## RULES AND REGULATIONS FOR A COMMON.

THE Governor in Council has approved of the subjoined Regulations for a Common.

F. LONGMORE,

Commissioner of Crown Lands and Survey.

Lands and Survey Office,  
Melbourne 30th September 1878.

## WUK WUK AND WY-YUNG COMMON, BAIRNSDALE SHIRE.

RULES AND REGULATIONS FOR THE MANAGEMENT OF THE  
WUK WUK AND WY YUNG COMMON.

WHEREAS by Regulations made by the Governor in Council under *The Land Act 1869*, the council of every shire in which any Common is situate are appointed managers of such Common, and empowered to frame rules and regulations for its management, and submit the same to the Board of Land and Works: Now therefore the Council of the Shire of Bairnsdale hereby submit the following Regulations for the management of the Wuk Wuk and Wy Yung Common.

1. In the construction and for the purposes of these regulations the words "large cattle" shall mean cows, heifers, oxen, steers, mares, geldings, colts, fillies, asses and mules, and the words "small cattle" shall mean sheep and goats.

2. Persons entitled to commonage will be permitted to depasture on payment of fees according to the following scale:—

Four head of large cattle, or the equivalent of the whole or a portion thereof in small cattle, on the basis that one head of large cattle shall be equivalent to three head of small cattle. A farmer having under cultivation not less than one-tenth portion of the land occupied by him, may depasture one additional head of large cattle, or the equivalent in small cattle, for every ten acres of land cultivated by him.

3. The fees to be paid for depasturing on the common shall be as follows:—

- For every horse, mare, gelding, colt, filly, ass, or mule, per annum, Six shillings.
- For every cow, heifer, ox, steer, or calf, per annum, Four shillings.
- For every head of small cattle, per annum, Three shillings.

4. No cattle shall be considered as registered unless the above fees are paid at the time of entering their brand or other distinguishing mark and description by the herdsman; and all fees must be paid half-yearly in advance, the licenses dating from the first day of May and the first day of November in each year.

5. No fees will be charged for the progeny of registered cattle which, in the opinion of the managers or herdsman, are under six months old. No bulls or entire horses will be allowed to depasture on the common without the special consent of the managers.

6. All large and small cattle shall have a distinguishing brand on them; and all horned cattle shall be marked with the common brand.

7. The herdsman will attend at the common yards every Monday from Nine a.m. to Three p.m. to register and brand all cattle brought to him, and in the performance of this duty the owners are required to assist.

8. It will be the herdsman's duty to see all cattle under his care every alternate day. The managers will not, however, be responsible for any cattle depasturing on the common; but the herdsman is required to give immediate notice to owners when he becomes aware of their cattle having strayed from off the common; neither do the managers hold themselves responsible for any neglect or irregularity on the part of the herdsman.

9. The herdsman will be authorized to impound all cattle, sheep, pigs, and goats trespassing on the common, and the entries of all impoundings shall be kept in a book for that purpose, so that all damages and fees accruing from that source may be accounted for.

10. No person will be allowed to remove any cattle from the common without giving at least twelve hours' notice to the herdsman, and no person will be allowed to disturb or remove any cattle unless the herdsman is present.

11. The managers reserve to themselves the right to cause to be removed from the common any cattle suspected of contagious diseases.

12. Persons desirous of registering cattle shall sign a description of such cattle, describing all brands and other distinguishing marks in the form of Schedule 24, appended to the regulations made by the Governor in Council under *The Land Act 1869*. The herdsman shall give to each person registering a receipt for all money paid on account of depasturing of any cattle, and shall hand over all such money to the shire treasurer within three days of its receipt.

13. At the request of the person registering, the herdsman may register and brand elsewhere than at the common branding yard, in which case an additional fee of One shilling per head for one beast, and Sixpence per head for two or more, will be made.

14. The general mustering of cattle shall take place in the first week in May and the first week in November in each year, the three first days in each of these weeks to be for horses, the remainder for neat and small cattle. Cattle thus mustered for registration shall, if not registered and paid for, be impounded on the third of the respective days set apart for such musters.

15. The managers are empowered to set apart a portion of the common for the grazing of sheep.

16. Persons removing cattle will be allowed to substitute others upon payment of a registration fee of One shilling per head.

17. Every person offending against any of the foregoing regulations shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds for each offence.

The above Rules and Regulations were framed the fourteenth day of September, One thousand eight hundred and seventy-eight, in witness whereof the common seal of the Council of the Shire of Bairnsdale was hereto affixed, in the presence of—

#### GUANO.

THE subjoined Notice is published at the instance of the Government of Western Australia.

Chief Secretary's Office,  
Melbourne, 21st June 1878.

GRAHAM BERRY,  
Chief Secretary.

No. 87.—C.S.O.

Colonial Secretary's Office,  
Perth, 9th May 1878.

#### LACPEDE ISLANDS.—WESTERN AUSTRALIA.

THE Government of Western Australia invites tenders from persons desirous of obtaining the sole right to remove guano from the Lacpede Islands group, which is situated in about 17° south latitude, and 122° east longitude from Greenwich, and on which it is calculated there are now at least 40,000 tons of guano. Such tenders must be sent in to the Colonial Secretary, Perth, Western Australia, on or before the 15th October next, but the Government does not bind itself to accept the highest or any tender.

All tenders will have to state the price or royalty offered per ton for the guano (1) if shipped in the natural state; (2) if artificially prepared, dried, or sifted before shipment.

The person whose tender may be accepted (hereinafter spoken of as "the contractor") will have to bind himself to the following conditions:—

1. To remove the whole of the guano that there may be on the islands.
2. To take it away at the minimum rate of twenty thousand tons a year.
3. To remove the guano in such a manner and from such places as may be from time to time pointed out by the Government Officer stationed on the islands; and the contract will contain a clause providing that in case of the breach or neglect of these conditions the contract shall be void, and the contractor shall forfeit all buildings, erections, and plant that he may have set up on any of the islands, and also the sum of Two thousand pounds hereinafter mentioned.

The contractor will be required, within seven days after receiving a notification by telegraph or otherwise that his tender is accepted, and before the issue of any license, to deposit in the hands of the Western Australian Government, or of such person as they may name as their agent in this behalf, the sum of Two thousand pounds, as security for the due performance of the contract, and this sum will be retained by the Government until the termination of the contract, and will be liable to forfeiture as hereinbefore mentioned. He will also be required at the same time to pay a like sum of Two thousand pounds, by way of royalty, in advance. The contractor will at no time be at liberty to remove any guano unless the royalty agreed upon has been paid, and no less sum than Two thousand pounds will be accepted at any time in payment of royalty until such time as there is left on the islands a quantity of guano the agreed royalty on which shall be less than Two thousand pounds.

The only instructions that will be given to the Government Officer stationed on the islands, and which he will be required to insist upon with regard to the manner in which and the

places from which the guano shall be removed, will be to divide the islands into convenient sections, to point out the section or sections from which guano may be removed, and to require that the whole of any one section be cleared before any new ground is entered on.

The quantity of guano taken by each ship on which royalty has to be paid shall be ascertained by adding 25 per cent. to the registered tonnage of timber-built ships, and 40 per cent. to the registered tonnage of iron-built ships; provided that, if the captain or agent of any ship, or the Government Officer, shall in any instance be dissatisfied with the foregoing arrangement, he shall be at liberty to cause the ship to be exactly measured according to Lloyd's rules, and the number of cubical feet so ascertained divided by 40 shall be taken to be the tonnage capacity of the ship.

No tonnage, light, or harbor dues will be charged in any port of the colony on ships solely engaged in the guano trade, and no customs duties will be levied on goods and stores that may be landed on the islands for persons solely employed in the preparation and shipment of guano.

The contractor will be at liberty to erect on any or all of the islands any buildings, jetties, tramways, &c., and, subject to the conditions before expressed as to forfeiture, to remove the same at any time within six months of the termination of the contract.

No license for the shipment of guano under the regulations now in force will be granted after the 15th August next, and every such license granted after the date hereof will provide for the compulsory removal of the guano for the shipment of which it is the permit before the 15th October next.

It will at all times be optional with the licensee to ship the guano in its natural state, or artificially prepared, dried, or sifted.

The contract to be entered into in pursuance of this notice shall be deemed to commence on 1st January 1879.

Each tender, unless otherwise expressed, shall be deemed to be open to acceptance by the Government for the space of one calendar month from the 15th October, and the Government shall be at liberty to accept any tender by notifying to the person making it, by telegraph, that his tender is accepted. Any person who shall tender, and, on his tender being accepted, shall fail to pay the two several sums of Two thousand pounds as hereinbefore set forth, shall be deemed to have broken his contract, and the Government shall thereupon be at liberty to accept any other tender, and to hold such person responsible for all loss consequent on his breach of contract.

By His Excellency's Command,

MALCOLM FRASER,  
Surveyor-General,  
in the absence of the Colonial Secretary.
