2. Any such person, previously to such removal, must make application in writing to the Officer of Customs in Victoria residing nearest to the land whereon the wheat is grown, specifying the quantity of wheat to be removed, and accompanying such specification by a statutory declaration of the applicant, "That the wheat sought to be removed was grown on land in Victoria in his occupation," and obtain from such Officer of Customs a permit to remove the wheat to the mill therein mentioned.

Revolving Light at Vakalapudi.

WITH reference to this department Notice to Mariners, No. 27 of 8th December 1878, on the intended exhibition of a revolving light at Vakalapudi, telegraphic information has this day been received that the light was exhibited on the 15th instant, and that on the same night the small light formerly shown on the north side of the entrance to Cocanada River was discontinued.

The light is a revolving white light of the fourth order, flashing at intervals of 20 seconds, elevated 80 feet above high-water, and should be visible in clear weather from a distance of 14 miles in every direction seaward.

The light tower—a white column 76 feet high from base to vane—is situated to seaward of the coconut trees, about 2½ cables from the shore, and 4½ nautic miles N. by E. ½ E. from the old lighthouse at Cocanada.

The illuminating apparatus is catadioptric, or by reflectors and lenses of the fourth order.

Position: Latitude 17° 0' 40" N., longitude 82° 16' 30" E.

This light is intended to lead vessels clear of the shoals to the north of Point Godavari (Gordewari), when coming into the Cocanada anchorage from the southward and eastward.

In rounding the point vessels should not come under 10 fathoms 'till the Vakalapudi light bears to the westward of W.N.W., and the fixed light on Hope Island bears S. by W., when the anchorage, which is in 5 fathoms, may be safely approached.

The bearings are magnetic. Variation 2° 0' easterly in 1879.

The present light will be shown until the new light is exhibited, due notice and details of which will be given.

2. Mangalore, South Canara.—Also, that the entrance to the Mangalore River has shifted nearly one nautic mile to the northward. Vessels should now anchor in 5 or 6 fathoms, mud, with the lighthouse bearing E. ½ S.

(No. 6.)—INDIA—WEST COAST—GULF OF CUTCH.

Fixed Light at Roji (Nowa-nugag).

OFFICIAL information has been received in this department that a light is now—and has been since the year 1867—exhibited on Roji Island, south shore of the Gulf of Cutch.

The light is a fixed white light, elevated 42 feet above high-water, and should be visible in clear weather from a distance of 7 miles, through an arc of 120°, or between the bearings of S.E. by E. ½ E., round by the south to S.W. by W. ½ W.

The light tower is round and white-washed, is 50 feet high from base to vane, and is situated near the west corner of Roji mata (temple), which lies on the north-east point of Roji Island, at the entrance to Nowa-nugga Creek.

The illuminating apparatus consists of a lantern with three burners and reflectors.

Position (Admiralty Chart): Latitude 22° 32' 50" N., longitude 70° 1' 30" E.

The bearings are magnetic and from seaward. Variation 1° 0' easterly in 1879.

(No. 7.)—INDIA—WEST COAST—GULF OF CUTCH.

Fixed Light at Entrance to Toona Creek.

INFORMATION has been received from the political agent at Cutch Mandvee that a light was exhibited, on the 5th September 1878, from a lighthouse recently erected on the swampy land south of Tekra Island, as a guide to vessels making for Toona, north shore of the Gulf of Cutch.

The light is a fixed white light, shown from an ordinary lantern elevated 17 feet above high-water, and should be visible in clear weather from a distance of 6 miles.

The light tower—which is built of stone, and 23 feet high—stands on the eastern edge of a low mangrove swamp, about three-quarters of a mile south of Tekra Island, Toona Creek. At high tides this swamp is overflowed, which gives the lighthouse the appearance of being built in the water.

Position (Admiralty Chart): Latitude 22° 55' 30" N., longitude 70° 7' 10" E.

By direction of the Government of India.

Mr. Grant	Mr. Patterson
Major Smith	Mr. Woods.

WHEREAS by *The Land Act* 1869 power is given to the Governor in Council from time to time to make, alter, and rescind rules, regulations, and orders for the various purposes therein specified: And whereas by *The Land Act* 1878 it is amongst other things enacted that the said Act shall be read and construed as part of *The Land Act* 1869: Now, therefore, His Excellency the Governor in Council, acting by and with the advice of the Executive Council, doth hereby rescind, to the extent hereinafter mentioned, all rules, regulations, schedules, and orders hereinafter expressed to be rescinded, and doth make in lieu thereof the Regulations following:—

REGULATIONS.

Chapter I.—Preliminary.

1. Except as to all matters done, rights acquired, and obligations incurred thereunder, and except as hereinafter provided, all the rules, regulations, and orders under *The Land Act* 1869, specified in Schedule I. hereto, are hereby rescinded, being consolidated and amended herein.
2. Where before the commencement of these Regulations any application has been made for the resumption for mining purposes of any land alienated under *The Land Act*, all matters relating thereto shall continue and proceed as if these Regulations had not been made.
3. The Schedules hereto shall be taken to form part of these Regulations, and may be modified by the Minister.

Wherever in any regulation under *The Land Act 1869* it is directed that any duty shall be performed by a District Surveyor, Land Officer, or other officer of the Lands Department, such duty shall, in the absence of the officer directed to discharge the same, devolve on any officer or person whom the Minister shall authorize in that behalf.

LICENSES AND LEASES.

- 25.11.74. 3. All licenses and leases shall be prepared by the Occupation Branch, and those not requiring the signature of the Governor shall be signed by the person duly authorized in that behalf, except licenses which have a fixed price, which must recite that they are granted under his authority.
- 25.11.74. 4. All rents and fees will be collected by the Treasury, which shall be advised through the *Government Gazette*, and such advice shall give the date, name, parish, area, amount to be collected, and office whereat payable, in respect of each license or lease, as the case may be, and shall contain such further information as from time to time may be deemed desirable; and the Occupation Branch shall be advised (by the officer who receives the money) of the receipt of all such rents and fees through the Treasury by the usual "Red-faced Report."
- 25.11.74. 5. No fees or rents for any license or lease shall be received after the Occupation Branch has forwarded to the Treasury an intimation directing that money shall not be received on account of such license or lease; and fees or rents in arrear shall not be received as such if tendered after the same shall have been due three months. But the money may be accepted and a conditional receipt given in the form prescribed in Schedule II. hereto, on application in the form prescribed in Schedule III. hereto, and in such a case the Occupation Branch is to be immediately informed that payment has been made.
- 25.11.74. 6. All licenses under sections 47 and 53, which have a fixed price, and which do not require the approval of the Minister, shall be supplied to the issuers through the Treasury, and shall be signed by the officer entrusted with their issue, but the issue thereof need not be gazetted.
- 25.11.74. 7. The Occupation Branch shall prepare registers for licenses and leases in such form or forms as shall be from time to time approved by the Minister, and shall keep proper records of all rents and fees received, and of all other transactions connected with such licenses or leases.

Chapter III.—Of Survey.

- 7.2.76. 1. Immediately on receiving an application for a lease or license under *The Land Act 1869* or *The Land Act 1878*, the Land Officer shall, if a survey be required, notify to the applicant that, on his depositing with a Receiver of Revenue the amount chargeable to him for survey, and producing or forwarding the receipt therefor to the Land Officer, an authorized surveyor will be instructed to survey the land for and on account of the applicant; and should the said charge not be paid within twenty-eight days from the date of such notification the application shall be deemed to be abandoned, and the land shall be made available for other applicants.

2. No such survey shall be held to be a Government survey within 7.2.76. the meaning of section 32 of *The Land Act 1869* until the Surveyor-General shall be satisfied of its accuracy. The applicant shall be responsible for the payment, whenever demanded, of any further sum that may be required for the survey of the allotment, or for any modification of the plan supplied where such modification is not caused by the neglect of the authorized surveyor.

Any person may, in the form prescribed in Schedule LXVII. 26.5.73. hereto, apply to the Minister for the resumption, under the provisions of the 99th section of *The Land Act 1869*, of any land alienated from the Crown, and not hereinafter excepted from such application, and shall send with every such application the sum of Ten pounds, to be dealt with as hereinafter provided.

2. No application shall be entertained for any land used as a garden, 26.5.73. orchard, vineyard, nursery, plantation, or ornamental pleasure-grounds, or for any land of less extent in area than quarter of an acre, within any city, town, or borough, or for any land which is the site, or is within 100 feet of the site, of any house, manufactory, hospital, asylum, church, public building, or any cemetery, dam, reservoir, or waterworks, unless by the special direction of the Minister, or unless the consent in writing of the owners or trustees of such land accompany such application.

3. The Minister may refer any such application to a Warden, and 26.5.73. shall inform the applicant thereof.

4. Upon such reference, the applicant may obtain from the Warden 26.5.73. a summons to the licensee, lessee, or purchaser of the land to which the application refers, to appear before him on a day and at a place therein specified to show cause why such land should not be resumed.

5. The Warden shall give notice in some newspaper circulating in 26.5.73. the district that on some day not less than fourteen days from the date thereof he will proceed to hear such application; and every applicant, if there be more than one, shall on the day appointed appear before the Warden, and in default of such appearance, or of sufficient excuse for such default, the application shall be dismissed as against that applicant.

6. Upon the hearing of the summons the applicant shall, unless the 26.5.73. parties summoned appear, prove the service thereof, and shall also prove that there is reasonable cause for belief that the land is auriferous or argentiferous, and may be mined with a reasonable profit; and shall also produce evidence as to the market value of the land and the improvements thereon at the date of the issue of the summons.

7. The Warden, whether all the parties be present or not, shall hear, 26.5.73. receive, and examine evidence, whether it be tendered to him or called for by him, and may obtain the assistance of engineers, surveyors, valuers, or other competent persons, the expense whereof shall be deemed to be part of the costs of the hearing, and may adjourn the hearing from time to time as he thinks fit.

8. The Warden shall report to the Minister the evidence he has re- 26.5.73. ceived and his opinion thereon, and the amount of costs (if any) which the applicant ought to pay.

9. Upon the report of the Warden and the recommendation of the 26.5.73. Minister, the Governor shall determine whether the land shall or shall not be resumed.

10. The costs of the enquiry shall be paid out of the sum deposited 26.5.73. by the applicant, or, if there be more than one applicant, in equal proportions, unless the Governor otherwise order, by the several applicants, and the balance (if any) shall be returned to the depositor or depositors.

11. If it be determined that the land be not resumed, no further 26.5.73. application in respect of the same land shall, unless by the special direction of the Minister, be entertained within twelve months from the date of the refusal of the application.

12. If it be determined that the land be resumed, the Minister shall 26.5.73. cause notices thereof to be sent to the licensee, lessee, or purchaser, and shall, subject to the approval of the Governor, agree with him as to the value other than auriferous of such land and improvements as existed at the date of the issue of the summons as aforesaid.

13. In default of such agreement, such value as it then existed shall 26.5.73. be determined by arbitration in the manner prescribed in the first division of the Second Part of *The Land Act 1869*, substituting the person entitled for the licensee therein.

14. When such value has been ascertained, the Governor may direct 26.5.73. that the money be paid either to the licensee, lessee, or purchaser, as the case may be, or, if other parties appear to be interested therein, into the Supreme Court, to abide the direction of the court as to its distribution.

15. The amount of all unpaid license fees, rent, or purchase-money 26.5.73. which, if the land had not been resumed before grant, would have been payable to the Crown before the issue of a grant in fee, shall be deducted from the sum agreed upon or awarded as the value as aforesaid.

16. Upon the payment of the value as aforesaid, the Governor may, 26.5.73. by a notice in the *Government Gazette*, declare that the land in such application described has been resumed for mining purposes by Her Majesty, and thereupon the whole estate and interest of the licensee, lessee, or purchaser, and of every person claiming through or under

him, shall cease and determine, and the land shall be deemed to be Crown land as if the same had never been alienated, and the Registrar of Titles shall make in his register the proper entries accordingly.

- 26.5.73. 17. The names of the successful applicants in the order of their application, shall be published in the notice of resumption, and such order shall determine their priorities *inter se*; and until thirty days after the date of such publication, no act of any person other than such applicants, or some person by them authorized in that behalf, done upon or in relation to such land shall be of any force or effect in creating or initiating any right or title, or determining the priority of any application for permission to mine in or upon the said land or any part thereof, or to occupy the same or any part thereof, for any purpose in relation to mining.
- 26.5.73. 18. The Minister for the purposes of this chapter shall include the Minister of Mines.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 8.

10. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured by the officer requiring it, and the expense charged as in clause 8.

11. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due or to the contractor, or in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 8.

12. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivery, or replacing them when required, or refusal to execute orders, will subject the contractor, upon report of the Tender Board, to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

14. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made. It will also be competent for the Secretary to the Tender Board to terminate the contract, without notice, on infringement of condition No. 13, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

Every license granted under subdivision VII. of section 47 of *The Land Act* 1869 shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized on that behalf.

SCHEDULE.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act* 1869, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act* 1869, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license, shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act* 1869, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act, this license shall be void.

beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

3. After the signing of the minutes as aforesaid, the order of business of an ordinary meeting shall be as follow, or as near thereto as may be practicable, but for the greater convenience of the council at any particular meeting thereof it may be altered by resolution to that effect:—

- (x.) Notices of motion.

And the order of business at a special meeting shall be the order in which such business stands in the notice thereof.

4. Whenever a division shall be demanded by any councillor, the councillors voting in the affirmative shall first hold up their hands, and then those voting in the negative shall hold up their hands, and the result be declared by the chairman.

5. All addresses to the Governor shall be presented by the chairman and the clerk of the municipality, unless otherwise ordered by the council.

6. All notices of motion shall be dated and numbered and given by the intending mover to the municipal clerk at the close of the meeting of council, or if not required by law to be given at a meeting, then three clear days prior to the next meeting of council; and such clerk shall enter the same in the notice of motion book in the order in which they may be received.

7. No member shall make any motion initiating a subject for discussion but in pursuance of notice given, as prescribed in the last preceding clause.

8. No motion except that for receiving the same shall, unless under most urgent circumstances, be made on any petition, memorial, or other like application until the next ordinary meeting of council after that at which it has been presented.

9. Except by leave of the council, motions shall be moved in the order in which they have been received and recorded by the municipal clerk in the notice of motion book, and if not so moved or postponed shall be struck out.

10. No motion entered in the notice of motion book shall be proceeded with in the absence of the councillor who gave notice of the same, unless by some other councillor producing written authority from him to that effect.

17. The councillors in meeting of council shall designate each other by their official titles, namely, that of mayor, president, chairman, or councillor, as the case may require.

18. If two or more councillors rise to speak at the same time the chairman shall decide which is entitled to priority.

19. The chairman shall rise in addressing the council to discuss any question, and shall not leave the chair on such occasions.

20. No councillor shall speak a second time on the same question, unless entitled to reply, or in explanation when he has been misrepresented or misunderstood.

21. The chairman, when called upon to decide on points of order or practice, shall state the provision, rule, or practice which he deems applicable to the case, without discussing or commenting on the same, and his decision as to order or explanation in each case shall be final.

38. If a debate on any motion moved and seconded be interrupted by the number of the councillors present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion upon notice.

39. If a debate on any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-book for a future day on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

FOURTH VICTORIA PERMANENT PROPERTY BUILDING AND INVESTMENT SOCIETY.

ELEVENTH ANNUAL REPORT OF THE COMMITTEE, FOR THE
YEAR ENDING 23RD OCTOBER 1878.

YOUR committee herewith submit the balance-sheet and auditors' report.

On the 11th of October last, when your late secretary absconded, the work of the office was left so far in arrears that it has been impossible to publish a correct balance-sheet at an earlier date.

After five months' careful examination into the accounts of the society, your committee regret to find that not only has your late secretary appropriated the large sum of £6,131 0s. 11d., but that he has neglected the business in such a manner that they have deemed it best, in the interests of all concerned, to write off the sum of £4,661 9s. 11d. on properties which have fallen into the hands of the society. This estimated loss would also have been much higher but for the fact that these loans have not been debited with interest during the past year.

It must also be borne in mind that the amount of interest at the debit of profit and loss is far in excess of what it ought to have been, in consequence of Mr. Denny having appropriated the great bulk of the money previous to the balance of October 1877. The defaultions have extended over a period of fully four years, and have been accomplished principally by means of forgery. These losses and anticipated losses have

caused us to draw upon the investing shareholders' capital to the extent of £7,937 1s. 11d., being at the rate of 16½ per cent. This has been done so that those shareholders who may wish to withdraw from the society shall bear their fair proportion of the losses, and to protect the interests of those who remain.

Your committee exceedingly regret that such an unfavorable balance-sheet has to be presented; at the same time they feel thoroughly satisfied that the true position of the society has been grappled with, and that the business is now being conducted in such a manner that there will, in future, be good returns for the money invested.

We would also desire to draw attention to the fact that depositors are amply secured, although investors have had to suffer loss.

Mr. Walter Thompson's present state of health having prevented him from completing the audit, your committee have been obliged to call in the assistance of Mr. James H. Cole to complete the work in conjunction with Mr. Seymour, and both have certified to the correctness of the balance-sheet.

We may also add that the committee have not failed in their duty in regard to the arrest of John S. Denny, having offered a reward of £100 for his apprehension, and have had frequent communications with the Detective Office, in the hope that he may yet be traced and brought to justice.

RICHARD HODGSON, Chairman.
