By His Excellency the Honorable SIR WILLIAM FOSTER STAWELL, Knight, the Chief Justice of the Colony of Victoria, and the Administrator of the Government of the said Colony, &c., &c., &c.

WHEREAS by *The Wines, Beer, and Spirits Sale Statute 1864 Amendment Act* it was amongst other things enacted, that it should be lawful for the Governor in Council, upon the application in writing of the council of any shire or road district, to proclaim any part of such shire or road district, to be defined by such council, and not being in or within one mile of any city or town, a part within which the licensing magistrates for such district might grant certificates for publicans' licenses as aforesaid, for which should be charged the annual license fee of Ten pounds, and on the like application of the council of any borough not being within fifty miles of the city of Melbourne, the Governor in Council might, if he should think fit, proclaim any portion of such borough as a part within which the licensing magistrates for the district might grant certificates for such publicans' licenses, and for which license should be charged a like fee of Ten pounds, and the said Governor in Council might from time to time revoke any such proclamation, such revocation to take effect from the time of the expiration of the last issued license under such Proclamation: Now therefore I, the Administrator of the Government of Victoria, with the advice of the Executive Council, do hereby proclaim the district hereinafter mentioned as a district within which Licensing Magistrates may grant Certificates for Publicans' Licenses for which shall be charged the annual License Fee of Ten pounds, that is to say:—

HYDROGRAPHIC NOTICE.—[No. 13.]

PACIFIC OCEAN.

[Notice No. 31.]

South-western Part.—Fiji Islands.

THE following information relating to the Fiji Islands has been received from Lieutenant Rendell, R.N., commanding H.M.S. *Beagle*, 1874.*

* See Admiralty charts:—Pacific Ocean, General, No. 2683; Pacific Ocean, sheet 6, No. 2464; Fiji or Viti group, No. 2691; also Hydrographic Notices, Islands in the Pacific Ocean, 1856–1873, bound in one volume, and No. 31 of 1874.

[All bearings are magnetic. Variation 9° 45' easterly in 1875.]

NANUKU PASSAGE.

Taviuni is the largest island on the western side of Nanuku Passage: from Vuna Point the south-west extremity of Taviuni Island, a reef on which the sea always breaks, extends 1½ miles in a westerly direction; the south point of the island is steep-to, and may be approached within 2 cables.

From the south point, the east side of Taviuni Island trends about N.E. ½ N. 13 miles to a point off which a reef extends about 7 or 8 cables, thence the shore to the northward recedes, forming a deep bay fringed by a reef; the coast between the south point of the island and the point off which the reef extends is precipitous and steep-to, except abreast of Salia Jevu, which is 5 miles from the south point of the island, and where there is a small reef close in shore.

Vuna Point Anchorage.—Anchorage can be obtained off Vuna Point, in 10 fathoms, sandy bottom, with Hamilton store (a prominent zinc building on the beach), in line with a small house on the hill behind it.

Tasman Strait is formed by Taviuni Island on the west and Quamea Island on the east. Vuro-Vuro Bay on the north side of a small promontory, which is situated on the west side of the southern entrance to Tasman Strait, affords good anchorage in 15 fathoms, sandy bottom, and protected from nearly all winds; good water can be obtained from a stream in the south-west part of the bay.

From the north point of Vuro-Vuro Bay a reef extends towards Quamea Island, contracting Tasman Strait in this part to less than one mile; the outlying reefs in the strait are easily distinguished on a clear day.

The tides in Tasman Strait run strong, the ebb setting to the northward and flood to the southward, therefore vessels should not attempt to pass through the strait under sail without a commanding breeze.

Quamea Island (Qamea) is thickly wooded, and the coast indented with deep bays; on the side of Quamea Island there is a narrow passage separating it from Laucala Island, passable only by boats; to the south-eastward of Quamea and Laucala islands, and distant from 1 mile to 1½ miles, lies a reef, which partially surrounds the islands; between the reef and the south sides of the islands good anchorage can be obtained in nearly all parts; the only passages leading into the anchorage are formed by two detached patches at the south-western extremity of the reef.

Thane Reef, on which the sea breaks heavily, is about half a mile in diameter, and lies N.E. by E. 6½ miles from the south point of Laucala Island.

Nanuku Islets lie about 24 miles E. ½ N. from the north point of Taviuni Island; they consist of two small coral islets, distant about a quarter of a mile from each other in a N. by E. ½ E. and S. by W. ½ W. direction. Nanuku islets are situated on the south end of a long reef about three-quarters of a mile within the extremity; from the islets the reef extends 3 miles in a N.N.E. direction, thence N.E. 6 miles, where it trends abruptly to the W.N.W.; anchorage could not be obtained in the vicinity of the islets, the reef being steep-to on both sides; several detached patches were seen from the mast-head of the *Beagle*, extending a long distance to the westward of the reef.

Nukubasaga Islets.—About 33 miles N.E. from the north point of Taviuni Island lies a coral reef 1½ miles in length in a N.E. by N. and S.W. by S. direction, and one mile in breadth, on which the two small Nukubasaga Islets are situated; the larger is near the N.E. edge of the reef, and the smaller near the S.W. edge, distant from each other half a mile.

On the west side of the reef there is a passage used by small vessels, but it cannot be recommended on account of the numerous coral patches that exist in the entrance; detached patches of coral reef also extend to the south-westward in the direction of Nukusemanu Island.

Anchorage.—H.M.S. *Beagle* obtained anchorage on the north side of the reef surrounding Nukubasaga Islets, in 10 fathoms, coral bottom, but it was not considered safe on account of the strong tides in the vicinity.

Na-gali Island, Nuku Leku or Qele Leku, known also as Nuku Balanu, is the largest of the eastern Kinggold Isles, and lies

N. by E. about 14 miles from the larger Nukubasaga Islet. Na-gali Island is of coral formation, about 3 miles in circumference, about 30 feet high in some parts, and covered with cocoa-nut trees; the east side of the island is steep-to, but there are several small rocks and islets lying off the west end. Fresh water could not be obtained on the island.

Anchorage.—On the west side of Na-gali Island and formed by the coral reef extending from it is a lagoon, 12 miles in length from east to west, and 5 miles in breadth at its broadest part; no dangers were found in the lagoon, and good anchorage may be obtained in any part of it in 10 to 13 fathoms. There are several openings into the lagoon at the west end of the reef; the best entrance lies 8 miles W.S.W. from Na-gali Island.

Valava Island (Korotuna), situated about 14 miles west of Na-gali Island, is about three-quarters of a mile in length from N.E. to S.W., and surrounded by a fringing reef extending about three-quarters of a mile from the shore.

Weilagitala Islands (Wailagitala) consist of two small coral islands joined by a sand spit, situated at the north-east part of a reef forming a lagoon, the entrance of which lies about 20 miles east of Nanuku Islets. The islands are low, and covered with tropical vegetation, but fresh water could not be obtained; they are not inhabited, but are visited periodically by natives of the larger islands, for the purpose of collecting cocoa-nuts.

Anchorage.—On the south-west side of Weilagitala Islands is a lagoon formed by the reef extending from them; the lagoon is 3 miles long in a N. by W. and S. by E. direction, and 1½ miles in breadth; it appeared free from dangers, and affords good anchorage in 15 to 18 fathoms, bottom sand and coral.

The entrance to the lagoon is on the west side of the reef, bearing S.W. ¼ S. from Weilagitala Islands; the entrance is half a cable broad, having a depth of 7 fathoms.

Dangerous Rock.—This rock, supposed to exist near the middle of Nanuku Passage, was searched for in H.M.S. *Beagle*, but could not be found.

Naitauba Island (Naitaba), lying about 44 miles E. ¼ N. from the south point of Taviuni Island, is a high basaltic island, occupying a triangular space, with the apex to the south-eastward, on which is a remarkable peak. Naitauba Island is surrounded by a reef, having deep water inside, and a boat passage, the entrance to which is sometimes rendered impassable by the heavy swell.

Yeata or Cap Island (Yacata), lying S.W. by S. 17 miles from Naitauba Island, is surrounded by a reef; Yeata Island is unapproachable except in smooth water.

Nukatobe Reef (Nuga-tobe) has three small islets on it, and lies 5 miles W.S.W. from the west point of Yeata Island.

Tidal Streams are very strong between the islands situated to the northward of Nanuku Passage, the general direction of the flood tide is to the southward and that of the ebb to the northward, but they are much affected by the islands, reefs, and prevailing winds.

H.M.S. *Beagle* experienced a strong westerly set when north of Weilagitala Island after a continuance of strong trade winds.

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I.—Every candidate born in England or Wales should produce a certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his provincial officers. This certificate may be obtained at Somerset House, or from the Superintendent Registrar of the district in which the birth took place.

II.—A candidate who is a native of India must have his age certified by the Government of India, or of the Presidency or Province in which he may have resided.

III.—Every other candidate *not producing the certificate mentioned in clause I.* must prove his age by statutory declaration, and should also, if possible, produce a record of birth or baptism from some official register; under which term may be included the parochial registers of baptisms, the non-parochial registers of baptisms and births deposited at Somerset House under Acts of Parliament, the register kept at the India Office of persons born in India, &c., &c. This regulation applies—

1. To all candidates not born in England or Wales.
2. To candidates who, though born in England or Wales, cannot produce the Registrar-General's certificate.

The Civil Service Commissioners reserve to themselves the right of deciding in each case upon the sufficiency of the evidence produced, but they subjoin the following general rules for the guidance of candidates:—

(a.) The declaration should specify precisely the date and place of birth, and should, if possible, be made by the father or mother of the candidate. If made by any other person, it should state the circumstances which enable the declarant to speak to the fact. If an entry in a Bible or other family record be referred to, the Bible or other record must be produced at the time of making the declaration, and must be mentioned in the declaration as having been so produced.

(b.) If the candidate was born in England or Wales, the declaration must contain a statement that after due inquiry no entry has been found in the books of the Registrar-General; or a separate declaration must be made to that effect.

(c.) If no extract from any register is produced, the declaration must contain a statement that, after due inquiry, no such record is believed to exist; or a separate declaration must be made to that effect.

(d.) Statutory declarations must be exactly in the form prescribed by the Act of 5 and 6 William IV., c. 62. A printed form, if required, will be supplied on application to the Civil Service Commissioners.

N.B.—Clergymen, as such, are not qualified to take declarations.

(Under 47th Section "Land Act 1869.")

TENDERS will be received by the Board of Land and Works, up to Noon of Monday the 13th September proximo, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and published in the *Government Gazette* of 18th May 1874, as under, and also the subjoined special conditions.

Every license granted under subdivision VII. of section 47 of *The Land Act 1869* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized on that behalf.

SCHEDULE.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th

section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catch-water drains, pipe tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act 1869*, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act, this license shall be void.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license, and no land temporarily or permanently reserved, shall be deemed within the operations of this license.

4. This license entitles the holder thereof during the period therein specified to use the land in respect of which the same is granted for depasturing purposes only, and does not confer any right to build thereon, or to cultivate or fence any portion thereof; but if the holder thereof desire such use of the land beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.

6. No claim whatsoever shall be made or entertained by reason of this license not being renewed or transferred.
