Department of Trade and Customs,
Melbourne, 9th September 1879.

NOTICE TO MARINERS.

MORETON BAY, NORTH-WEST CHANNEL.

THE following Buoys are now laid down in the north-west entrance to Moreton Bay, viz. :—

Off the north extreme of the Skirmish Banks a red buoy with staff and cone in 5½ fathoms. { Skirmish Point bearing S. ½ W. Comboyuro Point Lighthouse E. ½ S.

Off the south-west extreme of the Spitfire Banks a black buoy with staff and ball in 5½ fathoms. { Point Skirmish bearing S.W. by S. Comboyuro Point Lighthouse E. ½ S.

Off the north extreme of the Western Banks a red buoy in 4 fathoms. { Comboyuro Point Lighthouse bearing E. by N. Cowan Cowan Lighthouse S.E. ½ E.

Off the south-west extreme of Yule Bank a black buoy in 3 fathoms. { Comboyuro Point Lighthouse N.E. ½ E. Cowan Cowan Point Lighthouse S.E. ½ E.

A ridge with not more than 4½ fathoms at low-water springs, gradually deepening to 5½ fathoms, extends 3 cables W. by N. from the detached 4½ fathom patch, lying ½ mile S.W. by S. from the southernmost Hamilton Patch.

The northern extremity of the North Banks has extended about 2 cables to the N.W. since the present chart was constructed.

Directions.—Vessels about to enter the N.W. Channel by the opening between the Hamilton Patches and the North Banks, should bring the peak of Burwah, open to the north of Tibrogargan (the peak which resembles a broken shaft) about the width of the former, and keep these marks on until the eastern shoulder of the range just north of the Malula River, and 600 feet high, is open of Caloundra Head. Then steer for the south-eastern Glasshouse, bearing S.W. by W. As the passage is entered, the northern edge of North Banks, which is steep to, will be clearly seen, having 7 fathoms close alongside. When Calum Hill is shut in, its own width with Caloundra Head,—its top showing over the near land,—a vessel may haul up and bring the right shoulder of the Malula Range on with the foot of the western slope of the hills forming Caloundra Head. A S.E. ½ S. course should then be steered, keeping these marks on until Cowan Cowan Lighthouse is brought into line with Leading Hill on a S.E. ½ E. bearing. The hill should be kept slightly open to the S.W. of the Lighthouse until the black buoy off the Spitfire Banks is passed. The positions of the Hill and Lighthouse should then be reversed until after passing the red buoy off the north extreme of the Western Banks, when the hill can again be brought to the S.W. of the Lighthouse, and the Main Channel past Cowan Cowan Point entered.

The S.E. peak of the Glasshouses is that which is noted on the chart as 920 feet in height.

By following the above directions a depth of not less than 6 fathoms at low-water will be carried to the anchorage in Brisbane Roads.

A large square beacon will shortly be placed at the back of the beach, which in line with the south-easternmost Glasshouse on a S.W. by W. bearing will lead in through the passage between the Hamilton Patches and North Banks.

Vessels taking the passage between Caloundra Head and the 3 fathom Bank, will carry the deepest water by keeping at a distance of from half to three-quarters of a mile from the shore of Bribie Island.

VICTORIAN RIFLE ASSOCIATION.

CONDITIONS TO BE OBSERVED IN EXPENDITURE OF GRANT TO THE VICTORIAN RIFLE ASSOCIATION.

THE Governor, with the advice of the Executive Council, has been pleased to approve of the following conditions to be observed in expenditure of grant to the Victorian Rifle Association:—

1. Any member of the local forces of Victoria who shall, in the opinion of the Commandant, have presented himself to shoot on any rifle range in Victoria with a Government Martini-Henry rifle or carbine, the sights of which have been altered or tampered with, or to fire in any match or competition with a Government rifle any portion of which has been altered contrary to regulations, shall be disqualified from taking any prize, and from competing in any match under the direction of the Victorian Rifle Association for a period of twelve (12) months.

2. In matches restricted to members of the local forces of Victoria, and in all matches depending upon the aggregate scores made in two or more of these matches, prizes shall be awarded only to those who were "effective," as per Regulations, for their respective branches of the service at the last preceding classification, and who from that period up to the time of firing had attended an average number of parades and drills sufficient, if continued, to render them "effective" on the 1st July following.

3. In the case of members of the local forces joining for the first time after the 31st March in each year, an average monthly performance of duty from the time of their joining to the date of the matches sufficient, if continued, to render them "effective" on the 1st July next following, shall render them eligible to be prizetakers.

4. Former members of the local forces, who had resigned, whose names have not been on the roll of any corps during the twelve (12) months ended each 30th June preceding shall, on rejoining, be deemed new members joining for the first time.

5. In cases of sickness, members of the local forces having applied for and obtained leave of absence shall, on presenting a medical certificate, be eligible as prizetakers, provided they were unable to render themselves "effective" during the remainder of the year, reckoning the time both before and after their illness.
