DECLARATION BETWEEN THE BRITISH AND RUSSIAN GOVERNMENTS ON THE SUBJECT OF TONNAGE MEASUREMENT.

THE accompanying copy of Declaration between the British and Russian Governments on the subject of Tonnage Measurement, which has been received by His Excellency the Governor from the Right Honorable the Secretary of State for the Colonies, is published for general information.

Department of Trade and Customs,
Melbourne, 26th August 1882.

By His Excellency's command,
JAMES H. GRAVES,
Commissioner of Trade and Customs.

The English system of tonnage measurement (Moorsom's system) being henceforward in force as well in the Empire of Russia and the Grand Duchy of Finland as in the United Kingdom of Great Britain and Ireland, and in the British Colonies; the Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Government of His Majesty the Emperor of All the Russias, have agreed to the following Declaration:-

1. Russian and Finland vessels measured according to the above-mentioned system shall be admitted into the ports of the United Kingdom and its Colonies; and British vessels measured according to the same system shall be admitted into the ports of Russia and Finland, without being subjected, for the purpose of payment of navigation dues, to any fresh operation of measurement.

The navigation dues above-mentioned shall be calculated on the net tonnage.

2. The Finland and English Regulations respecting tonnage measurement being substantially the same, English certificates of tonnage measurement shall, in the Grand Duchy of Finland, and Finland certificates of tonnage measurement, taken out after the 31st May 1877, shall in the United Kingdom and its Colonies, be recognized, without any operation of measurement or other formality whatsoever; and the net tonnage of all British or Finland ships inscribed on the ship's papers shall be considered in the respective ports of each country as equivalent to the net register tonnage of national vessels.

3. English certificates of tonnage measurement shall in Russia, and Russian certificates of tonnage measurement, taken out after the 20th December 1879, shall, in the United Kingdom and its Colonies, be likewise reciprocally recognized in the ports of each country without any operation of measurement.

As, however, the provisions of the Russian Regulation do not entirely correspond to the English Regulations, relative to the mode to be followed in the determination of crew spaces in ships, and machine and coal spaces in steamers, the deductions in respect of these shall, for English vessels in Russian ports, be calculated according to the figures shown in the certificates of tonnage measurement, in conformity with the Regulation sanctioned the 20th December 1879, without remeasurement of the vessel.

This measure shall be applicable in British ports to Russian vessels touching there, if the captains of the said vessels shall express a desire to that effect; and, in such case, the provisions of the Merchant Shipping Act of the 10th August 1854 shall be complied with.

4. The above-mentioned arrangements shall apply also to vessels propelled by any other artificial power than steam.

The present Declaration shall come into operation on the 1st July 1882, and shall remain in force so long as one of the Contracting Parties shall not have notified to the other six months in advance its intention of terminating it.

In witness whereof the undersigned, duly authorized for this purpose, have signed the present Declaration, and have affixed thereto the seal of their arms.

Done, in duplicate, at London, the 23rd day of May 1882.

No. 89.—SEPTEMBER 1, 1882.—1.

La méthode Anglaise pour le jaugeage des bâtiments (système Moorsom) étant désormais en vigueur tant dans l'Empire de Russie et le Grand Duché de Finlande que dans le Royaume-Uni et la Grande-Bretagne et d'Irlande et dans ses Colonies, le Gouvernement de Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, et le Gouvernement de Sa Majesté l'Empereur de Toutes les Russies, sont convenus de la Déclaration suivante :—

1. Les navires Russes et Finlandais jaugés d'après la méthode susmentionnée seront admis dans les ports du Royaume-Uni et de ses Colonies; ainsi que les navires Anglais dont le jaugeage aura été fait selon le même système, seront admis dans les ports Russes ou Finlandais, sans être assujettis, pour le paiement des droits de navigation, à aucune nouvelle opération de jaugeage.

Ces droits de navigation seront calculés d'après le tonnage net.

2. Les Règlements Finlandais et Anglais sur le jaugeage des navires étant en substance les mêmes, les certificats de jauge Anglais dans le Grand Duché de Finlande, et les certificats de jauge Finlandais, délivrés après le 31 Mai 1877, dans le Royaume-Uni et ses Colonies, seront reconnus sans aucune opération de jauge ou autre formalité quelconque; et le tonnage net de tous les navires Britanniques ou Finlandais, inscrit sur les papiers de bord sera considéré dans les ports respectifs de chaque pays comme équivalent au tonnage net de registre des navires nationaux.

3. Les certificats de jauge Anglais en Russie, et les certificats de jauge Russes, délivrés après le 20 Décembre 1879 dans le Royaume-Uni et ses Colonies, seront également reconnus réciprocement dans les ports des deux États sans aucune opération quelconque de jaugeage.

Attendez, toutefois, que les dispositions fixées par le Réglement Russe ne s'accordent pas entièrement avec les dispositions Anglaises relativement au mode suivi pour déterminer les espaces destinées à l'équipage des navires, et à la machine et soutes à charbon des bateaux à vapeur, les deductions à cet égard seront, pour les navires Anglais dans les ports Russes, calculés d'après les chiffres indiqués dans les certificats de jauge, en conformité du Réglement sanctionné le 20 Décembre 1879, sans remesure du navire.

Cette mesure sera applicable dans les ports Britanniques aux navires Russes y abordant, si les capitaines des dits navires en expriment le désir; et, dans ce cas, on se conformera aux dispositions du "Merchant Shipping Act" du 10 Août 1854.

4. Les prescriptions ci-dessus sont applicables aussi aux navires mis par toute autre force artificielle que la vapeur.

La présente Déclaration entrera en vigueur le 1^{er} Juillet 1882, et restera en vigueur tant que l'une des Parties Contractantes n'aura pas fait connaître à l'autre six mois d'avance son intention d'en faire cesser les effets.

En foi de quoi les soussignés, dûment autorisés à cet effet, ont signé la présente Déclaration, et l'ont munie du sceau de leurs armes.

Fait, en double, à Londres, le 23 Mai 1882.

* In cases where the minus sign (-) is prefixed to any number, it implies that the deaths exceeded the births by that number.

+ Including the Melbourne Hospital, which is in Gipps Ward; the Homoeopathic Hospital, which is in Latrobe Ward; the Alfred Hospital, which is in Albert Ward; the Immigrants' Home, which is partly in Albert Ward and partly in Emerald Hill Town; the Lying-in Hospital, and the Children's Hospital, which are in Smith Ward; the Metropolitan Lunatic Asylum, which is in Kew Borough; the Yarra Bend Lunatic Asylum, which is in "Remainder of District;" and the Benevolent Asylum, which is on the boundary between Hotham Town and Melbourne City.

The mortality of Melbourne and suburbs, together with the mean temperature in the shade and the mean atmospheric pressure, during the month of July for the ten years 1872-1881, also the births during the same month of the eight years 1874-1881, were as follow:—

July	1872	...	Number of Births.	Number of Deaths.	Mean Temperature.	Mean Height of Barometer.
" 1873	288	48.7°	29.902 inches.	
" 1874	351	40.4°	30.108 "	
" 1875	...	742	378	40.3°	30.069 "	
" 1876	...	718	373	40.3°	30.128 "	
" 1877	...	698	477	40.7°	30.122 "	
" 1878	...	706	460	48.7°	30.188 "	
" 1879	...	838	370	48.8°	29.910 "	
" 1880	...	739	385	46.2°	30.035 "	
" 1881	...	726	465	46.0°	30.069 "	
Mean	...	736	399	47.4°	30.071 "	

The births of 751 children, viz., 386 boys and 365 girls, were registered in Melbourne and suburbs during the month of July. In the month of June, 856 births were registered, or 105 more than in the month under review. The births were 15 above the average of the previous eight years, but 60 below that average, if allowance be made for the increase of population.

The deaths registered in July numbered 494, viz., 271 of males and 223 of females; the births thus exceeded the deaths by 257. The deaths outnumbered those in June by 26, and exceeded the average of July during the previous ten years by 95. If, however, allowance be made for the increase of population, they will be found to have exceeded the average of those ten years by 44.

To every 1,000 of the population of the district, the proportion of births registered was 2.64, and of deaths registered 1.73.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 64.0° on the 7th, and the lowest was 33.0° on the 21st. The mean temperature of the month (47.7°) was nearly a third of a degree above the average. The greatest range of the thermometer in any one day (26.1°) took place on the 21st, viz., from a maximum of 59.1° to a minimum of 33.0°. The least range (6.3°) was on the 12th, viz., from a maximum of 54.2° to a minimum of 47.9°. The mean daily range was 12.6°. The mean atmospheric pressure (29.942 inches) was a fraction lower than the average. On the 26th a fall of snow took place in Melbourne, which is an unusual occurrence. No other such instance is remembered since the 29th and 30th August 1849, when snow fell heavily.

Males contributed 55 per cent. and females 45 per cent. to the mortality of the month. Deaths of children under 5 years amounted to 34 per cent. of that mortality, as against 33 per cent. in July 1881; 36 per cent. in July 1880; 29 per cent. in July 1879 and July 1878; 33 per cent. in July 1877; 30 per cent. in July 1876; 29 per cent. in July 1875; 38 per cent. in July 1874; 36 per cent. in July 1873 and July 1872.

As many as 29 deaths of persons who had attained the age of 75 years or upwards were recorded during the month. Of these a jeweller, aged 75, died of gout; a confectioner, aged 75, of paralysis; a railway employee, aged 76, of disease of the bladder; a watchman, aged 76, of injuries to the head and arm, resulting from a train passing over him; a miner, aged 77, of apoplexy; a grazier, aged 77, of heart disease; a widow, aged 78, of paralysis; a male, of occupation unstated, aged 78, of aneurism of the aorta; a female, aged 76, and a cabinet-maker, aged 81, of heart disease; a female, aged 79, of paralysis; a farmer, aged 79, of pleurisy; a laborer, aged 87, of congestion of lungs; a female, aged 76, a shepherd and a needlewoman, each aged 79, a laborer, aged 81, a dealer, and a female, each aged 83, a storekeeper, aged 86, a gentleman, aged 77, and a retired sailor of the Royal Navy, aged 90, of bronchitis; a blacksmith, aged 76, a female, aged 79, a male lodging-house keeper, aged 81, a builder and a female, each aged 82, a female, aged 84, and a female, aged 88, of old age.

Twenty-one deaths were set down to external causes, of which 16 were ascribed to accident, 1 to homicide, and 4 to suicide. The following are the particulars of the accidental deaths:—A boy, aged 4, died of fracture of the jaw, caused by a kick from a horse;

NOTE.—*The fee for three months must accompany the tender.*

TENDERS will be received by the Board of Land and Works up to Noon of Monday, 25th September 1882, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council, and published in the *Government Gazette* of 11th February 1876, as under, and also the subjoined special conditions.

Every license granted under subdivision vii. of section 47 of *The Land Act 1869* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Schedule.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision vii. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act 1869*, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within the operations of this license.

4. This license entitles the holder thereof during the period therein specified to use the land in respect of which the same is granted for depasturing purposes only, and does not confer any right to build thereon or to cultivate, or fence any portion thereof; but if the holder thereof desire such use of the land beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.
