## AMENDED RULES OF PILOT BOARD OF VICTORIA.

*Duty of Sea Pilot to ascertain Final Destination of Vessel before mooring.*

26. The sea pilot, before anchoring any vessel in Hobson's Bay, shall ascertain from the master whether the vessel is to be taken alongside any of the wharfs or piers, or moored in the inner harbor; if so, he is to be guided by the master's instructions. He is not to give up pilotage charge of the vessel until she has been finally moored in the berth determined on by the master, unless his services are required on the outer station, in which case another pilot belonging to the same company shall moor her as required without any additional

No. 56.—July 25, 1873.—1.

charge being made. Pilots shall anchor vessels having gunpowder on board in accordance with the rules of the port.

The foregoing rule relative to no additional charge being made for taking ships to final destination is not to apply to vessels that require to discharge cargo to enable them to go alongside any wharf or pier.

*Duty of Sea Pilot where Vessel is bound outwards.*

27. The sea pilot shall also pilot all vessels bound to sea from the berths they occupy, and may move any vessel from any wharf or pier to the inner anchorage at the option of the master. Provided such vessel proceeds to sea within twenty-four (24) hours, Sundays excepted, or unless detained through stress of weather or other unavoidable causes, which shall be determined by the board.

*Harbor Pilots.*

28. The harbor pilots may take charge of such vessels in the outer anchorage as are not prepared to go to their final destination, and shall berth and moor them in such situation in the inner harbor as the master or officer may direct, subject to the regulations of the port. They shall also remove all vessels in the inner harbor not included in the sea pilot's duty.

CHARLES B. PAYNE,  
President of the Pilot Board.

Melbourne.

#### QUARTERLY REPORTS OF INSPECTORS OF SHEEP.

IN pursuance of the provisions of the 12th section of *The Scab Act 1870*, the subjoined reports, which have been transmitted to me by the Inspectors of Sheep, on the state of the districts in which they are respectively acting, as respects the subject-matter of the said Act, and the execution of the same therein, are published.

EDWARD M. CURR,  
Chief Inspector of Sheep.

55 Flinders street west, Melbourne, 19th July 1873.

#### BALLARAT DISTRICT.

I HAVE the honor herewith to forward the quarterly report under the Scab Act.

I have inspected 135,437 sheep during the quarter, all of which were free from disease. I have granted 56 permits under section 67 of the Act, and have had four prosecutions, two under section 22 and two under section 67, gaining a conviction in the two former; the latter were dismissed.

The Board of Advice for this district met twice during the quarter.

D. McRAE.

Ballarat, 30th June 1873.

#### BEECHWORTH DISTRICT.

I HAVE the honor to furnish you with a report of the state of Beechworth district, in accordance with the 12th section of the Scab Act, and to state that the district is quite clean.

RICHARD PERRY.

Beechworth, 1st July 1873.

#### BENALLA DISTRICT.

IN accordance with section 12 of the Scab Act, I have the honor to forward you my report of this district for the quarter ending 30th June relative to scab. There were no sheep under license in the district for more than twelve months, and I know of no scab being now in any part of it. Application was made to have the Killawarra run released from quarantine, but I must give the sheep depasturing thereon a good overhauling before I can feel justified in recommending their release.

M. McEACHERN.

Benalla, 1st July 1873.

#### GEELONG DISTRICT.

I HAVE the honor to hand this my report of the district for the second quarter of the year, and in doing so am glad to be able to state that it still continues clean.

In my last I stated that the western portion of the district had been proclaimed a Clean District, and that steps had been taken to have rest of the district proclaimed. This was done, and it appeared in the *Gazette* of 25th April, "Geelong Clean District (No. 2)."

It was found very inconvenient, as permits were required for removal of sheep from one part to the other, and at a board meeting a resolution was passed "That the two proclaimed Clean Districts should be proclaimed as the Geelong Clean District." But instead of this, No. 2 was withdrawn from the *Gazette* of 30th May, thereby placing the district in the same position as before No. 2 was gazetted.

William Fletcher, of Inverleigh, was fined £50 for driving sheep into No. 1 district without a permit.

JAMES RILEY.

St. Helen's, Geelong West, 3rd July 1873.

#### GIPPSLAND DISTRICT.

IN compliance with the 12th section of the Scab Act 1870, I beg leave to send in my quarterly report as to the state of my district.

I am happy to state that the sheep in my district still continue free from scab.

JNO. M. ALLAN.

Sale, Gippsland, 30th June 1873.

#### HAMILTON DISTRICT.

I HAVE the honor to report for the quarter ending 30th June. Clean certificates have been issued for the sheep on West Strathdownie, and no licenses granted; and I have now only to watch the advance of the season to ascertain whether scab has been eradicated in this district. From the nature of the country, time can be the only test. There may still be diseased sheep in the scrub.

JAMES FENTON SHAW.

Hamilton, 30th June.

#### HEXHAM DISTRICT.

IN compliance with clause 12 of the Scab Act 1870, I have the honor to report that no known scab exists in my district, and I believe all the flocks therein are free from that disease.

EDMUND ELLIOTT.

Warrnambool, 30th June 1873.

#### KILMORE DISTRICT.

I HAVE the honor to forward quarterly report to the 30th June 1873 in accordance with Scab Act. During the quarter my Board of Advice has recommended that Reedy Creek station should be released from quarantine, and I am not aware of any scab in my district at the present time.

WILLIAM SPURLING.

Kilmore, 2nd July 1873.

#### MANSFIELD DISTRICT.

I HAVE the honor to forward you my report for the quarter ending 30th June.

There are no sheep under license in my district, nor am I aware of any scab existing on any of the stations.

I prosecuted Mr. Henry Johnson, of Eglinton, in April last, under sections 33 and 35; he was fined in both cases. I have made a careful inspection of the sheep on Eglinton during this month, and found no symptoms of scab.

The sheep throughout the Mansfield quarantine district are looking well, free from scab, and very little fluke showing this season.

WM. H. McWILLIAM.

Mansfield, 30th June 1873.

#### MELBOURNE DISTRICT.

I HAVE the honor to hand you my report for the quarter ending 30th June 1873 relative to the state of my district as regards scab.

I have issued one license this quarter to Messrs. Beasley and Derrick, at Lancefield, for 3827 sheep. These sheep were purchased on the road, and came from the Kilmore district. I have no prosecutions this quarter. During the whole quarter I have been in the office; the first two months doing duty for you, and the last month detained in town to attend as a witness at the Supreme Court.

JOHN HUNTER KERR.

Melbourne, 26th July 1873.

#### SANDHURST DISTRICT.

I HAVE the honor to report that during the last quarter no fresh cases of scab have come under my notice, and that the only sheep of which I am still doubtful are those of Messrs. Coutts Brothers, on Bunamah and Powlett runs. Several farms are still in quarantine, the owners not having as yet made the necessary application for release, but the sheep are all clean.

F. MACKENZIE.

Castlemaine, 18th July 1873.

#### SEYMOUR DISTRICT.

I HAVE the honor to report as to the state of scab in the Seymour district for the quarter ending 30th June.

There are no sheep under license in this district, and I have had no prosecutions this quarter.

I inspected a large portion of the sheep on Younghusband and Co.'s ten stations, all of which appeared clean, but a scabby sheep bearing their brand was found in one of Mr. Jones' paddocks, so there must be some stragglers lurking in that large tract of rugged and scrubby country, and another shearing must pass before it can be considered a certainty that scab has been eradicated.

I have heard no complaints as to losses from fluke, indeed the sheep appear to be particularly strong and healthy this season.

Pleuro-pneumonia was confined to the one farm at Dargalong where it first showed, but now seems to have almost died out.

I have been absent from my district all June attending as a witness in the case of Lyon v. London and Australian Agency Corporation.

W. H. STEPHEN.

Seymour, 2nd July 1873.

#### WIMMERA DISTRICT.

IN compliance with the provisions of the Scab Act 1870, I have the honor to furnish the following report for the quarter ending 30th June.

The sheep in the Wimmera scab district continue free from scab.

The majority of those that have selected land lately are putting sheep on their holdings, I am sorry to say overstocking in most cases.

ROBERT STIRLING.

Stawell, 1st July 1873.

## COAL.

**TENDERS** will be received until Ten o'clock a.m. on Tuesday the 12th August 1873 from persons willing to supply Screened Coal at Melbourne and Geelong, in such quantities as may be required by the Victorian Railways, from the 1st day of October 1873 to the 30th day of June 1874 inclusive.

The estimated annual consumption at Melbourne will be about 15,000 tons, and at Geelong 4000 tons.

The coal is to be delivered daily on the coal platforms, and during such hours as may be required by the officer receiving, and at such part of the station ground as may be pointed out, in bags each containing 14 cwt. net, weighed at the expense of the contractor on the coal platform.

The contractor will be required at his own cost to provide a sufficient supply of coal bags to keep a two days' supply upon the Melbourne and on the Geelong coal platforms, and the contractor will bear all loss through wear and tear of bags.

The bags will be returned to the contractor on the third day following the delivery, and a receipt must be given by the contractor or his agent, at the time of the receipt of the bags, for all bags returned, and the Government hold themselves responsible only for deficiency in return of bags.

Forms of tender, conditions of contract, and further particulars may be obtained from the General Overseer of Locomotives, Melbourne, the Loco. Foreman at Geelong, or the Railway Storekeeper, Williamstown.

Security will be required to the amount of £1500 for the due fulfilment of the Melbourne, and £500 for the due fulfilment of the Geelong contract, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

The security will be calculated at Ten per cent. upon contracts not exceeding £1000, and at Five per cent. over that sum, but the amount will in no case exceed that above stated.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Secretary of the Tender Board, for Ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Bank deposit-receipts to be in favor of the Secretary of the Tender Board.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, endorsed "Tender for Coal, Railway," are to be deposited in the Tender-box at the Pay Office, Treasury; or (if sent by post) they must be addressed to the Chairman of the Tender Board, Stores, Tender Board Offices, Treasury, Melbourne.

## CONDITIONS.

1. The coal is to be of the very best quality for locomotive engine purposes, quite free from small shale or other impurities, and must be either screened before delivery over a screen with bars at least one inch apart and ten feet long, set at an angle of 45 degrees to the ground level, or hand-picked so as to be of the same size as if screened in the above manner.

2. The contract entered into under this notice is not to be considered as being infringed or vitiated by the importation of coal by the Government for the services of the Victorian Railways.

3. The orders will be issued by an officer of the Railway Department, and should an order be not complied with within twenty-four hours, it will be competent for the local officer who ordered to purchase at the contractor's risk.

4. The contractor will be required to prepare his own account monthly or bi-monthly on the prescribed form, and present the same in a complete state to the Railway Storekeeper, to be passed for payment at the Treasury or at a district pay office, as the case may be.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by the General Overseer of Locomotives, and his decision is to be final.

6. The General Overseer of Locomotives or officer in charge at the station will have the power to reject coal which is of inferior quality, and the contractor must take back the rejected coal, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged to the contractor.

7. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

8. A repetition of irregularity in the quality or quantity of the supplies, or delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding Fifty pounds for each case, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

9. The contractor will not be exempt from wharfage or other import or landing rates.

D. GILLIES,  
Commissioner of Railways and Roads.

Railway Department,  
Melbourne, 22nd July 1873.

## COAL FOR SMITHY PURPOSES.

**TENDERS** will be received until Ten o'clock a.m. on Tuesday the 12th day of August 1873 from persons willing to supply Coal for Smithy purposes, in such quantities as may be required by the Victorian Railways, from 1st October 1873 to 30th June 1874 inclusive.

Security will be required to the amount of Thirty pounds for the due fulfilment of the contract, either in Government debentures, bank deposit-receipt or cash deposit, as the tenderer may elect.

Forms of tender and conditions of contract may be obtained from the Railway Storekeeper, Williamstown, and from the Secretary to the Tender Board.

Tenders must be accompanied by bank notes, or a bank draft in favor of the Secretary of the Tender Board, for £5, which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, endorsed "Tender for Coal for Smithy purposes," are to be deposited in the Tender-box at the Pay Office, Treasury.

## CONDITIONS.

1. The coal is to be of the very best quality for smithy purposes, and must be screened before delivery over a screen with bars half an inch apart, and afterwards through a screen with bars one inch apart, and that which has passed through the bars one inch apart is to be delivered, and is to be what is termed nutty smith's coal, free from lumps, dust, shale, sulphur, and other impurities.

2. The contractor is to deliver the coal screened, ready for use, into the waggons on the railway or breakwater pier at Williamstown, at the option of the Government, or may deliver into the railway waggons at any station on the Victorian Railways. The coal will be weighed by the Government, and such weight and return shall form the basis upon which the contractor's account will be made out.

3. The contractor will be required to produce the invoice and a letter from either company to prove the genuineness of the coal before it will be received. The coal will be afterwards subjected to such test as the Engineer-in-Chief or General Overseer of Locomotives may decide before acceptance.

4. The contract entered into under this notice is not to be considered as being infringed or vitiated by the importation of smiths' coal by the Government for the service of the Victorian Railways, or the purchase of slack or small coal.

5. The contractor will be required to prepare his own account monthly on the prescribed form, and present the same in a complete state to the Railway Storekeeper to be passed for payment to the Treasury.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality of the coal, the same is to be decided by a board of survey composed of persons named by the Commissioner of Railways, and the decision of the board is to be final.

7. If the delay necessary for obtaining the decision of a board of survey should be detrimental to the public service, the Engineer-in-Chief or General Overseer of Locomotives will have the power to reject coal which is of an inferior quality, it being understood that either of these officers will be responsible to the Government for so doing; and the contractor must take back the rejected coal and supply good in its stead, failing which it will be procured elsewhere, and the extra expense charged to him.

8. Irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractors to such mulct, not exceeding Five pounds for each case, as the Government may direct; and it will also be in the power of the Government to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

10. The orders will be issued by the Secretary, and should an order for Australian Agricultural or Wallsend coal not be complied with and satisfied within twenty-one days, the Railway Storekeeper shall have power to obtain the supply elsewhere, and charge the extra cost of same to the contractor.

11. The estimated consumption of coal for smiths' use will be about 200 tons; but the Government do not bind themselves to order that quantity, but only what may be required from time to time.

D. GILLIES,  
Commissioner of Railways and Roads.

Railway Department,  
Melbourne, 22nd July 1873.

### BOOTS AND UNIFORM CLOTHING FOR THE ARTILLERY CORPS.

**TENDERS** will be received until Ten o'clock a.m. on Tuesday the 29th day of July for the supply of Boots and making Uniform in such quantities as may be ordered during the financial year ending the 30th June 1874, viz. :-

Full-dress tunic  
Full-dress trousers  
Undress jumper  
Undress trousers  
Forage cap  
Boots.

All material for uniform (except lining, staying, thread, and twist) will be furnished by the Government.

Printed forms of tender can be had at the office of the Secretary, Tender Board, where samples may be seen and all particulars obtained.

Security will be required in the amount of £60 for the due fulfilment of the contract for uniforms and £20 for boots, either in Government debentures, bank deposit-receipt in favor of the Secretary, Tender Board, or cash deposit, as the tenderer may elect, and must be completed within ten days of the acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited.

Tenders must be accompanied by bank notes or a bank draft in favor of the Secretary of the Tender Board for Ten per cent. of the amount of security required (no cheques will be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed time.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, sealed and marked "Tender for Uniform, &c.," to be deposited in the tender-box at the Pay Office, Treasury.

#### CONDITIONS.

1. The boots are to be in strict accordance with sample, well fitted, well made, and in every respect subject to the approval of the Officer Commanding the Artillery Corps.

2. The uniform is to be in strict accordance with samples, well fitted, well made, and hand or machine sewn (but the machine sewing must be confined to the seams of garments only, no stitching, or fellings, or pockets must be done except by hand), and in every respect subject to the approval of the Officer Commanding the Artillery Corps.

3. Any article not fitting or bad in workmanship will be rejected, and in the case of uniforms the cost of the material that may be thereby rendered unserviceable for the purpose intended will be deducted from the contractor's account.

4. Orders will be issued from time to time by the Officer Commanding the Artillery Corps for such articles as may be required, but the contractor will be bound to deliver at least twenty pairs of boots or twenty complete suits per week (if applied for) after measuring the men, which must be done at the Victoria Barracks immediately after the issue of the order.

5. Should the contractor fail to furnish the articles when required, it will be competent for the Officer Commanding the Artillery Corps to purchase the same at the contractor's risk, and any expense incurred over and above the contract price will be deducted from the contractor's account.

6. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

EDWARD LANGTON,  
Treasurer.

Treasury,  
Melbourne, 17th July 1873.
