BLUFF HARBOR, MIDDLE ISLAND, N.Z.

Marine Department, Wellington, 17th March 1880.

THE following Notice to Mariners, received from the Bluff Harbor Board, is published for general information.

H. A. ATKINSON.

BLUFF HARBOR.

Two dolphins have been placed on the "middle spit," which lies to the north of the wharf and between the two channels. One is on the extreme east end in 12 feet; it is surmounted by a cross, painted red and white in horizontal bands. The other is on the middle of the spit, in 4 feet, and surmounted by a Y-shaped beacon, painted red and white in diagonal bands. These, when kept in a line about N.W. by W. 3/4 W., lead through the deepest of the channel, in not less than 24 feet from the red cone buoy with staff and ball, till abreast of the lightship.

The sandy knoll laid down on the Admiralty charts, about 3 cables length to the north-east of Starling Point, with 2 fathoms marked on it, has disappeared, and there is now 3 1/2 fathoms in that position.

The knoll, 2 cables length south of Tewaewae Point, marked 3 fathoms, has shoaled up and extended about 1 1/2 cables to the south, and there is only 1 1/2 to 2 fathoms over the whole area. A chequered buoy, black and white, has been placed on its north-west end, and a red buoy on its south-east; both are in 3 fathoms. When entering by the west channel the buoys must be left on the starboard hand, and on the port when entering by the north channel.

There is not less than 3 fathoms over the area to the south-east of the knoll, within a line between the outer red buoy in the west channel and the inner black buoy in the north channel.

The depths given are at low-water spring tides, and bearings magnetic.

Harbormaster.

DANGERS IN BAY OF PLENTY AND NEAR CAVALLI ISLAND, NORTH ISLAND, N.Z.

Marine Department, Wellington, 17th March 1880.

THE following dangers have recently been discovered in the Bay of Plenty:—

A shoal, consisting of a narrow ridge, with from 2 to 4 fathoms on it, deepening to 10 fathoms rather suddenly to the south and east, and more gradually to the westward, extends from the south end of Motiti Island for a full mile in a S.W. by S. direction.

A rocky patch (Tokeroa Shoal), about three-quarters of a mile long in a S.W. direction by half a mile broad, exists off Plate Island. The least water found was 3 fathoms, with the south end of Plate Island bearing N.E., distant one and a half miles.

Cavalli Island:—A sunken rock has been reported to exist about one mile E.N.E. from Cavalli Island.

H. A. ATKINSON.

No. 13 of 1880.

APPROACHES TO PORT NICHOLSON, NORTH ISLAND, N.Z.

Marine Department, Wellington, 16th March 1880.

A SUNKEN rock (on which the *Sophia R. Luhrs* struck) has been found about 1 1/2 cables length E. by S. from the end of the reef running out on the west side of Lyell Bay. This rock has only about 17 feet on it at low-water spring tides. Particular attention is directed to the directions given in *The New Zealand Pilot* (p. 127, edition of 1875):—"Running for Port Nicholson from the northward or westward, with a fair wind, Cape Terawite should be passed at a distance of from two or three miles, and the continuous coast not approached nearer until arrived between Karori Rock and Sinclair Head, when a vessel may haul gradually up towards the latter, taking care to keep Pen-carrow Lighthouse well open, and passing about one mile from the points of land to the eastward of Sinclair Head, until Barrett Reef opens out, when she may steer boldly for the southern end of the latter, passing it, if necessary, within 1/2 cable, as before described."

PETITION FOR THE CONSTITUTION OF A NEW SHIRE REFUSED.

A PETITION, in accordance with the provisions of *The Local Government Act 1874* (38 Vict. No. 506, section 39), from certain ratepayers of the South Riding of the Shire of Wimmera, praying for severance of area and constitution of a new shire to be called the "Shire of North Wimmera," the substance and prayer of which said petition was duly published in the *Government Gazette* of thirtieth day of January 1880, likewise in certain local newspapers circulating in the district, having been taken into consideration, the Governor in Council, in exercise of the discretionary power given by the 38th section of the said Act, has made an order refusing the prayer of the said petition.

ROBERT RAMSAY,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 13th April 1880.

SHIRES OF SHEPPARTON AND EUROA.

TRANSFER OF AREA.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, § 46), the substance and prayer of a petition, in accordance with the 39th and 44th sections of the said Act, which has been presented to His Excellency the Governor, are published, viz. :-

The petitioners are one hundred and thirty-four in number, and purport to constitute a majority of the ratepayers in the portion of the Shire of Euroa which is described in their petition, and they desire that the area so described may be severed from the Shire of Euroa and attached to the Shire of Shepparton.

Area described in the petition :-

"Commencing at the north-eastern corner of the parish of Caniambo in the county of Moira; thence south to the south-eastern corner of that parish; thence west to the north-eastern corner of the parish of Karramomows; thence south to the south-eastern corner of the last-named parish; thence westerly by the southern boundary of the same parish to its south-western corner; thence north to the south-eastern corner of the parish of Arcadia; thence westerly along the southern boundary of the last-named parish, and bounded by the Goulburn Shire to the Goulburn River, down the said river being in a northerly direction to its junction with the Broken River; thence easterly up the last-named river to the point of commencement."

Petitioners state they are convinced that it will be greatly to their advantage to become connected with the recently established Shire of Shepparton, inasmuch as they have no interests in common with the people of Euroa or the district connected therewith, their business and other relations being hitherto with Shepparton, which is so much nearer and more accessible to them; and, in consequence of the construction of the railway to Shepparton, your petitioners' interests have become, if possible, more identified than previously with the said township, although even before and independently of such railway construction your petitioners have from geographical and commercial considerations been necessarily connected with the district and people now comprised in the Shire of Shepparton, while almost alien to the people and district comprised in the Shire of Euroa.

That your petitioners have been awaiting the proclamation of the said Shire of Shepparton, with the intention of petitioning for the severance and annexation now prayed for, and they have taken the earliest opportunity of presenting their petition in that behalf.

Your petitioners therefore pray that Your Excellency in Council may be pleased to exercise the powers conferred on you by sub-section 5 of section 19 of *The Local Government Act 1874*, by severing the above area from the Shire of Euroa and attaching the same to the Shire of Shepparton."

The petitioners, numbering two hundred, purport to be not less than one-fourth of the persons whose names are for the time being inscribed on the municipal roll of the Shire of Yarrowonga, and state that they are desirous that the said municipal district be subdivided into three ridings, viz. :-

The East Riding,
The Central Riding,
The West Riding;

and they pray as follow, viz. :-

"That Your Excellency will be pleased to subdivide the said shire into three ridings as described in petition, and that Your Excellency will be pleased to order such matters or things as may arise out of such subdivision."

3. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

4. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

5. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition to take back all rejected before being cooked.

6. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned.

7. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with the delivery of the supplies. For the supplies coming under the head of Rations and Medical Comforts the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

8. Should the contractor fail to supply any articles at the time mentioned in the order, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 8.

10. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which it will be procured by the officer requiring it, and the expense charged as in clause 8.

11. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the person to whom the rations are due or to the contractor in waiting for a board of survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which it will be obtained by the officer requiring it, and the expense charged as in clause 8.

12. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivery or replacing them when required, or refusal to execute orders, will subject the contractor, upon report of the Tender Board, to such mulct, not exceeding £50, as the Government may direct. It will also be in the power of the Government to terminate the contract forthwith.

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

14. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made. It will also be competent for the Secretary to the Tender Board to terminate the contract, without notice, on infringement of condition No. 13, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts made by the Imperial Commissariat, or on account of other Governments; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

16. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

Treasurer.

2. The orders will be issued by the departments requiring the supplies; and should an order not be complied with within forty-eight hours, it will be competent for the department concerned to purchase at the contractor's risk, and to deduct from the contractor's account the extra expense (if any) over and above the contract price.

3. The contractor for firewood will be bound to supply the description of wood named in the order, and to place the same in separate stacks of two feet in width and five feet high for measurement, on such ground as may be pointed out, a space being left between each stack. In case the firewood for Yarra Bend is required to be supplied at per ton weight, the contractor will be bound to weigh the wood upon the Asylum weigh-bridge. Each load to be tared separately. The weigh-bridge ticket to be rendered in support of the account. Firewood, when ordered by weight, is not to be stacked by the contractor, but it must be deposited on such ground as may be pointed out.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

6. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account.

7. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department, or officer in charge of station, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense, if any, will be charged as in condition 6.

8. A repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, or of refusal to execute orders, will subject the contractor to such mulct not exceeding £50 as the Government may direct. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith.
