* In cases where the minus sign (-) is prefixed to any number it implies that the deaths exceeded the births by that number.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade, and the mean atmospheric pressure, during the month of November for the ten years 1869-1878, were as follow; the births are also given for as many years as the information is available:—

	Number of Births.	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
November 1869	294	60.9°	29.779 inches.
" 1870	255	59.3°	29.872 "
" 1871	284	60.4°	29.845 "

" 1878 ...	688	381	62.0°	29.853 "
Mean ...	654	372	59.7°	29.828 "

The births of 682 children, viz., 366 boys and 316 girls, were registered in Melbourne and suburbs during the month of November. In the month of October 746 births were registered, or 64 more than in the month under review.

The deaths registered in November numbered 362, viz., 200 of males and 162 of females; the births thus exceeded the deaths by 320. The deaths were less than those in October by 12, and were lower than the average of November during the previous ten years by 10. If, however, allowance be made for the increase of population, they will be found to have been lower than the average of those ten years by 53.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 83.5° on the 29th, and the lowest was 42.3° on the 6th. The mean temperature of the month (58.3°) was more than a degree below the average. The greatest range of the thermometer in any one day (38.3°) took place on the 10th, viz., from a maximum of 82.3° to a minimum of 44.0°. The least range (7.1°) was on the 17th, viz., from a maximum of 62.1° to a minimum of 55.0°. The mean daily range was 18.42°. The mean atmospheric pressure (29.736 inches) was nearly one-tenth of an inch below the average.

Males contributed 55 per cent. and females 45 per cent. to the deaths registered during the month. Thirty-nine per cent. of those deaths were of children under 5 years of age, as against 35 per cent. in November 1878; 42 per cent. in November 1877 and 1876; 46 per cent. in November 1875; 47 per cent. in November 1874; 42 per cent. in November 1873; 43 per cent. in November 1872; 42 per cent. in November 1871; 48 per cent. in November 1870; and 47 per cent. in November 1869.

The deaths of persons of the age of 75 years and over numbered 13. Of these:—A laborer, aged 75, died of anthrax; a coachmaker, aged 75, of intussusception; a widow, aged 75, of heart disease; a female, aged 76, of pneumonia; a cabinetmaker and a female, each aged 77, of pneumonia; a female, aged 77, of diarrhoea; a female, aged 78, of bronchitis; a male cook, aged 78, of heart disease; a female, aged 79, of paralysis; a farmer, aged 86, of cystitis; and a male, aged 75, and a female, aged 86, of old age.

Only 11 deaths were set down to external causes during the month, which is a number below the average. Of these one was ascribed to suicide, and the remainder to accident or negligence. The following are the particulars of the accidental deaths:—A male child, aged 2, died of fracture of the skull, caused by a spring-cart passing over him; a girl, aged 9, was killed through being struck by an engine; a candlemaker, aged 43, died of fracture of the base of the skull, occasioned by a piece of timber falling on him; a carter, aged 43, was crushed to death between two engines; a groom, aged 53, died of exhaustion and shock consequent on amputation of thigh; a female, aged 46, was burnt to death; a boy, aged 9, was struck dead by lightning; a female child, aged 2,

was poisoned through swallowing liquor potassæ; a fisherman, aged 40, was drowned in Port Phillip Bay by the boat swamping in a severe gale; and an infant, aged 8 days, died of umbilical hæmorrhage. The suicidal death was that of a coachman, aged 25 years, who poisoned himself with laudanum whilst of unsound mind resulting from drink.

Ninety deaths, or 25 per cent. of the whole, took place in public institutions, viz. :—39 in the Melbourne Hospital, 7 in the Immigrants' Home, 3 in the Children's Hospital, 10 in the Alfred Hospital, 6 in the Lying-in Hospital, 6 in the Benevolent Asylum, 4 in the Yarra Bend Lunatic Asylum, 12 in the Metropolitan Lunatic Asylum, 1 in the Melbourne Gaol, 1 in the Homœopathic Hospital, and 1 in the Protestant Orphanage.

The deaths of children under five years of age numbered 140, of which 76, or 54 per cent., were of males, and 64, or 46 per cent., were of females. Of those who died, 98 were under one year of age, 20 were between one and two, 8 were between two and three, 5 were between three and four, and 9 were between four and five.

The persons who died at a more advanced age than five years numbered 222. Of these, 124, or 56 per cent., were males, and 98, or 44 per cent., were females; 14 were between five and ten, 5 were between ten and fifteen, 4 were between fifteen and twenty, 15 were between twenty and twenty-five, 21 were between twenty-five and thirty, 19 were between thirty and thirty-five, 17 were between thirty-five and forty, 23 were between forty and forty-five, 20 were between forty-five and fifty, 16 were between fifty and fifty-five, 12 were between fifty-five and sixty, 19 were between sixty and sixty-five, 10 were between sixty-five and seventy, 14 were between seventy and seventy-five, 11 were between seventy-five and eighty, and 2 were upwards of eighty.

Information received from Mr. R. Turpie, master of the mission barque *John Williams*.

On leaving Apia Harbor, Samoa, coral rocks were seen under the ship's bottom. The following bearings were taken:—

Peak of Apia Mountain	South.	Magnetic
Eastern visible land	E.S.E.	"
Apolinia or Manono	W.S.W.	"

ship's head N. by E., deviation on that course 8° easterly. The master of the *John Williams* imagines that these rocks have from 12 to 15 fathoms on them when first seen by him, but he could not say how long the ship was on them before his attention was attracted.

The sea was breaking heavily on them when I passed on the 2nd September 1879; they narrow the channel a good deal, are not shown in any Admiralty Chart, nor in the Queensland Government Chart of Jervis Island, by Lieutenant Connor, of 1873. The reef was nearly awash at $\frac{1}{2}$ -flood, but the tides are so irregular that the state of the tide, unless at anchor, is a matter of conjecture. No outlying patches were seen. SHIRES OF GLENELG AND WANNON.

TRANSFER OF AREA.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, § 46), the substance and prayer of a petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor, are published, viz. —

The petitioners are twenty-four in number, and purport to constitute a majority of the ratepayers in the portion of the Shire of Glenelg which is described in their petition, and they desire that the area so described may be severed from the Shire of Glenelg and attached to the Shire of Wannon.

Area described in the petition:—Commencing at the south-eastern angle of allotment 3, section 15, parish of Dewrang; thence north-easterly by the western boundary of the shire of Wannon to the south-eastern angle of the parish of Koolomert; thence northerly by the eastern boundary of the parish of Koolomert, being also part of the western boundary of the shire of Wannon, to the north-eastern angle of the said parish of Koolomert; thence westerly by the northern boundary of said parish of Koolomert to its north-western angle; thence southerly by the western boundary of said parish of Koolomert to its south-western angle; thence easterly by the said parish of Koolomert to the north-west angle of the parish of Dewrang; thence southerly by the western boundary of said parish of Dewrang to its south-western angle; and thence easterly by the southern boundary of said parish of Dewrang to its commencing point; containing an area of thirty-eight square miles, more or less.

Petitioners state they do not receive from the Glenelg Shire Council the attention to their requirements equivalent to the amount of money paid by them to the municipal fund; that the roads are neglected and are in an impassable state, and would involve a considerable expenditure to render them available for traffic; that their interests are more closely allied to the Shire of Wannon; and the roads through the last-named shire are in a more direct line for the transit of their agricultural and pastoral produce; and they believe that the proposed annexation would tend to their general welfare; and the petitioners pray as follow:—

"Your petitioners therefore pray that your Excellency in Council may be pleased to make an Order for the severance from the Shire of Glenelg and for the annexation to the Nareen riding of the Shire of Wannon of the portion of the territory herein described."

Notices intended to be served on petitioners may be served on John Waters, farmer, Nareen, or may be posted to said address.
