ARARAT MINING DISTRICT.

BYE-LAW No. 4 OF THE ARARAT MINING BOARD, FOR THE DIVISIONS OF ARARAT, PLEASANT CREEK, AND BARKLY.

At a meeting of the Mining Board of the Mining District of Ararat, begun and holden at the Mining Board Room, Ararat, in the said district, on 8th day of January, One thousand eight hundred and eighty-three, it is ordained by the said Board as follows, that is to say:—

GENERAL REGULATIONS.

SECTION I.

1. *Interpretation clause.*—In the construction and for the purposes of this bye-law the following terms shall, if not inconsistent with the context or subject-matter thereof, have the respective meanings hereby assigned to them, that is to say:—

The word "registrar," or the words "mining registrar," shall mean the mining registrar or deputy mining registrar appointed by the Governor in Council to act in and for the division of the Ararat Mining District for which he shall have been appointed.

The word "lead" shall mean any auriferous alluvial deposit, earth, drift, or gutter containing or supposed to contain gold.

The words "depth of sinking" shall mean the depth to which it shall be necessary to sink a shaft for the purpose of reaching the bed-rock immediately under the lead.

The word "tail-race" shall mean a race cut or constructed for the purpose of diverting water for mining purposes.

The word "race" shall mean a channel made for the purpose of conveying water for mining purposes.

Wet workings shall comprise all ground in which, by the occurrence of water below the surface or gravel dirt, slabbing and baling become necessary. Dry workings shall comprise all ground in which such slabbing is not required.

Prospectors shall be deemed and held to be persons engaged in searching for or discovering any new, lost, or abandoned lead.

The term "old workings" shall mean ground the greater part of which has been mined upon and which has been abandoned.

Words importing the singular number shall include the plural number, words importing the plural number shall include the singular number, and words importing the masculine gender shall include the feminine gender.

2. *Mode of taking possession of and defining the boundaries of claims.*—The mode of taking possession of all claims shall be by marking off each angle thereof by a conspicuous wooden post, and with a well-defined trench running in the direction of the boundary lines of such claim. Such posts and trenches to be kept easily discernible during the working of the claim. In places where it is impossible to keep wooden posts standing to define the boundaries, an iron peg, firmly driven into the ground, shall be a sufficient definition of the boundaries. Such posts and pegs must be shown by the holders of the claim to any person desirous of knowing the position of such posts and pegs.

3. *Spare ground and over-sized claims.*—Any miner or miners may measure the surface area of any claim, and should there be too much ground therein he or they shall be entitled to the excess on whichever side of the claim he or they may prefer; provided the superficial area of such excess does not exceed the quantity allowed for the number of miners so taking possession.

4. *Regulation for working claims.*—All claims shall be worked in accordance with the clauses contained in the sections regulating the class of mining under which they fall.

5. *Plurality of shares.*—Any holder of a miner's right may hold one or more shares in any number of claims, provided each share be fully represented by a miner holding a miner's right, unless where specially provided for by this bye-law.

6. *Disputed shares or claims.*—No miner shall take forcible possession of any disputed claim, share, or interest, but to obtain the same must proceed in accordance with the provisions of *The Mining Statute 1865*.

7. *Absence from claim.*—In all cases of absence of a shareholder his partner or partners can, if he or they think proper, have his place supplied by a competent miner, and such shareholder shall be responsible for any reasonable wages due to the person so employed. Any shareholder in a claim, unless when specially provided for in this bye-law, absenting himself from his work forty-eight hours, his share or interest is liable to forfeiture unless he provide a competent minor as his representative.

8. *Justifiable absence.*—Any miner whose absence from his claim is caused by illness, attendance on a sick person, or court of justice, or by urgent business, shall not forfeit his share or interest during such absence; but a majority of the other shareholders may have his place supplied by a competent miner, and

he shall be responsible for any reasonable wages to the miner so employed.

9. *Claims or shares therein not forfeited by neglect of hired workmen or tributors.*—No person holding a claim or portion thereof, or share or interest therein, who employs hired workmen, and no person holding a claim or interest therein, where the claim or a portion thereof is let on tribute or worked by contract, shall be deemed to have forfeited his right, title, or interest in the same through any neglect, absence, or omission on the part of any workman thereon employed by him, nor by neglect, absence, or omission of any tributor to whom the claim or a portion thereof is let on tribute. And the owner or owners of any claim let on tribute as aforesaid shall be deemed to be working the same in a *bona fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in this bye-law, provided always that any such neglect shall not extend over a period of fourteen days; but in the event of the neglect extending over that period, then any such claim, or shares therein, shall be liable to forfeiture whether the owner or owners be acquainted with such neglect or not.

10. *Protection to claimholders employed, but not on claim.*—Claimholders employed in procuring timber, or at any work necessary in any way for forwarding work connected with their claim, shall be held in lawful possession of such claim.

11. *Injury to claims.*—No person shall cut a drain into a shaft, thereby causing injury to adjoining claims, or remove earth from around a shaft without making a sufficient embankment to prevent people or cattle from falling therein.

12. *Protection to stacked cement, tailings, &c.*—Any miner or miners wishing to retain possession of cement, tailings, or other substances, for any period not exceeding twelve months, for the purpose of extracting gold therefrom, may do so by registering their title thereto with mining registrar in the form of Schedule L.

13. *Sites proving auriferous.*—When the site occupied by cement, tailings, dams, tramway, or race shall prove auriferous, the same may be mined upon, and the parties desiring the site shall, before commencing work, compensate the owners for any injury sustained, and in the event of the amount of compensation not being mutually agreed upon, then such compensation shall be determined by arbitration as provided for in clause 17.

14. *Agreements among shareholders.*—Whatever mutual agreements or engagements may be entered into by the shareholders of any claim for the proper working thereof shall be binding upon any one taking possession of a forfeited or abandoned share or interest in such claim.

15. *Effacing notices or removing pegs.*—No person shall wilfully efface, alter, remove, or destroy any notice posted on a claim, or any boundary pegs thereof.

16. *Protection to mortgagees.*—All liens or mortgages shall be registered with the mining registrar, and any person having an interest in a claim or share by way of lien or mortgage his interest shall not be liable to forfeiture by non-compliance with this bye-law on the part of the lienor or mortgagee, or their agent or representative, provided he, the lienor or mortgagee, has the said interest represented within fourteen (14) days after receiving notice from the other owners of the claim, or from any person desiring to take possession of the interest so lienor or mortgaged.

17. *Exempted lands.*—In accordance with the provisions of the thirteenth section of *The Mining Statute 1865*, any holder of a miner's right, or a consolidated miner's right, wishing to occupy for mining purposes any land held under a business license, or other lands which, as in that section provided, may cease to be exempt from mining, shall be allowed to occupy the same by paying compensation to the parties in possession; the amount of such compensation to be determined in the following manner, viz.:—The occupier under a business license, or otherwise, shall appoint one arbitrator, the person wishing to mine shall appoint one, and the said two so appointed, before proceeding to an arbitration, shall appoint a third arbitrator, and the decision of any two of such arbitrators shall be final; in the event of either party neglecting or refusing to appoint one of the first two of the above-mentioned arbitrators, the decision of one only shall be binding.

18. *Appointment of agent.*—Any person holding an interest in a claim shall, in case of absence from the locality, appoint an agent, whose acts shall be held as those of his principal, and whose name and address must be registered with the registrar.

19. *Holidays.*—Miners may be absent from their claims on all the following days, namely:—Good Friday to Easter Tuesday, both inclusive; 24th December to 2nd January, both inclusive; any day on which the election of a member either of the Legislature or of the mining board for this district may take place, the day before and the day after such election, or any day proclaimed a public holiday.

20. *Redemption of title.*—When the owner of any claim or mining tenement forfeits his title to such claim or mining tenement, or any portion thereof, through the non-fulfilment of any of the provisions of this bye-law, his subsequent fulfilment of the aforesaid provisions shall redeem his title to any portion of such claim or mining tenement which may have been forfeited as aforesaid; provided no legal process has been commenced to obtain possession of such forfeited claim or mining tenement, or portion thereof, during the existence of the cause of forfeiture.

21. *Slabbed shafts.*—Any person removing slabs from or taking possession of a slabbed shaft, abandoned for a less period than twenty-one (21) days, shall pay the owner or owners of such slabs for the value of the same. Slabs left more than twenty-one (21) days in an abandoned shaft shall be deemed forfeited.

22. *Removal of slabs.*—When slabs are removed from a shaft it must, if necessary, be immediately filled up above the level of the water-drift by the person removing them.

23. *Amalgamation.*—The holders of adjoining claims (excepting in extended block claims and prospecting claims) may amalgamate by posting and keeping posted on some conspicuous place near the centre of such claims a notice, in writing, containing the number of claims amalgamated and the names of each shareholder.

24. *Tunnels and tramways.*—Any miner excavating a tunnel or laying down a tramway for the greater convenience of working his claim, may hold possession thereof, with a wall of six feet on each side, together with his claim, provided the same shall not impede the works of any other miner, or obstruct roads in ordinary use.

25. *Mode of obtaining registration.*—Application in writing (in the form of Schedule A) shall be made to the mining registrar for the registration of all extended areas held under clause 33; all prospecting claims; all claims on which steam machinery is employed; all extended block claims; all machinery sites; all water privileges; all water rights for sluicing purposes, and all sluicing claims held under this bye-law. Upon receipt of any application as aforesaid the mining registrar shall give to the applicant or applicants a certificate in the form of Schedule B. A copy of such certificate legibly written shall forthwith be posted and kept posted by the applicants for seven (7) days in a conspicuous place on the area taken possession of or about to be taken possession of. At the expiration of seven (7) days from the date of such certificate the mining registrar shall, unless restrained by an injunction from some judge of a competent court or from a warden, make the registration applied for. For the registration of a residence or a business area, application in writing (in the form of Schedule D) shall be made to the mining registrar, who shall give to the applicant a certificate in the form of Schedule M. A copy of such certificate legibly written shall forthwith be posted and kept posted by the applicant for seven (7) days on the area taken possession of, and the registrar shall, at the expiration of seven days from the date of such certificate, unless restrained as above stated, make the registration applied for. All registrations effected by the mining registrar shall be correctly entered in a registration book to be kept by him for that purpose.

26. *Registrations.*—All extended areas which may be occupied by the projectors of mining companies,
All prospecting claims,
All claims on which steam machinery is employed,
All machinery sites held under section 8,
All cement tailings or any auriferous substances stacked on abandoned ground for the purpose of extracting gold therefrom,
All liens or mortgages,
All extended block claims,
All extended alluvial prospecting claims,
All water privileges,
All water-rights for sluicing purposes,
All sluicing claims, and
All residence areas and business sites, shall be registered with the mining registrar.
Registration of ordinary claims in dry or wet alluvial workings shall be optional with the owners of such claims.

27. *Duties of mining registrars.*—It shall be the duty of the mining registrar appointed for the respective divisions of the Ararat Mining District to have his office in a convenient place, and to keep it open daily between the hours of ten o'clock a.m. and two o'clock p.m.; he shall effect all the registrations required by the bye-laws in force in his division; shall transfer registered claims or shares in registered claims; shall keep a register-book in which shall be entered all transactions that he shall be required to register; shall, on receiving the prescribed fee, afford any information from said book to any person desiring the same; and shall perform such duties as may be prescribed for him in the bye-laws of this board; provided always that no neglect or default of any registrar, or his deputy or his assistant, shall in any way prejudice the right or title of any person to any interest, matter, or thing in respect of which such registrar shall have any duty to perform under this bye-law.

28. *Expenses of registration.*—The sums to be paid to the mining registrar for the purpose of defraying the expenses of registration mentioned in this bye-law shall be as follow:—

	£	s.	d.
For each share or interest	0	0	6
For each transfer of a share or interest and registration of same	0	1	0

Registration under clause 106	0	1	0
Discharge of mortgage lien	0	1	0
Renewal of registration of residence areas, free of charge	0	1	0
Lodging notice for water privilege	0	1	0

29. *Non-forfeiture of claims of special value.*—Claims on which an expenditure of one thousand pounds (£1000) has been incurred for labor and machinery shall not be forfeitable under any circumstances, unless the claimholders fail to comply with the provisions of this bye-law within seven (7) days of their receiving notice in writing from any miner or miners stating their intention to take possession.

30. *Penalty for breach of bye-law.*—In accordance with the provisions of *The Mining Statute 1865*, any person who shall infringe this bye-law will be liable for every such offence to be fined in any sum not exceeding ten (10) pounds.

SECTION 2.—DRY ALLUVIAL WORKINGS.

31. *Prospecting area.*—Any person or persons purposing to prospect for any new, lost, or abandoned lead of gold in dry alluvial workings at a distance of not less than one quarter (¼) of a mile from any other gold workings shall be entitled to take possession of such a quantity of Crown lands not exceeding two hundred (200) yards square and provisionally occupy the same as a prospecting area until the discovery of payable washdirt therein, when the size thereof shall be reduced as specified in clause 32, and shall also report such discovery within 48 hours to the mining registrar and at the same time make application for the registration of their claim in accordance with clause 25. Prospectors neglecting to comply with these conditions shall only be entitled to an ordinary claim.

32. *Size of prospecting claims:—*
For discovering a new lead—
Not exceeding one (1) mile distant from any gold workings, the extent of claim shall be two hundred (200) feet by two hundred (200) feet.
Exceeding one (1) mile and not exceeding three (3) miles, three hundred (300) feet by three hundred (300) feet.
Exceeding three (3) miles five hundred (500) feet by five hundred (500) feet.

No prospecting claim shall be marked out within two hundred and fifty (250) yards of the nearest boundary line of any other claim.

33. *Extended alluvial prospecting claims.*—Any number of miners not exceeding ten, prospecting for an alluvial lead of less than one mile distant from any known lead or claim at work, shall be entitled to mark off and hold as an extended alluvial prospecting claim an area of 80 feet in length for each miner along the course, or supposed course, of the lead by any width not exceeding one-half of its entire length, and such extended alluvial prospecting claim may be held and worked by any number of miners not less than two until payable washdirt be struck, when each share shall be fully represented.

34. *Size of ordinary claims.*—The size of claims shall be forty (40) feet along the supposed course of the lead for each man by eighty (80) feet in width. No ordinary claim shall exceed in extent the area allowed for four (4) men.

35. *Size of claims in old workings.*—Where machinery is not employed, one hundred (100) feet by one hundred (100) feet for each man, such claims shall not exceed in extent the area allowed for four (4) men. Where steam machinery is employed, two hundred (200) feet by two hundred (200) feet for each man, but such claims shall not exceed in extent the area allowed for twelve (12) men. In such steam machinery claims one (1) man may hold two (2) men's ground until payable washdirt is struck, after which the claim shall be fully represented.

36. *Sinking ahead on any lead.*—Any party commencing to sink and continuing to sink not less than two hundred and fifty (250) yards distant from the nearest boundary line of any claim bottomed and at work shall be entitled to an extended claim of one hundred and fifty (150) feet by one hundred and fifty (150) feet.

37. *Tunnel claims, &c., in old workings.*—In any tunnel, tramway, or horse-whim claim, two (2) men may hold eight (8) men's ground until payable washdirt is struck, after which the claim shall be fully represented.

38. *Claims may be held unworked.*—Claims may be held unworked if by surface flooding the working thereof shall be impeded; the owners of such claims may, by posting a notice to that effect, containing the names of all shareholders, in some conspicuous place on their claims, hold the same and work other claims until the flooding shall have ceased, provided that within four (4) days after the flooding shall have ceased, work be resumed on claims so held, or they will be liable to forfeiture.

39. *Shepherding claims.*—On the day on which any ordinary claim shall be taken possession of one of the shareholders must remain thereon for two consecutive hours between nine a.m. and noon, and on every succeeding day each shareholder in such claim must be present thereon during the time above mentioned, until work is commenced and continued in a *bona fide* manner; but where a claim has been marked out at such an hour as to render it impossible to shepherd during the hours named, then the person shall, if marking out before twelve o'clock at noon, shepherd the proportion of time that is practicable, and if subsequent to the hour of noon he shall not be compelled to shepherd on that day; provided always that in the case of any such shareholder being a female, or male under fourteen years of age, the same must be represented by a competent miner. No share or

interest in any claim being shepherded shall under any circumstances become liable to forfeiture unless through absence from such claim during the hours specified above. But no person holding a share or interest in a claim under this clause can hold any other share or interest at the same time, unless such share or interest be represented by a miner other than himself, and in all respects in accordance with the provisions of this bye-law.

SECTION 3.—WET WORKINGS.

40. *Extent of prospecting claims*.—For discovering a new lead—
Not exceeding two (2) miles from any gold workings, one hundred (100) feet along the course of the lead by a width of four hundred (400) feet for each man.
Exceeding two (2) miles, one hundred and forty (140) feet along the course of the lead by a width of four hundred (400) feet for each man.

For discovering a lost lead—
Eighty (80) feet along the course of the lead by a width of four hundred (400) feet for each man.
The area allowed to each man shall be fully represented from the time of taking possession of such claim, and no claim shall exceed in extent the area allowed for twelve (12) men.

41. *Size of ordinary claims*.—The size of claims shall be fifty (50) feet along the course of the lead for each man by a width of one hundred (100) feet. No ordinary claim shall exceed in extent the area allowed for twelve (12) men.

42. *Commencement of work*.—Claimholders within three claims of the last claim bottomed and at work, in which water has been struck, shall commence to sink their shaft, and shall continue to do so during the usual working hours of every day until the shaft shall be bottomed, or the claim abandoned. Non-compliance with this clause shall render the claim liable to forfeiture.

43. *Shepherding*.—Any party beyond the three claims above-mentioned may hold their claims unworked by each shareholder being present on the claim for two consecutive hours between nine a.m. and noon until work is commenced and continued in a *bona fide* manner: Provided always that in the case of any such shareholder being a female, or male under fourteen years of age, the same must be represented by a competent miner. No share or interest in any claim being shepherded shall under any circumstances become liable to forfeiture unless through absence from such claim during the hours specified above. But no person holding a share or interest in a claim under this clause can hold any other share or interest at the same time, unless such share or interest be represented by a miner other than himself, and in all respects in accordance with the provisions of this bye-law.

44. *Water baling*.—The owners of any claim neglecting to bale their fair proportion of water during the day, and night if necessary, shall render their claim liable to forfeiture.

45. *Size of claims in old workings*.—The extent of claims in old workings shall be twice the extent in length for each person specified in clause 41. With full width of the old workings, such claim shall not exceed in extent the area allowed for twenty (20) persons.

46. *Protection during suspension of work*.—When the holders of any claim, after having sunk their shaft to water level, require time for the purpose of procuring, erecting, or repairing steam machinery, or if by surface flooding the working of the claim is impeded, the mining registrar shall upon application grant a certificate (in the form of Schedule C) authorizing such claim to be held in reserve and unworked for a period of three (3) months. At the expiration of such term, if it be found necessary to further suspend work, such protection may be renewed from time to time, provided always that before any subsequent renewal of suspension shall be granted a statutory declaration shall be produced giving good and sufficient reasons for each further suspension of work—such statutory declaration shall be filed by the mining registrar.

SECTION 4.—EXTENDED BLOCK CLAIMS.

47. *Extended block claims*.—Claims on alluvial leads in which the amount of water is so great as to render necessary the employment of horse-whim or steam machinery may be worked as extended block claims.

48. *Extent of claims*.—The extent of claims shall be as follows:—

Depth of sinking.	Length of claim.
Not exceeding one hundred (100) feet ...	Sixty (60) feet
Exceeding one hundred (100) feet and not exceeding two hundred (200) feet ...	Seventy (70) feet
Exceeding two hundred (200) feet and not exceeding three hundred (300) feet ...	Eighty (80) feet
Exceeding three hundred (300) feet ...	Ninety (90) feet

for each miner on the supposed course of the lead, but no claim shall exceed in extent the area allowed for sixty (60) men in claims worked by steam machinery, and twenty (20) men in claims worked by horse-whim. Such extended block claims may be of any width not exceeding half its entire length.

49. *Modes of working*.—Seven (7) days after registration the holders of claims, or as many of them as can from time to time be properly employed thereon, shall *bona fide* proceed to work, and shall continue to work regularly upon or in connection with such claims, according to the usual course and practice of efficient mining; and any such holder neglecting to work, or to continue to work as aforesaid, either personally or by substitute, shall be deemed to have forfeited his share or interest in and to such claims; provided, nevertheless, any person may work his share or

interest by contract, hired labor, or otherwise, and the title of such person to such share or interest shall not be invalidated by reason of such work being done by a smaller number of men than are registered in respect to the claim, provided such claim be worked efficiently.

50. *Efficient mining*.—For the purpose of this section of the bye-law, efficient mining shall be the employment of such appliances and such a number of men as shall be necessary to carry on the work at its various stages with reasonable expedition, so that in every case the minimum number of men employed shall be one man for and in respect of every five (5) full shares; nevertheless, within three (3) months after the discovery of payable washdirt, every share shall be fully represented, or the same shall be deemed liable to forfeiture.

51. *Liability of shareholders*.—Any person holding a share or interest in an extended block claim shall be deemed to be a working shareholder, and non-payment of calls made for the purpose of defraying the expenses of working the claim, and payable by such person, shall be deemed to be neglect of work within the meaning of this section of the bye-law, and such share or interest on which calls remain unpaid twenty-one (21) days after they have become due, shall, in the absence of some rule made by the party holding such claim providing otherwise, be deemed to be abandoned, and any other person may, subject to payment of such calls, be by a competent court put into possession of such share or interest; provided, nevertheless, that no forfeiture shall be incurred under this clause unless notice in writing of such call shall have been served on the person whose interest is liable to forfeiture seven (7) days at least before the expiration of the aforesaid period of twenty-one (21) days; provided also that, in case the person liable to pay such calls, cannot, after reasonable enquiry, be found, it shall be sufficient to post such notice on the claim in which such share or interest is held, and also at the office of the registrar, and the posting of such notice shall be deemed a service of the same on the defaulting shareholder.

52. *Protection during suspension of work*.—When the holders of any claim require time for the purpose of procuring, erecting or repairing machinery, the mining registrar shall, upon application, grant a certificate (in the form of Schedule C) authorizing such claim to be held in reserve and unworked for a period of three (3) months. At the expiration of such term, if it be found necessary to further suspend work, such protection may be renewed from time to time, provided always that before any subsequent renewal of suspension shall be granted a statutory declaration shall be produced giving good and sufficient reasons for each further suspension of work—such statutory declaration shall be filed by the mining registrar.

53. *Abandonment of shares*.—Any shareholder in a registered extended block claim may abandon his share or interest, provided that previous to such abandonment he shall give to his partner or partners, also to the registrar, a notice in writing to that effect.

54. *Abandonment of claim*.—Any share or claim under this section, remaining unrepresented for a period of seven (7) consecutive days shall be deemed to be abandoned, unless such share or claim be held under the provisions of clause 52.

SECTION 5.—EXTENDED AREAS WHICH MAY BE OCCUPIED BY THE PROJECTORS OF MINING COMPANIES.

55. *Extended areas*.—Where the depth of sinking exceeds one hundred (100) feet, and where machinery of not less than fifteen (15) horse-power is required to work such ground:—

- One man may take possession of ten men's ground.
- Two men may take possession of twenty men's ground.
- Three men may take possession of thirty men's ground.
- Four men may take possession of forty men's ground.

And so on up to sixty (60) men's ground in accordance with the scale of length specified in clause 48 of this bye-law, without commencing work for a period of four (4) months, such period being allowed for the formation and also the registration under any Act of Parliament of Victoria (except Act 201) of a company to work the ground; provided always that for the purpose of taking possession, the claim shall be marked off as that the width thereof shall not exceed one-third (1/3) the length thereof. If at the expiration of the said period a company has been formed, and registered as aforesaid, a deed of association executed, the required officers of such company appointed, and the claim registered with the mining registrar under a sufficient number of miners' rights to authorise the occupation of such claim, the manager shall be entitled, on behalf of the company, to hold the ground for a further period of six (6) months by keeping constantly employed on the claim one man for every five (5) men's ground comprised in such claim, and on the expiration of the aforesaid period of six (6) months, if the requisite number of men have been constantly employed on such claim, the manager shall, on behalf of the company, be entitled to hold the ground for a further period of six (6) months by keeping constantly employed on the claim one (1) man for every three (3) men's ground comprised in such claim: always provided that should the holders of such claim fail to form a company as aforesaid within the first-mentioned period of four (4) months, or if formed fail to comply with the provisions of this bye-law, then all such holder's rights and title to such claim shall be absolutely forfeited, and any person or persons may, under an order from a competent court, take possession of the whole or any portion of such forfeited claim subject to the provisions and conditions imposed under this bye-law. It shall be imperative that, within seven (7) days after taking possession of an extended area, the parties taking possession shall advertise notice thereof (in the form of Schedule N.) in two consecutive issues of a local newspaper, and a copy of the newspaper containing such notice shall be lodged with the Mining Registrar.

56. *Occupation and survey*.—No occupation of an extended area under clause 55 of this bye-law should be valid unless within thirty (30) days after registration the claim has been surveyed by a mining surveyor, and a copy of the plan of survey deposited with the Mining Registrar. Upon application for a survey being

made to an authorised mining surveyor, and upon the requisite fee for survey having been paid, it shall be the duty of the surveyor to make or cause such survey to be made within fourteen days from the date of application: provided nevertheless that, if any surveyor neglect or refuse to make the survey applied for and thereby prevent the fulfilment of the conditions imposed by this clause, such neglect or refusal on the part of the surveyor shall not invalidate the occupation of such claim. The fees to be paid the surveyor shall be as per scale made by Order in Council gazetted 11th June 1867, or any subsequent Order in Council made in lieu thereof.

57. *Mode of fixing boundaries at the time of survey.*—It shall not be necessary at the time of taking possession of an extended area under clause 55 to mark or define the boundaries thereof accurately and completely, but at the time of making survey the boundaries shall be adjusted so as to include the land taken possession of, or intended to be taken possession of, and registration of which shall have been effected, and the boundaries of every such extended area shall at the time of making survey thereof be completely and accurately defined by the surveyor in accordance with clause 2 of this bye-law, and such boundaries shall be correctly delineated upon a plan showing accurately the extent and locality of such extended area, and also its connection with some fixed point in the survey of some other claim, or in some Government survey.

58. *Re-survey not required.*—When any person shall have been put into possession, by a competent court, of an abandoned or forfeited extended area which has been previously surveyed, it shall not be necessary to have a re-survey, but such person can, by applying to the Mining Registrar and paying the prescribed fee, obtain a tracing or duplicate thereof to be taken from the office plan showing the area as held by the previous owner or owners, and such area with such boundaries as are therein set forth, shall be deemed the boundaries of the area held by the new owner the same as if the survey had been made at his request.

59. *Protection during suspension of work.*—When the holders of any claim require time for the purpose of procuring, erecting or repairing machinery, the Mining Registrar shall, upon application grant a certificate (in the form of Schedule C.), authorising such claim to be held in reserve and unworked for a period of three (3) months. At the expiration of such term, if it be found necessary to further suspend work, such protection may be renewed from time to time, provided always that before any subsequent renewal of suspension shall be granted a statutory declaration shall be produced giving good and sufficient reasons for each further suspension of work—such statutory declaration shall be filed by the Mining Registrar.

SECTION 6.—WATER PRIVILEGES.

60. *Notice for water privilege.*—Any person or persons desirous of obtaining the exclusive right to a water privilege, shall post a notice on some conspicuous place on the site in the following form:—

"I [or we] hereby give notice of my [or our] intention to take possession of [here specify the site of the dam or reservoir] as a water privilege for mining purposes, in accordance with the bye-laws of this division. [Name or names in full of the parties.]"

seven (7) days before the registration of any water privilege a copy of the above notice, legibly written, must be kept posted on the site to be taken possession of, and a copy also lodged with the Registrar, and on the registration of the water privilege the site can be taken possession of, and any person objecting to any site for a water privilege must proceed before the Warden or Court of Mines, as the case may be, under the *Mining Statute 1865*, or any amendment thereof.

61. *Extent of dams.*—The extent of dam where horse or steam machinery is used shall not exceed one hundred (100) yards square above the main embankment; where machinery is not employed the extent shall not exceed sixty (60) yards square.

62. *Sludge.*—Where machinery, either horse or steam, is employed, the owner or owners thereof shall construct a second embankment for the purpose of retaining the sludge, not more than one hundred (100) yards below the main embankment, except it can be more conveniently carried off by drainage, without injuring other persons by running into old workings or roads in ordinary use, or in any other way injuring public property.

63. *Injury to property by dams.*—In case of any dam breaking away and injuring the claims of others, the owner or owners of such dam shall be liable for any injury sustained thereby, unless it can be proved that such breaking away did not result from the faulty construction of the dam.

64. *Dams injuring claims.*—No persons shall be allowed to store water in a dam or reservoir to the injury of any claim.

65. *Drains.*—When sludge or water drains cross any road in general use, a substantial bridge, not less than fourteen (14) feet in width, the culvert of which must be of sufficient size to carry off the said sludge or water, must be constructed and kept in repair by the owner or the owners of the claim or dam from which such sludge or water proceeds.

66. *Defiling or carting away water.*—No person shall drive cattle into or in any way defile water reserved for domestic purposes, or cart away the water from any dam without the consent of the owner or owners thereof.

67. *Forfeiture of dams.*—Any dam not commenced within fourteen (14) days from the date of taking possession of the site thereof or not completed within two (2) months, and any dam remaining unused for three (3) consecutive months (except in time of drought), shall be deemed forfeited.

68. *Waterholes reserved.*—Waterholes, reservoirs, or springs may be reserved for domestic or commonage purposes upon registering the same with the Mining Registrar (in the form of Schedule J.), but no monopoly of any spring or natural waterhole shall be allowed.

SECTION 7.—WATER-RIGHTS AND PRIVILEGES FOR SLUICING PURPOSES.

69. *Extent of hill and surfacing claims for sluicing purposes.*—The extent of hill and surfacing claims where opened and prospected by a sluicing party, and worked with an open face or cutting from the surface, shall be forty (40) yards by one hundred and sixty (160) yards, two (2) men at least to be employed at each claim.

70. *Extent of claims in gullies.*—The extent of claims in gullies, where opened and prospected by a sluicing party, and worked with an open face or cutting from the surface, shall be thirty (30) yards wide by two hundred and sixty (260) yards in length, two (2) men at least to be employed at each claim.

71. *Size of extended claims.*—Claimholders having to cut an extensive tail-race, or using extensive machinery, shall be entitled to an extended claim, not exceeding four ordinary claims.

72. *Forfeiture of claim.*—Claims unoccupied or abandoned for seven days shall be deemed forfeited, except in cases of sickness, attendance at courts of justice, public holidays, urgent business, or unless specially provided for in this bye-law.

73. *Responsible parties.*—The person or persons in whose name a claim is registered shall be held responsible for the fulfilment of all conditions under which such claim is held, and for all and any damages resulting to other parties by the working of such claim.

74. *Notice of intention to take up a water-right.*—A written notice (in the form of Schedule E.) of intention to take up a water-right or to shift the head of a race, shall be left with the Registrar, who shall keep a copy posted and exposed for fourteen (14) clear days at his office. At the expiration of the aforesaid fourteen days application in accordance with clause 26 shall be made to the Registrar for the registration of the right, and the right when registered can be taken possession of.

75. *Gauge.*—Each water-right shall entitle the holder or holders thereof to a column of water three and a quarter (3¼) inches by twelve (12) inches, running without intermission, gauged in the following manner (that is to say): A box six (6) feet in length and twelve (12) inches in width, with a scale of a quarter (¼) of an inch marked on the inner side at the lower end shall be placed at the head of the race, with a fall or inclination of one (1) foot in the entire length of it, and the gauge of water as above specified (3¼ inches by 12 inches) shall be taken at the mouth of the box where the water is discharged.

76. *Priority of rights.*—In case of failure of water, the junior water-right shall give way to the next preceding senior right, and so on in rotation as the supply diminishes, and three (3) clear days after notice from the Registrar such junior right-holder shall turn sufficient water down the creek from the head of his race to make up the deficiency in the gauge of the preceding right, and without further notice, shall continue or increase the quantity of water so diverted as the race may require to keep up the gauge.

77. *Protection to races during drought.*—The race and the right to the water shall not be held forfeited by the proprietors working in other claims when the supply of water is insufficient.

78. *Protection to head or tail races.*—No person taking up a claim shall approach, either by sinking or driving, within six (6) feet of any head or tail race.

79. *Distance between races.*—Any person cutting a race so close to an existing race, or to the properly surveyed line of an intended race in actual and *bond fide* course of formation, thereby causing drainage or any other damage, shall be responsible to the proprietors for such damage.

80. *Damage to races.*—No person shall cut or damage any race, tail-race, dam, or reservoir constructed for sluicing purposes, or obstruct the flow of water in them, or sink or approach within six (6) feet of them without first securing them to the satisfaction of the proprietors.

81. *Keeping races in repair and making bridges.*—Proprietors of races must keep them in good repair, and make efficient bridges when necessary, (14) feet at least in width, in places where the race crosses roads in ordinary use.

82. *Abandoned races.*—Races abandoned for two (2) months during sufficient supply of water shall be held forfeited, except in cases of justifiable absence.

83. *Heads of races may be shifted.*—All races shall have a given point specified for their head: the head, however, may be shifted, provided such shift be not above or below the head of an existing right, or to its injury or prejudice.

84. *Construction of dams, &c.*—Dams or reservoirs may be constructed for sluicing purposes where not injurious to general mining interests. Any person wishing to work the ground on which a dam or reservoir is situated, may do so in accordance with clause 17 of this bye-law.

85. *Tail-water.*—All right or control over the water shall cease upon its leaving the sluice of any water-right holder, except in cases where the length is fifteen (15) miles or upwards along the course of the race from its head, when the right or control shall remain with the right-holder so long as he conducts the water in a proper channel. A distance of 100 yards to be reserved from end of sluice for sludge-dam purposes.

86. *Amalgamation.*—To give increased facility in working sluicing claims, and to prevent unnecessary waste of water, any two or more water-rights may be amalgamated, provided that application is made to the registrar in the form of Schedule F., and the rights amalgamated follow in rotation as to priority. All such amalgamations must be registered with the registrar in the form of Schedule G.

87. *Drains to be cut for carrying off sludge.*—The owners of any sluicing claim or race must cut a drain to carry off their tailings, sludge, or water, into some main channel or water-course. Should they, by neglecting to observe this provision, injure any claims or gold workings, or do other injury to the public, such owners or shareholders, or any of them, will be liable to the penalty provided for in clause 30.

SECTION 8.—SITES OCCUPIED BY CRUSHING MACHINES.

88. *Size of claim.*—The owner or owners, or the legal representatives of the owners of any machinery may occupy and hold for each nominal horse-power of the engine ten (10) yards frontage to any creek or natural water-hole by a depth of one hundred (100) yards.

89. *Artificial reservoirs, size of claim, and conditions on which same may be held.*—Where artificial reservoirs are required, in order to obtain the necessary supply of water from surface drainage, the quantity of land shall be four thousand (4000) square yards for each nominal horse-power as aforesaid, always provided that any miner or miners shall be allowed to work any auriferous ground, or prospect any portion thereof, so long as the same does not interfere with or injure the works; and any person or persons may erect any tent or building thereon at a distance of not less than two hundred (200) feet from the centre of the works.

90. *Notice of application.*—Any person seeking to occupy ground for the purpose herein specified shall make application (in accordance with clause 25) to the registrar for the registration thereof within seven (7) days after marking off the site, and shall state in the application the nominal horse-power of the engine to be used.

91. *Objections.*—Any person objecting to the occupation of any site for machinery, under clause 90 of this bye-law, must proceed before the warden or court of mines, as the case may be, under *The Mining Statute 1865*, or any amendment thereof.

92. *Protection to claimholders.*—After a site has been legally taken possession of, the owners shall be protected against all injurious interference on the part of others, whether such interference relates to the supply of water, the ingress to or egress from their claim, or any other obstruction which may be calculated to interrupt the reasonable requirements of the works.

93. *Claimholders to commence work within a reasonable time.*—Claimholders shall within a reasonable time after original occupation commence operations in a *bona fide* manner, and shall, except in cases of accident, scarcity of water, insufficient work, or causes over which they had no control, continue the same during all lawful and necessary days.

94. *Conditions not observed, claim forfeited.*—The conditions specified in this section not being observed by the claimholders for three (3) consecutive months, or it becoming apparent that they are systematically avoiding the conditions on which the claim is held, such claim shall be liable to forfeiture.

95. *Sludge to be provided for.*—Should the sludge from any machinery claim obstruct any road or injure any property, the holders of such claim shall be liable for the damage sustained.

SECTION 9.—RESIDENCE AND BUSINESS SITES.

96. The mining surveyor shall, when requested in writing by any six (6) or more holders of business licenses, survey and mark out a line of street for occupation under business licenses.

97. The frontage of a business site to any such street shall not exceed thirty-six (36) feet, the depth shall be one hundred and fifty (150) feet, except in the case of corner sites, the depth of which shall not in any case exceed seventy-five (75) feet.

98. No street shall be marked out within a quarter of a mile of any quartz reefs in actual work, or which have not been abandoned for a longer period than two (2) years.

99. All streets shall be surveyed and laid out in straight lines, as nearly as possible at right angles to each other.

100. All applicants for sites surveyed by the mining surveyor shall draw lots for the priority of choice, unless the applicants or any of them have previously erected buildings thereon, in which case such applicants shall be left in possession of the sites they occupy, or unless the applicants can agree mutually without such drawing of lots; previous to the drawing of the lots a plan shall be prepared and the allotments numbered. After obtaining any site by ballot or selection the occupant thereof must within ten (10) days commence to erect a building thereon or the site will be forfeited.

101. A holder of a business license may take up and occupy any site outside surveyed streets, the area of which does not exceed sixty-six (66) feet frontage by a depth of one hundred and sixty-five (165) feet on any Crown lands within the divisions of Ararat, Pleasant Creek, and Barkly, in the Ararat Mining District: provided the same are not reserved for roads or other public purposes.

102. No site shall be occupied in any surveyed street by any other than a holder of a business license, or person privileged under *The Mining Statute 1865*, except in the case of a holder of a miner's right located in such street previous to such survey, or when a business site has ceased to be occupied for business purposes for at least three (3) months, in which case a registry of the business site must be made with the registrar.

103. Any holder of a miner's right shall be entitled to take possession of in the manner specified in clause 2 and hold, for the purposes of residence, an area of ground not exceeding a quarter (¼) of an acre in extent, to be in the form of a parallelogram where practicable, whose length shall in no case exceed three (3) times its width: such area may be occupied on any Crown lands within the divisions of Ararat, Pleasant Creek, and Barkly, in the Ararat Mining District, not reserved for roads or other public purposes.

104. In the event of a street being surveyed contiguous to a miner's unimproved residence area, his area shall be reduced to a frontage to the said street of thirty-six (36) feet by a depth of one hundred and fifty (150) feet.

105. *Extent of bye-law, and repeal of former bye-laws.*—This bye-law shall apply to and be in force within the divisions of Ararat, Pleasant Creek, and Barkly only, and as to the said divisions of

Ararat, Pleasant Creek, and Barkly only from and after the date at which this bye-law shall have the force of law all the under-mentioned bye-laws now in force in the Ararat Mining District, viz.:—By-law No. 1, gazetted 13th October 1871, except section 8 of said bye-law relating to quartz mining; bye-law amending bye-law No. 1, gazetted 19th January 1872; bye-law amending bye-law No. 1, gazetted 19th April 1872; bye-law supplementary to bye-law No. 1, gazetted 15th November 1878, shall be and the same are hereby repealed, always saving and excepting the obligations, liabilities, and rights of all persons obtained previous to and held at the time of this bye-law coming into operation: provided that any bye-law repealed by any of the bye-laws hereby repealed, or by any other bye-law which is itself repealed, shall remain and be deemed to have been repealed from the time of its repeal.

SCHEDULE A.

NOTICE TO CANDIDATES FOR THE POLICE FORCE.

A LIMITED number of candidates being required for the Foot Police Force, applications from persons desirous of being employed therein will be received at the Police Depot, Victoria Barracks, St. Kilda road, on Tuesday the 17th proximo, at Ten a.m., and on the following Tuesday the 24th proximo, at the same hour.

Each applicant must present personally a written application in his own handwriting, when, if considered suitable, he will be examined by the Board appointed by the Government for the purpose.

As no exceptions to the rule above set forth will be made, it will be useless to make application for admittance into the Force in any other manner or place than as above described.

Candidates will not be appointed if over the age of thirty years, and must be at least five feet nine inches in height.

All candidates must be smart and active, of a strong constitution, and free from any bodily complaint or defect. To ascertain these facts independently candidates must undergo a strict medical examination.

They must be able to read and write well, and must indisputably produce satisfactory testimonials of character. Those candidates who have served in any other force or Government Department must also produce their discharge therefrom.

No candidates for the Mounted Police are for the present required.

BOROUGH OF TALBOT.

BYE-LAW No. 3 w.s.

A Bye-law of the Borough of Talbot, made under the 213th section of the "Local Government Act 1874," and numbered 3 w.s., for Regulating and Controlling Fishing in the Reservoir situated at Evansford, being the property of the Talbot Borough Council:

IN pursuance of the powers conferred by the "Local Government Act 1874," the Mayor, Councillors, and Burgesses of the Borough of Talbot order as follows:—

That from and after the passing of this bye-law, no person shall be allowed to fish for perch or any other species of fish in the reservoir at Evansford, the property of the Talbot Borough Council, except such person shall first pay a license fee of Five shillings per annum; upon payment of which, such person shall be entitled to receive a license authorizing him to fish therein, the condition of such license being as follows:—

1. Fishing season to begin on the 1st November, and end on the 30th April following.
 2. No one shall be allowed to fish without a license (except children under 15 years of age, and then only if accompanied by their parents, who must have a license), and every applicant for a license must pay a yearly sum of Five shillings. License not transferable.
 3. Catching fish, either by net, hand lines, side lines, or night lines, is strictly prohibited.
 4. That no person shall use more than one rod and line, or shall angle with more than one hook at one and the same time.
 5. No person shall angle, or remove, or take from the reservoir any fish which may be therein during the months of May, June, July, August, September, and October in every year.
 6. That any person who shall catch any fish in the said reservoir under four ounces in weight shall forthwith return same to the water.
 7. That no person shall be allowed to remove or take away any ova or spawn from the said reservoir without the consent of the borough council.
 8. Fishing can only be allowed in the reservoir from 4 in the morning to 8 in the evening, and no longer.
 9. Licenses may be revoked at any time during the period for which they are issued, and must be produced whenever required by either the caretaker or other officer of the council duly authorized.
 10. That in the event of the breach of any of these rules by any one holding a license his license shall be cancelled, and he shall be summoned for the offence committed by him.
 11. All licenses to fish in the reservoir under the jurisdiction of the council are issued under the provisions of the "Fisheries Act 1873."
- And any unlicensed person who shall be found fishing in the said reservoir shall be liable to a penalty not exceeding Forty shillings; and any person, the holder of a license, who shall be guilty of a breach of any of the conditions under which such license is issued shall be liable to a penalty not exceeding Twenty shillings.

W. PHELAN, Mayor.
(L.S.) G. T. ANDERSON, } Members of the
JOSEPH BURDESS, } Borough Council.

I WILLIAM NIXON, the Younger, director of and on behalf of George Westenholm and Son, Limited, of Washington works, Sheffield, in the county of York, in England, manufacturers of cutlery, apply that the said company may be registered as proprietors of the following trade-marks, numbered from 1 to 2.

The trade-marks are described as follows, that is to say:—

No. 1 consists of the representation of a tobacco pipe, and is represented in the annexed engraving.

No. 2 consists of the representation of a Maltese cross, below which are the letters "IXL" and is represented in the annexed engraving.

I desire that the said trade-marks may be registered in respect of the descriptions of goods following contained in class 12, that is to say:—Knives, razors, scissors, forks, and all kinds of cutlery.

APPLICATION FOR REGISTRATION OF TRADE-MARKS.—(Nos. 690 and 691.)

To the Registrar-General, Melbourne.

I CHARLES TERRY SPARKS, Manager, for England, of and on behalf of the Anglo-Swiss Condensed Milk Company, of 10 Mark lane, London, England, and of Cham, Switzerland, condensed milk manufacturers, apply that the said company may be registered as proprietors of the following trade-marks, numbered from 1 to 2.

The trade-marks are described as follows, that is to say:—

No. 1 consists of the representation of a milkmaid having on her head a milk pail supported by her left arm, and carrying with her right arm another pail. Above are the words "Milk Maid Brand," and is represented in the following engraving:—

No. 2 consists of an engraved-bordered oblong label divided into three portions. In the centre of the middle portion, between the obverse and reverse sides of the Paris Exhibition Medal of 1867, is the representation of a milkmaid having on her head a milk pail supported by her left arm, and carrying with her right arm another pail. Over the obverse side of the medal are the words "Only Medal," and below it are the word and figures "Paris 1867." Above and below the reverse side of the medal are the same words and figures—the words being in the French language. Above the milkmaid and medal are the words "Condensed Milk" (which words commonly used in the trade, are in use varied by other common words descriptive of the goods to which the label is applied), and below are the words and abbreviation "Trade Mark Anglo-Swiss Condensed Milk Co., Cham, Switzerland." Across this portion of the label diagonally from the left bottom corner are the words "Prepared in Switzerland"—the word "Switzerland" in use is varied, and the word "England" substituted according to the place in which the goods are prepared. The words "Prepared in Switzerland" or "Prepared in England" are omitted altogether from the label when used in connection with some of the goods to which it is applied. The left hand portion of the label is headed "Preserved Milk," and contains printed matter, being a description of, and directions

for using the goods, and the right hand portion of the label contains a translation into French of the same. The words "Preserved Milk," and the description and directions vary according to the goods to which the label is applied, a corresponding variation being in the French translation, and which is represented in the following engraving:—

LAIT CONCENTRE.

Ce lait est le meilleur lait des Alpes concentré; il n'y est rien ajouté que du sucre pur; il peut donc s'appliquer à tous les usages du lait frais. Le lait est la nourriture la meilleure et la seule naturelle pour les enfants. Ce lait concentré est supérieur pour l'alimentation des enfants, au meilleur lait non-concentré, parce qu'il est de qualité uniforme, qu'il ne tourne pas et n'est sujet à aucun changement ni altération partielle ou graduelle quelconque.

EMPLOI.

Ouvrez la boîte, en coupant le côté non soudé, de la façon suivante; ne refermez pas le couvercle. Servez-vous d'une cuillère sèche. Ce lait se fond facilement dans de l'eau froide ou chaude. Pour tout usage culinaire, ajoutez 4 on 5 parties d'eau à une de lait; en mélangant moins d'eau on aura de la crème. Pour le thé, le café et le chocolat, il conviendra de le fondre d'abord afin d'y donner, avec plus de certitude, le degré de force voulu. Pour les nourrices ne le préparez qu'au moment d'en faire usage; mettez y 7 à 10 parties d'eau. Les nourrices ont le penchant à y mettre trop peu d'eau.

CONDENSED MILK

TRADE MARK.
ANGLO-SWISS CONDENSED MILK CO
CHAM, SWITZERLAND.

PRESERVED MILK.

This is the best Swiss Alpine Milk condensed, with nothing added except pure sugar. It is admirably adapted for all uses. Milk is the best, and only natural food for infants. This Condensed Milk is superior for infants food to even the purest of un-condensed milk because it is uniform in quality, will not turn sour, and is not liable to any partial change whatever.

DIRECTIONS.

Open the can by cutting the smooth end nearly round, thus— and allow it to remain fully open. To remove the milk from the can, use a dry spoon. It dissolves readily in either cold or warm water. For puddings, custards, and other cooking uses, add 4 to 5 parts of water to one of the milk; add less water, and it is equivalent to cream. It is usually more convenient to dilute it with water for tea, coffee, and chocolate, in order to determine with more certainty the desired richness. For infants, add 7 to 10 parts of water and prepare it immediately before using; nurses are inclined to dilute it with too little water.

I desire that the said trade-marks may be registered in respect of the descriptions of goods following, contained in Class 42, that is to say:—Substances used as Food or as Ingredients in Food. Anglo-Swiss Cond. Milk Co., London.

APPLICATION FOR REGISTRATION OF A TRADE-MARK.—(No. 688.)
 To the Registrar-General, Melbourne.

WILLIAM POWELL, of Leeds, in the county of York, in England (trading as Goodall Backhouse & Co.), Drysalter and General Merchant, apply to be registered as proprietor of a trade-mark, consisting of an oblong label, bearing between two ribands a representation of a willow-pattern plate. On either side of the plate is a fanciful shaped tablet, that on the left bearing the words "For all kinds of Fish, Game, Chops, Steaks," and that on the right the words and cipher "Soups, Stews, Gravies, Hot and Cold Meats"; under the plate is a tablet, on which are the words "Trade Mark," below which are the words and cipher "Prepared and sold wholesale by"—the upper riband, which has just above it the words "The Celebrated," bears the words "Yorkshire Relish," and the lower riband the name "Goodall Backhouse & Co." Below the lower riband is the word "Leeds." The above-described label is printed in red, white, and blue, but applicant claims the right to use the same in any color or combination of colors, and is represented in the annexed engraving.

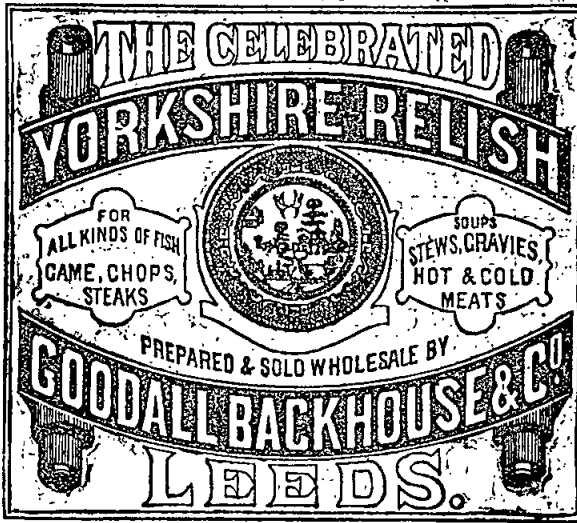

I desire that the said trade-mark may be registered in respect of the description of goods following, contained in class 42, that is to say, Sauces.

APPLICATION FOR REGISTRATION OF A TRADE-MARK.—(No. 687.)
 To the Registrar-General, Melbourne.

SAMUEL CHARLES ALLSOPP, partner of and on behalf of the firm of Samuel Allsopp and Sons, of Burton-on-Trent, in the county of Stafford, England, Brewers, apply that my said firm may be registered as proprietors of a trade-mark, being a label composed of an outer and inner oval. In the space between the ovals, at the top, is the word "Allsopp's," the space between them at the bottom being reserved for the insertion of words having reference to the nature or description of the goods sold to which the label is applied. Across the middle of the label breaking the inner oval is a band bearing the words "This label is issued by us," below which words is a fac-simile of the signature "Samuel Allsopp and Sons." A smaller band bounded at each end by the circumference of the inner oval, and directly under the larger band, bears the words "Brewers, Burton-on-Trent." Across and extending both above and below these bands is an open hand, the fingers pointing upwards; below and on either side of the hand above the band are spaces reserved for the insertion of the name and address of the agent, and other printed matter relating to the goods sold, and which is represented on the paper annexed hereto. The above-described trade-mark is printed in black on various colored grounds, and we claim the right to use the same in any color or combination of colors, and is represented in the following engraving:—

I desire that the said trade-mark may be registered in respect of the description of goods following, contained in class 43, that is to say, Beer.
