[Enclosure 1.]

[No. 092/385.]

The War Office to the Colonial Office.

Military Education Division,
War Office, 8th June 1881.

Sir,—With reference to your letters of the 21st April 1881 and the 16th December 1880, respecting the allocation of cadetships at the Royal Military College to students of Chartered Universities in the Australian Colonies, I am directed by the Secretary of State for War to acquaint you, for the information of the Secretary of State for the Colonies, that it has been determined to place at the disposal of each of the Universities in the Australian Colonies to which a Charter by Letters Patent has been granted, the nomination to one cadetship annually, and that the question of literary qualification shall be determined by the university to which each candidate belongs, under the following rules:—

1. A candidate recommended for a cadetship must be within the limits of 17 and 22 years of age at the date of his joining the Royal Military College.

2. The nominated candidate should be required to join the Royal Military College within six months of his passing the required qualifying examination, otherwise his claim to a cadetship will lapse.

3. Certificates of age and moral character for the preceding four years to be forwarded to the Military Secretary, Horse Guards, so as to reach him at least one month before the date of the candidate joining at Sandhurst, the terms commencing on the 10th February and 1st September respectively.

4. It is assumed that the Colonial University authorities will undertake the examination of these gentlemen in geometrical drawing, this being an obligatory subject. See paragraphs 21 and 14 (f) of Regulations referred to below.

5. The authorities should further be requested, when forwarding the names of a nominated candidate, to furnish a reference to some person in this country who will be answerable for the cadet's contribution so long as he remains at the Royal Military College.

6. It will be necessary for the nominated candidate to be examined by a military or naval medical officer at the Australian Colonies, and a certificate stating that he is in all respects physically fit for military service should accompany the certificates of age and character.

7. On his arrival in England the nominated candidate should lose no time in reporting the circumstance to the Military Secretary, Horse Guards, S.W.

8. Candidates may at once be nominated with a view to their joining the Royal Military College on 1st September next, or 10th February 1882.

9. It should be distinctly understood that nominations should be confined to specific years, and not be cumulative.

10. Five copies of the Regulations for admission to the Royal Military College are enclosed, section III. of which will afford information respecting the terms of payment for cadets while at the above institution.

Mr. Childers is of opinion that, considering the large concession which has been made by the grant of four commissions annually to successful candidates in competitions to be held at the Military College, Kingston, the advantages above indicated need not be extended to the Chartered Universities in Canada.

Mr. Childers is further of opinion that the privilege of holding preliminary examinations in the same manner as is prescribed in the Regulations above referred to of gentlemen residing in the colonies should be extended to all Chartered Universities whether in Canada or in any other colonies, but that no competitive examinations for entry to the Royal Military College other than those held by the Chartered Universities for the selection of their own candidates can be held out of England; and that, in addition to the certificate of their having qualified at such preliminary examination, the authorities of the Chartered Colonial Universities be held responsible as to the eligibility of these candidates with regard to age and character, and be requested to furnish certificates in proof thereof in each case before their attending the further examination in this country.

In all other respects these candidates must be subject to the rules for open competition laid down in the above-mentioned section.

The examination in geometrical drawing may, however, be deferred until the further examination.

Failing therein they will be disqualified, and the examination will count as one of the trials allowed under paragraph 7, section II. of the above quoted regulations.

I am further directed by the Secretary of State to point out that, with reference to the above conditions, power is reserved to make any alterations which may hereafter seem expedient.

I have, &c.,

(Sd.)

RALPH THOMPSON.

The Under Secretary of State,
Colonial Office, Downing street.

16. *Further examinations—Conditions of entrance.*—The Further examinations will be held half-yearly, about the months of December and July; and every candidate for those examinations must send to the Military Secretary, not later than the 15th October or 15th May respectively, an application to be examined, accompanied by the following papers:—

20. *Successful candidates.*—The following will be the mode of selecting the successful candidates at the open competitive examination. After the proper deduction (in accordance with paragraph 19) has been made from the number of marks gained by each candidate in the several subjects in which he has been examined, the remainders will be summed up, and the resulting total will determine the place of the candidate in the competitive list; the successful candidates being those who stand at the head of the list up to the number of cadetships competed for.

III.—EXAMINATION OF UNIVERSITY CANDIDATES.

The application must be accompanied by papers (a) and (b), described in paragraph 16, and by a certificate from the proper authority that he has passed the required University examination. All University candidates will be required to satisfy the Civil Service Commissioners of their proficiency in geometrical drawing, as laid down in paragraph 14 (4).

22. Notice will be given, from time to time, of the number of cadetships which will be allotted half-yearly to University candidates. In case there should be more candidates than vacancies, the required number will be selected by competition among the said candidates at the ensuing July or December examination, in accordance with paragraphs 18 and 20; provided they shall have qualified in geometrical drawing.

23. University candidates who may have been unsuccessful at their first examination, will be allowed a second opportunity of competing, provided 'students' shall not have exceeded their twenty-second year, and that 'graduates' shall not have exceeded their twenty-third year, at the time of such second examination. These limits of age will be ruled by the 1st July for the summer, and by the 1st December for the winter, examinations.

IV.—EXAMINATION OF STUDENTS OF THE CHARTERED UNIVERSITIES.

24. The examination of students of the Chartered Colonial Universities will be conducted entirely by those Universities, geometrical drawing being an obligatory subject of examination. A limited number, not exceeding ten in any one year, of the sons of combatant officers of the army, and five of the sons of officers of the Indian army, who shall have attained the substantive rank of major or lieutenant-colonel, and shall have performed long or distinguished service, provided that their sons are, on account of such service, recommended by the Commander-in-Chief, with the approval of the Secretary of State, and that the special grounds for the recommendation be set forth in each case.

An honorary Queen's cadetship does not carry with it any pecuniary advantage, and no declaration as to the circumstances of the deceased officer's family is required; but in all other respects they enjoy the privileges attaching to Queen's cadetships.

27. Applications for Queen's cadetships and honorary Queen's cadetships, except as in paragraph 28, should be addressed to the Military Secretary, if the candidate is the son of an officer of the army, or to the Secretary of the Admiralty, if the candidate is the son of an officer of the royal navy or royal marines.

31. *Exemption.*—A Queen's cadet, honorary Queen's cadet, Indian cadet, or page of honor, who can produce a university certificate, as prescribed in paragraph 2 (b), will be exempted from the qualifying entrance examination described in the preceding paragraph, except in geometrical drawing.

They and the unmarried officers will mess with the cadets.

44. During the hours of study the cadets will be under the charge of the professors and instructors, to whose orders they will be required to pay implicit obedience.

45. The cadets will salute all officers, professors, and instructors belonging to the College, whether in or out of uniform, and all other officers when in uniform.

46. The professors and instructors will have certain limited powers of punishment, within and without the halls of study, at the discretion of the Governor, to whom they will report all punishments which they may inflict.

47. No professor or instructor will be permitted to give private instruction to a cadet, either during the vacation or at any other time; or be allowed to prepare candidates for admission to the college.

48. The cadets will be required to appear at all times in uniform, except when on leave of absence, or when otherwise exempted by the Governor.

49. The undress uniform will be worn at all times when cadets are under instruction.

VI.—COURSE OF INSTRUCTION.

50. *Duration.*—Candidates for first appointments in the army who are successful in the examinations specified in the foregoing regulations will join the Royal Military College as Cadets for one year, to be divided into two terms. The college terms will be—

(a.) From 10th February to 15th July, with suspension of study during a fortnight at Easter.

(b.) From 1st September to 15th December. The intermediate periods will constitute the vacations.

51. *Subjects.*—The following subjects will form the ordinary course of obligatory studies—

(a.) Military Administration.

(b.) Military Law.

(c.) The Elements of Tactics.

(d.) Fortification.

(e.) Military Topography.

(f.) Infantry and Field Artillery Drill, Riding, and Gymnastics.

VII.—EXAMINATIONS.

52. *Probationary examination.*—In order to ensure due diligence during the whole period of residence, there will, at the end of the first term, be a probationary examination in the work of that term. A cadet failing to pass satisfactorily through the probationary examination at the end of the first term, will lose a term and not get class promotion.

53. *Final examination.*—At the end of the course the cadets will be required to pass an examination in the field and on paper conducted by independent examiners, and those who pass a satisfactory examination will become entitled to commissions in the army as second lieutenants and may be gazetted to regiments in the order in which they pass.

54. Marks will be allotted to the obligatory subjects in the following proportions :—

| | |
|---|----|
| Military Administration | 1½ |
| Military Law | 2 |
| Elements of Tactics | 3 |
| Fortification | 3 |
| Military Topography | 3 |
| Drill, Gymnastics, and Riding (one each) | 3 |

55. In tactics, fortifications, and military topography, one fourth of the marks will be reserved for notes and drawings done during the course, and in fortification one-twelfth for practical out-of-door work. 50 marks will also be given towards the aggregate of each of the under officers as a reward for their services.

56. The standard of qualification for a commission will be decided upon from time to time by the Secretary of State for War, and announced to the cadets at the commencement of the course.

57. No cadet will be permitted to reside for more than one year at the college, except in cases of failure at the probationary examination, protracted illness, or long absence from any unavoidable cause, or of his being prevented by unavoidable cause from undergoing the final examination. In these cases an extra term will, if specially recommended by the Governor, be allowed. In the exceptional case of a cadet being prevented by sudden illness or other unavoidable cause from undergoing the final examination, such cadet may, on the recommendation of the Governor, be specially examined at the commencement of the ensuing term. A cadet who fails twice at the probationary examination will be removed from the college.

58. A cadet who fails to pass the examination at the end of his second term of residence will not be permitted to return to the Royal Military College, but will be allowed to be re-examined once at the next ensuing examination. A failure at this re-examination will disqualify a cadet for a commission in the army, and his name will be at once removed from the list.

59. A cadet guilty of copying or using unfair means at the probationary examination shall be rusticated for one term and recommence the course, and a cadet guilty of like practice at the final examination shall not be allowed to present himself for re-examination until that time the following year.

IX.—GENERAL REGULATIONS.

60. A cadet will be removed from the Royal Military College for moral or physical unfitness.

61. No person whatever belonging to the Royal Military College is to receive a present from any cadet, or from the relations or friends of any cadet.

62. The dining-halls, halls of study, reading and recreation rooms, and quarters of the cadets will be furnished in all essentials by the Government.

SHIRE OF BULN BULN.

PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF NEW SHIRE.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, sec. 48), the substance and prayer of a petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor, are published, viz. :—

The petitioners—two hundred and thirty-one in number—purport to constitute a majority of the ratepayers in the portion of the Shire of Buln Buln which is described in their petition, and they desire that the area so described may be severed from the Shire of Buln Buln, and constituted a new shire, under the name or title of "The Shire of Warragul."

Area described in the petition :—

North-eastern riding.—Commencing at the intersection of the north boundary of the Gippsland Railway reserve with the eastern boundary of the shire; thence north-westerly by the northern boundary of the said railway reserve to its intersection with Lardner's Track; thence northerly by Lardner's Track to the north boundary of J. Roger's selection; thence by a line true north to the shire boundary; thence easterly and southerly by the shire boundary to the commencing point.

South-eastern riding.—Commencing at the intersection of the south boundary of the Gippsland Railway reserve with the eastern boundary of the shire; thence north-westerly by the south boundary of the said railway reserve to its intersection with Lardner's Track; thence southerly by Lardner's Track to the south boundary of the shire; thence following the boundary of the shire easterly and northerly to the commencing point.

Petitioners state that the councillors of the western ridings have prevented business being transacted by leaving the council table in a body, and preventing the formation of the quorum necessary for the transaction of business; that the operations of the council of the said shire having been thus paralysed, and the interest of the petitioners most prejudicially affected thereby, they are of opinion that it is essential to their well-doing that the "North-Eastern riding" and "South-Eastern riding" of the said shire should be separated from the other ridings, and the former constituted a separate shire; and they pray, therefore, that the area may be severed as asked for, and constituted a shire, under the name or title of "The Shire of Warragul," including therein, if it shall seem fit, the whole of the parish of Neerim instead of part thereof as at present included in the North-Eastern riding; and that the number of councillors be nine, and that such municipality be not subdivided.

Notices may be served on Mr. W. D. Garside, J.P., Warragul.

Commissioner of Public Works.
