The deaths in May were three fewer than those in April. They exceeded the average of the month of May in the previous ten years by 67. If, however, allowance be made for the increase of population, they will be found to have been less than that average by 8.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 72.6° on the 9th, and the lowest was 36.1° on the 16th. The mean temperature of the month (52.4°) was four-fifths of a degree below the average. The greatest range of the thermometer in one day (24.9°) took place on the 16th from a maximum of 61° to a minimum of 36.1°, and the least (8.5°) on the 29th from a maximum of 53.6° to a minimum of 45.1°. The mean daily range was 15.7°. The mean atmospheric pressure (29.959 inches) was a fraction below the average.

Deaths of males amounted to 56 per cent. and deaths of females to 44 per cent. to the mortality of the month. Thirty-nine per cent. of the deaths were of children who had not attained their fifth year as against 40 per cent. in May 1873, 46 per cent. in May 1872, 39 per cent. in May 1871, 38 per cent. in May 1870, 43 per cent. in May 1869, 45 per cent. in May 1868, 48 per cent. in May 1867, 47 per cent. in May 1866, 56 per cent. in May 1865, and 68 per cent. in May 1864.

Thirteen persons of the age of 75 or upwards died during the month, viz.:—A gardener aged 76, two laborers aged respectively 76 and 78, a blacksmith aged 80, an artist aged 85, a medical man aged 86, and two females aged respectively 81 and 86 of old age; a female lodginghouse-keeper aged 78, and a gentleman aged 81 of valvular disease of the heart; a shipwright aged 75 of asthma, and two females each aged 79, one of chronic bronchitis, the other of compression of the brain.

Eighteen violent deaths occurred during the month. Of these 16 have been set down as accidental, 1 as homicidal, and 1 as suicidal. The particulars of the accidental deaths are as follow:—Three boys of the respective ages of 8, 9, and 12 were passed over by vehicles; 2 seamen aged respectively 25 and 31 were killed by falls, one from the yard of a ship, the other into the hold of a steamer; a blacksmith aged 38 died of dislocation of the neck from falling down stairs when drunk; a laborer aged 40 died of fracture of the skull from a fall while drunk; a laborer at the Railways aged 73 died of fracture of the skull resulting from being struck by a locomotive; a butcher aged 56 died of rupture of the urethra caused by a fall from a horse; a man of occupation not known aged 72 died of "rupture of the liver and other injuries." Three children died of suffocation, viz.:—A newly born male infant, and a child aged nearly 2 years in cess-pits, and a male infant aged 5 months by overlying; a boy aged 5 was drowned in an underground tank; a female aged 51 died from the effects of burns; the death of an infant aged 2 days was caused by injuries received at birth. The homicidal death was that of a male infant aged 4 weeks who was overlain by the mother, verdict manslaughter. The suicide was that of a female aged 50 who threw herself from a window.

Eighty-seven deaths, or 22 per cent. of the whole, took place in public institutions, viz.:—33 in the Melbourne Hospital; 11 in the Benevolent Asylum; 8 in the Alfred Hospital; 7 in Yarra Bend Asylum; 4 in the Metropolitan Lunatic Asylum, 6 in the Lying-in Hospital; 6 in the Immigrants' Home; 5 in the Gaol; and 2 in the Children's Hospital.

The deaths of children under five years of age numbered 153, of which 87, or 57 per cent., were of males, and 66, or 43 per cent. were of females. Of those who died 95 were under one year of age, 30 were between one and two years, 10 were between two and three years, 13 were between three and four years, and 5 were between four and five.

The persons who died at a more advanced age than five years numbered 214. Of whom 137, or 56 per cent., were males; 107 or 44 per cent., were females; 17 were between five and ten, 13 were between ten and fifteen, 14 were between fifteen and twenty, 18 were between twenty and twenty-five, 15 were between twenty-five and thirty, 21 were between thirty and thirty-five, 20 were between thirty-five and forty, 29 were between forty and forty-five, 18 were between forty-five and fifty, 18 were between fifty and fifty-five, 10 were between fifty-five and sixty, 14 were between sixty and sixty-five, 10 were between sixty-five and seventy, 13 were between seventy and seventy-five, 7 were between seventy-five and eighty, 6 were above eighty years of age, and of 1 the age was unspecified.

The following table shows the causes of the deaths of persons of both sexes under and over five years of age, and the proportions per cent. of deaths from each cause, in Melbourne and suburbs, during the month of May, 1874:—

SALE PUBLIC CEMETERY.

RULES AND REGULATIONS FOR THE MANAGEMENT OF THE SALE PUBLIC CEMETERY.

THE charges for burying in or otherwise using the cemetery must be paid before an order can be given for the particular work or privilege required.

2. The charge for occupying ground may be remitted by the trustees when it is shown to their satisfaction that the relatives or friends of the deceased are unable to pay the charge, but all such burials must be made in that part of the cemetery marked "free ground" on the plan, and if the caretaker be required to dig the grave, then the usual fee for that service must be paid.

3. Orders for interments must be given to the caretaker at least six working hours before the time appointed for the burial, so as to allow sufficient time for digging the grave within working hours, otherwise the charge for digging will be increased by one-half.

4. The caretaker will dig all ordinary graves, but when the friends of any indigent person deceased wish to dig the grave themselves, or when brick graves or vaults are required, then the excavations must be made and the ground filled in or removed under the inspection and to the satisfaction of the caretaker.

5. The hours fixed for interment are from Ten o'clock a.m. till Six p.m. from September to April inclusive, and from Ten a.m. till Four p.m. during the other four months, except on Sundays, when the hours are from Two o'clock till Five p.m. throughout the year.

6. All monuments, vaults, graves, gravestones, and fences must be kept in proper condition and repair by the owners,

otherwise they may be removed by the trustees after having given notice of their intention to remove them by posting such notice to the last-known address of one of the parties concerned.

7. Every coffin in a vault or brick grave must be bricked in and cemented and covered by a slab of stone, slate, iron, or good blue or red-gun planking.

8. A drawing of every stone, tomb, pedestal, and plan of every monument or tablet proposed to be erected, and a copy of every inscription, must be submitted to the trustees, without whose approval it shall not be erected or inscribed.

9. The grounds will be open to the public daily from sunrise till sunset.

10. No grave will be allowed to be re-opened for further interment at a shorter interval than twelve years, except it be to place a second coffin on top of the first, and this will be allowed only when the grave has been originally sunk to a depth of six feet or more.

11. Persons desirous of exhuming their relatives for the purpose of removal to another cemetery, will be allowed to do so upon satisfying the trustees that the removal can be made without offence, and upon payment of the usual fee.

12. No new grave can be made without paying for the ground or satisfying the trustees that it has been already paid for.

vi. For water supplied to shipping the charge will be, at the Melbourne wharves Four shillings per one thousand gallons, at other places Six shillings per one thousand gallons.

vii. For water supplied by the Board by measurement the charge will be (except in cases of special agreement with the Board) at the rate of One shilling per one thousand gallons.

3. The minimum quantity of water to be charged for in each case where water is supplied by measure shall be (1), if for domestic and other than domestic purposes, the quantity of which the charge at 1s. per 1000 gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure; and (2) if for other than domestic purposes only, 25,000 gallons per quarter. Syphon-pumps will not be allowed unless the water is supplied by measure.

4. Any person receiving water from the board who shall take and carry away such water from his premises, or who shall allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

5. Any person not having agreed to be supplied by the board who shall take or carry away water from any drinking-tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

6. Before any person shall affix any service-pipe to any pipe of the board, or alter, repair, or in any manner interfere with any pipe of the board, or any service-pipe, cock, or fitting connected with the pipes of the board, he shall obtain from the board a license in that behalf to execute such works, and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid shall be liable to a penalty not exceeding Ten pounds.

7. Before any such license shall be granted by the board the person applying for same shall satisfy the board that he is a competent plumber.

8. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground, so as to uncover any pipe or pipes the property of the board, without giving two days' notice to the board of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the board, without the permission in writing of the board being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine, the property of the board, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

9. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the board without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the board, or who shall make such communication except under the superintendence and according to the directions of some officer of the board, or who shall lay any leaden or other pipe to communicate with the pipe of the board of a strength and material not sanctioned by the board, shall be liable for each such offence to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the board. Lead piping of the following weights:—

$\frac{3}{4}$ "	6 "
1 "	7 $\frac{1}{2}$ "
1 $\frac{1}{4}$ "	9 "
1 $\frac{1}{2}$ "	12 "
1 $\frac{3}{4}$ "	16 "
2 "	20 "

and galvanized iron piping of approved quality only will be allowed for external and internal services. Ordinary connections with submains must be made with proper ferrules, to which, for iron services, a length of not less than three feet of lead pipe must be attached. One service-pipe only to each tenement will be permitted, and for houses rated at Twenty pounds per annum and under, the bore of such service-pipe must not exceed $\frac{1}{2}$ -inch.

10. If any person shall neglect to repair any service-pipe conveying water from the pipes of the board into the premises of such person, after having received notice from any officer of the board that such service-pipe requires repairing, the board may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, as to the said board may seem fit, until the necessary repairs shall have been effected. The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier (if any), and if none, the owner shall in every instance in which any damage shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken, be liable to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the board.

11. Any person supplied with water by the board who shall wilfully or negligently allow the same to run to waste, shall be liable for each offence to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the board.

12. No meter shall be allowed to be affixed unless the dial of the same is capable of registering (1,000,000) one million gallons, except by special consent of the board.

13. If any meter should cease registering, or be reported by the inspector as out of repair or registering inaccurately, the board shall estimate and charge for the water consumed during the period such meter was not in working order, and until it is repaired and refixed, either by taking an average of the quantity used during the previous quarter or during the corresponding period of the previous year, or the board may insert a check meter on the service-pipe.

14. Overflow pipes to private baths will not be permitted. Water closets will not be allowed to be supplied direct from the main, but from a cistern so constructed that the water cannot flow continuously, and from which not more than two gallons can escape at each flush.

15. Any person, whether licensed as aforesaid or not, connecting any service-pipe, or branch service-pipe, with any steam boiler for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter, shall be liable to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the board.

16. In the construction of these bye-laws, the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole.

The foregoing bye-laws were made and passed by the Board of Land and Works and the seal of the said Board of Land and Works was hereunto affixed the eighteenth day of June, in the presence of
