DEPARTMENT OF LANDS AND SURVEY.—TENDERS FOR SELECTION SURVEYS.

TENDERS are invited from qualified Surveyors willing to undertake the duty of effecting such surveys for selectors of land as may be required during a period of three years, from the first day of January next.

Tenderers must be certificated Surveyors of three years' standing, who have for at least an equal period been actively employed in the field on surveys of country lands in this or some other of the Australian Colonies, as principals or qualified assistants to surveyors so employed.

Each tenderer must confine his tender to one of the five Survey Districts, viz., Melbourne, Sandhurst, Benalla, Stawell, Sale, but may offer for one or more of the subdivisions in such District; one subdivision only will be allotted to a surveyor.

The contract subdivisions will be practically the same as under the present contracts, and plans showing same for the respective districts may be inspected at the head office of the district, or at the Crown Lands Office, Melbourne.

Tenderers will state the fee at which they are prepared to effect a survey of 320 acres (the maximum area of a selection at present) either at one uniform rate for the subdivision, or at different rates for the several classes of country in the subdivision as shown on the plan of the district. The fees for lesser areas will be computed according to the formula adopted in the present "graduated scale." In the event of selection surveys of more than 320 acres being required, the fee will be computed by the same formula for 480 and 640 acres. The fee in all cases shall be understood to cover any investigation of existing surveys necessary to ensure accuracy in starting the new survey, and the running of a connection half a mile in length if required; also plan, report, &c., as under present contractor.

The tenders refer to selection surveys only, and any other work required by the department will not necessarily be performed by the contract surveyors, but if assigned to them it will be paid for according to a schedule of prices based on the contract rate for the respective contract subdivisions similar to the present departmental scale.

The regulations and instructions in force under the present contracts will apply generally to the new contracts.

Contracts will not be transferable, and will be deemed void in the event of the death of the surveyor.
