not, the warden shall give to the applicant and objectors (if any) two clear days' notice of the first court to be holden to consider such application and objections (if any), and he shall accordingly hold such court at the time and place appointed in such notice. If there are more than two applicants in any one application, notice to any two of them shall be sufficient.

15. The warden shall at such first court, which shall be continued from day to day, or as continuously as circumstances will permit, until the adjournment hereinafter mentioned—(1st) Require evidence (to be reduced into writing by him) from the applicant that the requirements of Rule 5 have been complied with by the applicant, or if not complied with, in what respect and under what circumstances, and as to any other matters or things connected with such application as the warden shall think proper; and if objections have been lodged, he shall (2ndly) proceed to inquire into the matters of such objections, and shall take down in writing all oral evidence given by and on behalf of the applicants and objectors with reference to such objections, and all matters and things connected therewith, and mark in the usual way all documentary evidence produced, and shall take possession thereof, or of certified copies thereof. After the applicant and objectors have concluded their evidence, the warden shall then adjourn the court.

16. The mode of conducting the business of such court shall be entirely in the discretion of the warden, and such court shall be open to the public.

17. On the expiration of three clear days after the adjournment of the court, the warden shall transmit to the Minister of Mines the application, plan, report of mining surveyor, objections (if any), evidence written and documentary, and all other writings relating to the application, with his observations and opinion thereon.

18. The applicant and objectors (if any) shall be entitled to take copies of or make extracts from any of the particulars mentioned in the preceding rule, before the same are transmitted to the Minister of Mines.

19. The Minister of Mines shall, as soon as practicable, after receiving the particulars aforesaid, notify to the warden whether or not the particulars so transmitted to him are sufficient; and whenever the Minister of Mines shall notify that the same are sufficient, the warden shall, immediately on the receipt of such notification, post at the place where the first court was held, a notice to the effect that the court in the matter of such application is closed.

20. In case the Minister of Mines shall be of opinion that the particulars so transmitted to him are not sufficient, he may take all or any of the following courses, one before another, in any order, and as often as he shall see fit, before the court is closed, as hereinafter directed:—

(a.) State to the warden on what matters or things the particulars aforesaid, or anything connected therewith, are not sufficient, and may require further observations from the warden respecting such mat-

ters and things, with his opinion thereon, and his reasons for such opinion.

- (b.) Require the mining surveyor who made the previous plan and report, or any other mining surveyor instructed by him for that purpose, to make a further plan or report, or both, as to the land or any part thereof, and as to any matters or things the Minister of Mines may think fit, connected with the application.
- (c.) Direct the warden to hold an adjourned court for inquiry as to the application and objections (if any), and as to any matters or things connected therewith, such matters and things to be specified in the direction to hold the court.
21. The warden shall immediately on the receipt of such last-mentioned direction, and as often as such direction shall be received; give the same notices of an adjourned court as hereinbefore required for the first court; and in addition thereto he shall notify to the applicant and objectors (if any whom it may be in his opinion concern), the matters and things respecting which such adjourned court is to be held.
22. At and after such adjourned court, and every adjourned court directed by the Minister of Mines, the duties of the warden shall be the same as at and after the first court, except that the matters and things for inquiry at each adjourned court respectively shall be the matters and things specified in the direction of the Minister of Mines to hold each adjourned court.
23. After each adjourned court, and within three days thereof, the applicant and objectors (if any) shall be entitled to take copies and make extracts, as specified in Rule 18.
24. After the Minister of Mines is satisfied, by all or any of the courses aforesaid, that the particulars transmitted to him are sufficient, he shall notify such fact to the warden, who shall, on the receipt thereof, or as soon thereafter as practicable, post the notice hereinbefore directed in that event.
25. The applicant, or if there are two or more, such two, or any two named in the application, shall be bound to attend the first court and each adjourned court (if any), either by himself or themselves, and may appear by his or their counsel or agents; but in case of more than two applicants, any two of them attending (whether the same or not who attended the first or any adjourned court) shall be sufficient. The warden shall note in the evidence the absence of any applicant hereby bound to attend in the evidence, and shall inquire into the truth of any excuse offered for such absence, which shall likewise be entered in the evidence.
26. Any objector, whether served with notice of any adjourned court or not, may adduce evidence on the matter or things directed to be inquired into thereat.
27. The Minister of Mines will, as soon as practicable after the particulars and matters aforesaid are sufficient, submit the application, with all the particulars and materials aforesaid, to the Governor, who will, on consideration thereof, and of all circumstances connected therewith, refuse such application or grant the same as he shall see fit. Provided that in granting such application it shall be lawful for the Governor to determine whether the whole or what part of the land and the surface land shall be included in such lease, and to define the same accordingly, and also to alter as he sees fit any of the other terms proposed in the application.
28. The lease to be granted in pursuance of the Governor's determination shall not be issued until after the expiration of one month from the time of a notice of the intention to issue the same appearing in the *Government Gazette* and in some newspaper circulating in the district within which the land is situate.
29. If the Governor shall refuse to grant the lease, the application shall be deemed to be abandoned, and such abandonment shall take effect from the date of the notice of such refusal appearing in the *Gazette*, as provided in that event by these regulations.
30. If the Governor shall determine to grant a lease of the land, or any part thereof, such lease will, after the expiration of the last mentioned month, be forwarded to the warden, who, on the receipt thereof, shall notify such fact to the applicant.
31. Before executing the lease the applicant shall pay to the receiver and paymaster of the district the sum of £1 (as a fee for the preparation of the lease), and the half-year's rent then due as reserved in the lease, and shall produce receipts for such payments to the warden before executing the lease; and unless so produced, and also unless Rule 42 has been complied with, the warden shall not allow such lease to be executed, but the applicant shall, after complying with the requirements aforesaid, be permitted by the warden to execute the lease.
32. Every successful applicant for a lease shall execute the same, and such lease shall, after it has been registered as herein-after provided, be delivered to the applicant, or if more than one applicant to such of them who shall execute the lease as the warden shall think fit.
33. The applicant shall execute the lease within twenty-one days after the receipt from the warden of the above-mentioned notification that he has received the same, and after that time the applicant shall not be allowed to execute the lease without the permission of the Minister of Mines; but in no case shall the applicant be allowed to execute the lease after the expiration of sixty days after the day of the date of the *Government Gazette* in which a notice that the lease is ready for execution by the lessees shall have been published, and if not executed within the time last aforesaid the lease shall be deemed void.
34. The lease to be issued by the Governor to the applicant shall be in the form and to the effect and shall contain the reservations, covenants, and provisions, set out in Schedule E hereto, or with such modifications and additions as the circumstances of the case may require, or as the Governor shall think proper.

35. The rents and royalties to be reserved shall be as follows:—

For any one or more minerals or metals a rent at the rate of not less than 3d. and not more than 2s. per acre of the land, payable in advance, and a royalty of £2 for every £100 worth of each metal or mineral at the mouth of the mine, and so in proportion for any less quantity.

In the case of an applicant having obtained a lease to work any one or more metals or minerals, desiring to work some other metal or mineral on or in the land, he shall pay as rent for each additional metal or mineral a further rent not exceeding 1s. per acre, and a similar royalty of £2 for every £100 worth of such additional metal or mineral at the mouth of the mine.

36. The Governor shall have power at any time during the progress of the application, and before the lease shall be executed, to declare, by writing under his hand, that the application is abandoned, and, after the lease has been executed by him, and before its execution by the applicant, that such lease is void; and thereupon the Secretary shall publish in the *Government Gazette* a notice to the effect that the applicant (naming him) has abandoned the application, dated

day of 18 for a mineral lease of the land (describing it as in the application), or that the lease executed by the Governor, dated the day of 18 between Her Majesty the Queen and [the applicant], of the land (describing it as in the lease) is void, as the case may be, and such notice in the *Gazette* shall be conclusive evidence in all courts of law and other judicatures of such declaration having been made, and that such application was abandoned, or such lease void, as the case may be, as from the date of such notice in the *Gazette*, and thereupon the land shall be open as if no application for a lease or the lease so declared void had ever been made.

37. The Secretary shall publish in the *Gazette* a similar notice to that mentioned in the preceding rule in every case where by these regulations the applicant is stated to have abandoned or to be deemed to have abandoned his application, or the lease is stated to be void or to be deemed to be void, and such notice in the *Gazette* shall be conclusive evidence in all courts of law and other judicature that the application was abandoned or the lease void, as the case may be, from the date of such notice, and the land shall thereupon be open as if no application for a lease or the lease so declared void had ever been made.

38. The first half-year's rent reserved on the lease shall be deemed to have accrued on the day of the date of the lease, and shall be paid before the lease is executed by the applicant.

39. The duplicate application, and all the plans, reports, objections (if any), evidence, and all other papers and writings relating to the application, shall be deposited with the Minister of Mines, or in such other place or places as he shall direct; but after the application shall have been dealt with, all written documents and certified copies received by the warden in evidence from any person or persons at the first or any adjourned court under these regulations, shall be returned to the person or persons from whose custody the same were produced and delivered to him, and for that purpose the warden shall enter, in a book to be kept by him for that purpose, the name and address of the person or persons from whose custody each of such documents or certified copies was produced and delivered; but the warden shall not be liable for the loss of any such document or certified copy accidentally lost or destroyed. Any person may, with the sanction of the Minister of Mines, obtain copies of or extracts from the particulars aforesaid on paying eight pence a folio for any copy or extract, and what may be deemed right by him for any plan or map.

PERSONS OCCUPYING THE LAND UNDER "THE MINING STATUTE 1865" CLAIMING COMPENSATION (CALLED CLAIMANTS).

40. Every person occupying the land, or any part thereof, under any right or license derived under *The Mining Statute 1865*, whether he shall or not lodge an objection under Rule 12, shall be entitled to be compensated by the applicant for any buildings or improvements, or both, made by him, or some one under whom he claims, on the land; and unless the applicant and such claimant shall agree on the amount of such compensation, the claimant shall send in a claim to the warden, who shall determine the same, and also as to whether such claimant is in lawful occupation of the land, or any part thereof, at such time and place as he shall appoint, of which one clear day's notice shall be given to the applicant and claimant. Notice of any such agreement shall be given by the claimant to the warden, and in case he shall not give such notice he shall not be entitled to the benefit of Rule 42.

41. The warden shall, at the time and place appointed (whether or not the applicant and claimant, or one or neither, shall attend), proceed to inquire into the matter of the claim, and shall, as soon as practicable thereafter, make his award in respect of such claimants as shall appear to him to be entitled to compensation. Such award shall be in the form marked F in the schedule hereto, and shall be delivered by him to the claimant. If the warden shall be of opinion that the claimant is not entitled to compensation, he shall post a notice to that effect on some conspicuous part of his court.

42. The warden shall not allow the applicant, and the applicant shall not be entitled to execute the lease as provided by these regulations, unless and until the warden has been satisfied that the applicant has paid, or satisfied, or tendered the compensations agreed or awarded (as the case may be) to be paid to such claimants as shall occupy the land, or any part thereof, contained in the proposed lease.

DEPOSITS.

43. After the payment of the costs of survey, the deposit of £15 shall be subject to any orders which the Minister of Mines

or the warden may at any time, or from time to time after the same is deposited, make for payment thereof of any costs to the Crown, the objectors, or any other person; and the clerk with whom the same is deposited shall pay thereout such sums as by written order shall be directed, and if any balance shall remain, the same, or if no costs are ordered to be paid thereout, the whole thereof shall be paid to the applicant, or if more than one, to such one or more as shall apply to the warden for the same after the notice of the refusal, or the execution of the lease, or the abandonment of the application, appearing in the *Government Gazette*, as by these regulations directed, but not before.

44. The deposit of £5 shall in like manner be subject to the orders of the Minister of Mines or of the warden for the payment of any costs to the Crown, the applicant, or any other person, to be made at any time after the same is deposited and before the expiration of thirty days from the court being closed, as by these regulations provided; and after that time the balance (if any), or the whole thereof (if no costs ordered to be paid thereout within the time aforesaid), shall upon application to the warden be returned to the objector who deposited the same.

REGISTRATION OF LEASE.

45. The lease, when executed, and every assignment, sub-lease, mortgage or incumbrance thereof, or of any part or parts of the premises comprised therein, shall be registered, and every power of attorney authorized by Rule 48, shall be filed in the manner provided by law for the registration and filing of similar instruments in the colony, and the fees to be paid on such registration and filing and the duties of the persons conducting the same shall be the same as in the ordinary cases of a similar nature.

MISCELLANEOUS PROVISIONS.

46. An applicant may at any time withdraw his application, by giving notice to the warden to that effect, and thereupon such application shall be deemed to be abandoned.

47. If any party or parties in whom the legal interest in the term granted by the lease as issued by the Governor, shall, for the time being be vested, shall be desirous of working and winning additional metals or minerals than those specified in the lease, and which may be found in the land comprised in such lease, he or they shall apply to the Minister of Mines through the warden, for a license so to do, and, if granted, such license shall be at the rents and royalties hereby specified, and in the form set out in Schedule G hereto, or with such modifications and additions as the Minister of Mines shall think fit.

48. If the applicant is out of the colony, he may comply with these regulations or any part of them by his attorney, and if by attorney, such attorney shall be constituted by the execution of a power-of-attorney for that purpose in the form or to the effect set out in Schedule H hereto annexed, or in such other form as shall in the opinion of the Minister of Mines be sufficient for the purpose, and such attorney shall be bound to comply with these regulations in all respects as the applicant would have been if personally present. Such power shall be filed as hereinbefore provided, and a certified copy thereof, together with the Registrar-General's receipt for the original power-of-attorney shall be left with the warden.

49. Where gold is associated with other minerals or metals in any land comprised in the application, or any lease under these regulations, if the applicant for a lease, or the lessee, if the lease shall have been granted, shall desire to mine for such gold, or should the nature of his operations be such as to lead to the removal of gold, he must make application for, independently of the mineral lease applied for or granted, as the case may be, a gold mining lease, in accordance with the Orders in Council regulating gold mining leases, and in case he shall proceed to mine for such gold without such lease, the lease which shall have been granted under these regulations shall be void.

50.
