Tenders to be endorsed "Tender for ——" (as the case may be), and deposited in the Tender Box, General Post Office; or, if sent by post, to be addressed (prepaid) to the Honorable the Postmaster-General, Melbourne.

## CONDITIONS OF CONTRACT.

1. The Postmaster-General will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles, as the Postmaster-General may order from time to time; neither will the Postmaster-General be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will he be bound to take any of the articles enumerated in the schedules for which orders have not being issued. Should the Postmaster-General require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. The supplies are to be according to sample and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

5. Arrangements as to time of delivery and inspection of goods will be made by the Officer in Charge of Stores, General Post Office.

6. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in condition 5, or the head of the department, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officer named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must within twenty-four hours after objection is made give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor upon report to such mulct, not exceeding Fifty pounds, as the Postmaster-General may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the Postmaster-General, upon such repetition, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized.

13. It will be competent either for the contractor on his own behalf, or for the Postmaster-General, to terminate the contract by giving notice, in writing, of three full calendar months to the opposite party; it being understood that such notice can only be given from the first day of a month, and within the period for which the contract is made.

14. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Postmaster-General or the contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase of, the price of the item so affected.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Electric Telegraph Service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works, or the Tender Board, or on account of other Governments; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

The covers of Tenders for these services must be endorsed "Tenders for First Call."

Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and may be forwarded (if by post, prepaid) addressed to the Honorable the Postmaster-General, with the words "Tender for the Conveyance of Mails" endorsed on the cover, or placed in the tender-box at the General Post Office.

Tenderers are requested to describe by their numbers, as below, the mail services for which they tender, and every tender will be taken to include the entire service as called for. The amount of the tender must be stated in words as well as figures.

Every tender must bear the *bonâ fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

Every tender must be accompanied by a bank deposit-receipt for a sum equal to TEN PER CENT. of the amount for which the tenderer is willing to undertake the service; the money to be lodged to the credit of the Deputy Postmaster-General, and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete, within ten days of the date of notice being given of the acceptance of his tender, the usual bond and contract to the satisfaction of the Government. The money deposited by successful tenderers will be returned to them on application, on the bond and contract being completed.

The money deposited by unsuccessful tenderers will be returned to them on application, and on their signing receipts for the respective amounts but not otherwise.

In the event of a portion of railway affecting any particular service being opened for traffic during period of contract, and it being decided that the mails shall be conveyed by rail, the place of departure for the mail coaches shall be altered in such way as the Postmaster-General may from time to time direct; a rateable reduction shall be made in the amount paid for the service as then rendered by the contractors, such reduction to be computed on the basis of the average mileage rate of the lump tender or the average mileage rate of the single tender, in whichever form the tender may be accepted.

Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn.

A separate tender must be sent in for each service; but notwithstanding this condition, any offer will be entertained for the performance of any number of services for a lump sum.
