The proportion of Births to every 1000 of the population was 2.97.

The proportion of Deaths to every 1000 of the population was 1.71.

NOTE.—The Melbourne Hospital and the Gaol are in Gipps Ward; the Alfred Hospital is in Albert Ward; the Immigrants Home is partly in Albert Ward and partly in Emerald Hill Town; the Lying-in Hospital and the Children's Hospital are in Smith Ward; the Metropolitan Lunatic Asylum is in Kew Borough; the Yarra Bend Lunatic Asylum and Pentridge Stockade are in "Remainder of District;" the Benevolent Asylum is tabulated in Hotham Town.

\* In cases where the minus sign (–) is prefixed to any number it implies that the deaths exceeded the births by that number.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade, and the mean atmospheric pressure, during the month of December for the ten years 1869–1878, were as follow; the births are also given for as many years as the information is available:—

	Number of Births.	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
December 1869 ... ..	...	379.	65.6°	29.737 inches.
" 1870 ... ..	...	373	63.6°	29.876 "
" 1871 ... ..	...	384	66.2°	29.842 "
" 1872 ... ..	...	383	62.7°	29.784 "
" 1873 ... ..	...	502	67.3°	29.819 "
" 1874 ... ..	681	659	63.3°	29.815 "
" 1875 ... ..	538	585	61.2°	29.743 "
" 1876 ... ..	549	423	64.3°	29.866 "
" 1877 ... ..	657	497	61.1°	29.821 "
" 1878 ... ..	647	520	63.1°	29.769 "
Mean ... ..	614	471	63.8°	29.807 "

The births of 762 children, viz., 377 boys and 385 girls, were registered in Melbourne and suburbs during the month of December. In the month of November 682 births were registered, or 80 less than in the month under review.

The deaths registered in December numbered 438, viz., 212 of males and 226 of females; the births thus exceeded the deaths by 324. The deaths were more than those in November by 76, but were less than the average of December during the previous ten years by 33; and if, moreover, allowance be made for the increase of population, they will be found to have been 88 less than the average of those ten years.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 98° 0' on the 18th, and the lowest was 46° 1' on the 9th. The mean temperature of the month (62° 4') was nearly one and a half degrees below the average. The greatest range of the thermometer in any one day (36° 5') took place on the 17th, viz., from a maximum of 87° 5' to a minimum of 51° 0'. The least range (7° 5') was on the 11th, viz., from a maximum of 64° 1' to a minimum of 56° 6'. The mean daily range was 20° 2'. The mean atmospheric pressure (29° 766 inches) was below the average.

Deaths of males during the month were in the proportion of 48 per cent., those of females in the proportion of 52 per cent. to the total mortality. This is only the third time within the last ten years that the deaths of females in any month exceeded the deaths of males. Deaths of children who had not attained the age of 5 years averaged 46 per cent. as against 48 per cent. in December 1878; 50 per cent. in December 1877; 46 per cent. in December 1876; 45 per cent. in December 1875; 60 per cent. in December 1874; 48 per cent. in December 1873; 55 per cent. in December 1872; 53 per cent. in December 1871; 52 per cent. in December 1870; and 53 per cent. in December 1869.

The deaths of 17 persons of the age of 75 years or upwards were recorded during the month. Deaths from zymotic diseases increased from 67 in November to 104 in the month under notice. This increase was chiefly due to diarrhoea, which, as is usual in the summer months, was, in point of fatality, the most prominent of all diseases, causing 42 deaths as against only 12 in November. Deaths from whooping-cough and typhoid fever also show increases of 9 and 7 respectively in December as compared with the previous month.

During the year 1879 the number of births registered in Melbourne and suburbs amounted to 8,829, and the number of deaths to 5,006, being in the proportions of 34.43 births and 19.87 deaths to every 1,000 of the living population. The gain to the population of the district by excess of births over deaths was 3,733 as against 3,518 in 1878, 2,955 in 1877, 2,806 in 1876, and 1,910 in 1875.

Consulaat-General der Nederlanden voor Australië,

(No. 367—Lr. E.)

Melbourne, 11th December 1879.

I HAVE the honor, by direction of His Excellency the Minister of Foreign Affairs at the Hague, to inform you that fresh regulations have been issued by His Excellency the Governor-General of Netherlands-India for the prevention of the introduction of contagious diseases.

All vessels and men-of-war, on board of which contagious diseases exist, shall, on arrival at a port in the Netherlands East-India, show a yellow flag at the fore truck or at the head of the fore-mast, and in the event of no such flag being on board the national flag to be hoisted instead.

Should a boat have to be sent, such boat shall carry a yellow flag or the national flag at the bow.

All men-of-war, merchant vessels, boats, &c., carrying the yellow flag, or the national flag as aforesaid, shall have no communication with the shore, nor with any ship or boat; shall await the visit of the authorities, and conform to the quarantine regulations, on penalty of fines ranging from 100 francs (£8 6s. 8d.) to 5000 francs (£416 13s. 4d. sterling), payment of which may be enforced by the seizure and sale of ship and cargo, or by holding such ship and cargo as security until the money shall be paid.

It is also further enacted that all vessels coming from a country beyond the Netherlands-Indian Archipelago shall, on their arrival at a port of the Netherlands East-Indies, produce a bill of health granted or stamped by the consular officer or his substitute at the port of departure. A copy of the regulations drawn up with respect to the bills of health I have the honor to enclose.

Trusting that you may kindly issue the necessary instructions to give publicity to the foregoing,

I have, &c.,

DANIEL PLOOS VAN AMSTEL,  
Consul-General of the Netherlands.

To the Honorable the Chief Secretary of  
Victoria, Melbourne.

(Circular.)

Foreign Office.

## COMMERCIAL AND CONSULAR DIRECTION.

The Hague, 21st October 1879, No. 2990.

Provisions for the prevention of importation of contagious diseases into the Netherlands East-Indies.

THE decree of the 21st of February 1879 (official journal, No. 99) has enacted new provisions for the prevention of importation of contagious diseases into the Netherlands East-Indies. In virtue of the 23rd article of that decree, of which you will find a copy enclosed, the regulations hereafter mentioned have been drawn up with respect to the bills of health, with which every vessel must be provided.

Art. 1. Vessels coming from a country beyond the Netherlands-Indian Archipelago shall, on their arrival at a port of the Netherlands East-Indies, only be allowed to communicate with the shore if they have an authorization of the commander of the guardship, or, if no such vessel is stationed there, of the harbor-master.

Art. 2. Masters of vessels shall produce before the authorities mentioned in art. 1, and before the physician referred to in art. 5 of the decree of the 21st of February 1879 (O. J. 1879, No. 99), a bill of health granted or vided by the Consular Officer or his substitute in the port of departure.

Art. 3. Masters of vessels are not allowed to deliver up their bill of health until their arrival at the ultimate port of destination.

Art. 4. If a vessel officer residing there, or his substitute, shall affix a visa on the bill of health, which has been granted to the master at the port of departure, and at the same time state the sanitary condition of the first-named port. That officer shall also mention whether the vessel has been allowed to pratique or not.

Neither the consular officer nor his substitute, nor any medical authority, is allowed to keep back the bill in question or to grant another instead of it.

Art. 5. Every vessel shall have one bill of health and no more.

Art. 6. A bill of health shall only be valid if it has been granted within the 48 hours preceding the departure of the vessel.

Art. 7. Every vessel referred to in art. 1, and which has not a bill of health, or is provided with a foul one, will, on arrival at a port of the Netherlands East-Indies, be subjected to the prescriptions of the decree above named, having in view to prevent the introduction of contagious diseases into the Netherlands East-Indies. Eluders of these regulations will be prosecuted according to them.

Art. 8. No physician being on board, the master shall render to the medical officer mentioned in art. 2 all information required about the cases of disease on board, and also about the other events at sea, that may be of influence on the general sanitary condition.

Art. 9. Vessels navigating between the ports of Singapore or Penang and a port of the Netherlands East-Indies need not have

a bill of health, unless the port of departure or the port touched at has been declared infected by contagious disease.

The consular officers are requested to observe these regulations carefully, and to communicate them to masters of vessels and to all other persons whom they may concern.

The Minister of Foreign Affairs,  
DE LIJNDEN DE SANDENBURG.

To the Netherlands Consular Officers.

[No. 1 of 1880.]

SINGAPORE ROCK, K ISLANDS AND OUTLYING DANGERS, ROCKS OFF CAPE CONWAY, AND REEFS IN REPULSE BAY.

THE following information relative to Singapore Rock, the K Islands, and outlying dangers, Rocks off Cape Conway, and Reefs in Repulse Bay, has been supplied by Staff Commander Bedwell, R.N., the Admiralty Surveyor.

*Singapore Rock.*—This danger, which is of very small extent, uncovers at ordinary spring tides, and lies half-a-mile south of the west point of L 1 Isles.

There are from 9 to 18 fathoms close to.

*Clearing mark.*—Linné Peak, seen through the passage or gap between M. Isles on a N.W.  $\frac{1}{2}$  N. bearing, leads two-thirds of a mile outside Singapore Rock.

*K 1 Isle (Peak) and outlying dangers.*—East  $1\frac{1}{2}$  miles from K 1 Island lies a rock 3 feet above high-water springs, and nearly in the passage between these is another rock, uncovers at low-water neaps.

This latter danger bears E. by S.  $\frac{1}{2}$  S.,  $1\frac{1}{2}$  miles from the Peak.

There are 17 to 28 fathoms round these dangers.

A dangerous reef, nearly 4 miles in circumference, with 3 feet of water on its shallowest parts, and 21 to 29 fathoms close around, exists 16 miles E.  $\frac{1}{2}$  N. from K 1 Island.

E. by N.  $\frac{1}{2}$  N., 18 $\frac{1}{2}$  miles from K 1 Island is another dangerous reef about 3 cables in extent, which covers at a quarter flood, with 20 to 30 fathoms within a cable's length. The detached reef shown on the chart, bearing E. by N.  $\frac{1}{2}$  N. 21 miles from K 1 Island, may possibly be intended for this latter danger.

The shoal shown as sand and rocks on the Admiralty charts, bearing E. by N., distant 12 $\frac{1}{2}$  miles from K Island, was found to be a low sandy cay of small extent, covering at h.w. neaps, forming the northern edge of a coral reef 1 mile in circumference. It bears E.  $\frac{1}{2}$  N. 9 $\frac{1}{2}$  miles from K Island, the old position being 3 miles too far to the N.E. There are from 25 to 30 fathoms close to the edge of this reef.

*K 4 $\frac{1}{2}$  Island*, about 2 cables in extent and 93 feet high, with a few bushes on the summit, was found to be 1 mile E.N.E. of the position assigned to it on the charts. It bears E.N.E., distant 9 $\frac{1}{2}$  miles from K Island.

This islet lies at the western edge of a large encircling coral reef, covering at quarter flood, 6 miles in circumference, the north extreme of which is  $1\frac{1}{2}$  mile north of the islet. On the same reef and near the western edge,  $\frac{1}{2}$  of a mile north of K 4 $\frac{1}{2}$  Islet, is a low bushy islet not shown on the chart. It is fringed by a white sandy beach.

*K 4 Island* is less than a quarter of a mile in extent, and bears N.E.  $\frac{1}{2}$  N., distant 9 $\frac{1}{2}$  miles from K Island.

This position is 1 mile south of that shown on the present charts. The island is 102 feet high, with a few pandanus trees on the highest part; a sand-spit covering at high-water extends a quarter of a mile west of it. This island is surrounded by a coral reef upwards of a mile in extent, with 17 to 28 fathoms at a cable's distance.

The two sandbanks shown on the chart bearing E.N.E. 6 $\frac{1}{2}$  miles, and N.E. by N. 7 $\frac{1}{2}$  miles respectively from K Island, do not exist, there being 27 to 29 fathoms on the positions assigned to them. The foul ground shown in the charts as extending N.W.  $1\frac{1}{2}$  miles from K Island is also an error, as the ledge

only extends half-a-mile to the N.W. side of that island, the N.E. side being steep to.

K 2 (*Hammocky*) is steep to all round, and the encircling dangers shown on the published charts do not exist.

Three Rocks are also steep to, and the reef reported half-a-mile off their N.W. extreme does not exist. There are from 13 to 23 fathoms close round these rocks. The dry sand marked on the chart as having been seen by Captain Flinders in 1802 is 6½ miles W.S.W. of its true position.

It covers at half-flood, and lies at the northern edge of a coral reef half-a-mile in extent, with from 16 to 29 fathoms close to.

Cape Conway and Repulse Bay.—Half-a-mile E.N.E. of Cape Conway, and 4 cables S.E. of the rock to the N.E. of the Cape, is a small rock awash at low-water neaps, with 11 and 12 fathoms close to the outer edge.

A quarter of a mile south of the Cape is another detached rock covering at half-flood. 1½ miles south of Cape Conway, close to soundings of 15 fathoms on the chart, is a shoal of 3 fathoms; its vicinity is marked by strong tide rips.

At a distance of 5 miles N.W. of North Repulse Island, and somewhat less than a mile from the shore, are two reefs covering at half-flood, with from 3 to 5 fathoms close to.

G. P. HEATH, Commander R.N.,  
Portmaster.

Department of Ports and Harbors,  
Brisbane, 9th January 1880.

[No. 2 of 1880.]

#### HANNAH SHOAL, NORTHUMBERLAND ISLANDS.

The correct position of Hannah Shoal, as ascertained by Staff-Commander Bedwell, R.N., the Admiralty Surveyor, is N. by E. 8 miles from Allandale Island, or 4 miles N.W. by N. of the position now shown on the chart.

The shoal, on which there is a depth of 4 fathoms, is of small extent, with from 24 to 28 fathoms close to.

The summit of Hexham Island in line with the east side of Allandale Island leads over it.

Hixson Islet shut in with Onslow Point—the south extreme of No. 1 Percy Island—on a W.N.W. bearing, leads upwards of a mile to the eastward, and Low Rock in line with Cheviot Island bearing S.E. by E. ½ E. leads nearly 3 miles S.W. of the shoal.

# SHIRE OF WIMMERA AND PROPOSED NEW SHIRE OF SOUTH WIMMERA.

IN pursuance of the provisions of *The Local Government Act* 1874 (No. 506, § 46), the substance and prayer of a Petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The Petitioners are two hundred and eleven in number, and purport to be inhabitant householders having rateable property within the area described, being the South Riding of the Shire of Wimmera, which area they desire to be severed, and be constituted a new shire to be called the "Shire of South Wimmera," the boundaries whereof are thus described:—

"Commencing at the intersection of the Horsham and Natimuk main road with the River Wimmera at Vectis Bridge; thence easterly along the centre of said road to its intersection with the western boundary of the Horsham Nine-mile Village Reserve; thence north by said boundary to north-west angle of said reserve; thence east along its northern boundary to north-east angle; thence south along its eastern boundary to its intersection with centre of Horsham and Longerenong roads; thence easterly along centre of said road to its intersection with the Yariambiack Creek; thence southerly along said creek to its junction with the Wimmera River; thence up that river to a point bearing north-east from Brigg's Bluff, Grampian Range; thence to said bluff and along the watershed of the Grampians to the north-east angle of the county of Dundas; thence north-westerly by that county boundary to the most northerly bend of the Glenelg River; thence by a direct line to the source of the McKenzie Creek; thence by that creek to its junction with the Wimmera River; and thence westerly and northerly by that river to the commencing point."

The Petitioners state that the interests and requirements of the ratepayers of the said South Riding are opposed to and different from those of the other two ridings of the said shire; that in consequence of such opposition and difference certain disputes have arisen in the council of the said shire with regard to the expenditure of the revenue of said shire and other matters, on which disputes the members of the said shire council for the North and West Ridings thereof (who form the majority of the said council) act and vote in opposition to the members of the said South Riding, and to the prejudice of Petitioners as such ratepayers; that in consequence of such disputes and differences Petitioners allege that the affairs of the said shire are not properly administered; that the area above described is capable of yielding on a rate not exceeding One shilling in the pound the sum of £1500 annually; that the good government of the said shire under the present subdivision thereof is impossible having due regard to the interests of Petitioners; that the municipal affairs of said area would be more advantageously administered, and with greater regard to Petitioners' interests, if it were locally self-governed, and they pray as follow:—

"Your Petitioners therefore pray that Your Excellency in Council may be pleased to make the following Order: That the area herein described may be severed from the said shire and constituted a new shire under the name of "The Shire of South Wimmera"; that all rights and liabilities may be adjusted; that the council of the proposed new shire shall consist of six members, and shall not be subdivided at present."

The name and address of the person on whom notices may be served on behalf of Petitioners is James W. Twigg, solicitor, Wilson street, Horsham.
