THE accompanying Notices, which have been received from the Governments of the Cape of Good Hope and New South Wales, are published for general information.

PETER LALOR,  
Commissioner of Trade and Customs.

Department of Trade and Customs,  
Melbourne, 26th August 1878.

Active, in Simon's Bay, 4th June 1878.

His Excellency the Right Hon. Sir Bartle Frere, Bart., G.C.B., G.C.S.I., &c., &c.

SIR,—I have the honor to forward herewith a copy of a Report from the Navigating Officer of H.M.S. *Danae*, containing hydrographical information affecting Admiralty Charts 644 Delagoa Bay and 646 English River; also a copy of a Memo. issued by me on the subject, for the guidance of the officers of Her Majesty's ships under my orders.

I have, &c.,

The lighthouse on Cape St. Francis is already built on Seal Point; it differs in form from that of Cape Recife by having square wings at the base, probably keepers' houses, otherwise both marks are very similar, and until notice is given of the erection of the St. Francis lighthouse it might be the cause of a stranger mistaking the points.

The coast-line between the parallels of 28° 40' and 29° on the S.E. coast of Africa is much out of position, as placed on the Skeleton Chart, No. 2089. Probably placed about two miles too much in shore. <i>Vide</i> accompanying tracings. The angles and bearings in support of the above statement are submitted to the hydrographer.

(Maly.), distance three miles. H.M.S. <i>Danae</i> passed over its S.E. extreme, with five fathom least water, but half a mile or a mile further to the N.W. there is probably less water, as the coral heads were showing very plain in that direction.

## SOUTH-EAST COAST OF AFRICA.

Charts No. 644 Delagoa Bay, and No. 646 English R.

Remarks by Lieutenant J. St. C. Bower, R.N., H.M.S. *Danae*, March 1878.

(All bearings are magnetic.)

*Coral Reef*.—A dangerous patch of live coral was discovered by H.M.S. *Danae* to exist in latitude 25° 55' 40" S. and in longitude 33° 08' 45" E., with Cape Imjack bearing S.W. by W. ¼ W., distant three miles. H.M.S. *Danae* passed over its south-east extreme, least water obtained from the chains five fathoms (red<sup>d</sup> to L.W.S. Pgs.), but half a mile or a mile further to the north-west there is probably less water, as the coral heads were showing very plain in that direction.

*Imjack Island* can apparently be approached within a mile of its eastern side, but a reef was observed breaking about half a mile N.N.E. of Cape Imjack. Cape Imjack has a steep face and cannot well be mistaken; a sand-hill marks the entrance. Imjack Hill, the highest on the island, was fixed in latitude 25° 59' 30" S. and longitude 33° 00' 35" E., with a height of 350 feet.

*George Hill*.—We entirely failed to make out this mark until across the shoals, and even then when directly opposite to it we could merely surmise where it was.

*Outfield Hummocks*.—These hummocks could be seen from a position two miles south of Domett Shoal, the highest, a sandy one with a bushy top, being the most conspicuous.

*Lightship*.—A light-vessel is moored in latitude 25° 55' 15" S. and in longitude 32° 54' 30" E. The object of her being placed in this position is to give a bearing for crossing the shoals and leading into the entrance of English River by night or day. She is painted red and has two masts.

*Shefeen and Lech Reefs*.—The lightship-keeper, Ed. Marrow, states that these reefs extend 1½ miles further E.S.E. than is marked on the chart, and consist of knolls of one to two fathoms, with five to seven fathoms all around them. In passing the extrem of these reefs in the *Danae* we observed discolored water, which agrees with the above statement. Captain Travers, of S.S. *Natal*, remarked that it was on one of these knolls off-lying Lech Reef that the *Natal* probably touched on, the indifferent points prevented the ship being accurately fixed on the chart. As the flood-tide sets strongly to the westward over these reefs, and as with the present chart there is some difficulty in fixing, a wide berth should always be given to this dangerous neighborhood.

*Shefeen Island* is low and flat, consequently the extremes are difficult to make out.

*Elephant Island*.—This island is very much out in position, probably about a mile too far to the westward; its position as marked on the chart will agree with no other two points.

*Black Bluff*.—A very good mark, being the high land about that part of Imjack Island; it has a reddish streak on its northern and highest face, its position appears to agree fairly well with all the points except Elephant Island.

*Reuben Point Light* is bluff, with reddish clay cliffs immediately to the northward. A fixed white light is displayed about 50 yards inside the extreme of the point; it is placed on a small scaffolding, and is supposed to be visible 14 miles; as, however, we noticed it showing very indifferently from the steam cutter at a distance of 5 miles, too much reliance should not be placed on it for the present.

*Pier*.—A wooden pier is built  $1\frac{1}{2}$  cables to the west of the Portuguese Fort, its extreme dries at low-water; it is the first part of the town that shows when rounding Reuben Point.

*Variation*.—In chart No. 644 Delagoa Bay the variation is marked as decreasing  $1'$  annually. In chart No. 646 English R. the variation is marked as increasing  $1'$  annually. This probably is a misprint.

*Tides*.—In H.M.S. *Danae* outside the shoals we found the first of the flood setting to the northward about 2 knots, with a strong in-draught towards the channel north of Cockburn Shoal. On leaving we found the last of the ebb setting in an opposite direction. Inside the shoals the flood sets about 3 knots to the westward through the channels, over Shefeen Reefs and towards English R. The ebb sets in an opposite direction.

*Directions for Crossing the Shoals*.—On entering, H.M.S. *Danae* crossed the shoals in parallel  $25^{\circ} 49' S.$ , fixing her position by a bearing of C. Imjack and an angle to Black Bluff, with a check to Cutfield Hummocks. The angle between C. Imjack and Black Bluff was taken from the mast-head by an officer. George Hill was undistinguishable. Least soundings obtained crossing in this manner was 4 fathoms (L.W.S. Pgs.). On leaving, H.M.S. *Danae* used the channel to the north of Cockburn Shoal and south of Hope Shoal, but as this passage is narrow, the tides strong, and the points not good, it cannot be recommended until better surveyed. Coming from the southward perhaps the best and simplest course would be after passing about a mile to the eastward of C. Imjack to steer north by east for 3 miles, then bring C. Imjack to bear  $S. \frac{1}{2} W.$ , keep it on this bearing until the lightship bears  $S.W.$  by  $W. \frac{1}{2} W.$ , when haul in for the lightship and cross the shoals, keeping the lightship on a bearing  $S.W.$  by  $W. \frac{1}{2} W.$  until within a cable of her.

*Directions for English R.*—After passing close to the lightship steer  $W. \frac{1}{2} N.$  until the left entrance of Shefeen Island bears  $N.N.W.$ , when haul up to  $W.$  by  $N. \frac{1}{2} N.$  and steer to pass Reuben Point at a distance of about half a mile; keep in mid-channel and moor in 10 fathoms off the end of the pier. H.M.S. *Danae* found the depth of water on the bar to agree with the soundings marked on the chart (No. 646 English R.).

Approved.

Governor and High Commissioner.

Sir,—I have the honor to forward herewith, for your Excellency's information, a copy of a Report I have received from Captain Purvis, of H.M.S. *Danae*, acquainting me of the results of his visit to Walwich Bay, and enclosing a notice of a beacon erected at Pelican Point, which I request may be made public for the guidance of trading vessels visiting that place.

I have the honor to be,

Your Excellency's obedient servant,

Walvisch Bay, West Coast of Africa.—Beacon erected on Pelican Point	Beacon is erected 25 yards inside N.W. extreme of Pelican Point.  Latitude of Beacon ascertained by meridian altitude $\odot$ with artificial horizon, to be $22^{\circ} 53' 32'' S.$ Longitude by Mer. distance from Obs. The Beacon consists of a rough spar, standing 27 feet above the level of the sand, surmounted with a red ball with a black cask about 6 feet lower down; whales' bones and old planks are lashed round its base about 8 feet high. We found by careful astronomical observations, that Pelican Point is about 3 miles out of its position given on the chart; it is only 5 feet above high-water, and, consequently, not easy to make, especially if the weather is at all misty.

<sup>1</sup> This position places the Point about 3 miles S.S.E. of its position as shown on the Admiralty Chart No. 595.

#### CAPE OF GOOD HOPE.

##### CAPE ST. FRANCIS LIGHT.

REFERRING to a preliminary notice by the Chief Inspector of Public Works, dated 17th July 1877, which first appeared in the *Government Gazette* of this colony of 20th July 1877, and to a Government notice, No. 348 of 1878, of 29th April 1878, which first appeared in the *Government Gazette* of 30th April 1878, subjoined to the former, and affording further information concerning the tower and light proposed to be exhibited at Cape St. Francis; it is now hereby notified that the light was first exhibited on the night of Thursday, 4th July 1878, and will continue to be displayed henceforward between sunset to sunrise.

The light is a second order holophotal revolving white light, flashing at intervals of twenty seconds, and is visible, in clear weather, about sixteen and three-quarters miles from the deck of a vessel fifteen feet above the sea.

The tower has been built upon a low point (Seal Point), situated one and three-quarter miles westward of Cape St. Francis, and is in latitude  $34^{\circ} 12' 30''$  south (not  $34^{\circ} 22' 30''$  as was erroneously printed in the two former notices above alluded to); longitude  $24^{\circ} 50' 20''$  east of Greenwich.

The tower is a cylindrical stone structure, ninety-one feet high, and forms a good day mark; the focal plane is one hundred and eighteen feet above the level of high-water.

#### CAUTION.

The following are special points of difference between this tower and light and those at Cape Recife (45 miles to the eastward):—

The tower at Cape St. Francis is wholly white, that at Cape Recife is painted in horizontal bands alternate red and white.

The light at Cape St. Francis is revolving white, showing a bright flash every twenty seconds; that at Cape Recife is revolving white, attaining a maximum of brightness and completing its phases once every minute.

Mr. Patterson  
Mr. Woods.

WHEREAS by The Local Government Act 1874 it was amongst other things enacted that where any street or road in any municipal district exceeds one chain in width such street or road might, for any length thereof, be reduced in width to any width not less than one chain, and that the council of the municipality and the Board of Land and Works, and every owner of any land having a frontage to such street or road in any place where the same is so reduced in width, or in any place not more than three chains from any such place, might agree in writing, under the common seals of the municipality and the Board of Land and Works, and under the hand and seal of every such owner, upon a scheme for the reduction in width of such street or road for the length mentioned in such scheme, and for the disposal of the surplus land taken from such street or road, and as to the purchase-money to be paid by any such owners who might be allowed to purchase any of the surplus land, and as to the compensation, if any, not exceeding in the whole the amount of the purchase-money to be paid in respect of any land injuriously affected by such scheme, and the Governor in Council might by Order published in the *Government Gazette* confirm such scheme, and thereupon any land mentioned in such scheme in that behalf should cease to be a street or road, and all rights-of-way over the same should cease and determine; and it should be lawful for the Governor, on payment of the purchase-money for any surplus land to the Treasurer of Victoria, in the name and on behalf of Her Majesty, to grant such land in accordance with the provisions of any such scheme in the manner prescribed by the said Act, and by warrant under his hand to direct payment of any such compensation out of the consolidated revenue, which is by the said Act appropriated for that purpose accordingly: And whereas a scheme has this day been submitted to the Governor in Council for reducing the width of a portion of a certain street or road called or known as the Whitehorse road: Now therefore His Excellency the Governor, with the advice of the Executive Council, in pursuance of the 367th section of the said Act, doth by this present Order confirm the said scheme for the reduction of the width of such portion of the Whitehorse road within the Shire of Lillydale from three chains to one chain as shown by green tint on a plan deposited at the Crown Lands Office, Melbourne, and in accordance with a certain agreement attached to said plan, dated the second day of August One thousand eight hundred and seventy-seven, and made between the President, Councillors, and Ratepayers of the Shire of Lillydale of the first part, the Board of Land and Works of the second part, and the several persons whose signatures are subscribed to the said agreement of the third part.

A farmer having under cultivation not less than one-tenth portion of the land occupied by him may depasture on the common one additional head of large cattle for every ten acres of such land cultivated by him; provided always that no person shall be entitled to depasture any cattle upon more than one common.

3. The fees for depasturing cattle upon the common shall be payable to the herdsman of the common half-yearly in advance, and shall be at the rate of Four (4) shillings per annum for every head of horned cattle, and Six (6) shillings per annum for each horse, mare, gelding, colt, filly, ass, and mule. No fees shall be charged for cattle under nine months old whose dams are lawfully depasturing on the common.

4. The managers may grant to butchers or slaughtermen special licenses to depasture, for such periods of time as may be agreed upon, cattle intended for slaughter on the following terms, viz.:—Large cattle (not to exceed 15 in number) Sixpence per head per week, to be paid in advance. And the managers may grant to dairymen a special license to depasture a number of cattle, for dairy purposes only, not exceeding 20 head of large cattle, upon payment at the rate of Four shillings (4s.) per head for such term of three months.

5. No person shall depasture cattle on the common unless such cattle be his or her own property.

6. No animal affected with any disease shall be allowed to depasture on the common, and as soon as the herdsman of the common shall discover that any cattle registered on the common is infected with any such disease he shall forthwith give notice thereof to the owner of such cattle, and also to the nearest inspector of stock having jurisdiction in the district in which the common is situated, and shall also forthwith give notice to the managers of the common. It shall be the duty of the herdsman to observe and carry out all the requirements of the Acts of the Parliament of Victoria in force for the time being, relating to diseases of animals, which are demanded of owners or persons in charge of diseased cattle, so far as such requirements can be held to apply to the common, or the managers or persons in charge thereof.

7. No person shall be allowed to depasture on the common an entire horse, or bull, or ram, or he-goat, except with the consent, in writing, of the managers.

8. 9. If any cattle, while registered and actually depasturing on the common, shall be sold by the owners thereof, but not removed, neither the managers nor the herdsman of the common shall be liable or responsible for any loss, damage, costs, penalties, or forfeitures which may happen to, or be incurred by, the owners thereof in respect of such cattle.

Every license granted under subdivision VII. of section 47 of *The Land Act* 1869 shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized on that behalf.

## SCHEDULE.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act* 1869, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act* 1869, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license, shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act* 1869, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act, this license shall be void.

iii. On all houses or tenements having steam-engines attached, a rate of Ten pounds per centum on the amount of the valuation.

iv. On every hotel, a rate of Six pounds per centum on the amount of the annual valuation.

v. Government departments, by meter, at the rate of 2s. per 1,000 gallons.

vi. The rates to be charged for water supplied from standpipes shall be One shilling for every load of 120 gallons; One penny for every bucket.

vii. Water-troughs will be charged for at the rate of Ten shillings per annum each.

2. The council may cause meters to be affixed in any case where they may consider it necessary, such meter to be provided and fixed at the expense of the consumer, and the water supplied to be charged for by special arrangement. Syphon pumps will not be allowed unless the water is supplied by measure. No meter shall be affixed unless the dial of the same is capable of registering (1,000,000) one million gallons.

3. If any meter should cease registering, and during the time it is undergoing repairs, the council shall estimate and charge for the water consumed by taking an average of the quantity used during the previous quarter, or during the corresponding period of the preceding year.

4. Any person receiving water from the council who shall take and carry away such water from his premises, or who shall allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

5. Any person not having agreed to be supplied by the council who shall take or carry away water from any drinking tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

6. Before any person shall affix any service-pipe to any pipe of the council, or alter, repair, or in any manner interfere with any pipe of the council, or any service-pipe, cock, or fitting connected with the pipes of the council, he shall obtain

from the council a license in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid, shall be liable to a penalty not exceeding Ten pounds.

7. Before any such license shall be granted by the council the person applying for the same shall satisfy the council that he is a competent plumber, and pay the sum of One pound as the fee for such license. The council shall have the power of cancelling such license at any time.

8. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground so as to uncover any pipe or pipes the property of the council without giving two days' notice to the council of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the council without the permission in writing of the council being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine the property of the council, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

9. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the council without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the council, or who shall make such communication except under the superintendence and according to the directions of some officer of the council, or who shall lay any leaden or other pipe to communicate with the pipe of the council of a strength and material not sanctioned by the council, shall be liable for each such offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the council. Galvanized iron and lead piping of approved quality only will be allowed to be fixed for either internal or external services. No service of a larger bore than 4-inch will be permitted unless by special consent of the council.

10. If any person shall neglect to repair any service-pipe conveying water from the pipes of the council into the premises of such person after having received notice from any officer of the council that such service-pipe requires repairing, the council may stop the water from flowing into such premises, either by cutting off the service-pipe, or otherwise as to the said council may seem fit, until the necessary repairs shall have been effected. The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier (if any), and, if none, the owner, shall in every instance in which any damage shall be caused by reason of such service-pipe being leaky or otherwise out of repair, or broken, be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the council.

11. Any person supplied with water by the council who shall wilfully or negligently allow the same to run to waste shall be liable for each offence to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the council.

12. Any person, whether licensed as aforesaid or not, connecting any service-pipe or branch service-pipe with any steam-boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter shall be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the council.

13. Overflow-pipes to private baths will not be permitted.

14. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously and that not more than two gallons can escape at each flush.

15. If any person supplied with water by the council does or causes to be done anything in contravention of any of these regulations, or fails to pay his rates when due, or fails to do anything which under any of these regulations ought to be done, or wilfully or negligently allows water to run to waste, the council may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of injury remains or is not remedied.

16. Any person watering any street or footpath by means of a hose, except under the directions of the officers of the council, shall be liable to a penalty of Two pounds for each offence.

17. In the construction of this bye-law the word "council" shall mean the Borough Council of Talbot.

**GUANO.**

THE subjoined Notice is published at the instance of the Government of Western Australia.

Chief Secretary's Office,  
 Melbourne, 21st June 1878.

GRAHAM BERRY,  
 Chief Secretary.

No. 87.—C.S.O.

Colonial Secretary's Office,  
 Perth, 9th May 1878.

LACEPEDE ISLANDS—WESTERN AUSTRALIA.

THE Government of Western Australia invites tenders from persons desirous of obtaining the sole right to remove guano

from the Lacepede Islands group, which is situated in about 17° south latitude, and 122° east longitude from Greenwich, and on which it is calculated there are now at least 40,000 tons of guano. Such tenders must be sent in to the Colonial Secretary, Perth, Western Australia, on or before the 15th October next, but the Government does not bind itself to accept the highest or any tender.

All tenders will have to state the price or royalty offered per ton for the guano (1) if shipped in the natural state; (2) if artificially prepared, dried, or sifted before shipment.

The person whose tender may be accepted (hereinafter spoken of as "the contractor") will have to bind himself to the following conditions:—

1. To remove the whole of the guano that there may be on the islands.
2. To take it away at the minimum rate of twenty thousand tons a year.
3. To remove the guano in such a manner and from such places as may be from time to time pointed out by the Government Officer stationed on the islands; and the contract will contain a clause providing that in case of the breach or neglect of these conditions the contract shall be void, and the contractor shall forfeit all buildings, erections, and plant that he may have set up on any of the islands, and also the sum of Two thousand pounds hereinafter mentioned.

The contractor will be required, within seven days after receiving a notification by telegraph or otherwise that his tender is accepted, and before the issue of any license, to deposit in the hands of the Western Australian Government, or of such person as they may name as their agent in this behalf, the sum of Two thousand pounds, as security for the due performance of the contract, and this sum will be retained by the Government until the termination of the contract, and will be liable to forfeiture as hereinbefore mentioned. He will also be required at the same time to pay a like sum of Two thousand pounds, by way of royalty, in advance. The contractor will at no time be at liberty to remove any guano unless the royalty agreed upon has been paid, and no less sum than Two thousand pounds will be accepted at any time in payment of royalty until such time as there is left on the islands a quantity of guano the agreed royalty on which shall be less than Two thousand pounds.

The only instructions that will be given to the Government Officer stationed on the islands, and which he will be required to insist upon with regard to the manner in which and the places from which the guano shall be removed, will be to divide the islands into convenient sections, to point out the section or sections from which guano may be removed, and to require that the whole of any one section be cleared before any new ground is entered on.

The quantity of guano taken by each ship on which royalty has to be paid shall be ascertained by adding 25 per cent. to the registered tonnage of timber-built ships, and 40 per cent. to the registered tonnage of iron-built ships; provided that, if the captain or agent of any ship, or the Government Officer, shall in any instance be dissatisfied with the foregoing arrangement, he shall be at liberty to cause the ship to be exactly measured according to Lloyd's rules, and the number of cubical feet so ascertained divided by 40 shall be taken to be the tonnage capacity of the ship.

No tonnage, light, or harbor dues will be charged in any port of the colony on ships solely engaged in the guano trade, and no customs duties will be levied on goods and stores that may be landed on the islands for persons solely employed in the preparation and shipment of guano.

The contractor will be at liberty to erect on any or all of the islands any buildings, jetties, tramways, &c., and, subject to the conditions before expressed as to forfeiture, to remove the same at any time within six months of the termination of the contract.

No license for the shipment of guano under the regulations now in force will be granted after the 15th August next, and every such license granted after the date hereof will provide for the compulsory removal of the guano for the shipment of which it is the permit before the 15th October next.

It will at all times be optional with the licensee to ship the guano in its natural state, or artificially prepared, dried, or sifted.

The contract to be entered into in pursuance of this notice shall be deemed to commence on 1st January 1879.

Each tender, unless otherwise expressed, shall be deemed to be open to acceptance by the Government for the space of one calendar month from the 15th October, and the Government shall be at liberty to accept any tender by notifying to the person making it, by telegraph, that his tender is accepted. Any person who shall tender, and, on his tender being accepted, shall fail to pay the two several sums of Two thousand pounds as hereinbefore set forth, shall be deemed to have broken his contract, and the Government shall thereupon be at liberty to accept any other tender, and to hold such person responsible for all loss consequent on his breach of contract.

By His Excellency's Command,

MALCOLM FRASER,

Surveyor-General,

in the absence of the Colonial Secretary.
