CONVEYANCE OF MAILS, 1874-5.

FIRST CALL.

FIFTY-EIGHT SERVICES.

TENDERS are hereby invited, and will be received until Noon of Tuesday the twenty-fourth day of March 1874, for the Conveyance of Post Office Mails as undermentioned, from the 1st July 1874 to 30th June 1875.

The covers of Tenders for these services must be endorsed "Tenders for First Call."

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid) addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for. The amount of the tender must be stated in words as well as figures.

Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to TEN PER CENT. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

The money deposited by successful tenderers will be returned to them on application, on the bond and contract being completed.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

In the event of a portion of railway affecting any particular service being opened for traffic during period of contract, and it being decided that the mails shall be conveyed by rail, the place of departure for the mail coaches shall be altered in such way as the Postmaster-General may from time to time direct; a rateable reduction shall be made in the amount paid for the service as then rendered by the contractors, such reduction to be computed on the basis of the average mileage rate of the lump tender or the average mileage rate of the single tender, in whichever form the tender may be accepted.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service; but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover and on the tender itself.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

The Government will not necessarily accept the lowest or any tender.

CONVEYANCE OF MAILS 1874-75.

THIRD CALL. FIFTY SERVICES.

TENDERS are hereby invited, and will be received until Noon of Tuesday the seventh day of April 1874, for the Conveyance of Post Office Mails as undermentioned, from the 1st July 1874 to 30th June 1875.

The covers of Tenders for these services must be endorsed "Tenders for Third Call."

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid) addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for. The amount of the tender must be stated in words as well as figures.

Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank-deposit receipt for a sum equal to TEN PER CENT. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

The money deposited by successful tenderers will be returned to them upon application, on the bond and contract being completed.

In the event of a portion of railway affecting any particular service being opened for traffic during period of contract, and it being decided that the mails shall be conveyed by rail, the place of departure for the mail coaches shall be altered in such way as the Postmaster-General may from time to time direct; a rateable reduction shall be made in the amount paid for the service as then rendered by the contractors, such reduction to be computed on the basis of the average mileage rate of the lump tender or the average mileage rate of the single tender, in whichever form the tender may be accepted.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts, but not otherwise.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service; but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum. The number of the service or services tendered for must be plainly endorsed on the outside of the cover and on the tender itself.

The tender of any person failing to comply with the foregoing conditions will not be entertained.

The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

The Government will not necessarily accept the lowest or any tender.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at each station, by whom also any information or explanation will be afforded to persons tendering.

Telegrams will not be entertained, and tenders should be upon the printed form.

Tenders will be received for either oats, bran, hay, or straw; but if all be included in one tender, it may be accepted for one article only, if advisable. The tender must show the particular kind of hay or straw offered.

Tenders must express the prices in words as well as in figures, and without alterations, erasures, or discrepancies.

As much forage as can be stored at any station where the storage is small, will, for the convenience of the contractor, be ordered at one time.

The price must be per cental of 100 lbs. (net weight), including delivery at the stations and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied, the contractor will be required to remove them when delivery is taken. At other stations notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract, within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers, failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS.

1. The hay to be good, sound, and sweet, and properly trussed; the straw to be wheaten, and both to be in all respects of the best quality; oats (Victorian grown) and bran to be sound and sweet and of the best description; maize to be sound and sweet.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses be required to be stationed at any of the stations the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desire it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

4. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the District, as may be indicated by the contractor on the account.

5. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

6. In the event of a difference of opinion between the contractor and the officer receiving the forage as to quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the board is to be considered final.

7. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 5.

8. When a board of survey cannot be conveniently assembled, or when, for some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 5.

9. A repetition of irregularity in the quantity or quality of the forage, or of delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

11. It will be competent for the Secretary to the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving in writing a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September 1874; and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

JOHN VANCE, Defendant.

NOTICE is hereby given that an action has been commenced in this court by the above-named plaintiffs against the above-named defendant for that the above-named plaintiffs caused to be shipped by certain persons, called Preston and McKinnon, on board the ship called *Samuel Merritt*, in the port of Eureka, Humboldt Bay, of which the above-named defendant was owner, and one William Ray was master, certain goods of the plaintiffs, and thereupon the said William Ray, as such master, and on behalf of the defendant as owner, made and executed and delivered to the plaintiffs a certain bill-of-lading for the said goods in the words and figures following, that is to say:—

"Shipped in good order and condition by Preston and McKinnon on board the bark called the *Samuel Merritt*, whereof Ray is master, now lying at the port of Eureka, Humboldt Bay, and bound for Melbourne. To say:—

	55,029 feet 2 in. plank	Average width	Average length
34,742 "	3 "	" "	" "
55,516 "	4 "	" "	" "

Dated in Eureka, the 30th day of September 1873. W. Ray."

And neither the delivery of the said goods nor the delivery of the said goods in such good order and condition as in the said bill-of-lading mentioned were prevented by any of the perils or dangers in the said bill-of-lading mentioned and excepted, and all conditions were fulfilled and all things happened and all times elapsed necessary to entitle the above-named plaintiffs to have the said goods delivered to them at Melbourne aforesaid, and to have the said goods delivered to them at Melbourne aforesaid in the said like good order and condition. Yet a large quantity of the said goods were not delivered to the above-named plaintiffs at Melbourne aforesaid, and a further large quantity of the said goods were not delivered to the above-named plaintiffs at Melbourne aforesaid in the said like good order and condition, but in an inferior and damaged condition, whereby the said plaintiffs have suffered damage to the full extent of the sum of Two hundred and seventy pounds thirteen shillings and two pence: And a writ of Foreign attachment has been issued, directed to David Braham, of Melbourne, in the colony of Victoria, solicitor, and Thomas William Collins, of Melbourne aforesaid, merchant, for the purpose of attaching in the hands of the said David Braham and Thomas William Collins all and singular the lands and other hereditaments, moneys, and chattels, bills, bonds, and other property, of whatsoever nature, in the custody or under the control of the said David Braham and Thomas William Collins, or either of them, at the time of the service of the said writ belonging to the above-named John Vance, or to or in which such defendant shall at the time be legally or equitably entitled or otherwise beneficially interested (and whether solely or jointly with any person or persons), and all debts of every kind then due by the said David Braham and Thomas William Collins, or either of them, to such defendant, although the same or part thereof may be payable only at a future day. And if at any time before final judgment in this action the said John Vance or any person on his behalf will give the security required by law, the said John Vance upon entering an appearance and upon giving notice thereof to the plaintiff may apply to the court and have the said detachment dissolved.
