By His Excellency's Command,
GRAHAM BERRY,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 15th January 1881.

[Circular.] Downing street, 22nd November 1880.

SIR,—I have the honor, at the request of the Civil Service Commissioners, to transmit to you the enclosed Regulations for an Examination of Candidates for the Civil Service of India, which is to be held in June 1881.

I have, &c.,
KIMBERLEY.

The Officer Administering the
Government of Victoria.

CIVIL SERVICE OF INDIA.

The Civil Service Commissioners have been requested to inform Candidates for the Indian Civil Service, that "in the event of their being appointed to the Service, a clause will be introduced into their Covenants, by which they will bind themselves to agree to such regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council."

REGULATIONS FOR THE OPEN COMPETITION OF JUNE 1881.

N.B.—The Regulations are liable to be altered in future years.

1. On the 2nd June 1881, and following days, an examination open to all qualified persons, will be held in London.¹ Not fewer than candidates will be selected, if so many shall be found duly qualified, viz. :— for the Presidency of Bengal, [for the Upper, and for the Lower Provinces,] for that of Madras, and for that of Bombay.²

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners :—

(i.) That he is a natural-born subject of Her Majesty.

(ii.) That his age will be above seventeen years and under nineteen years on the 1st June 1881. [N.B.—In the case of natives of India this must be certified by the Government of India or of the Presidency or Province in which the candidate may have resided.]

(iii.) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv.) That he is of good moral character.

(v.) That he has paid such fee as may be prescribed under the provisions of the Order in Council of the 22nd March 1879.³

3. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the candidate will be admitted to the examination. The Commissioners may however, in their discretion at any time prior to the grant of the certificate of qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India; and if already selected will be removed from the position of a Probationer.

4. The examination will take place only in the following branches of knowledge :—

	Marks.
English Composition	300
History of England—including a period selected by the candidate ⁴	300
English Literature—including books selected by the candidate ⁴	300

³ The fee will be £5, payable by means of a special stamp according to instructions which will be communicated to candidates.

⁴ A considerable portion of the marks for English History and Literature will be allotted to the works selected by the candidate. In awarding marks for this, regard will be had partly to the extent and importance of the periods or books selected, but chiefly to the thoroughness with which they have been studied.

⁵ The examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

6. The marks assigned to candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary, in order to secure that "a candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."⁷

7. The examination will be conducted on paper and *visà voce*, as may be deemed necessary.

8. The marks obtained by each candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several candidates who shall have obtained, after the deduction above mentioned, a greater aggregate number of marks than any of the remaining candidates, will be set forth in order of merit, and such candidates shall be deemed to be selected candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate. A selected candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

Sanskrit	500
Arabic	400
Persian	400
3. Vernacular Languages of India (each)	400
4. The History and Geography of India	350

The examination will be conducted on paper and *visà voce*, as may be deemed necessary. The last of these examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a selected candidate is qualified for the Civil Service of India. At this examination candidates will be permitted to take up any one of the following branches of Natural Science, viz. :—Botany, Geology, or Zoology, for which 350 marks will be allowed.

10. Any candidate who, at any of the periodical examinations, shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

11. The selected candidates who, at the final examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, and character, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that service.

12. Persons desirous to be admitted as candidates must apply on forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W." at any time after the 1st December 1880. 2. The probationers, having passed the necessary examinations, will be required to report their arrival in India within such period after the grant of their certificate of qualification as the Secretary of State may in each case direct.

3. The seniority in the Civil Service of India of the selected candidates shall be determined according to the order in which they stand on the list resulting from the final examination.

5. All selected candidates will be required, after having passed the first periodical examination, and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.

6. After passing the final examination, each candidate will be required to attend again at the India Office, with the view of entering into covenants. The stamps payable on these documents amount to £1.

2. To candidates who, though born in England or Wales, cannot produce the Registrar-General's Certificate.

The Civil Service Commissioners reserve to themselves the right of deciding in each case upon the sufficiency of the evidence produced, but they submit the following general rules for the guidance of candidates:—

(a.) The declaration should specify precisely the date and place of birth, and should, if possible, be made by the father or mother of the candidate. If made by any other person, it should state the circumstances which enabled the declarant to speak to the fact. If an entry in a Bible or other family record be referred to, the Bible or other record must be produced at the time of making the declaration, and must be mentioned in the declaration as having been so produced.

(b.) If the candidate was born in England or Wales, the declaration must contain a statement, that after due inquiry no entry has been found in the books of the Registrar-General; or a separate declaration must be made to that effect.

(c.) If no extract from any register is produced, the declaration must contain a statement, that after due inquiry no such record is believed to exist; or a separate declaration must be made to that effect.

(d.) Statutory declarations must be exactly in the form prescribed by the Act of 5 and 6 William IV., c. 62. A printed form, if required, will be supplied on application to the Civil Service Commissioners.

N.B.—Clergymen, as such, are not qualified to take declarations.

REGULATION FOR RACES, DRAINS, ETC.

THE Governor in Council has made the following additional Regulation relating to licenses to cut, construct, and use Races, Drains, Dams, and Reservoirs under *The Mining Statute* 1865, viz.:—

The grants of licenses to cut and use races shall be subject to the following conditions in addition to those already prescribed by the Governor in Council:—

ix. Any miners engaged in washing auriferous earth by means of a tub or cradle, or both, shall be permitted to use, free of charge, from the race held under the authority of such license, the water necessary for the same, provided that no coarse tailings or silt produced by such operations shall be deposited in such race without the consent of the licensee.

x. Nevertheless the licensee may refuse such permission if, in the opinion of the Minister of Mines for the time being, the privilege granted shall have been abused.

xi. Subject to the reservations contained in such license, the licensee shall use the water to be diverted under the authority of such license only for the purposes and in the manner described in the schedule thereto, and shall not charge the respective consumers set forth in such schedule for the use of such water any rates in excess of those specified in such schedule.

xii. Nevertheless it shall be lawful for the licensee, with the consent of the Minister of Mines, from time to time, to alter and vary the purposes for and manner in which such water shall be used, and the charges to be made for the use thereof; but before any such alteration or variation shall take effect it shall be endorsed upon such license, and shall be signed by the Minister of Mines.
