2. The licensee shall not during the currency of this license assign the license, nor transfer his right, title, and interest therein, or in the allotment therein described or any part thereof, nor sublet the said allotment or any part thereof, and the license shall become absolutely void on assignment thereof, whether by operation of law or otherwise, or upon the said allotment or any part thereof being sublet.
3. The licensee shall within six years from the issue of this license enclose the land described therein with a good and substantial fence.
4. This license shall become null and void in case of non-payment of the fees, or any of them, in accordance with the conditions herein mentioned, or in case substantial and permanent improvements, certified in writing under the seal of the Board or under the hands of arbitrators to be of the value of One pound for every acre and fractional part of an acre of the allotment, shall not have been made on the allotment by the licensee, his executors or administrators, before the end of the third year of the currency of this license, and before the end of the sixth year of such currency of the value of One additional pound, making in all a total value of improvements of Two pounds for every acre or fractional part of an acre of the allotment, or in case of the breach or non-fulfilment of any of the conditions of this license, or a violation of any of the provisions of *The Land Act 1869*.

* No storage; straw to be perfectly dry.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small, will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied, the contractor will be required to remove them when delivery is taken. At other stations notice will be sent to the contractor when the bags are empty. Bags to be removed at contractors' expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender, it may be accepted for one article only, if advisable. Telegrams will not be entertained.

Tenders not complying with the terms of advertisement will not be entertained. The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender. The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed; the straw to be wheaten, and both to be in all respects of the best quality; oats (Victorian grown) and bran to be sound and sweet and of the best description; chaff to be made from oatens hay of the best quality.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses be required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desire it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

4. Each contractor will be required to prepare his own account in the prescribed form, and on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

5. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

6. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the board is to be considered final.

7. If the board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 5.

8. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 5.

9. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mist, not exceeding £20, as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

11. It will be competent for the Secretary to the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September 1879; and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.
