We have to report that we have audited the books and accounts of the Melbourne Permanent Mutual Benefit Building Society for the year ended 30th August 1875, and have examined the vouchers for all payments and the securities (including the policies of insurance against fire) held for loans on mortgage, and find them correct. We believe the balance-sheet to be a full and fair balance-sheet, and properly drawn up so as to exhibit a true and correct view of the society's affairs.
