WASTE OF YAN YEAN WATER.

THE Board of Land and Works begs to direct attention to the urgent necessity that exists for checking Waste of Yan Yeau Water.

The loss of pressure occasioned by this waste during the summer months is greater than the main pipe is able to afford, and, unless stringent means are used to restrict it, citizens generally will suffer serious inconvenience from the great reduction in the supply, while those residing in the higher parts of the city and suburbs will be entirely deprived of water, as the constant discharge by unnecessary waste renders supply at high levels practically impossible.

Under these circumstances, the Board has no alternative but strictly to enforce the operation of the 11th bye-law, which provides a penalty of Five pounds in cases where water is allowed to run to waste.

The provisions of the Public Works Statute will also be rigidly carried out; every person using the water for irrigation without permission, and without affixing a meter, will be prosecuted. The service pipe will likewise be cut off, without notice, in all instances where water is wasted, misused, or unduly consumed.

The Board earnestly trusts that the public generally will assist the police and the officers of the department in abating an evil which causes such serious inconvenience to so large a number of citizens.

Commissioner of Public Works.
