DRAWBACKS REGULATIONS.

HIS Excellency the Administrator of the Government in Council has been pleased to approve of the subjoined Drawbacks Regulations in lieu of the Regulations of 11th March 1872, published in Supplement to *Gazette* of 8th March 1872.

The new Regulations will take effect from 1st proximo.

EDWARD COHEN,

Commissioner of Trade and Customs.

Department of Trade and Customs,
Melbourne, 26th June 1873.

DRAWBACKS REGULATIONS, 1873.

Act 36 Vict. No. 434.

1. A drawback of duty paid on importation may be paid on the exportation of the goods mentioned in Schedule I, hereunto attached, and at the rate respectively specified against any item exported.

2. In order to entitle the exporter to claim any such drawback he shall comply with the following conditions :—

- (a.) A notice must be given to the Collector of Customs at the port of export, at least two working hours before, of the intention to pack.
- (b.) The usual export entry must be passed (or if desired such may be deposited with the proper officer before the vessel by which the goods will eventually be shipped has been entered out, the name of the ship being subsequently filled in prior to shipment of the goods), accompanied by invoices distinguishing—

Goods—Free.

- „ Liable to 10 per cent. on importation.
- „ Ditto 20 per cent. ditto.
- „ Ditto to a fixed rate ditto.
- „ Clothing, &c., manufactured in Victoria [from material liable to duty],

setting forth legibly in respect to each specific class of articles the actual cost price received, or to be received, from the purchaser of the goods. The entry having been passed or deposited, and invoices in duplicate having been stamped, an officer of Customs will attend, before whom the following declaration must be made and subscribed by the exporter, or if by a firm, by a member thereof :—

“I, _____, do hereby declare that I am the exporter of the goods mentioned in this entry and the invoice dated _____ and signed by me; that the values therein given represent the true price paid to me or to be paid on the following terms _____, without any discount, rebate, or other allowance, by the purchaser thereof, trading at _____, in the colony or port of _____, under the style and title of _____; and I further declare that these goods were properly cleared at the Customs, and duty paid on importation, and that none of the said goods were the produce of or manufactured in Victoria, except as specified in the said invoice.”

If the goods are liable to a fixed rate of duty the entry should show whether the goods are in original packages or not, the declaration being as follows:—

"I, _____, do hereby declare that I am the exporter of the goods mentioned in this entry; that the quantities therein given are correct; and I further declare that these goods were properly cleared at the Customs, and duty paid on importation, and are in their original packages, and that none of the said goods were the produce of or manufactured in Victoria, except as specified in the said entry."

If the goods are not in their original packages, the goods will be subject to the inspection specified in clause 6, but in any case the weights or quantities must be checked.

- (c.) Every facility, and especially any desired facility, must be given to the officer to superintend the packing of these goods and take a correct account according to such invoice.
- (d.) Upon the completion of the packing, the goods must be secured and sealed by the officers of Customs, and despatched in charge of a carrier duly licensed under the Customs Laws into the Customs shed, and delivered to the custody of the export officer for shipment; or if not so forthwith removed they must be deposited in some secure room approved by the Commissioner of Trade and Customs, under the lock of the Crown, until removal.
- (e.) No claim for drawback of duty will be entertained unless the debenture be rendered duly completed according to the form hereunto annexed, marked B or C as the case may be, unless otherwise authorized by the Commissioner of Trade and Customs.
- (f.) If the exporter cannot specify the number of packages in the entry, such may be inserted, and the officer in charge is hereby required to see that such is inserted prior to the removal of the packages.

Form B or C.

3. The Collector of Customs at the port of export, on the receipt of the drawback debenture duly completed, will cause it to be examined and passed for payment with all convenient despatch.

4. No drawback will be paid unless the debenture be tendered, duly completed, within six months from the date of the exportation of the goods mentioned therein to any of the Australasian colonies, including New Zealand, or within eight months, if exported to the United Kingdom or other distant country.

5. No drawback will be paid unless a charge of one shilling and sixpence per hour during the time of an officer being employed under these regulations, or other expense incurred, as certified by the Landing Surveyor, shall have been paid.

6. No drawback will be payable on goods except on packages re-packed in the presence of, or inspected by, an officer of Customs, who will in the latter case cause such to be examined, as may be directed by the Landing Surveyor, and certify on the entry that such has been done, specifying whether the quantities, values, weights, &c., as the case may be, were correct or not on such examination.

7. The persons before whom declarations under these regulations shall be made in Victoria shall be a justice of the peace of the said colony, or an officer of Customs. The Commissioner of Trade and Customs is also hereby empowered to cause any debenture to be passed for payment though not strictly in accordance with the forms required by these regulations.

8. Should the consignee be unable to sign the declaration, the signature of a Custom House agent at the port of arrival, who must sign as such before the Collector of Customs, will be accepted.

9. Should any fraud or attempt at fraud be committed by any exporter of any goods entered for drawback under these regulations, or by any employé of any such exporter, it shall be competent for any officer of Customs to detain any goods specified in any such entry, and report the matter to the Collector of Customs, who will thereupon enquire into the matter; and if sufficient grounds appear for any suspicion of fraud or over-valuation, such shall be reported to the Commissioner of Customs, who will direct as to the enforcement of penalties incurred.

IMPORTANCE OF VACCINATION.

THE recent introduction of Small-pox to the colony has again shown our liability to such an attack at any moment; and, although the disease has happily been again prevented from gaining a footing here, the Central Board of Health deem it of great importance to the safety of the public that every advantage should be taken of the present very favorable season for vaccination, so that the protection which vaccination is known to afford against the horrors of Small-pox may be extended as widely as possible throughout the colony.

The Central Board therefore trust that the local sanitary authorities will use all means in their power for securing the extension of vaccination in their respective districts; and as the Board believe that the ministers of the various religious bodies might very beneficially use the influence and opportunities they possess in directing attention at the present time to the proved benefits of vaccination, they desire to appeal to the latter also to use their influence in promoting a hearty compliance with the provisions of the Vaccination Act.

PROCLAMATION OF THE CRESWICK DISTRICT UNDER THE GUNPOWDER ACT REVOKED.

PROCLAMATION.

By His Excellency Sir GEORGE FERGUSON BOWEN, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Administrator of the Government of the Colony of Victoria, &c., &c., &c.

WHEREAS by *The Importation and Custody of Gunpowder Statute 1864* it is amongst other things enacted, that the Governor in Council may proclaim any town, township, or borough, not being a seaport town, as a district into which no gunpowder shall be brought unless for deposit in a public or licensed magazine; and if any person shall bring more than one hundred pounds of gunpowder into any such district, and shall not forthwith deposit the same in a magazine as aforesaid, it shall be forfeited; And whereas by a Proclamation under the hand of the Governor and the Seal of the Colony, bearing date the twenty-fourth day of March, 1862, the Borough of Creswick was constituted a district into which no gunpowder should be brought unless for deposit in a public or licensed magazine: Now, therefore, I, the Administrator of the Government of Victoria, with the advice of the Executive Council, do hereby revoke the Proclamation hereinbefore recited whereby the Borough of Creswick was constituted a district into which no gunpowder should be brought unless for deposit in a public or licensed magazine.

Given under my Hand and the Seal of the Colony, at Melbourne, this sixteenth day of June in the year of our Lord One thousand eight hundred and seventy-three, and in the thirty-sixth year of Her Majesty's reign.

PROCLAMATION

By His Excellency Sir GEORGE FERGUSON BOWEN, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Administrator of the Government of the Colony of Victoria, &c., &c., &c.

WHEREAS by an Act passed in the thirty-first year of Her present Majesty's reign, intitled *An Act to amend the Laws relating to or affecting Public Health* (31 Vict. No. 310), it is amongst other things enacted, that this Part (that is to say, Part II.) of this Act shall apply to all places where the Part of the Act thereby repealed, or any portion thereof, has been in force, and all or some of the provisions of this Part shall also apply to every such city, town, borough, shire, district, or place in Victoria as the Governor in Council shall by proclamation direct; and the Governor in Council may at any time, and from time to time, alter, repeal, or revoke any such proclamation theretofore or thereafter made: Now, therefore, I, the Administrator of the Government of Victoria, with the advice of the Executive Council do, by this my Proclamation, direct that all the provisions of Part II. of the above-recited Act, 31 Vict. No. 310, shall apply to the shire hereinafter mentioned, that is to say:—

THE SHIRE OF LILLYDALE.

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-third day of June, in the year of our Lord One thousand eight hundred and seventy-three, and in the thirty-seventh year of Her Majesty's reign.

(L.S.) G. F. BOWEN.

By His Excellency's Command,
J. G. FRANCIS,
Chief Secretary.

GOD SAVE THE QUEEN!

PORTIONS OF "THE POLICE OFFENCES STATUTE
1865" EXTENDED.

PROCLAMATION.

By His Excellency SIR GEORGE FERGUSON BOWEN, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Administrator of the Government of the Colony of Victoria, &c., &c., &c.

WHEREAS by an Act of the Parliament of Victoria passed in the session held in the twenty-eighth year of Her Majesty's reign (No. 265), called *The Police Offences Statute 1865*, it is amongst other things enacted, that the Governor in Council may by proclamation in the *Government Gazette* extend all or any of the provisions contained in Part I. of the said Statute to any city, town, district, or place in Victoria, and may define the limits of any such city, town, district, or place, and vary and alter such limits, and may revoke any such proclamation; and upon any such proclamation the provisions so proclaimed shall extend to and be in force in such city, town, district, or place: Now therefore I, the Administrator of the Government of Victoria, do, with the advice of the Executive Council, by this my Proclamation, extend certain of the provisions contained in Part I. of the said Statute to the shire hereinafter mentioned, that is to say:—

Sub-sections 3, 5, 6, 7, 8, 11, 12, 14, 16, 17, and 23 of the Fifth section of the said Statute are hereby extended to the

SHIRE OF LILLYDALE.

Given under my Hand and the Seal of the Colony, at Melbourne, this twenty-third day of June, in the year of our Lord One thousand eight hundred and seventy-three, and in the thirty-seventh year of Her Majesty's reign.

(L.S.)

NOTICE TO INTENDING CANDIDATES FOR CERTIFICATES OF COMPETENCY UNDER "THE SHIRES STATUTE" AND "BOROUGH'S STATUTE" 1869.

AN Examination of Candidates for certificates of competency as Engineers and Surveyors of Land and Works will be held, at a place to be notified in the *Argus*, at Ten o'clock on Tuesday, Wednesday, and Thursday, the 5th, 6th, and 7th days of August next.

Candidates are requested to be in the examination room punctually at the hour named each day.

All candidates must forward, before the 25th July next, to the Secretary to the Board of Examiners, at the Offices of Railways and Roads, Spencer street, notice in writing of intention to present themselves for examination, giving address and name in full, and at the same time enclosing the sum of (£2 2s.) two guineas with articles of indenture and certificates (if any) that they may possess from properly constituted bodies of examiners.

If a candidate presents himself more than twice and is successful at the third or any subsequent examination, the last fee will be returned.

Candidates are requested to provide themselves with drawing instruments and scale.

No candidate will be admitted for examination unless the above conditions are complied with.

The fees will be paid by the secretary into the consolidated revenue.

The Board issues two classes of certificate, A and B, both of which qualify for an appointment; but a first-class certificate (A) is evidence that the grantee has passed with credit.

The following are the subjects in which candidates will be examined:—

1. Field-work and Topography.—Use and adjustment of instruments.
2. Construction and Maintenance of roads, including principles and practice.
3. Substructures.—General principles and practice in relation to various materials.
4. Collection and distribution of Water, including general principles and practice.

SANDHURST MINING DISTRICT.

GENERAL BYE-LAW No. 10.

At a meeting of the Mining Board of the Mining District of Sandhurst, begun and holden at Sandhurst, in the said district, on the twelfth day of January, One thousand eight hundred and seventy-two, it is ordained by the said board as follows, that is to say:—

Bye-laws of mining board repealed.—Whereas it is expedient that the bye-laws enacted by the mining board of the mining district of Sandhurst should be revised and amended, the said bye-laws are hereby repealed, and the following bye-laws substituted in lieu thereof, excepting a bye-law made by the said board for prescribing the mode in which the validity of disputed elections shall be decided, excepting also a bye-law to regulate the drainage of sludge and water in the Heathcote division of the Sandhurst mining district, made and passed by the said board on the thirty-first (31st) day of July, One thousand eight hundred and sixty-two (1862), and gazetted on the twenty-sixth (26th) day of August, One thousand eight hundred and sixty-two (1862); also excepting the Drainage of Reefs bye-law, made and passed by the said board on the thirtieth (30th) day of January, One thousand eight hundred and sixty-seven (1867), and gazetted on the fifteenth (15th) day of February, One thousand eight hundred and sixty-seven (1867); and also excepting those portions of such bye-laws heretofore enacted by any local court or mining board of the said district as it may be necessary to retain for the purpose of deciding any dispute respecting the boundaries of claims occupied before this bye-law shall have come into force; and also further provided, that nothing herein contained shall in any manner affect any right, title, interest, liability, or obligation existing at the time when this bye-law shall come into force.

SECTION I.—FOR REGULATING THE PROCEEDINGS OF THE SANDHURST MINING BOARD.

ORDER OF MEETINGS.

1. That the sittings of the board be open to the public on all ordinary occasions, but a majority of the board may require the exclusion of strangers while the sense of the board is taken, whether the question then under consideration shall be discussed with closed doors or not.
2. The first business at each sitting of the board shall be to confirm, and if necessary amend, the minutes of the preceding sitting. The chairman shall initial any amendment made on the minutes.
3. The reception of depositions, the presentation of memorials or petitions, and the reading of correspondence shall take precedence of all other business in the order herein stated.
4. The order of the day shall include all business of which due notice has been given, and all matters arising out of former sittings of the board. The bringing up of reports shall have precedence of all motions.
5. All motions shall be considered in the order in which notice thereof has been given.
6. It shall be competent for any member to propose an original motion, or an amendment upon a motion, without previous notice, provided the same shall be handed to the chairman and read to the members, and that it be not of a legislative character. But no motion the effect of which would be to rescind any previous resolution of the board shall be entertained unless a fortnight's notice shall have been previously given.
7. No motion having reference to the amendment, repeal, or introduction of a bye-law shall be entertained unless upon one (1) week's notice in writing given at a previous sitting of the board.
8. No notices of motion entered on the notice paper shall be proceeded with unless by the member who gave such notice, or by some member authorized by him, and no motion shall be entertained until seconded, nor shall any motion be withdrawn unless by the sanction of the board, and any member about to propose a motion shall read the same before speaking to it.
9. No committee report shall be adopted unless it shall have been brought up and read at a previous sitting of the board.
10. Any proposed bye-law or amendment of any bye-law shall be read a first time without discussion. Upon a second reading of such proposed bye-law or amendment of any bye-law, a discussion may take place, after which the said proposed bye-law or amendment of any bye-law may be considered in a committee of the board. But no bye-law or any amendment of a bye-law shall be passed until read a third time.
11. Any one or more of the "standing orders" may be suspended *pro tem.* in case of emergency by the consent of a majority of the members present, exclusive of the chairman.
12. A call of the board for special purposes shall be made by the chairman, on the written requisition of four (4) members of the board.
13. The final decision of the board upon all questions shall be ascertained by the chairman in the following manner, viz.:—Having put the question to the board, the members shall each respectively signify his judgment by the word "aye" or "no." The chairman may afterwards require a show of hands upon any such occasion, at his discretion.
14. The clerk of the board shall have charge of the board-room, and all books, records, maps, &c., therein, and shall affix in a conspicuous place in the same room copies of such notices as may be given at the board from time to time, and shall also preserve the original notices.

ORDER OF DEBATE.

1. Any member upon proposing a motion or amendment, or discussing any matter, must rise and address the chairman, and no member shall be interrupted unless by a call to order, when he shall resume his seat; the member calling to order shall then be heard, and the question of order decided by the chairman before the subject is resumed or any other business entered upon.
2. If more than one member rise at the same time, the chairman shall decide respecting the pre-audience.

No. 48.—JUNE 27, 1873.—2.

3. No member shall speak twice on the same question, unless by way of explanation merely, or in reply, as the mover of an original motion; after such reply the question shall be immediately put to the vote, unless an amendment be moved. When, however, any amendment has been proposed and seconded, it may be discussed, and the question upon it put by the chairman before he shall put the original motion. If no amendment shall be proposed, nor any amendment proposed shall be carried, then the original motion shall be put to the vote.

4. No member shall digress from the subject under discussion, and any member who may impute motives or make use of expressions calculated to offend any other member of the board, shall be required by the chairman to withdraw such expression and apologise to the board.

5. The decision of the chairman shall be final on all questions of "order" or "practice," and he shall state the same without comment or argument.

6. Any member may require the clerk of the board to take down any particular expression immediately upon it being used, and any member may of right demand the production of any of the documents of the board bearing upon the question under consideration.

7. No discussion shall be allowed on any motion for adjournment, and if the question shall be decided in the negative the question of adjournment or order of the day shall be considered before the question of adjournment be again entertained.

8. Any member may record his protest against any decision of the board, provided he notify his intention to that effect on the passing of the resolution against which he protested.

SECTION II.—GENERAL CLAUSES.

1. *Warning before blasting.*—Ten (10) minutes previous to the discharge of any blast of gunpowder or other explosive substance within fifty (50) feet from the surface of the ground, due notice of such discharge shall be given by the persons who shall have prepared or caused such explosion to all other persons working, residing, or passing within a distance of one hundred (100) yards from the place of such discharge.

2. *Pegs, posts, and all mining plant and easements protected.*—No person shall remove, injure, destroy, or deface any posts, pegs, logs, fence, notices, or any mining plant of whatsoever description without permission from the owner of the claim on which they may be situated.

3. *Forms, &c.*—For the purposes of this bye-law, all printed forms, schedules, or other documents appertaining to them, shall be issued in triplicate, two copies of which shall be filed in the proper offices, and one retained by the person requiring it. In the district mining registrar's office it shall be necessary only to issue such forms, schedules, documents, &c., in duplicate.

4. *Making of crossing-places.*—Where any two (2) or more miners are desirous of forming a road, or bridge, or crossing-place over or across any gully, creek, reef, or claim, they shall be at liberty to do so. Provided, however, that no such road or crossing-place shall be made over or through any mining claim unless compensation for damage or loss shall be immediately paid or tendered to the owner thereof; and provided further, that such road, bridge, or crossing-place shall be of a breadth, when practicable, of not less than fifteen (15) feet, and be so constructed that no injury shall accrue to any drain, creek, or culvert passing under it.

5. *Transfers.*—Any interest held under this bye-law may be transferred in the form of Schedule eleven (11) hereunto annexed.

6. *Protection of private roads.*—No person shall dig within a distance of five (5) feet from the nearest wheel-track of any private road used for mining purposes, or drive underneath the same, unless the drive shall be more than ten (10) feet beneath the surface of the road, nor shall any person interfere in any way with any such road.

7. *Registration of sites, &c.*—All sites for dams, reservoirs, mining plant, or other easements may be registered on application to the mining registrar of the division.

8. *Preparatory work in claims.*—Any miner employed in making necessary preparation for the working of any claim, or employed in the erection of machinery in connection with the same, shall be deemed as working the claim.

9. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor, and no miner holding a claim or interest therein, where the claim or a portion thereof is let on tribute, that is to say, when a portion of the gross or net proceeds of the claim (as the case may be) is agreed upon to be returned by the tributor or tributors to the owner or owners of the claim by way of tribute rent or royalty, shall be deemed to have forfeited his right, title, or interest in the same through any neglect, absence, or omission on the part of any workman thereon employed by him, nor by the neglect, absence, or omission of any tributor to whom the claim or a portion thereof is let on tribute.

And the owner or owners of any claim let on tribute as aforesaid shall be deemed to be working the same in a *bona fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force. Provided always, that any such neglect shall not extend over a period of twenty-eight (28) days; but in the event of the neglect extending over that period, then any such claim shall be liable to forfeiture whether the owner or owners be acquainted with such neglect or not.

10. *Registration of shares in claims held under tribute.*—It shall be competent for any miner or miners having a tribute share or interest in any claim or claims to register such share or interest at the office of any local registrar in the same manner as any ordinary claim.

11. *Justifiable absence.*—No miner shall forfeit his claim or share in a claim who may be absent from the same from the twenty-fourth (24th) day of December in any one year to the fifth (5th) day of January in the following year, or on any

general holiday, or through sickness of himself or family, or through attending a court of justice or a mining board, or being a volunteer and absent in obedience to an order received from his commanding officer.

12. *Lien clause.*—The holder or holders of any registered claim (whether quartz or alluvial), or of any share or interest therein, may grant a lien upon the same to any person or persons as security for the payment of any debt or liability which he or they may have contracted; and upon the production to the registrar of the register, or transfer, or certificate by which the intending lienor holds such share, claim, or interest intended to be made subject to such lien, and of the lienor's miner's right, and upon the execution of a lien ticket by the lienor and lienee in the form of Schedule No. 1, the said registrar shall register the said lien, and after making such registration he (the registrar) shall issue to the lienee a duplicate of the lien ticket, and shall inscribe on the register or transfer ticket, or certificate of the lienor, the date and amount of the lien and the name of the lienee. And every such lien so effected shall be a specific charge upon the subject of such lien; and when more than one (1) lien shall be effected on the same subject, each lien shall take precedence according to their respective dates. Provided that the registrar shall cancel any lien on any claim, share, or interest upon the lienor delivering to the said registrar a certificate from the lienee to the effect that such debt or liability for which such lien was granted has been discharged.

13. *Time within which surveys shall be made.*—That upon an application for a survey being made by any minor or miners to an authorized mining surveyor, and upon the requisite fee having been deposited, it shall be the duty of the surveyor to make the same or cause it to be made within fourteen (14) days from the date of application.

14. *Interests may cross each other.*—It shall be lawful for any miner to take up and hold any alluvial claim across any quartz claim already occupied, and *vice versa*, but no alluvial mining shall be carried on within a distance of twenty (20) feet of any quartz workings.

15. *Auriferous earth, quartz, &c., may be stacked and registered.*—Any person or persons having forfeited or abandoned any quartz or gold workings shall be at liberty to retain possession of any quartz, stones, cement, tailings, or other substance containing gold (the produce of such workings) that may have been raised at the time of forfeiture or abandonment, provided such quartz, stone, cement, tailings, or other substance shall be stacked and registered within seven (7) days after such abandonment or forfeiture, and the registrar shall, on application being made to him, register an exemption for the same for a period not exceeding twelve (12) months, and issue a certificate stating where the said quartz, stone, cement, tailings, or other substance is situated, the period for which it is exempted or protected, and the name or names of the owners thereof. Such certificate shall be in the form of Schedule 2 so far as it is applicable, and when such certificate has been obtained the owners shall cause a board to be posted in a conspicuous place on the quartz or other substance stacked, with the letter E and the number and date of such certificate legibly painted thereon. At the end of such period of exemption or protection the owner of such quartz, stone, cement, tailings, or other substance may be ordered to remove the same at the instance of any miner applying to be put in possession for mining purposes of the ground on which it was stacked.

SECTION III.—ALLUVIAL CLAIMS.

1. *Claims to be properly marked.*—All alluvial claims taken up or occupied under this bye-law shall be marked as follows, that is to say:—In alluvial ground the claim shall be marked by substantial pegs standing at each corner of the claim, at least one (1) foot above the surface of the ground, and in addition an angular trench at least six (6) inches in depth and three (3) feet in length, to be cut at each corner of the claim.

2. *Prevention of accidents.*—Any miner working in alluvial ground a claim within twenty (20) feet of any public road or ordinary crossing-place shall enclose any shaft or excavation which he shall make upon such claim by an embankment or other fence at least four (4) feet in height, so as to afford thereby a reasonable security against accidents to passengers, and no person shall, without previously filling up such shaft or excavation, destroy or remove any such fence or embankment or portion thereof.

3. *Extent of ordinary block claims.*—The greatest extent of ground that miners shall be entitled to mark off and hold as claims shall be as follows, viz.:—

	Feet.	Feet.	Sq. feet.
One miner shall be entitled to	35	x 35	or area of 1,225
Two	50	x 50	2,500
Three	60	x 60	3,600
Four	70	x 70	4,900

But whenever the extent of sinking shall exceed fifty (50) feet the greatest extent of ground for—

	Feet.	Feet.	Sq. feet.
Two men shall be	70	x 70	or an area of 4,900
Three	85	x 85	7,225
Four	100	x 100	10,000

And when the ground is wet and the sinking exceeds twenty (20) feet the greatest extent of ground for—

	Feet.	Feet.	Sq. feet.
Two men shall be	80	x 80	or an area of 6,400
Three	95	x 95	9,025
Four	110	x 110	12,100

As far as practicable all claims under this clause shall be marked off in a rectangular form, the length of the same in any case not to exceed twice the breadth. Any claim taken up under this clause must be worked with the number of men entitled to hold the same either by owners or their representatives.

4. *Size of prospecting claims.*—Prospectors shall be entitled to an extent of claim as specified in the following table:—

FOR DISCOVERING A NEW LEAD.

Exceeding two hundred and fifty (250) yards and less than one (1) mile distant from any established lead	Sixty-five (65) yards on the supposed lead by a width of two hundred (200) yards.
One (1) mile and less than three (3) miles	One hundred (100) yards by two hundred (200) yards.
Three (3) miles and less than five (5) miles	One hundred and fifty (150) yards by two hundred and fifty (250) yards.
Five (5) miles or any greater distance	Two hundred (200) yards by three hundred (300) yards.

Such distance to be reckoned from the nearest point thereto of any existing alluvial gold-workings.

FOR DISCOVERING A LOST OR ABANDONED LEAD.

In dry sinking	Fifty (50) yards by one hundred (100) yards.
In wet sinking	One hundred (100) yards by two hundred (200) yards.

5. *Sinking a-head of an established lead.*—Any party sinking not less than two hundred and fifty (250) yards distant from the nearest boundary line of any claim bottomed or at work (at the time of commencing to sink) shall be entitled to a claim—

In dry sinking	Fifty (50) yards by one hundred (100) yards.
In wet sinking	One hundred (100) yards by two hundred (200) yards.

6. *Prospectors must register their claims and report the discovery of payable gold.*—Prospectors on discovering payable gold shall within seven (7) days report the same and make application in the form of Schedule 4 to the registrar of the division or subdivision in which such discovery is made, and register the claim and post a notice outside the registrar's office stating the locality in which such claim is situated. Prospectors not complying with the aforesaid conditions shall only be entitled to an ordinary claim.

7. *Claims may be amalgamated.*—In wet ground the holders of any number of adjoining claims, not exceeding four (4) may amalgamate the same by posting, on some conspicuous place near the centres of such claims, a notice in writing, containing the number of claims amalgamated and the name of each shareholder, which notice must be kept posted until a shaft has been bottomed in any of such claims; the working of any one of the said amalgamated claims until then shall be deemed a working of the whole; after which the full number of men necessary to hold each claim separately must be employed thereon, and such amalgamated claims shall be worked every working day whilst sinking by at least two (2) miners.

8. *Co-operative claims.*—It shall be lawful for any number of miners to combine together in the use of steam machinery for the working of previously worked wet alluvial ground, and to hold any quantity of that ground not exceeding twenty (20) acres. Provided, however, that when the horse-power of the steam engine or engines used on such claim shall not amount to fifteen (15) horse-power, such claim shall not exceed ten (10) acres. Provided also that any such miners, not employing at least five (5) horse-power, shall not be entitled to hold more than five (5) acres. And provided that in all such claims at least one (1) man to every acre shall be constantly employed during the ordinary working hours. Provided that in all such cases claims shall be taken possession of only upon being laid out and surveyed by a mining surveyor, and the expenses of such survey shall be defrayed by the applicant.

9. *Shepherding claims.*—On the day on which any claim shall be taken possession of not less than one-half (½) the shareholders must remain thereon for two (2) consecutive hours, viz., from nine (9) of the clock a.m. to eleven (11) of the clock a.m., and on every succeeding day each shareholder or his representative in such claim must (except prevented through sickness, or any public holiday) be present thereon during the term above mentioned until work is commenced and continued in a *bona fide* manner. No share or interest in any claim being shepherded shall, under any circumstances, become liable to forfeiture unless through absence from such claim during the hours specified above.

10. *Alluvial claims (forfeited).*—If any miner or miners shall neglect to work or cause to be worked his or their claim or claims, after the shaft thereon has been bottomed, for a longer period than ninety-six (96) consecutive hours, his or their claim or claims shall be deemed forfeited, unless, in case of dispute, he or they can justify such neglect under any of the provisions of the bye-law.

11. *Exempted alluvial claims in wet ground.*—The owner of any wet alluvial claim held under this bye-law, and in which a shaft of not less than fifty (50) feet deep from grass to bed rock has been sunk, not being a puddler's claim, shall be exempted from working the same for a period of one (1) month from the date that *bona fide* work ceased. Provided that the owner of such claim shall immediately acquaint the mining registrar of the division of the cessation of work; and the mining registrar shall keep a record of the same, and issue a certificate of exemption in the form of Schedule 2 hereunto annexed; and the said owner shall post up a notice on a conspicuous part of the claim, with the number and date of such record and the letter E painted legibly thereon.

SECTION IV.—QUARTZ WORKINGS.

1. *Marking of quartz claims.*—All quartz claims shall be marked by substantial posts at least three (3) inches in thickness and standing three (3) feet above the surface, and in addition an angular trench at least six (6) inches in depth and three (3) feet in length to be cut at each corner of the claim;

and all such posts and trenches shall be maintained free from any rubbish or soil, so as to be readily observed.

2. *Extent of ordinary claim.*—Any one or more miners shall be entitled to hold more than one claim on any line of reef, but such claim shall not exceed eighty (80) yards in length by a width at right angles to the supposed line of reef of one hundred and fifty (150) yards. Provided the right to any such claim shall not be taken to include a right to any alluvial deposits that may exist within the boundaries of the same. And further, that not less than two (2) miners or workmen shall be kept regularly employed upon or at work in connection with any such claim.

3. *Prospecting.*—When any miner may be desirous of searching for any new lode or vein of quartz or the continuation of any discovered vein, he shall be entitled to mark off and occupy a claim not exceeding one hundred and fifty (150) yards in length on the supposed line of reef by a width at right angles to said line not exceeding one hundred and fifty (150) yards. Provided the boundary of such claim be not within the distance of four hundred (400) yards from the nearest boundary of any claim occupied upon the supposed line of reef. Provided further, that any claim taken up under this clause shall be worked in a *bond fide* manner, by not less than two (2) miners, during the ordinary hours of labor for a period of six (6) months; but the holder of any claim under this clause shall, if the same has been worked in accordance therewith, be entitled to an exemption for a period of three (3) months at the end of every six (6) months' *bond fide* work executed. Provided also, that the occupant of any such increased claim shall, within seven (7) days after the marking thereof, report the particulars to the mining registrar of the division or subdivision wherein the said claim is situated. Provided also that, within seven (7) days after the discovery of any payable auriferous lode or vein of quartz, the owner or occupier of said claim shall give notice of such discovery to, and make application in the form of Schedule 4 to such mining registrar aforesaid; and any miner neglecting to give such notice shall forfeit his right to such extended claim. And further, on the discovery of any such payable reef aforesaid, the said occupant shall defray the expenses of surveying the claim, with the view of laying down the definite bearing of his said reef.

4. *Temporary amalgamation of quartz claims.*—It shall be lawful for the owners of any number of adjoining claims on the same line of reef, such claims having been sunk below the known datum water-level, and the aggregate length of which said claims, taken together, shall not exceed two hundred and forty (240) yards, to amalgamate such claims temporarily for the purpose of mining in search of any lode or supposed lode at their joint expense and under their joint management, until the discovery of a payable auriferous lode shall be effected; and under the aforesaid circumstances, and until such discovery, the *bond fide* working of any one (1) such amalgamated claims shall be deemed a legal working of the whole of them. And it shall be lawful for any owner of a claim so amalgamated to hold the same unworked if he shall pay to the owner of the working claim a weekly contribution as may be agreed upon. But the owner or owners of any claims amalgamated and contributed for, and so held unworked, shall be bound to work the same as if no amalgamations had taken place, within one (1) month from the day upon which such mining ceased to be carried on. And the proprietors of any shaft upon such amalgamated claims, or the owners of any prospecting shaft receiving any such contribution, shall post up on each shaft and at all times maintain a ticket containing a list legibly written of the number of such claims amalgamated or paying in the length of each claim respectively, and the name of the owners thereof. And the miners working at any such shaft shall in addition at all times give such information respecting any contributing claim as shall be required of them by any miner, and the owner of the claim to which contributions are paid, or in which the work is carried on, shall immediately after such amalgamation lodge with the registrar of the division wherein the said amalgamated claims are situated, a memorial in the form of Schedule 6 hereunto annexed. Provided, however, that it shall not be lawful for any claimholder to let his claim stand unworked under this clause so as in any manner to interfere with any by-law enacted by the mining board for the drainage of wet reefs.

5. *Special claims.*—For the better and more economical working of quartz, it shall be lawful for any miner or miners to take up a quartz claim on any line of reef exceeding eighty (80) yards and not exceeding three hundred and twenty (320) yards in length, by a width not exceeding one hundred and fifty (150) yards, subject to the following special conditions:—That the owners of any such claim shall, within forty-eight (48) hours after marking off, commence to work the claim in a *bond fide* manner, and shall for the first six (6) months thereafter, or until payable gold shall be obtained, keep constantly employed thereon every lawful day not less than two (2) men, after which, and so long as they continue to hold it, not less than one (1) man for every forty (40) yards in length or portion thereof. The erection of machinery for the working of the claim shall be deemed equivalent to manual labor in the following ratio:—One hundred and fifty (£150) pounds shall be deemed equivalent to the labor of one (1) miner for one (1) year, and in a like ratio for every One hundred and fifty (£150) pounds expended *bond fide* for the same purpose in any year, and the net cost of all machinery erected, or in conjunction with such claim, may be assessed by a competent surveyor or engineer, and a statutory declaration to such effect, with the amount of capital expended on such machinery specified therein, shall be lodged with the mining registrar. That such sum expended in machinery which, at the rate of Ten per cent. per annum, would produce an interest of One hundred and fifty (£150) pounds sterling a year is to be equivalent to the labor of one (1) man, and so in like ratio as hereinbefore provided. Provided that the owner of any such claim shall be entitled to exemption from the aforesaid labor basis for one (1) month for each six (6) months' labor

continuously done, such exemption to be recorded in manner as provided for in Schedule 2. And every owner of a claim held under this clause shall, within fourteen (14) days from date of registration, cause such claim to be surveyed by a Government mining surveyor, and the plan of the same shall be lodged with the mining registrar, and a duplicate thereof delivered to the owner of such claim. The bearings of such survey to be taken from some previous survey, or, where that may be impracticable, from some defined point. But in the event of the conditions imposed by this clause not being fulfilled, any claim held under the same shall be liable to forfeiture, and such forfeiture may be enforced by any duly qualified miner before any warden or warden and assessors; and in the event of such forfeiture being decreed, the miner enforcing such forfeiture will have the preference of being put into possession of such forfeited claim, and a prior right to the same as against any other person: Provided that, when a claim is declared forfeited, it shall be lawful to have any road, shaft, drives, timber, mining plant, or other materials absolutely beneficial to the applicant, valued by a mining surveyor, and that the amount of said valuation (if any), together with the costs of estimating such value, shall, within forty-eight (48) hours, be paid or tendered to the original owner; and such payment or tender of payment shall be a condition precedent to putting the applicant in possession of such claim.

6. *Exemption of ordinary quartz claims.*—The owner of any ordinary quartz claim in which six (6) months' *bond fide* work or upwards has been done shall be entitled to be exempted from working the same for a period of six (6) months from the date on which such work ceased; and the owner of any ordinary claim which has been in *bond fide* work for any period less than six (6) months and not less than one (1) month shall be entitled to similar exemption for a length of time equal to that during which the claim has been in work. Provided that the said owner shall, within three (3) days of the commencement of such period of exemption, lodge with the registrar of the division wherein the claim is situated, an application in the form of Schedule 2 hereunto annexed, and headed "Exemption Certificate;" and the registrar shall thereupon issue to the aforesaid owner a certificate; and the said owner shall post up a notice on a conspicuous part of the claim, with the number and date of such certificate and the letter E legibly painted thereon.

7. *Forfeiture of claims.*—The owner or owners of any claim other than a special claim neglecting to work or to cause the same to be worked with the full number of men required to be employed on any such claim by the section under which such claim is held, or neglecting to work the same for a period of ninety-six (96) consecutive hours, shall forfeit all right, title, and interest in such claim, and such forfeiture may be enforced by any duly qualified miner before any warden or warden and assessors; and in the event of such forfeiture being decreed, the miner enforcing such forfeiture will have the preference of being put in possession of such forfeited claims, and a prior right to the same as against any other person. Provided that, when a claim is declared forfeited, it shall be lawful to have any road, shaft, drives, timber, mining plant, or other materials absolutely beneficial to the applicant, valued by a mining surveyor, and that the amount of said valuation (if any), together with the cost of estimating such value, shall, within forty-eight (48) hours, be paid or tendered to the original owner; and such payment or tender of payment shall be a condition precedent to putting the applicant in possession of such claim. But no suit in law or equity shall be had or taken under this clause after the resumption of work by the latest registered holder.

8. *Claims may be declared abandoned.*—Any quartz claim unworked for three (3) calendar months when the workings are dry, or six (6) calendar months when the workings are wet, from the date on which *bond fide* work ceased in such claim, or from the date of expiration of period of exemption, shall be deemed to be abandoned, and any miner may make application to the warden to have the said claim declared abandoned, and on such declaration of abandonment being made may be put in possession thereof without being called upon to pay any compensation.

9. *Amalgamated claims, or when labor is found to be inadequate.*—It shall be lawful for the owners of any number of adjacent quartz claims which cannot be worked by manual labor, and the length of which in the aggregate shall not exceed three hundred and twenty (320) yards, and any one of such claims having worked two hundred and twenty (220) feet below the surface or to the original water-level, to amalgamate their claims into one area, which shall be called a working area, so that such amalgamated claims may be worked from one (1) main shaft and drives, and the working of any one (1) of such amalgamated claims shall be considered equivalent to working the whole of said claims. Or the said claimholders may permanently amalgamate their interests in the said claims, which shall then be registered and held under the same conditions as a special claim (clause 5) under this section IV. (4). Provided always, that there shall be one (1) miner employed to every eighty (80) lineal yards contained within such area, and also that such an amalgamation as aforesaid shall not in any way invalidate or interfere with any right, title, or interest of any claimholders or part claimholders that may have existed prior to its formation. But no working area shall be considered legally formed until a survey and plans have been made showing the boundaries of all the claims proposed to be amalgamated within said area. And further, the holders of any claim may withdraw the same from any working area three (3) months after they have given to the mining registrar and to the manager of the area notice in writing of their intention so to do. Provided that the said claimholders shall have paid their share of all the expenses incurred, and of all the expenses they have agreed to incur by the execution of any work that they have consented to have done for the benefit of the whole of the said area; but the withdrawal of any claim from any working area shall not deprive the owners of the claims which have not been withdrawn from the free use of any shafts or drives in the said withdrawn claims

that may have been made at the joint expense of the claim-holders within the said area.

The plans of all working areas shall be left in charge of the mining registrar, who shall certify the withdrawal of any claim by writing across the face of the said claim as shown on said deposited plan.

10. *Claims to be registered.*—Every owner or part owner of a claim held by "miner's right" under this section shall, within seven (7) days after first becoming possessed of the same, cause his or their interest in the claim to be registered in a book to be kept for that purpose by the mining registrar, and no miner shall be deemed to be legally in possession of any claim or share in any such claim until such claim or share as aforesaid has been so registered; and no transfer made of any claim or share in such claim by transferrors, though in legal possession, shall be deemed a legal transfer unless such transfer has been duly registered by the registrar of the division in which the claim sought to be transferred is situated; and when any claim or share in any such claim has been transferred, and the transfer duly registered, the registrar shall certify the same by signing his name across the face of the transfer ticket and affixing the day and date. All dates to be numbered consecutively as they are registered, and the registrar shall issue to each applicant for registration a certificate in the form set forth in Schedule 3 annexed, and shall keep a duplicate copy of the same. This clause shall not apply to any claims situated ten (10) miles or more from the nearest mining registrar's office. Provided always, the owners of any claim situated a further distance off may avail themselves of said clause should they deem it advisable.

11. *For defining and fixing the boundaries of quartz claims.*—The owners of any quartz claims other than prospecting claims may, for the better identification of their respective claims, cause the same to be surveyed by the mining surveyor, who shall make a plan of the same, showing the area and boundaries, and shall connect each claim with one fixed point, and the said surveyor shall issue to the owner whose claim he has surveyed a sketch or duplicate of the plans made. And such mining surveyor shall make, and always maintain at the registrar's office, a plan of each line of reef within his division, or within such portion of a division as may be allotted to him, on a scale not more than twenty (20) yards to the inch; and such plans shall be called office plans, and shall be kept in conspicuous places in the registrar's office, and shall at all times be accessible for inspection by the public; and in the event of no objection being raised by any miner, the said surveyor shall enter such survey in the office plan to which it respectively belongs within fourteen (14) days after such survey has been made. And further, the said surveyor shall, at the time of making such surveys as aforesaid, afford every facility for adjoining claim-holders to ascertain whether any encroachment is being made; and any miner deeming that an encroachment has been made may lodge an objection with the warden against the survey, and shall lodge a copy of such objection with the registrar of the division; but no such objection shall hold good unless made within fourteen (14) days after the survey has been made. And no survey objected to shall be entered on the office plan until all objections made have been heard and set aside; and the fact of any such claim surveyed as aforesaid being entered on any such office plan shall be deemed good and conclusive evidence that such claim, with such boundaries as are therein set forth, was at the time of the survey legally in possession of the aforesaid owner, unless direct evidence can be brought showing that mistakes have occurred. And in the event of any such owner being desirous of having his boundaries altered, he may mark off the claim temporarily in such altered form as he may require, and shall, within three (3) days thereafter, lodge with the registrar an application for re-survey; and when such re-survey shall have been made and the alterations entered on the office plan as aforesaid, the boundaries shown in such survey shall be deemed the boundaries of such claim.

12. *Shafts shall be made safe for the public.*—Any miner who may sink a shaft or make an excavation upon his claim in search of auriferous quartz within twenty (20) feet of any public road or ordinary crossing-place, shall substantially fence or embank in such shaft or excavation to the height of at least four (4) feet, and maintain the same during the occupancy of such claim. No person shall destroy or remove any such fence or embankment or any portion thereof without previously filling up such shaft or excavation.

SECTION V.

1. *Machinery sites.*—Any person or persons may take possession of and occupy a site upon which to erect machinery for the purpose of crushing or extracting gold or other metals from quartz, cement, pyrites, or any similar substance connected with mining, any extent of unoccupied Crown lands not exceeding three (3) acres, the length thereof in no case to exceed twice the breadth, provided such site be not on any known reef, or within fifty (50) yards of any known reef, and does not interfere with residence sites or any existing rights to the said land in that locality.

2. *Application.*—The applicant for a machinery site shall, as far as practicable, in the first place, erect posts at each angle of the ground, for the purpose of defining, as nearly as possible, the boundaries of such site, such posts to be six (6) inches square and standing three (3) feet above the ground, each post to have a metal plate on it, with the words "Applied for machinery site," with the name of the applicant, painted thereon, such notices to be maintained, as far as practicable, until the date of registration of such site; and the applicant shall, within forty-eight (48) hours after marking out such site, leave with the mining registrar a notice in the form of the schedule hereto annexed numbered 8, and publish a copy of such notice in any newspaper published or circulating in the division in which the site is situated, giving, as far as practicable, the exact position of the ground applied for.

3. *Survey and registration.*—The applicant shall then cause the site to be surveyed by the mining surveyor appointed to make surveys under the bye-laws for the division in which such machinery site is situated, and shall, upon the expiration of twenty-one (21) days of the first marking out of the site, lodge a plan of it with the mining registrar, and register such site and the owners thereof in the same way that claims and shares therein are registered; and the mining registrar shall issue certificates of the same in the form of No. 9 hereto attached.

4. *Exemption.*—The applicants or registered owners of any machinery site shall be allowed six (6) months for the erection of their machinery, after which, if having worked their machinery for any period not less than six (6) months for any of the purposes named in the bye-law, they may, on application to the registrar, obtain exemption for the same for a period of six (6) months from the date of ceasing to work, and the registrar shall issue an exemption certificate in the form of No. 2 hereto annexed.

5. *Forfeiture.*—Two months after ceasing to work the machinery for which any machinery site has been obtained, without having the same exempted, or seven (7) days after period of exemption has expired, without work being resumed, such site may by the warden be declared abandoned; or if the owners or applicants of any machinery site should fail to erect the machinery for which the site was obtained within six (6) months after the first marking out such site, on the application of any miner it may by the warden be declared abandoned, and on such declaration being made the first applicant may be put in possession of the same without having to pay compensation to former owners. Provided that the former owners shall be allowed two (2) months from the date of such declaration to remove any machinery they may have erected on the said site. But no machinery site shall be declared abandoned if the machinery be in perfect working order and cannot be worked through want of water or such material to crush for which the site was granted, or from other and sufficient cause proved before a warden.

SECTION VI.—PUDDLING AND CEMENT CRUSHING.

1. *Machines not to be placed on workable ground.*—No race, dam, dam-bank, machine, roadway, waterhole, or water, shall be made, placed, formed, or collected upon auriferous ground, nor in such a position as to prevent or hinder any miner from taking out auriferous earth, quartz, or other substance, and the owner of any such race, dam, dam-bank, machine, waterhole, or water so situated, shall be compelled to remove the same. Provided always, that no such owner shall be compelled to remove the same until compensation for such removal shall have been paid or tendered to him by the miner or miners seeking to enforce such removal, and the amount of compensation to be determined by the warden.

2. *Dams, machines, &c., authorized.*—Any miner may form a dam, well, or waterhole, or erect a puddling machine, but so as not to prejudice the rights of any other person under this bye-law or otherwise, provided that such miner shall first personally serve upon the owners (or persons in charge) of two (2) machines or registered dams nearest to the site required a notice in the form prescribed in Schedule 5 annexed, provided such machines are not more than half (½) a mile distant from the said site; and in case there should not be so many as two (2) machines or registered dams within the said distance, then upon any store-keeper or smith residing within the distance aforesaid; or if there be none such, then upon any miner or miners working nearest to such site. And the applicant shall, if required by any person upon whom such notice is served, go to and point out to such person the exact position of such site. Any person to whom such notice is tendered (if tendered in accordance with this bye-law) shall insert in writing on the back of same, and in the manner therein prescribed, the date on which it was served upon him, and his approval of or objection to the occupation of such site. After the expiration of three (3) clear days from the day of the service of the said notice, but not before, and if within that period no proceedings before a competent tribunal have been taken to prevent the formation or erection proposed, the person who has served the said notice may, but subject to the provisions of clause three (3) of this section, proceed with such formation or erection. If any such proceedings be taken, then after their determination in favor of the person who has served the notice, and after the lapse of the said three (3) days, and subject as aforesaid, such person may so proceed. On compliance with the aforesaid conditions, applications shall be made to the registrar, who shall register such site and issue a certificate in the form of Schedule 7, and no miner shall be deemed to be legally in possession of any site until such site has been so registered.

3. *Sites of dams, &c., to be surveyed.*—No person shall obtain the grant of a site for a puddling mill, dam, or easements therewith, save upon the survey and report made by a mining surveyor, and the said surveyor shall see that a notice has been received by the persons named in and in accordance with clause 2 of this section before making the survey, and shall give a copy of his report and plans of said site to the applicant; and also the said surveyor shall, on making such plan, connect the site of the proposed mill or dam, &c., with some point so as to secure its identity.

4. *Claims when exempted.*—When any miner is engaged in the erection of steam or horse machinery for puddling or crushing cement, it shall be competent for him to mark off the claim which he proposes to occupy in connection with such machinery, and the said claim shall be deemed his claim to occupy in connection with such machinery; but he shall duly work the same within two (2) months after the so marking it off; and when any miner, notwithstanding proper precautions on his part, shall be, through the want of water, unable to work his claim, he shall not forfeit the same nor any portion thereof on that account. And this clause further provides that it shall

be competent for any miner, upon giving notice to the registrar of the division, to obtain three (3) months' exemption in any one (1) year, provided three (3) months' *bona fide* work shall have been done upon the claim immediately preceding the application for such exemption, such application to be made in accordance with Schedule 2 hereunto annexed, and the registrar shall thereupon issue to the aforesaid miner a certificate, and the said miner shall post up a notice on a conspicuous part of the claim, with the number and date of such certificate, and the letter E legibly painted thereon.

5. *Changing a road.*—If any miner be desirous to change the direction of any private road, he shall, for a period of seven (7) days previous to such change, affix a notice of such desire in a conspicuous place in such road.

6. *Machines, &c., not to be too close to roads.*—No puddling or crushing machine of any description shall be placed within the distance of fifteen (15) feet from the edge of any road or crossing-place in use.

7. *Sludge and water to be kept off roads.*—No person shall allow any water or sludge flowing from his mill, dam, or machine to run or spread over any road, footpath, or crossing-place in common use, unless the same shall be in an authorized drain.

8. *Dams, &c., to be properly made.*—When any person shall receive authority under this section to make any waterhole or dam, he shall excavate the earth to the depth of twelve (12) feet, unless the bed rock lies nearer to the surface, in which latter case the said dam or waterhole shall be excavated to the rock.

9. *Dams not to be made near reefs.*—No waterhole, race, or dam shall be made by any miner within the distance of twenty (20) yards from the line of any quartz workings; and the removal or alteration of any race, waterhole, or dam respectively, which is proved to discharge water into any underground workings, may be made on payment of such sum of money as may be deemed equitable to be paid by the person benefited to the owner of the said waterhole or dam; and any such removal or alteration of any such race or dam shall be effected in such manner as may be directed by the warden of the district.

10. *Water not to be taken from dams.*—No person shall, without the consent of the owner thereof, take away or make use of any water which may be in any duly authorized waterhole or dam, nor shall any person drive, or allow his or their cattle into any such hole or dam, but any person may carry water therefrom for domestic purposes only. Provided, however, that it shall be lawful for any person to take water from any dam or waterhole when such dam or waterhole shall have been (under the provisions of this section) unused for the purposes intended for a period of three (3) months.

11. *Forfeiture of puddling dams, &c., by neglect to use them.*—The owner of any dam, waterhole, well, or site of machine neglecting or discontinuing the use of the same in connection with his own mining operations for a period of six (6) months, except in the case of want of water, shall thereby forfeit all right, title, and interest therein.

12. *Puddlers or others not to pump water from other miners.*—No puddler or other person shall pump, take away, or damage any water which may be in any unregistered waterhole or excavation of any kind, if any other miner shall be at work at such waterhole or excavation and require the water for puddling purposes, unless such puddler or other person shall have previously obtained the consent of such miner or other competent authority.

13. *Machines, &c., obstructing creeks.*—It shall not be lawful for any person to hold or place any machine, dam, waterhole, bank washing stuff, or building of any kind so as to impede the passage of water or sludge in any channel or creek within the district in which mining operations are carried on, or within the distance of fifteen (15) feet from the edge of any channel or creek as aforesaid.

14. *Drains for machines, &c., to be made.*—The owner or occupier of any machine or claim which discharges sludge or water shall, if necessary, under the direction and subject to the approval of the superintendent of drains for the time being, make, for the proper conveyance of such sludge or water to the main drain of the gully or flat in which such machine is situated, a good and sufficient drain; and every such private drain shall be excavated and made as nearly as possible to the same depth as that of the main drain into which it shall discharge and join; and when, in any branch gully, there shall be no proper main drain, then such private drain shall, subject and under like direction, be made and united in the manner most convenient to the private drain of any other machines in the same gully; and the owner of such private drain shall at all times maintain the same in good order and free from obstruction.

15. *Making drains across roads, &c.*—Any person who may enjoy the use of any drain crossing any road or footpath, or who may be desirous to make any drain of any kind across any road or footpath, shall make or hold such drain only upon obtaining permission from the owner of said road or footpath or other competent authority; and such drains, and the bridges in connection therewith, shall be constructed and kept in repair by the owner of such drains.

16. *Protection of sludge or water drains and reservoirs.*—No person shall, in any way whatsoever, interfere with any private or public sludge or water channel without the written authority of the owner or superintendent of sludge and water drains. But it shall be lawful for the superintendent, or any one authorized by the board, to mark off and hold certain areas, to be called sludge or tailing reservoirs, for the more convenient depositing of the sludge or tailings flowing from puddling, quartz crushing, or other machines; such areas to be marked by posts three (3) inches in thickness, and standing three (3) feet above the surface of the ground, with the words painted thereon, "Sludge" or "Tailings reservoir."

17. *Puddling and cement crushing.*—In all partially worked and unoccupied ground where horse machinery is employed, any miner or miners employing not less than two (2) men to each machine, shall be entitled to hold one (1) acre in not

more than two (2) blocks to each machine, exclusive of the site of his or their mill, and where steam machinery is employed three (3) acres, which may be taken up in not more than two (2) blocks, the working of either of which shall be deemed a working of the claim. Provided that no such claims be allowed on any goldfield until after the expiration of twelve (12) months from the date of the day on which the prospecting claim of such goldfield was allowed, and any such claim left unworked for ninety-six (96) consecutive hours (except in the case of want of water) shall be declared forfeited.

SECTION VII.

1. *Rules and regulations for mining partnership.*—In any mining partnership or company formed for the purpose of extracting gold from any claim held under miners' rights, where the rules and regulations of the said company shall not otherwise provide, or where the said company shall not have any rules and regulations in writing, the rights and privileges of the several members shall be held and enjoyed subject to the following rules and regulations:—

The decision of a majority of shareholders in number and value shall (subject to any bye-law made or hereafter to be made by this board) be final on all questions relating to the working of the mine, or the amount of money to be paid by each member into the funds of the company for the purpose of carrying on the works, or for the erection of machinery, or for drainage purposes; provided that each member shall be liable to pay a share of the expenses, and shall be entitled to receive a share of the profits of the company, proportionate to the value of the share held by him. When any call of money shall have been made by a majority as aforesaid, every member shall forthwith pay unto the person appointed to receive the same his part or proportion thereof; and every call shall become due twenty-four (24) hours after the same shall be made. When any member shall make default in payment of any such call for the space of fourteen (14) days next after such call shall have become due, a meeting of the company shall be called in the same manner as the meetings of the said company have heretofore usually been called, and notice of such meeting, in the form and to the effect hereinafter provided, shall be delivered to the defaulting member, or advertised three (3) clear days in one or more newspapers circulating or published in the division in which the claim is situated before the time of holding such meeting, and such notice shall be signed by the manager or other presiding member of the company. And when said meeting shall be held, if the said defaulting member shall not in the meantime have paid up all arrears due by him, and shall not be present, or being present shall not then pay up the amount due, a majority of the members then present, having paid up all arrears, may declare the share or shares of the said defaulting member to be forfeited and without any further notice to the defaulter, and the said share or shares, with all right, title, or interest to or in any capital, machinery, or other property of the company, shall be forfeited.

Provided always that, when any share or shares have been declared by the said shareholders forfeited, such share or shares shall be put up for sale by public auction, of which previous notice shall be given of at least three (3) succeeding days in some newspaper published or circulating in the division, or if there be no such newspaper, then in two (2) newspapers circulating in the district where the claim is situated, and shall at such sale be sold to the highest bidder; and the proceeds of such sale, after payment of the expenses thereof, shall, so far as they will extend, be appropriated in liquidation of the debt due to the company on such share or shares; the surplus, if any, shall be delivered to the former owner of the said share or shares, and after payment of the expenses of such sale, and of the call or calls due on such share or shares, on his executing to the said company and the shareholders thereof a release of all claims in respect thereof.

The following is the notice referred to:—

To A. B. (the defaulter).
 Sir,—You are requested to take notice that a meeting of the company, of which you are a shareholder, will be held at _____ on the _____ day of _____ 18____, at which you are requested to attend.
 You are indebted to the company for calls now due over fourteen (14) days, in the sum of £____, and unless that sum be paid at or before said meeting your share (or shares) will be forfeited.

C. D.,
 Manager or Secretary (as the case may be).

SECTION VIII.—RESIDENCE RIGHTS.

1. *Residence under miner's right.*—Any holder of a miner's right may occupy for residence, exclusive of his mining claim, one quarter (¼) of an acre, that is to say, sixty-six (66) feet by one hundred and sixty-five (165) feet, and that area shall be defined by having a substantial post, to be at least three (3) feet above the surface of the ground, placed at each corner. Provided that, in the event of such holder of a miner's right having marked off a residence area, not commencing to erect his residence within one (1) week from the time of so marking off, nor residing upon such allotment within two (2) months from the date of taking possession thereof, he shall be deemed to have abandoned the same, and any other miner, upon application to the warden, may be put in possession of the same.

2. *Buildings not to be crowded.*—No miner or holder of a business license shall erect a dwelling-house or stable, or stack any hay, washing stuff, stone, tailings, or any other thing, within

forty (40) feet of any residence erected on land alienated from the Crown, or on land held for residence or mining under a miner's right, or as a residence under a business license.

3. *Extent of ground under business licenses.*—The holder of a business license shall be entitled to an allotment of ground having a frontage of thirty-six (36) feet by a depth of one hundred and fifty (150) feet, and wherever a large rush is anticipated the mining surveyor shall mark off a site for a street or streets in a convenient situation not likely to be auriferous, such streets to be one and a half (1½) chains wide, and shall mark the allotments for business places along such street or streets; and after such site has been marked off it shall be reserved for holders of business licenses only, and no holder of a miner's right shall be allowed to occupy such allotments for the purpose of residence except such as had erected their abode previous to the marking off of same as aforesaid; and to entitle any holder of a business license to occupy any of such allotments for business purposes, he shall first cause the same to be registered by the mining registrar, who shall give a certificate of such registration in the form of Schedule 10 hereunto annexed, such business sites to be occupied by the owner or his representative within seven (7) days, or the same shall be liable to forfeiture.

4. *Protection of residence.*—Any holder of a miner's right who may have resided on the portion of land allowed him for residential purposes for a period of not less than six (6) months shall be entitled to leave the said residence unoccupied for a period not exceeding six (6) months, on his making application to the registrar of the division in which his residence is situated asking for the protection thereof; the registrar shall thereupon issue to the applicant a certificate in the form of Schedule 2, or to a like effect. Provided that, if after the expiration of the above term of protection, or if after leaving the same for a period of twenty-eight (28) days without protection, possession be not immediately resumed, any miner may make application to the warden to have the said residence area declared abandoned, and on such declaration of abandonment being made may be put in possession thereof without being called upon to pay any compensation. Provided always, that the previous occupier be allowed to remove within a reasonable time any buildings which he may have erected thereon.

5. *Waterholes for domestic purposes.*—Where any miner or miners, or holders of business licenses, find it necessary to reserve a waterhole for domestic purposes, the same shall be protected from damage. Provided that the same shall not exceed in quantity of water or extent of area of ground what shall be absolutely necessary for the domestic purposes of the applicant or applicants, who shall not be allowed to sell any water so protected. And that in case of long-continued drought or scarcity of water, the waterhole so protected shall become public property for domestic purposes only. And this clause further provides that any person or persons wishing to protect a waterhole for the above purposes must cause a notice to that effect to be placed on a post along-side of such hole.

6. *Registration of residence areas.*—Every holder of a residence area held under a miner's right may, at any time after marking off and taking possession of the same, cause such area to be registered in a book kept by the mining registrar for that purpose, and that twenty-eight (28) days be allowed from the time of marking off for the erection of a residence.

SECTION IX.—ELECTION OF MANAGERS OF THE GOLDFIELDS COMMONS WITHIN THE MINING DISTRICT OF SANDHURST.

1. *Annual election.*—That the annual election of managers of the goldfields commons within the mining district of Sandhurst shall take place at the first regular meeting of the board held in July each year, or as soon thereafter as practicable.

2. *Mode of election.*—That such election shall take place by ballot, and each member of the board may vote thereat.

3. *Assent of candidate to be given in writing.*—That no person shall be nominated or elected to fill the office of manager without his assent in writing, which assent shall be given to the chairman by the member nominating when required so to do by any member of the board.

4. *Chairman and clerk to count votes, and declare result in writing.*—That the votes so soon as recorded shall be counted in the presence of the members by the chairman, who shall be assisted by the clerk of the board, and the chairman, upon ascertaining the result of such election, shall declare the names of the successful candidates to the board as being duly elected, and shall thereupon direct the clerk to enter such declaration in the minute-book, and acquaint, in writing, the persons elected to fill the office of managers of such circumstance.

5. *Removal of managers.*—Managers when elected shall be entitled to retain office for twelve (12) months, but the mining board may at any time before the expiration of that period remove any one or more of the managers from office if it should be deemed by the board or a majority of its members expedient to do so; and on the removal by the board of any such manager the board will or may elect another in his stead, and the person so elected shall hold such office for the remainder of the term his predecessor would have been entitled to have held the same unless removed by the mining board.

SECTION X.—CREEK OR RIVER CLAIMS FOR SLUICING PURPOSES.

1. *Claims to be properly marked.*—All claims taken up or occupied under this section shall be marked in the same manner as provided by clause I., section 3 of this No. 10 By-law for alluvial claims.

2. *Extent of claim.*—The greatest extent of ground that miners shall be entitled to mark off and hold along the course

of a creek or river as claims for sluicing purposes shall be as follows, viz.:

One miner	40 yards
Two miners	60 "
Three miners	80 "
Four miners	100 "
Five miners	120 "
Six miners	140 "
Seven miners	150 "
Eight miners	160 "

by a width not exceeding 100 yards, and no larger area shall be allowed.

3. *Registration and working.*—All claims taken up under this section shall be registered with the nearest mining registrar within seven (7) days after marking off the claim, and the full number of men (owners or representatives) entitled to hold the claim shall be constantly at work on or in connection with the same every lawful day after such registration, otherwise such claim may be declared forfeited in the same manner as any other claim held under this bye-law. Provided that the privileges conferred by clauses 8 and 9 of section 2 of this bye-law shall be extended to and made use of in this section.

4. *Prospecting.*—Any miner or party of miners discovering ground containing payable gold if distant not less than one (1) mile from the nearest boundary of any claim being worked, or of ground that has been worked, shall be entitled, on reporting such discovery to the nearest mining registrar, to double the extent of ground in length to that of an ordinary claim.

INTERPRETATION CLAUSE.

Construction of words and terms.—For the purpose of this bye-law, and any other or others that may be subsequently made, the word "miner" shall also be construed to mean any holder of a miner's right, and the word "machine" to mean any engine, mill, or other apparatus (not being a trough or puddling tub) used in mining or for the purpose of separating gold from any other substance; and throughout this bye-law every word and term used in the singular number or masculine gender only shall be construed equally to imply and include the plural number and females as well as males, unless there be something in the context repugnant to such construction; and the word "warden" shall mean one of Her Majesty's wardens in and for the colony or in and for any district thereof; and "payable quartz or payable gold" shall mean that which shall yield a return after the cost (average wages included) of procuring and crushing or washing twenty (20) tons of material, irrespective of sinking a shaft or putting in drives or levels, or assessments for pumping; and the words "mining registrar" and "registrar" shall mean any officer to be appointed to effect registration of mining interests in this district; and the words "mining surveyor" and "surveyor" shall mean any officer to be appointed to make surveys in accordance with this bye-law; and the word "prospector" shall mean any person or persons engaged in searching for or discovering any new vein of quartz, lost or abandoned lead, or deposit of gold. The term "alluvial claim" shall mean all debris from the surface to the bed rock, and the term "quartz claim" shall mean all the rock or other substance from the bed rock downwards. "Wet sinking" shall mean when not less than three hundred (300) gallons of water shall be required to be drawn in each twenty-four (24) hours for six (6) consecutive days. Wherever the word "month" appears in this bye-law it shall be taken to mean calendar month.

Tenders.

TENDERS FOR GRAZING.

TENDERS will be received by the Board of Land and Works, at Melbourne, up to Noon of Friday the 11th day of July next, under the 47th section of *The Land Act 1869*, for the occupation for grazing purposes only of the following unappropriated portion of land, subject to the following conditions and to the provisions of the 103rd and 104th sections of *Land Act 1869*:—

1. The period of occupation will be one year from the date of the acceptance of the tender.
2. The license fee must be paid every year in advance; the first fee must accompany the tender or be paid by the successful tenderer or his agent immediately on the declaration of the tenders, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition will be accepted.
3. The licensees will be subject to the granting of licenses under the 19th section of *Land Act 1869*, without any reduction of the license fee or allowance for compensation during the current year of occupancy.
4. If the land be not required for sale or for other appropriation, the license will be renewable at the option of the said Board, on the same terms and conditions, provided application be made by licensee two months prior to the expiry of the current license, and payment of license fee for the ensuing year be made, on the approval of the Board being signified.

5. If any error whatsoever be made to appear in the description or area of the portions of land to be licensed hereunder, the same shall be rectified, and a compensation or equivalent in satisfaction thereof shall be determined by the Board of Land and Works, and accepted by the licensee in full of claim for loss or damage sustained thereby; or in the event of the licensee being dissatisfied with the amount so determined, the Board may cancel such license, and return to the licensee the proportionate part of the license fee for the unexpired term of such license.

6. Any improvements made upon the land will be so made at the risk of the licensee, as no compensation will be made for such improvements, neither will any time after the expiration of this license be allowed to remove any improvement so made.

7. The highest or any tender not necessarily accepted. Plans and information may be obtained in this office.

FORAGE—1873-74.

TENDERS will be received at the Pay Office, Treasury, Melbourne, until Ten o'clock a.m. on Tuesday the 22nd July next, for the supply of Forage, in such quantities as may be required for the service of the Government at the under-mentioned Stations, from the 1st August 1873 to the 28th February 1874.

Table with columns: District, Station, Estimated Quarterly Consumption for Police Horses. Sub-columns: Oats, Bran, Hay, Straw. Includes districts like Ballarat, Bourke, Castlemaine, Geelong, Gippsland, Kilmore, Maryborough, Ovens, Sandhurst.

FORAGE—continued.

Table with columns: District, Station, Estimated Quarterly Consumption for Police Horses. Sub-columns: Oats, Bran, Hay, Straw. Includes districts like Sandhurst, Upper Goulburn, Western, Wimmera, and specific stations like Elmore, Huntly, Kangaroo Flat, etc.

Printed forms of tender and conditions of contract (dated 28th March 1873) may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

Telegrams will not be entertained, and tenders should be upon the printed form.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable. The tender must show the particular kind of hay or straw offered.

Tenders must express the prices in words as well as in figures, and without alterations, erasures, or discrepancies.

As much forage as can be stored at any station where the storage is small, will, for the convenience of the contractor, be ordered at one time.

The price must be per cential of 100 lbs. (net weight), including delivery at the stations and all charges; bags to be returned when empty.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Stores Tender-box at the Pay Office, Treasury, Melbourne, or (if sent by post) they must be addressed to the Chairman of the Tender Board, Stores Tender Board Offices, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

EDWARD LANGTON, Treasurer.

Treasury, Melbourne, 20th June 1873.

PUBLIC WORKS OFFICE, MELBOURNE.

TENDERS will be received at this office until Twelve o'clock on the days and for the purposes undermentioned. Particulars may be learnt at this office, and also at the offices named in each instance.

The Board of Land and Works will not necessarily accept the lowest or any tender.

Sundry Works, Industrial Schools, Sunbury. Plans, &c., also at the Industrial Schools, Sunbury. Deposit £15 ... 3rd July
Works at the Geelong Gaol. Specification, &c., also at the Sheriff's Office, Geelong. Deposit £5 ... 10th July

ALEXANDER FRASER,
Commissioner of Public Works.

RAILWAY SLEEPERS, ETC.

TENDERS are invited for the supply of 16,000 Sleepers and 500 lineal feet of Crossing Timber.

A preliminary deposit must accompany each tender. Full particulars at the Engineer-in-Chief's Office, Batman's Hill, and at Station Master's Offices, Sandhurst and Echuca. Tenders must be deposited in the Railway Tender-box, Crown Lands Office, La Trobe street west, at or before Twelve o'clock noon on Friday, 4th July next.

The lowest or any tender will not necessarily be accepted.

D. GILLIES,
Commissioner of Railways and Roads.

Department of Railways and Roads,
Secretary's Office, Spencer street,
Melbourne, 24th June 1873.

BROKEN METAL.

TENDERS are invited for supply of Twelve hundred cubic yards of Machine and Hand-broken Metal, in two separate portions, for the Dandenong road through Oakleigh.

A preliminary deposit of £15 must accompany each tender. Full particulars at the Engineer-in-Chief's Office, Batman's Hill.

Tenders must be deposited in the Railway Tender-box, Crown Lands Office, La Trobe street west, at or before Twelve o'clock noon on Friday the 27th June.

The lowest or any tender will not necessarily be accepted.

D. GILLIES,
Commissioner of Railways and Roads.

Department of Railways and Roads,
Secretary's Office, Spencer street,
Melbourne, 19th June 1873.

CONVEYANCE OF MAILS.

TENDERS will be received at this office until Noon of Tuesday, 15th July, for the Conveyance of Mails as undermentioned, from 1st August 1873 to 30th June 1874:—

SERVICES REQUIRED.

To and from Rochester and Terrick-terrick, twice a week; or
To and from Raywood and Terrick-terrick, twice a week.
To and from Longerenong and Lal-lal, once or twice a week.
To and from Newhaven and Griffith's Point, two days a week.
To and from Dunkeld and Victoria Valley (State School), once or twice a week.

W. TURNER,
Deputy Postmaster-General.

General Post Office,
Melbourne, 23rd June 1873.

AUSTRALIAN TIMBER.

TENDERS are invited for supplying the Colonial Store Department at Colombo with the following descriptions and quantities of Australian timber, on the conditions named below:—

200 logs Red Gum (Eucalyptus Rostrata), 12 in. by 12 in.:—50 logs of 20, 50 logs of 30, 50 logs of 40, and 50 logs of 45 feet long.
3000 planks do., 6 by 4:—2000 of 18 feet long, and 1000 of 15 feet long.

25 logs Cedar, of the various lengths and dimensions ordinarily procurable.

1000 Red Gum Railway Sleepers, 9 feet by 10 in. by 5 in. The timber is to be delivered duty paid and free from all expenses to Government, beyond the contract price, within the Colonial Store Timber Yard, on the Galle Buck, at Colombo.

The delivery should be completed before April 1874. The timber is to be measured and paid for by girth measurement, excluding defects, and by the scales of Hoppus' Measure Book, nothing under a quarter of an inch being included; allowance to be made in length for split or defective ends; Queen's caliper or freight measurement is not admitted.

As only straight square timber of the best quality, free from sap and defect, is required, it is clearly to be understood that

not under any deduction of measurement, however large, will inferior timber be accepted.

Measurement is to be made in the timber yard in the presence of such person as may be deputed by the contractor to superintend and agree upon the measurement, which is to take place as soon as circumstances will allow, no avoidable delay taking place.

Payment will be made for each delivery as soon as possible not exceeding 15 days from the completion of measurement.

Tenders for the above stated timber or a portion thereof, which must express the price per cubic foot in rupees and cents, local currency, under the above conditions, will be received by the Colonial Secretary, marked "Tender for Australian Timber," until 31st August 1873.

Colonial Store,
C. S.
Colombo, 1st May 1873.

SHIRE OF MINHAMITE.

BYE-LAW No. 1.

BYE-LAW of the Council of the Shire of Minhamite providing for the management of the affairs and proceedings of the council, made under sections 187, 188, and 195 of the Shires Statute: The Council of the Shire of Minhamite ordain as follows, that is to say:—

1. The first business of each meeting of the council shall be the reading of the minutes of the preceding meeting and their confirmation, but no discussion shall take place thereon, except as to the accuracy thereof.

2. After the disposal of the minutes the following shall be the order of business:—

1. Correspondence read.
2. Petitions and memorials presented.
3. Reports brought up.
4. Motions and orders of the day considered.
5. The correspondence taken into consideration.
6. Incidental business.
7. Tenders and accounts dealt with.

3. Petitions and memorials shall be presented by members of the council only, who shall be responsible for their being couched in respectful language. No debate shall take place on a petition or memorial at the meeting when presented, the only question being as to whether it shall be received, and if necessary, that it be referred to a committee or officer of the council for consideration and report. Notice must then be given in the usual way, and the subject-matter considered in the orders of the day at the next ordinary meeting.

4. The orders of the day shall include all matters arising out of the proceedings of former meetings of council and such other business as the president may think fit to bring under consideration.

5. No motion entered on the notice book shall be proceeded with unless the member who gave such notice is present when the motion is called, unless some other member is authorized, in writing, by the proposer to take up the motion during his absence; and all notices not so proceeded with shall be struck out.

6. No motion involving an expenditure exceeding £10 shall be discussed or decided, nor shall such expenditure be incurred at any meeting of the council, unless notice of motion shall have been given at previous meeting.

7. All notices of motion must be read aloud, and signed and handed to the secretary by the proposer during the sitting of the council, for insertion in the minute or notice book.

8. All councillors, including the president, shall stand while addressing the council, and no councillor when speaking shall be interrupted unless called to order, in which case the councillor calling to order shall be heard thereon in preference to any other speaker, and the question of order shall be disposed of before the subject is resumed or any other subject entered upon.

9. Any councillor desirous of proposing an amendment must state the nature of such amendment before addressing the council in support thereof, and deliver the written form thereof, signed by himself, to the secretary, who shall add thereto the name of the seconder. No amendment so made shall be withdrawn without leave of the council; no motion or amendment shall be entertained or discussed unless it be seconded.

10. No councillor shall speak twice on the same motion or amendment, except by way of explanation, or in reply upon any original motion of which he may have been the mover, or the mover of the amendment last proposed, unless by the permission of a majority of the council; and the president or acting chairman shall, without waiting for the interposition of the council, call to order any councillor so transgressing.

11. No councillor shall digress from the subject-matter under discussion, or impute improper motives to other councillors or officers of the council; and all personal reflections or unproved charges of corrupt practice shall be considered highly disorderly, and the utterer shall be liable to a penalty of not exceeding (£5) Five pounds.

12. In taking the sense of the council, the president shall put the question first in the affirmative, then in the negative. The council shall in all cases vote by show of hands, and on a division the names of the members voting pro and con shall be recorded. The last amendment moved must be put first, and if carried, must then be put as an original motion, on which an amendment can be moved as before. It shall be competent for any councillor to move one amendment in any one question, but no more. The ruling of the president shall be final in all points of order, and shall be given without comment or argument, except by way of citing precedents. If two or more members rise to speak at the same time, the president shall decide who has the first claim to be heard.

13. If any motion is negative or allowed to lapse through the absence of the proposer, it shall not be again brought before the council for a period of six months, except by the consent of two-thirds of the members of the whole council.

14. No discussion shall be allowed on any motion for the adjournment of the council, and if the motion be negative, the subject then under consideration, or the next on the notice paper, or any other that may be allowed precedence by the president, shall be discussed before any subsequent motion for adjournment be entertained; but if the motion for adjournment be carried, then the business undisposed of shall have precedence at the next meeting of council.

Passed at an adjourned ordinary meeting of the Council of the Shire of Minhamite on the 21st day of April 1873.

EDWARD HURST,
Chairman of the Council of the Shire of Minhamite, in the absence of the President.
JNO. L. HUNTLY,
Secretary of the Shire Council of Minhamite.

Pursuant to the provisions of the 191st section of the Shires Statute, I hereby certify that, in my opinion, bye-law number one of the Council of the Shire of Minhamite is not contrary to any law in Victoria.

J. W. STEPHEN,
Attorney-General.

GUILDFORD PUBLIC CEMETERY.

THE RULES AND REGULATIONS OF THE GUILDFORD GENERAL CEMETERY.

BEFORE any interment shall take place application for permission shall be made to the secretary a reasonable time previously, when an order will be given to the applicant upon payment of the proper charges.

2. The trustees will cause all ordinary graves to be dug, but parties wanting brick graves or vaults will be required to construct them at their own expense under the direction of the trustees.

3. The usual hours for interments shall be from 10 a.m. to 5 p.m.

4. The procession will be expected to arrive at the cemetery at the hour appointed for interment.

5. The trustees will permit vaults or graves to be dug, maintained, and kept as private burial places; and monuments or tombstones may be erected or placed therein in accordance with the following Rules and Regulations.

6. Private graves will be granted on application to the secretary, subject to the approval of the trustees and payment of the proper fees.

7. In case interment is to be made in any private grave or vault, the consent in writing of the owners thereof must be left with the order.

8. Every coffin deposited in a vault or brick grave must be covered with a slab of stone, slate, or iron, and cemented.

9. All vaults, graves, monuments, gravestones, and fences to be kept in proper repair and condition at the expense of owner.

10. A drawing of every headstone or tomb, together with a copy of every epitaph or inscription, shall be submitted to the trustees for approval before permission for the placing of the same in the cemetery be given.

11. No fencing around any grave will be permitted to be erected until approved by the trustees.

12. The registers and a plan of the cemetery will be kept by the secretary.

13. Any person who shall wantonly or wilfully do or cause to be done any damage to the cemetery or its monuments, headstones, fences, trees, shrubs, or flowers, will be prosecuted as the law directs.

14. In no case shall a grave for an adult be a less depth than six feet, and under 12 years four feet, unless by special permission of the trustees.

15. No servant or other person employed by or engaged on any duty on behalf of the trustees will be permitted any gratuity for the discharge thereof, save and except the sexton when he shall be requested by the owners of any vault or grave to keep the same in good order.

The foregoing Rules were adopted by the Trustees of the Guildford General Cemetery on the 27th day of May A.D. 1873.

The reputed owners being Joseph Ware and the Honorable William Bayles.

3. To make a new road, 3 chains wide, extending south-easterly through allotments 2, 3, and 7 of section 2, and 3 and 4 of section 3, in the parish of South Quamby. The reputed owners being Joseph Ware and the Honorable William Bayles.

4. To increase to 3 chains the width of a certain road: Commencing at the north-west angle of section 21, parish of South Caramut; thence south between sections 20 and 21, in said parish, and sections 1, 2, and 3, in the parish of North Quamby, through part of section 4 and sections 5 and 7, in the said parish. The reputed owner being Joseph Ware.

5. A new road extending south-easterly and southerly through section 12 to section 2, parish of South Quamby, and also extending through sections 12 and 13 south-easterly across Muston's Creek to the south-east corner of allotment 3 of section 7, parish of Caramut. The reputed owner being Joseph Ware.

6. To increase to 3 chains the width of a certain road: Commencing at the north-east corner of section 1, parish of South Quamby; thence extending south between sections 1 and 4 and 2 and 3 of the said parish to the south-east corner of the said section 4. The reputed owners being Joseph Ware and the Honorable William Bayles.

7. To increase to 3 chains the width of a certain road: Commencing at the north-west angle of allotment 1 section 17, parish of Minjah; thence easterly between sections 11, 12, and 13 and 15, 16 and 17 in the said parish. The reputed owners being Joseph Ware, John Davidson, and William Lindsay.

8. To make a new road, 3 chains wide, extending from the last-mentioned road easterly through section 14 in the parish of Minjah, to the Main Ararat road. The reputed owner being William Lindsay.

9. To increase to 3 chains the width of a certain road extending from the Main Ararat road easterly between allotments 1 and 2, and allotments 3, 4, and 7 of section 5, in the parish of South Quamby; and thence extending northerly between allotment 2 of section 5, and 1 and part of 4 of section 6 in the said parish; thence easterly between sections 3 and 4, and part of 3 in the said parish to the new road hereinafter mentioned. The reputed owners being William Lindsay, Joseph Ware, and the Honorable William Bayles.

10. To make a new road 3 chains wide, extending from the last-mentioned road south-easterly through allotment 3 of section 6, and allotments 1 and 8 of section 8 to the Main Hexham road. The reputed owners being William Lindsay and the Honorable William Bayles.

11. To increase to 3 chains the width of a certain road extending from the Main Hexham road along the north boundary of allotment 2, section 14, and between allotments 7, 8, and 9, and 11, 12, 13, parish of Woolsthorpe. The reputed owners being William Lindsay, William Armstrong, and Alfred Cardinal.

12. To make a new road extending from the last-mentioned road south-easterly through allotment 3 of section 10 in the said parish. The reputed owner being William Armstrong.

13. To increase to 3 chains the width of a certain road: Commencing at the north-east angle of allotment 2, section 14, parish of Woolsthorpe; thence south between sections 13 and 14, to the northern boundary of the parish of Bullanbull. The reputed owner being William Lindsay.

14. To increase to 3 chains the width of a certain road: Commencing at the south-west corner of allotment 4, section 15, parish of Yarturk; thence easterly between sections 15, 14, 13, 12, and 11, parish of Woolsthorpe, and allotments 1, 2, 3, 4, 5 and 6, parish of Bullanbull. The reputed owners being William Lindsay and John Good.

Such new roads to be in lieu of certain other roads within the said parishes and colored green on the plans hereinafter mentioned, and which said roads are to be closed and discontinued as roads, and to be dealt with under the said statute.

Plans of the lands required to be taken, and of the roads proposed to be closed, may be seen at the office of the Shire Council of Warrnambool, situate in Merri street, Warrnambool.

All persons affected by the proposed undertaking are hereby called upon to set forth in writing, addressed to the council or the secretary of the said shire, within forty days from the publication of this notice in the *Government Gazette*, all objections they may have to the said undertaking.

Dated this twenty-fourth day of June One thousand eight hundred and seventy-three.
