## VICTORIAN RAILWAYS.

BYE-LAW AS TO THE STORAGE AND REGULATION OF TRAFFIC AT THE LOWER-LEVEL SIDINGS, BATMAN'S HILL, WHICH ARE MARKED ON PLAN NO. 428, DATED MAY 1878.

THE Board of Land and Works, by virtue of the powers and authorities vested in it by *The Public Works Statute 1865*, doth hereby make the following Bye-law for the regulation of the Traffic to the Lower-level Sidings hereinafter mentioned.

1. On and after 1st July 1878, bye-law dated 23rd March 1875 shall be and is hereby repealed, and all trucks loaded with timber, &c., for Melbourne, shall be delivered upon the lower-level sidings only, which are shown on the accompanying plan. On these sidings the unloading of trucks will be performed solely by the Department, and the unloading will proceed in the order the trucks arrive, and as soon thereafter as practicable, at the following scale of charges per truck load:—

Per truck load of over 5 tons—firewood	...	s. d.
" " 5 tons	...	1 6
" " Sawn timber } Bogie or Q }	...	1 0
" " Logs and piles } trucks }	...	6 0
" " Other timber }	...	2 0

2. At the said lower-level sidings storage will be charged upon all consignments allowed to remain on the ground over twelve hours after the truck is unloaded, and payment of the said storage at the rate hereinafter mentioned will be required on demand before the consignments are removed off the ground; but it shall be lawful for the Board to lease any portion or portions of the said lower-level sidings, upon such terms as to rent as may in writing be agreed upon; and the payment of the said rent under agreement shall be in lieu of the storage rate hereinafter mentioned chargeable under this bye-law.

3. The area of the said lower-level sidings is shown on plan as divided into allotments of 25 feet frontage, except where otherwise shown, and a portion thereof will be offered by public tender for lease. Upon allotments for which tenders are excepted, hereinafter termed "Store Allotments," the Department will require payment of rent monthly in advance. The limits of each store allotment, or of contiguous store allotments held by one and the same person, will be marked on the ground by a post fixed at each of the four corners of the area; but all consignments delivered, whether upon store allotments or otherwise, must be according to the description thereof shown on the said plan, viz.:

- Allotments numbered 1 to 18 inclusive are for Short Firewood, to be leased in 8 lots of 6 each.
- Allotments numbered 65 to 86 inclusive are for Long Firewood, and Posts and Rails.
- Allotments numbered 87 to 100 inclusive are for Kiln Wood.
- Allotments numbered 101 to 127c inclusive are for Reserved (not for lease).
- Allotments numbered 128 to 193 inclusive are for Short Firewood.
- Allotments numbered 194 to 218 inclusive are for Long Firewood.
- Allotments numbered 218a to 258 inclusive are for Sundries (not for lease).
- Allotments numbered 259 to 323 inclusive are for Sawn Timber and Piles.

4. The rate of storage applicable to all consignments deposited upon other than store allotments—i.e., upon allotments for which no tenders are accepted, and upon which rent is not payable monthly in advance as aforesaid—is 1s. 6d. per diem per allotment of 25 feet frontage. Any portion of a day exceeding twelve working hours after a truck has been unloaded is to be computed a day, and any portion of an allotment to be computed as an allotment. And this charge applies to each foot of frontage which at any portion of its depth is occupied by consignments—that is to say, this charge

for storage will not be increased or reduced by reason that the cubic capacity for stacking on the said frontage may or may not be made fully available.

5. The lessee of store allotments must, immediately trucks are unloaded, throw back such portions of the consignments as are within four feet from the rails at any portion of the entire frontage of his allotments; also stack his consignments highest at that portion of the allotments furthest from the rails, and upon the whole area of his allotments stack the consignments to such a height that the storage area will hold all his consignments without obstructing the economical discharge of trucks by the department. And the stacking up or levelling down of consignments, or the clearing them back from the rails, must keep pace with the rate at which trucks are being unloaded; and should the lessee not have men in readiness, or not have men in sufficient number for this work, then the department may at once, without further notice, do this work, and charge 1s. per hour per man for the time so occupied. And in respect of consignments arriving for store allotments which are fully stacked, so that room thereon or room enough cannot be made for the discharge of additional trucks, then such consignments will be delivered on any allotments convenient to the department, and will be strictly subject to the rates of storage and conditions applicable to other than store allotments.

6. Upon other than store allotments the said space of four feet from the rails must always be kept clear by the consignee immediately a truck is discharged, or in his default, the work will be done by the department, at a cost to the consignee of 1s. per hour per man for the time so employed; and if necessary for the quick and economical discharge of trucks, the aforesaid work of stacking up or levelling down must also be done by the consignee.

7. A receipt must be given for each truck load or consignment when the truck is at its place of discharge. Should the lessee or the consignee not be present by himself or his agent to give a receipt, the unloading of each truck shall nevertheless proceed, and the lessee who is not present, or neglects to give a receipt within twelve hours after the truck is discharged, shall be held as infringing the conditions of his lease. And upon other than store allotments consignments for which no receipts have been given, or for which the railway-charges have not been paid on demand, or which have not been removed from the ground within twelve hours after the truck is discharged, shall be liable to the storage charges aforesaid, or to be removed from the ground within twelve hours after the truck is discharged, or to be warehoused, or to be sold at the cost and risk of the said consignee. And no claims shall be recognized by the department on account of trucks unloaded for which no receipts have been given; and after receipts have been given the lessee or consignee shall be bound to observe the regulations as to gate-passes.

8. No carts will be allowed to pass away loaded from the said lower-level sidings unless the carter produce to the gate-keeper, and leave with him, a gate-pass signed by the consignee, showing the nature, ownership, and amount of the loading. The gate-pass must be on forms supplied by the consignee. When the consignee, being absent from the sidings, sends a carter only, he must provide him beforehand with a signed gate-pass, to show that the carter is the authorized agent of the consignee, and to enable the carter to pass the gate. In the case of lessees who are not present, but have always their men on the ground, they must notify the department in writing as to the persons authorized to sign gate-passes for them, and on such signature loads will be passed out on their account.

9. At other than store allotments storage upon consignments not removed will commence to accrue twelve hours after the truck is discharged; but at any time after the expiry of the said twelve hours the department may, without any notice, sell the said consignments, or remove the same to a timber-yard, warehouse, or store, there to be held at the cost and risk of the owner. And this rule will apply to the property of lessees should consignments, through their default, be delivered upon other than store allotments; and all consignments delivered upon the said lower-level sidings, whether upon store or other allotments, shall be absolutely at the risk of the consignee immediately the truck is unloaded, in respect of any damage or loss that may arise or accrue with reference to the said consignments until the removal of the same by the consignee, and independently of whether a receipt has been given or railway charges have been paid to the department.

10. Occupiers of lots for short firewood will be required either to provide skids, so that trucks consigned to them may be unloaded therefrom without injury to the embankment, or they must, in the first instance, cover over the embankment from top to bottom with their consignments of short firewood, and allow a certain portion to remain covering the bank permanently, so as to shield it from injury.

11. Any person committing a breach of this bye-law will be liable to a penalty of not exceeding Ten pounds.

In testimony whereof the Common Seal of the Board of Land and Works was hereunto affixed in the presence of the undersigned, two of the Members of the Board, on the thirteenth day of June, in the year of our Lord One thousand eight hundred and seventy-eight.

JOHN WOODS,  
Vice-President. (L.S.)  
A. J. SKENE,  
Member.
