FRIDAY, JULY 8.

[1881.

PREPARATION OF GENERAL ELECTORAL LISTS DURING THE WEEKS ENDING 1ST SEPTEMBER AND 1ST DECEMBER 1881.

SPECIAL NOTICE TO HOLDERS OF ELECTORS' RIGHTS.

IT is hereby notified that holders of electors' rights issued on or before 1st September 1880 for the Provinces, and 1st December 1880 for the Districts, must obtain *renewed* rights in lieu thereof, in order to have their names placed upon the General Lists to be made up from and after the 1st September next for the Provinces, and 1st December next for the Districts.

Neglect of this precaution will result in the omission of the names of the persons so neglecting from the new Lists to be made up as aforesaid.

The old right must in every case be delivered up to the Registrar, but the renewed right will bear the same number, and be in the same form and tenor as that in lieu of which it is issued, and will be equally available for any election that may take place before the completion of the new Rolls in October and January next.

No elector whose name is on a Roll of Ratepaying Electors for any Province or District, is entitled to a renewed elector's right for such Province or District (*vide* sections 61 and 62 of *The Electoral Act 1865*, and section 21 of Act No. 334).

[No. 22 of 1881.]

EXHIBITION OF LIGHT ON EASTERN PIER, NAPIER, AND DISCONTINUANCE OF PRESENT LIGHTS ON SPIT AND PIERS.

Marine Department,
Wellington, 14th June 1881.

NOTICE is given by the Napier Harbor Board that from and after Monday the 18th July next, a light will be exhibited from the Eastern Pier, Napier.

The light will be one of Messrs. Chance Brothers and Co.'s fifth order port lights, and will be visible from the bearing of S.W. $\frac{1}{2}$ W. round to the south and eastward as far as the land will allow. It will show white, red, and green on the following bearings, viz. :—

- White, S.W. $\frac{1}{2}$ W. to S.W. $\frac{1}{2}$ S.
- Red, S.W. $\frac{1}{2}$ S. to S.W. by S. $\frac{1}{4}$ S. (over Pania Rock).
- White, S.W. by S. $\frac{1}{4}$ S. to S. $\frac{1}{2}$ E.
- Green, S. $\frac{1}{2}$ E. to S.E. by S. $\frac{1}{4}$ S. (over anchorage).
- White, westward of anchorage.

Vessels coming from the south should open the white light before rounding the Bluff, to avoid the Auckland Rock.

The light will be exhibited from an open timber-work structure, painted black, which is situated about 190 feet from the end of the Eastern Pier.

The light will be elevated about 27 feet above the level of the sea, and will be visible about seven nautic miles in clear weather, allowing 10 feet for the height of the observer's eye.

The fixed red and white light and the two green lights at present in use at the Spit and the Piers, Napier, will be discontinued from the date on which this light is shown.

All bearings are magnetic and from seaward.

H. A. ATKINSON.

[No. 23 of 1881.]

EXHIBITION OF FIXED WHITE LIGHT ON CAPE EGDMONT, WEST COAST OF NORTH ISLAND OF N.Z.

Marine Department,
Wellington, N.Z., 14th June 1881.

WITH reference to the preliminary notice issued by this department, dated the 6th day of April last, it is hereby notified that, on and after Monday the 1st August next, a light will be exhibited from the lighthouse which has been erected on Cape Egmont, the position and characteristics of which are as follow:—

The Cape Egmont Lighthouse is situated 250 yards from high-water mark on the cape of that name, on the west coast of the North Island of New Zealand.

The tower is 67 feet in height from base to top of ventilator, and is built of iron and painted white. The light will be a *second order* FIXED WHITE LIGHT, visible all round seaward between the bearings of N. 25° W. round by east to S. 5° W.

The light will be elevated about 103 feet above the sea, and, allowing 15 feet for the height of the eye, will be seen at a distance of about fifteen and a half nautic miles in clear weather, and at lesser distances according to the state of the atmosphere. The bearings are magnetic and from seaward.

H. A. ATKINSON.

NOTICES TO MARINERS.—VICTORIA.

THE following Notices to Mariners are published for general information.

A. T. CLARK,
Commissioner of Trade and Customs.

Department of Trade and Customs,
Melbourne, 5th July 1881.

CAPE OTWAY LIGHTHOUSE.

NOTICE is hereby given that on and after the 18th July 1881, in addition to the present light, a red danger light will be exhibited at the base of the lighthouse, and 48 feet below the existing light.

The red light is cut downwards and is obscured when approaching from seawards until 4 miles distant from the lighthouse, the light bearing N. by W., and will be visible until run out at 8 miles distant on a course bearing W. by S. or E. by N.

Caution.—The red light is exhibited to warn mariners of approaching danger, and when seen the course should be altered to

run it out. In hazy or misty weather mariners should not rely upon sighting the red light but should keep a good offing.

ALEXR. WILSON,

Secretary for Ports and Harbors,
Department of Ports and Harbors,
Melbourne, 4th July 1881.

PORT PHILIP BAY.

NEW PILE LIGHT, WEST CHANNEL, AND DISCONTINUANCE OF PRESENT LIGHTSHIP.

NOTICE is hereby given that on and after the 8th August 1881 the New Pile Light will be exhibited, and the light of West Channel lightship will be discontinued.

The new light is erected on the north-eastern edge of the west bank, in 15 feet water, is 38 feet above low-water, and will be visible in clear weather at a distance of 11 miles.

Vessels passing should keep half a cable's length to the eastward of the light.

On and after the 8th August 1881 the West Channel lightship will exhibit an anchor light only until it is removed.

ARARAT MINING DISTRICT.

Bye-law No. 2.—Regulating Alluvial Mining in the Raglan division of the Ararat Mining District. 7th June 1881.

At a Meeting of the Mining Board of the Mining District of Ararat, begun and holden at the Mining Board Room, Ararat, in the said district, on the seventh day of June One thousand eight hundred and eighty-one, it is ordained by the said Board as follows, that is to say:—

GENERAL REGULATIONS.

SECTION 1.

1. *Interpretation clause.*—In the construction and for the purposes of this bye-law the following terms shall, if not inconsistent with the context or subject-matter, have the respective meanings hereby assigned to them, that is to say:—

The word "registrar" or the words "mining registrar" shall mean the Mining Registrar for the Raglan division of the Ararat Mining District.

The word "lead" shall mean any auriferous deposit or any alluvial deposit, earth, drift, or gutter containing or supposed to contain gold.

The words "depth of sinking" shall mean the depth to which it shall be necessary to sink a shaft for the purpose of reaching the bed-rock immediately under the lead.

The words "tail-race" shall mean a race cut or constructed for the purpose of diverting water for mining purposes.

The word "race" shall mean a channel made for the purpose of conveying water for mining purposes.

Words importing the singular number shall include the plural number, and words importing the plural number shall include the singular number, and words importing the masculine gender shall include the feminine gender.

2. *Definition of wet and dry workings.*—Wet workings shall comprise all ground in which by the occurrence of water below the surface or gravel drift, slabbing of the shaft from top to bottom becomes necessary. Dry workings shall comprise all ground in which such slabbing is not required.

3. *Mode of taking possession of and defining the boundaries of claims.*—The mode of taking possession of all claims shall be by marking off each angle thereof by a substantial post at least three (3) feet above the surface, and with a trench six (6) feet long and not less than eight inches deep, running in the direction of the boundary-lines of such claim. Such posts and trenches to be kept easily discernible during the working of the claim. In places where it is impossible to keep wooden posts standing to define the boundaries, an iron peg, firmly driven into the ground, shall be a sufficient definition of the boundaries.

4. *Definition of prospectors.*—Prospectors shall be deemed and held to be persons engaged in searching for or discovering any new, lost, or abandoned lead.

5. *Registrations.*—All extended areas which may be occupied by the prospectors of mining companies.

All prospecting claims,
All claims on which steam machinery is employed,
All machinery sites held under section 7,
All cement tailings, &c., stacked on abandoned ground for the purpose of extracting gold therefrom,
All liens or mortgages,
All claims in wet workings,
All water privileges,
All water-rights for sluicing purposes,
All sluicing claims, and
All residence areas
shall be registered with the mining registrar.

Registration in ordinary claims in dry workings shall be optional with the owners of such claims.

6. *Protection during suspension of work.*—When the holders of any claim require time for the purpose of procuring, erecting, or repairing machinery, the mining registrar shall, upon application grant a certificate (in the form of Schedule C), authorizing such claim to be held in reserve and unworked for a period of three (3) months. At the expiration of such term, if it be found necessary to further suspend work, such protection may be renewed from time to time, provided always that before any subsequent renewal of suspension shall be granted a statutory declaration shall be produced giving good and sufficient reasons for each further suspension of work—such statutory declaration shall be filed by the mining registrar.

7. *Definition of old workings.*—The term "old workings" shall mean ground the greater part of which has been mined upon and which has been abandoned.

8. *Regulation for working claims.*—All claims shall be worked in accordance with the clauses contained in the sections regulating the class of mining under which they fall.

9. *Plurality of shares.*—Any holder of a miner's right may hold one or more shares in any number of claims, provided each share be fully represented by a miner holding a miner's right, unless where specially provided for by this bye-law.

10. *Disputed shares or claims.*—No miner shall take forcible possession of any disputed claim, share, or interest, but to obtain the same must proceed by summons before the warden, in accordance with the provisions of clause 180 of *The Mining Statute 1865*.

11. *Absence from claim.*—In all cases of absence of a shareholder his partner or partners can, if he or they think proper, have his place supplied by a competent miner, and such shareholder shall be responsible for any reasonable wages due to the persons so employed. Any shareholder in a claim, unless when specially provided for in this bye-law, absenting himself from his work forty-eight hours, his share or interest is liable to forfeiture unless he provide a competent miner as his representative.

12. *Justifiable absence.*—Any miner whose absence from his claim is caused by illness, or attendance on a sick person, or court of justice, or by urgent business, shall not forfeit his share or interest during such absence; but a majority of the other shareholders may have his place supplied by a competent miner, and he shall be responsible for any reasonable wages to the miner so employed.

13. *Claims or shares therein not forfeited by neglect of hired workmen or tributors.*—No person holding a claim or portion thereof, or share or interest therein, who employs hired workmen, and no person holding a claim or interest therein, where the claim or a portion thereof is let on tribute, or worked by contract, shall be deemed to have forfeited his right, title, or interest in the same through any neglect, absence or omission on the part of any workman thereon employed by him, nor by neglect, absence, or omission of any tributor to whom the claim or a portion thereof is let on tribute.

And the owner or owners of any claim let on tribute as aforesaid shall be deemed to be working the same in a *bona fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in this bye-law; provided always that any such neglect shall not extend over a period of fourteen days; but in the event of the neglect extending over that period, then any such claim or shares therein shall be liable to forfeiture whether the owner or owners be acquainted with such neglect or not.

14. *Protection to claimholders employed, but not on claim.*—Claimholders employed in procuring timber, or at any work necessary in any way for forwarding work connected with their claim, shall be held in lawful possession of such claim.

15. *Injury to claims.*—No person shall cut a drain into a shaft, thereby causing injury to adjoining claims, or remove earth from around a shaft without making a sufficient embankment to prevent people or cattle from falling therein.

16. *Protection to stacked cement, tailings, &c.*—Any miner or miners wishing to retain possession of cement, tailings, or other substances for any period not exceeding twelve months for the purpose of extracting gold therefrom, may do so by registering their title thereto with mining registrar in the form of Schedule L.

17. *Sites proving auriferous.*—When the site occupied by cement, tailings, dams, tramway, or race shall prove auriferous, the same may be mined upon, and the parties desiring the site shall, before commencing work, compensate the owners for any injury sustained, such compensation to be determined by arbitration as provided for in clause 21.

18. *Agreements among shareholders.*—Whatever mutual agreements or engagements may be entered into by the shareholders of any claim for the proper working thereof shall be binding upon any one taking possession of a forfeited or abandoned share or interest in such claim.

19. *Effacing notices or removing pegs.*—No person shall wilfully, efface, alter, remove, or destroy any notice posted on a claim, or any boundary-pegs thereof.

20. *Protection to mortgagees.*—All liens or mortgages shall be registered with the mining registrar, and any person having an interest in a claim or share by way of lien or mortgage, his interest shall not be liable to forfeiture by non-compliance with this bye-law on the part of the lienor or mortgagor, or their agent or representative, provided he, the lienor or mortgagor has the said interest represented within fourteen (14) days after receiving notice from the other owners of the claim, or from any person desiring to take possession of the interest so lienor or mortgaged.

21. *Exempted lands.*—In accordance with the provisions of the thirteenth section of *The Mining Statute 1865*, any holder of a miner's right, or a consolidated miner's right, wishing to occupy for mining purposes any land held under a business license, or other lands which, as in that section provided, may cease to be exempt from mining, shall be allowed to occupy the same by paying compensation to the parties in possession; the amount of such compensation to be determined in the following manner, viz.:—The occupier under a business license, or otherwise, shall appoint one arbitrator, the person wishing to mine shall appoint one, and the said two so appointed, before proceeding to an arbitration, shall appoint a third arbitrator, and the decision of any two of such arbitrators shall be final; in the event of either party neglecting or refusing to appoint one of the first two of the above-mentioned arbitrators, the decision of one only shall be binding.

22. *Holidays.*—Miners may be absent from their claims on all the following days, namely:—Good Friday to Easter Tuesday, both inclusive; 24th December to 2nd January, both inclusive; any day on which the election of a member either of the Legislature or of a member of the Mining Board for this division may take place, the day before and the day after such election, or any day proclaimed a public holiday.

23. *Redemption of title.*—When the owner of any claim or mining tenement forfeits his title to such claim or mining tenement, or any portion thereof, through the non-fulfilment of any of the provisions of this bye-law, his subsequent fulfilment of the aforesaid provisions shall redeem his title to any portion of such claim or mining tenement which may have been forfeited as aforesaid; provided no legal process has been commenced to obtain possession of such forfeited portion during the existence of the cause of forfeiture.

24. *Penalty for breach of bye-law.*—In accordance with the provisions of *The Mining Statute 1865* any person who shall infringe any bye-law of this Mining Board shall be liable for every such offence to be fined in any sum not exceeding Ten (10) pounds.

25. *Spare ground and over-sized claims.*—Any miner or miners may measure the surface area of any claim, and should there be too much ground therein, he or they shall be entitled to the excess on whichever side of the claim he or they may prefer: provided the superficial area of such excess does not exceed the quantity allowed for the number of miners so taking possession.

26. *Mode of obtaining registration.*—Application in writing (in the form of Schedule A) shall be made to the Mining Registrar for the registration of all extended areas held under clause 42; all prospecting claims; all claims on which steam machinery is employed; all claims in wet workings; all machinery sites; all water privileges; all water-rights for sluicing purposes, and all sluicing claims held under this bye-law. Upon receipt of any application as aforesaid the Mining Registrar shall give to the applicant or applicants a certificate (in the form of Schedule B). A copy of such certificate legibly written shall forthwith be posted and kept posted by the applicants for seven (7) days in a conspicuous place on the area taken possession of or about to be taken possession of. At the expiration of seven (7) days from the date of such certificate the Mining Registrar shall, unless restrained by an injunction from some judge of a competent court or from a warden, make the registration applied for. For the registration of a residence or business area, application in writing (in the form of Schedule D) shall be made to the Mining Registrar, who shall give to the applicant a certificate (in the form of Schedule M). A copy of such certificate legibly written shall forthwith be posted and kept posted by the applicant for seven (7) days on the area taken possession of, and the Registrar shall, at the expiration of seven days from the date of such certificate, unless restrained as above stated, make the registration applied for. All registrations effected by the Mining Registrar shall be correctly entered in a registration book to be kept by him for that purpose.

SECTION 2.—DRY WORKINGS.

27. *Prospecting area.*—Any number of persons not exceeding six (6) purposing to prospect for any new, lost, or abandoned lead of gold in dry workings shall be entitled to take possession of a parcel of Crown lands not exceeding one hundred (100) feet along the supposed course of the lead for each person by a width of one thousand (1000) feet, and provisionally occupy the same as a prospecting area until the discovery of gold therein. When the lead has been discovered in such prospecting area the holders thereof shall within fourteen (14) clear days of such discovery mark off the prospecting claim, to which they shall be entitled, and shall also report such discovery to the mining registrar, and at the same time make application for the registration of their claim, in accordance with clause 26. Prospectors neglecting to comply with these conditions shall only be entitled to an ordinary claim.

28. *Size of prospecting claims.*—Prospectors shall be entitled to mark off and hold an extent of claim as follows:—For discovering a new lead, one hundred (100) feet along the course of the lead for each person by a width of five hundred (500) feet; for discovering a lost lead, seventy (70) feet along the course of the lead for each person by a width of three hundred (300) feet. No prospecting claim shall exceed in extent the area allowed for six (6) men.

29. *Protection to prospectors.*—Prospectors after taking possession of their prospecting area and commencing to work thereon in a *bona fide* manner shall be deemed to be the authorized prospectors, and no other prospecting claim shall be allowed on the same lead within half a mile of such authorized prospectors' claim.

30. *Size of ordinary claims.*—Any number of persons not exceeding four (4) shall be entitled to take possession, in the manner specified in clause 3, of fifty (50) feet along the supposed course of the lead for each person by any width not exceeding eight hundred (800) feet, and provisionally occupy such area until the discovery of the lead therein. At the expiration of fourteen (14) days after the discovery of the lead in such area the provisional occupation thereof shall cease, and the owners shall thereupon define, in accordance with clause 3, the boundaries of the claim to which they shall then be entitled, and which shall be as follows:—Fifty (50) feet along the course of the lead for each person by a width of two hundred (200) feet.

31. *Size of claims in old workings.*—Where machinery is not employed, one hundred (100) feet by one hundred (100) feet for each man, such claims shall not exceed in extent the area allowed for eight (8) men. Where machinery, either horse or steam, is employed, one hundred and fifty (150) feet by one hundred and fifty (150) feet for each man, but such claims shall not exceed in extent the area allowed for twelve (12) men.

32. *Mode of working.*—Working on claims must be proceeded with within forty-eight hours after the time of marking out until the claim is abandoned, except in cases provided for in general regulations, section 1. A breach of this clause shall render the share or shares affected liable to forfeiture.

SECTION 3.—WET WORKINGS.

33. *Extent of prospecting claims.*—The extent of prospecting claims shall be as follows:—

Depth of sinking.	Length of claim.
Not exceeding one hundred (100) feet.	One hundred and twenty (120) feet.
Exceeding one hundred (100) feet and not exceeding one hundred and fifty (150) feet.	One hundred and forty (140) feet.
Exceeding one hundred and fifty (150) feet and not exceeding two hundred (200) feet.	One hundred and sixty (160) feet.

for each person on the supposed course of the lead, and such

claim may be of any width not exceeding one half its entire length, but no claim shall exceed in extent the area allowed for forty (40) persons.

34. *Size of ordinary claims.*—The extent of ordinary claims shall be as follows:—

Depth of sinking.	Length of claim.
Not exceeding one hundred (100) feet.	Sixty (60) feet.
Exceeding one hundred (100) feet and not exceeding one hundred and fifty (150) feet.	Seventy (70) feet.
Exceeding one hundred and fifty (150) feet and not exceeding two hundred (200) feet.	Eighty (80) feet.

for each person on the supposed course of the lead, and such claim may be of any width not exceeding one half its entire length, but no claim shall exceed in extent the area allowed for forty (40) persons.

35. *Size of claims in old workings.*—The extent of claims in old workings shall be twice the ordinary extent in length for each person specified in clause 34. With full width of the old workings, such claim shall not exceed in extent the area allowed for twenty (20) persons.

36. *Registration and mode of working.*—Application in accordance with clause 26 shall be made for the registration of all claims held under clauses 33, 34, and 35 of this bye-law within twenty-one (21) days after taking possession of such claims, and within seven (7) days after registration the holders of such claims or as many of them as can from time to time be properly employed thereon, shall *bona fide* proceed to work, and shall continue to work regularly upon or in connection with such claims, according to the usual course and practice of efficient mining, and any such holder neglecting to work, or to continue to work as aforesaid, either personally or by substitute, shall be deemed to have forfeited his share or interest in and to such claims; provided, nevertheless, any person may work his share or interest by contract, hired labor, or otherwise, and the title of such persons to such share or interest shall not be invalidated by reason of such work being done by a smaller number of men than are registered in respect to the claim, provided such claim be worked efficiently.

37. *Efficient mining.*—Efficient mining shall be the employment of such appliances and such a number of men as shall be necessary to carry on the work at its various stages with reasonable expedition, so that in every case the minimum number of men employed shall be one man for and in respect of every five (5) full shares; nevertheless, within six (6) months after the discovery of payable gold, every share shall be fully represented, or the same shall be deemed liable to forfeiture.

38. *Liability of shareholders.*—Any person holding a share or interest in a claim shall be deemed to be a working shareholder, and non-payment of calls made for the purpose of defraying the expenses of working the claim, and payable by such person, shall be deemed to be neglect of work within the meaning of this bye-law, and such share or interest on which calls remain unpaid twenty-one (21) days after they become due, shall in the absence of some rule made by the party holding such claim providing otherwise, be deemed to be abandoned, and any other person may, subject to payment of such calls, be by a competent court put into possession of such share or interest; provided, nevertheless, that no forfeiture shall be incurred under this clause unless notice in writing of such call shall have been served on the person whose interest is liable to forfeiture seven (7) days at least before the expiration of the aforesaid period of twenty-one (21) days; provided also that, in case the person liable to pay such calls, cannot, after reasonable enquiry, be found, it shall be sufficient to post such notice on the claim in which such share or interest is held, and also at the office of the registrar, and the posting of such notice shall be deemed a service of the same on the defaulting shareholder.

39. *Appointment of agent.*—Any person holding an interest in a claim shall, in case of absence from the locality, appoint an agent, whose acts shall be held as those of his principal, and whose name and address must be registered with the registrar.

40. *Abandonment of shares.*—Any shareholder in a registered claim may abandon his share or interest, provided that previous to such abandonment he shall give to his partner or partners, also to the registrar, a notice in writing to that effect.

41. *Abandonment of claim.*—Any share or claim remaining unrepresented for a period of eight (8) consecutive days shall be deemed to be abandoned, unless such share or claim be held under the provisions of clauses 6 and 36.

SECTION 4.—EXTENDED AREAS WHICH MAY BE OCCUPIED BY THE PROJECTORS OF MINING COMPANIES.

42. *Extended areas.*—Where the depth of sinking exceeds one hundred (100) feet, and where machinery of not less than fifteen (15) horse-power is required to work such ground:—

- One man may take possession of ten men's ground.
- Two men may take possession of twenty men's ground.
- Three men may take possession of thirty men's ground.
- Four men may take possession of forty men's ground.

And so on up to sixty (60) men's ground, in accordance with the scale of length specified in clause 34 of this bye-law, without commencing work for a period of four (4) months, such period being allowed for the formation and also the registration under any Act of Parliament of Victoria (except Act 291) of a company to work the ground: provided always that for the purpose of taking possession, the claim shall be marked off as that the width thereof shall not exceed one-third (3) the

length thereof. If at the expiration of the said period a company has been formed and registered as aforesaid, a deed of association executed, the required officers of such company appointed, and the claim registered with the mining registrar under a sufficient number of miners' rights to authorize the occupation of such claim, the manager shall be entitled, on behalf of the company, to hold the ground for a further period of six (6) months by keeping constantly employed on the claim one man for every five (5) men's ground comprised in such claim, and on the expiration of the aforesaid period of six (6) months, if the requisite number of men have been constantly employed on such claim, the manager shall, on behalf of the company, be entitled to hold the ground for a further period of six (6) months by keeping constantly employed on the claim one (1) man for every three (3) men's ground comprised in such claim: always provided that should the holders of such claim fail to form a company as aforesaid within the first-mentioned period of four (4) months, or if formed fail to comply with the provisions of this bye-law, then all such holder's rights and title to such claim shall be absolutely forfeited, and any person or persons may, under an order from a competent court, take possession of the whole or any portion of such forfeited claim subject to the provisions and conditions imposed under this bye-law. It shall be imperative that, within seven (7) days after taking possession of an extended area, the parties taking possession shall advertise notice thereof (in the form of Schedule N) in two consecutive issues of a local newspaper, and a copy of the newspaper containing such notice shall be lodged with the mining registrar.

43. No occupation of an extended area under clause 42 of this bye-law shall be valid unless within thirty (30) days after registration the claim has been surveyed by a mining surveyor, and a copy of the plan of survey deposited with the mining registrar. Upon application for a survey being made to an authorized mining surveyor, and upon the requisite fee for survey having been paid, it shall be the duty of the surveyor to make or cause such survey to be made within fourteen days from the date of application: provided nevertheless that, if any surveyor neglect or refuse to make the survey applied for, and thereby prevent the fulfillment of the conditions imposed by this clause, such neglect or refusal on the part of the surveyor shall not invalidate the occupation of such claim. The fees to be paid the surveyor shall be as per scale made by Order in Council gazetted 11th June 1867, or any subsequent Order in Council made in lieu thereof.

44. *Mode of fixing boundaries at the time of survey.*—It shall not be necessary at the time of taking possession of an extended area under clause 42 to mark or define the boundaries thereof accurately and completely, but at the time of making survey the boundaries shall be adjusted so as to include the land taken possession of, or intended to be taken possession of, and registration of which shall have been effected, and the boundaries of every such extended area shall at the time of making survey thereof be completely and accurately defined by the surveyor in accordance with clause 3 of this bye-law, and such boundaries shall be correctly delineated upon a plan showing accurately the extent and locality of such extended area, and also its connection with some fixed point in the survey of some other claim, or in some Government survey.

45. *Re-survey not required.*—When any person shall have been put into possession, by a competent court, of an abandoned or forfeited extended area which has been previously surveyed, it shall not be necessary to have a re-survey, but such person can, by applying to the Mining Registrar and paying the prescribed fee, obtain a tracing or duplicate thereof to be taken from the office plan showing the area as held by the previous owner or owners, and such area with such boundaries as are therein set forth shall be deemed the boundaries of the area held by the new owner the same as if the survey had been made at his request.

SECTION 5.—WATER PRIVILEGE.

46. *Notice for water privilege.*—Any person or persons desirous of obtaining the exclusive right to a water privilege, shall post a notice on some conspicuous place on the site in the following form:—

I [or we] hereby give notice of my [or our] intention to take possession of [here specify the site of the dam or reservoir] as a water privilege for mining purposes, in accordance with the bye-laws of this division. [Name or names in full of the parties.]

seven (7) days before the registration of any water privilege a copy of the above notice, legibly written, must be kept posted on the site to be taken possession of, and a copy also lodged with the registrar, and on the registration of the water privilege the site can be taken possession of, and any person objecting to any site for a water privilege must proceed before the Warden or Court of Mines, as the case may be, under the Mining Statute 1865, or any amendment thereof.

47. *Extent of dams.*—The extent of dam where horse or steam machinery is used shall not exceed one hundred (100) yards square above the main embankment; where machinery is not employed the extent shall not exceed sixty (60) yards square.

48. *Sludge.*—Where machinery, either horse or steam, is employed, the owner or owners thereof shall construct a second embankment for the purpose of retaining the sludge, not more than one hundred (100) yards below the main embankment, except it can be more conveniently carried off by drainage, without injuring other persons by running into old workings or roads in ordinary use, or in any other way injuring public property.

49. *Injury to property by dams.*—In case of any dam breaking away and injuring the claims of others, the owner or owners of such dam shall be liable for any injury sustained thereby, unless it can be proved that such breaking away did not result from the faulty construction of the dam.

50. *Dams injuring claims.*—No person shall be allowed to store water in a dam or reservoir to the injury of any claim.

51. *Drains.*—When sludge or water-drains cross any road in general use, a substantial bridge, not less than fourteen (14) feet in width, the culvert of which must be of sufficient size to carry off the said sludge or water, must be constructed and kept in repair by the owner or owners of the claim or dam from which such sludge or water proceeds.

52. *Defiling or carting away water.*—No person shall drive cattle into or in any way defile water reserved for domestic purposes, or cart away the water from any dam without the consent of the owner or owners thereof.

53. *Forfeiture of dams.*—Any dam not commenced within seven (7) days from the date of taking possession of the site thereof or not completed within two (2) months, and any dam remaining unused for three (3) consecutive months (except in time of drought), shall be deemed forfeited.

54. *Water-holes reserved.*—Water-holes, reservoirs, or springs may be reserved for domestic or commonage purposes upon registering the same with the mining registrar (in the form of Schedule J), but no monopoly of any spring or natural water-hole shall be allowed.

SECTION 6.—WATER-RIGHTS AND PRIVILEGES FOR SLUICING PURPOSES.

55. *Extent of hill and surfacing claims for sluicing purposes.*—The extent of hill and surfacing claims where opened and prospected by a sluicing party, and worked with an open face or cutting from the surface, shall be forty (40) yards by one hundred and sixty (160) yards, three (3) men at least to be employed at each claim.

56. *Extent of claims in gullies.*—The extent of claims in gullies, where opened and prospected by a sluicing party, and worked with an open face or cutting from the surface, shall be thirty (30) yards wide by two hundred and sixty (260) yards in length, three (3) men at least to be employed at each claim.

57. *Size of extended claims.*—Claimholders having to cut an extensive tail-race, or using expensive machinery, shall be entitled to an extended claim, not exceeding four ordinary claims.

58. *Forfeiture of claim.*—Claims unoccupied or abandoned for seven days shall be deemed forfeited, except in cases of sickness, attendance at courts of justice, public holidays, urgent business, or unless specially provided for in this bye-law.

59. *Responsible parties.*—The person or persons in whose name a claim is registered shall be held responsible for the fulfillment of all conditions under which such claim is held, and for all and any damages resulting to other parties by the working of such claim.

60. *Notice of intention to take up a water-right.*—A written notice (in the form of Schedule K) of intention to take up a water-right or to shift the head of a race, shall be left with the registrar, who shall keep a copy posted and exposed for fourteen (14) clear days at his office. At the expiration of the aforesaid fourteen days application in accordance with clause 26 shall be made to the registrar for the registration of the right, and the right when registered can be taken possession of.

61. *Gauge.*—Each water-right shall entitle the holder or holders thereof to a column of water three and a quarter (3 $\frac{1}{4}$) inches by twelve (12) inches, running without intermission, gauged in the following manner (that is to say)—A box six (6) feet in length and twelve (12) inches in width, with a scale of a quarter (3) of an inch marked on the inner side at the lower end shall be placed at the head of the race, with a fall or inclination of one (1) foot in the entire length of it, and the gauge of water as above specified (3 $\frac{1}{4}$ inches by 12 inches) shall be taken at the mouth of the box where the water is discharged.

62. *Priority of rights.*—In case of failure of water, the junior water-right shall give way to the next preceding senior right, and so on in rotation as the supply diminishes, and three (3) clear days after notice from the registrar such junior right-holder shall turn sufficient water down the creek from the head of his race to make up the deficiency in the gauge of the preceding right, and, without further notice, shall continue or increase the quantity of water so diverted as the race may require to keep up the gauge.

63. *Protection to races during drought.*—The race and the right to the water shall not be held forfeited by the proprietors working in other claims when the supply of water is insufficient.

64. *Protection to head or tail races.*—No person taking up a claim shall approach, either by sinking or driving, within six (6) feet of any head or tail race.

65. *Distance between races.*—Any person cutting a race so close to an existing race, or to the properly surveyed line of an intended race in actual and *bona fide* course of formation, thereby causing drainage or any other damage, shall be responsible to the proprietors for such damage.

66. *Damage to races.*—No person shall cut or damage any race, tail-race, dam, or reservoir constructed for sluicing purposes, or obstruct the flow of water in them, or sink or approach within six (6) feet of them without first securing them to the satisfaction of the proprietors.

67. *Keeping races in repair and making bridges.*—Proprietors of races must keep them in good repair, and make efficient bridges where necessary, fourteen (14) feet at least in width, in places where the race crosses roads in ordinary use.

66. *Abandoned races.*—Races abandoned for two (2) months during sufficient supply of water shall be held forfeited, except in cases of justifiable absence.

69. *Heads of races may be shifted.*—All races shall have a given point specified for their head; the head, however, may be shifted, provided such shift be not above or below the head of an existing right, or to its injury or prejudice.

70. *Construction of dams, &c.*—Dams or reservoirs may be constructed for sluicing purposes where not injurious to general mining interests. Any person wishing to work the ground on which a dam or reservoir is situated, may remove such dam or reservoir provided he previously, at his own expense, erect one of equal size and value, and as available for the supply of water and the convenience of using it as in the one to be removed.

71. *Tail-water.*—All right or control over the water shall cease upon its leaving the sluice of any water-right holder, except in cases where the length is fifteen (15) miles or upwards along the course of the race from its head, when the right or control shall remain with the right-holder so long as he conducts the water in a proper channel.

72. *Amalgamation.*—To give increased facility in working sluicing claims, and to prevent unnecessary waste of water, any two or more water-rights may be amalgamated, provided that application is made to the registrar in the form of Schedule F, and the rights amalgamated follow in rotation as to priority. All such amalgamations must be registered with the registrar in the form of Schedule G.

73. *Drains to be cut for carrying off sludge.*—The owners of any sluicing claim or race must cut a drain to carry off their tailings, sludge, or water into some main channel or water-course. Should they, by neglecting to observe this provision, injure any claims or gold workings, or do other injury to the public, such owners or shareholders, or any of them, will be liable to the penalty provided for in clause 24.

SECTION 7.—SITES OCCUPIED BY CRUSHING MACHINERY.

74. *Size of claim.*—The owner or owners or the legal representatives of the owners of any machinery may occupy four thousand (4000) square yards for each nominal horse-power of the engine, always provided that any miner or miners shall be allowed to work any auriferous ground, or prospect any portion thereof, so long as the same does not interfere with or injure the works; and any person or persons may erect any tent or building thereon at distance of not less than two hundred (200) feet from the centre of the works.

75. *Notice of application.*—Any person seeking to occupy ground for the purpose herein specified shall make application (in accordance with clause 26) to the registrar for the registration thereof within seven (7) days after marking off the site, and shall state in the application the nominal horse-power of the engine to be used.

76. *Objections.*—Any persons objecting to the occupation of any site for machinery under clause 75 of this bye-law must proceed before the warden or court of mines, as the case may be, under *The Mining Statute 1865*, or any amendment thereof.

77. *Protection to claimholders.*—After a site has been legally taken possession of, the owners shall be protected against all injurious interference on the part of others, whether such interference relates to the supply of water, the ingress to or egress from their claim, or any other obstruction which may be calculated to interrupt the reasonable requirements of the works.

78. *Claimholders to commence work within a reasonable time.*—Claimholders shall within a reasonable time after original occupation commence operations in a *bona fide* manner, and shall, except in cases of accident, scarcity of water, insufficient work, or causes over which they had no control, continue the same during all lawful and necessary days.

79. *Conditions not observed, claim forfeited.*—The conditions above specified not being observed by the claimholders for three (3) consecutive months, or it becoming apparent that they are systematically avoiding the conditions on which the claim is held, such claim shall be liable to forfeiture.

80. *Sludge to be provided for.*—Should the sludge from any machinery claim obstruct any road or injure any property, the holders of such claim shall be liable for the damage sustained.

SECTION 8.—RESIDENCE AND BUSINESS SITES.

81. The mining surveyor shall, when requested in writing by any six (6) or more holders of business licenses survey and mark out a line of street for occupation under business licenses.

82. The frontage of a business site to any such street shall not exceed thirty-six (36) feet, the depth shall be one hundred and fifty (150) feet, except in the case of corner sites, the depth of which shall not in any case exceed seventy-five (75) feet.

83. No street shall be marked out within a quarter of a mile of any quartz reefs in actual work, or which have not been abandoned for a longer period than two (2) years.

84. All streets shall be surveyed and laid out in straight lines, and as nearly as possible at right angles to each other.

85. All applicants for sites surveyed by the mining surveyor shall draw lots for the priority of choice, unless the applicants or any of them have previously erected buildings thereon, in which case such applicants shall be left in possession of the sites they occupy, or unless the applicants can agree mutually without such drawing of lots; previous to the drawing of the lots a plan shall be prepared and the allotments numbered. After obtaining any site by ballot or selection the occupant thereof must within ten (10) days commence to erect a building thereon or the site will be forfeited.

86. A holder of a business license may take up and occupy any site outside surveyed streets, the area of which does not exceed sixty-six (66) feet frontage by a depth of one hundred and sixty-five (165) feet on any Crown lands within the Raglan division of the Ararat Mining District; provided the same are not reserved for roads or other public purposes.

87. No site shall be occupied in any surveyed street by any other than a holder of a business license, or person privileged under *The Mining Statute 1865*, except in the case of a holder of a miner's right located in such street previous to such survey, or when a business site has ceased to be occupied for business purposes for at least three (3) months, in which case a registry of the business site must be made with the registrar on payment of the sum of One (1) shilling.

88. Any holder of a miner's right shall be entitled to take possession of in the manner specified in clause 3 and hold, for the purposes of residence, an area of ground not exceeding a quarter (¼) of an acre in extent, to be in the form of a parallelogram where practicable, whose length shall in no case exceed three (3) times its width; such area may be occupied on any Crown lands within the Raglan division of the Ararat Mining District reserved for roads or other public purposes.

89. In the event of a street being surveyed contiguous to a miner's unimproved residence area, his area shall be reduced to a frontage to the said street of thirty-six (36) feet by a depth of one hundred and fifty (150) feet.

90. If the holder of any residence area fails to put up a dwelling-house thereon and to occupy it for residence within three months from the date of his taking possession thereof, his title thereto shall be deemed to be absolutely forfeited.

91. Any holder of a miner's right having resided on his residence area for a period of six (6) months may be absent from the same for a period of twelve (12) months without forfeiting the same by registering it under a protection registration (in the form of Schedule K).

SECTION 9.—MINING REGISTRAR.

92. *Duties of mining registrars.*—It shall be the duty of the Mining Registrar appointed for the Raglan division of the Ararat Mining District to have his office in a convenient place, and to keep it open daily between the hours of Ten o'clock and Two o'clock p.m.; he shall effect all the registrations required by the bye-laws in force in his division; shall transfer registered claims or shares in registered claims; shall keep a register-book in which shall be entered all transactions that he shall be required to register; shall, on receiving the prescribed fee, afford any information from said book to any person desiring the same; and shall perform such duties as may be prescribed for him in the bye-laws of this board; provided always that no neglect or default of any registrar, or his deputy or assistant, shall in any way prejudice the right or title of any person to any interest, matter, or thing in respect of which such registrar shall have any duty to perform under this bye-law.

93. *Expenses of registration.*—The sums to be paid to the Mining Registrar for the purpose of defraying the expenses of registration mentioned in this bye-law shall be as follows:—

	£	s.	d.

Department of Lands and Survey, Melbourne, 6th July 1881.

R. RICHARDSON, Commissioner of Crown Lands and Survey.

REGULATIONS FOR A COMMON.

THE Governor in Council has approved of the subjoined Regulations.

R. RICHARDSON,

Commissioner of Crown Lands and Survey. Lands and Survey Office, Melbourne.

REGULATIONS FOR THE MANAGEMENT OF THE WARRNAMBOOL MUNICIPAL COMMON.

IN pursuance of the Regulations relating to Commons, made by the Governor in Council on the first day of April 1879, the Council of the Borough of Warrnambool having drafted the following Regulations for management of the Warrnambool Municipal Common, submit the same for revision by the Board of Land and Works and approval by the Governor in Council, in lieu of the regulations heretofore in force in respect of such common :-

Regulations.

1. Ratepayers and holders of business licenses or carriers' licenses may respectively depasture on the common four (4) head of large cattle, or the equivalent of the whole or a portion thereof in small cattle, on the basis that one head of large cattle be deemed equivalent to three head of small cattle.

2. The scale of fees for depasturing stock on the common shall be as follows, payable monthly in advance :-

For every horse, 1s. per week; or 52s. per annum.

For every milch cow, dry cow, or heifer, 4d. per week; or 17s. 4d. per annum.

Foals at foot, and calves (under six months old) with cows, free.

3. When milch cows have calves at foot, the latter must be delivered every morning with the cows to the herdsman, or he will not be responsible in the event of the cows straying.

4. Travelling cattle may be depastured on the common free of charge, for any period not exceeding twenty-four hours; after which period a fee of One shilling per head per week or part thereof, will be payable.

5. Goats, pigs, or other animals (except travelling cattle) than those provided for in the scale of fees, shall be allowed to depasture on such portions only of the common as may be set apart for that purpose, on payment of fees to be agreed upon by the managers and the owners of such goats, pigs, or other animals.

6. No animal affected with any contagious disease shall be allowed to depasture on the common.

7. The herdsman will attend at such times and places as may be duly advertised for the purpose of receiving applications from persons entitled to depasture stock on the common; and every such person shall supply his or her name and address, and the brands and descriptions of the stock to be depastured, and shall pay the commonage fees thereon. The herdsman will thereupon give an order for admission of the stock to the common.

8. All stock which may at any time die upon the common must be buried by the owners within twenty-four hours after notice thereof, in writing, from the herdsman; or, if not so buried, will be interred at the owner's expense.

9. The herdsman shall immediately report to the managers indication of disease in any of the stock on the common.

10. All unregistered stock (except travelling cattle) running upon the common will be liable to be impounded, or the owners of such stock may be prosecuted.

11. The managers shall not be responsible for loss of or injury to stock depasturing on the common.

12. All stock placed upon the common must be branded by the owners thereof with a legible brand.

13. No animal will be allowed to be tethered on any portion of the common.

14. No person shall be allowed to herd stock on the common or to remove stock therefrom without first giving, in either case, twelve hours' notice, in writing, to the herdsman.

15. No person shall unnecessarily disturb stock depasturing on the common.

16. No bull or entire-horse will be allowed to depasture on the common without the sanction, in writing, of the managers.

Every person offending against any of the foregoing regulations shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds (£20) for each offence.

(L.S.)
THOMAS KING,
Mayor.
C. A. CRAMER,
Town Clerk.

Approved by the Governor in Council
the 4th July 1881.

ROB. WADSWORTH,
Clerk of the Executive Council.

COMMITTEE OF MANAGEMENT OF A RESERVE
FOR RECREATION PURPOSES IN THE TOWN OF
BAIRNSDALE.

WHEREAS by the 103th section of *The Land Act 1869*, power is given to the Board of Land and Works to make rules and regulations for the care, protection, and management of all public parks and reserves, and for the preservation of good order and decency therein: Now therefore the Board of Land and Works, in pursuance of the power conferred as aforesaid, do hereby make the Regulation following to be observed and enforced in respect of the land temporarily reserved by Order of 28th June 1871 as a site for Recreation purposes in the town of Bairnsdale.

REGULATION.

The said reserve shall be under the control of the Council of the Shire of Bairnsdale as a Committee of Management thereof. —(Corr. 81. B. 26654.—C. C.)

In witness whereof the Common Seal of the Board of Land and Works was hereunto affixed this seventh day of July, One thousand eight hundred and eighty-one, in presence of—
