AGREEMENT BETWEEN THE BRITISH AND ITALIAN
GOVERNMENTS FOR THE MUTUAL RELIEF OF
DISTRESSED SEAMEN.

THE Governor has directed the subjoined Agreement to be published for general information.

GRAHAM BERRY,
Chief Secretary.

Chief Secretary's Office,
Melbourne, 17th May 1883.

AGREEMENT.

Signed at London, 8th June 1880.

THE Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland and the Government of His Majesty the King of Italy, being desirous to make arrangements for the relief of distressed seamen of the two nations in certain cases, the undersigned, duly authorized to that effect, have agreed as follows:—

If a seaman of one of the Contracting States after serving on board a ship of the other Contracting State remains behind in a third State, or in its Colonies, or in the Colonies of that State whose flag the ship carries, and the said seaman is in a helpless condition in consequence of shipwreck or from other causes, then the Government of that State whose flag the ship bears shall be bound to support the said seaman until he enters into ship service again, or finds other employment, or until he arrives in his native State or its Colonies, or dies.

But this is on condition that the seaman so situated shall avail himself of the first opportunity that offers to prove his necessitous condition, and the cause thereof, to the proper officials of the State whose support is to be solicited, and that the destitution is shown to be the natural consequence of the termination of his service on board the ship, otherwise the aforesaid liability to afford relief lapses.

The said liability is also excluded if the seaman has deserted, or has been turned out of the ship for any criminal act, or has left it on account of disability for service in consequence of illness or wounding resulting from his own fault.

The relief includes maintenance, clothing, medical attendance, medicine, and travelling expenses; in case of death, the funeral expenses are also to be paid.

The present agreement shall come into operation on the 1st September 1880, and shall continue in force until one of the contracting parties shall announce to the other, one year in advance, its intention to terminate it.

In witness whereof the undersigned have signed the present Agreement, and have affixed thereto the seal of their arms. Done in duplicate at London the eighth day of June 1880.

TONNAGE MEASUREMENT OF ITALIAN VESSELS.

THE accompanying copy of an Order of Her Majesty in Council, modifying the Order in Council of the 30th September 1873, respecting the Tonnage Measurement of Italian Vessels, which has been received by His Excellency the Governor from the Right Honorable the Secretary of State for the Colonies, is published for general information.

G. D. LANGRIDGE,
Commissioner of Trade and Customs.

Department of Trade and Customs,
Melbourne, 12th May 1883.

At the Court at Windsor, the 14th day of February 1883.

PRESENT:

The Queen's Most Excellent Majesty in Council.

WHEREAS by *The Merchant Shipping Act Amendment Act 1862* it is enacted that whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under *The Merchant Shipping Act 1854*, therein called the Principal Act, have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted on their certificates of registry or other papers in the same manner, to the same extent, and for the same purposes, in, to, and for which the tonnage denoted in the certificates of registry of British ships is to be deemed the tonnage of such ships.

And whereas Her Majesty, by Order in Council dated the 30th day of September 1873, was pleased to direct that merchant sailing and steam ships belonging to the Kingdom of Italy, the measurement whereof had, after the first day of July One thousand eight hundred and seventy-three, been ascertained and denoted in the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in their registers or other national papers, in the same manner, and to the same extent, and for the same purposes, in, to, and for which the tonnage denoted in the certificates of registry of British ships is deemed to be the tonnage of such ships; provided nevertheless that if the owner or master of any Italian steamship should desire the deduction for engine room in such ship to be estimated under the rules for engine room measurement and deduction applicable to British ships, instead of under the Italian rule, the engine room should be measured and the deduction calculated according to the British rules.

And whereas the Government of His Majesty the King of Italy have, by Royal Decree dated the 30th day of July 1882, modified the rules for engine room measurement and deduction applicable to Italian steamships, and the said modified rules are now the same as those in force under the said Principal Act, and came into operation in the said Kingdom of Italy on the 21st day of September 1882:

Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct that the steamships of Italy, the certificates of Italian nationality, and registry of which are dated on or after the 21st day of September 1882, shall be deemed to be of the tonnage denoted in the said certificates of Italian nationality and registry.

[No. 5 of 1883.]

NEW CUTTING AND PROPOSED ALTERATION OF LIGHTS AT THE
BAR OF THE RIVER BRISBANE.

TOWARDS the latter end of May it is expected that the straight cutting across the bar of the Brisbane River will be completed to a width of 200 feet. When this is effected, the channel will be shown by two lighthouses, 1433 yards apart, placed on the Fisherman Islands.

The lighthouses in line will lead through the cutting, at a distance of 50 feet from the eastern edge of the channel. Vessels going out will therefore keep the lighthouses in line, while those entering must keep them open to the westward when meeting another vessel in the cutting.

By night the lower or northern leading light will be red.

The lightship will at the same time be moored outside the bar, and on the eastern side of the cutting during the erection of the pile lighthouse, and from her the tidal signals will be made as usual. She will lie in about 3 fathoms at low water, and all vessels entering the cutting are to pass to the northward and westward of her, and thus keep clear of the piles for the pile lighthouse, which will be placed to the southward of the lightship.

SANDHURST MINING DISTRICT.

GENERAL BYE-LAW No. 11.

AT a meeting of the Mining Board of the Mining District of Sandhurst, begun and holden at Sandhurst, in the said district, on the 2nd day of April, One thousand eight hundred and eighty-three, it is ordained by the said Board as follows, that is to say: Bye-Laws of Mining Board repealed.—Whereas it is expedient that the bye-laws enacted by the Mining Board of the Mining District of Sandhurst should be revised and amended, the said bye-laws are hereby repealed and the following bye-laws substituted in lieu thereof, provided that nothing therein contained shall in any manner affect any right, title, interest, liability, or obligation existing at the time when this bye-law shall come into force.

SECTION I.

For prescribing the mode in which the validity of disputed elections shall be decided.

1. *Petition disputing validity of election.*—Any petition disputing the validity of the election of any member or members of this board must be signed by at least ten (10) duly qualified electors, and must be forwarded to the chairman of this board within one calendar month from the day on which the returning officer shall have declared the member or members so petitioned against to have been duly elected.

2. *Special meeting to be convened.*—On the presenting of any such petition as aforesaid to this board, it shall be competent for the chairman to convene a special meeting within fourteen days from the date of reception of such petition, for the purpose of trying the validity of the election so petitioned against provided that the parties petitioning shall have fulfilled the conditions hereinafter contained.

3. *Security to be deposited.*—Upon the presentation of any such petition, it shall be necessary for the parties so petitioning to deposit with the clerk of the board the sum of Twenty pounds, to cover any expenses not hereinafter specially provided for, and in the event of such sum proving excessive, any balance remaining after payment of such expenses, shall be returned to the depositors. And no petition as above shall be entertained by this board unless such sum shall have been so deposited.

4. *Summons to be issued.*—It shall be lawful for the clerk of this board to issue a summons (as per Schedule A 1 or to the like effect) to any party petitioning as aforesaid, calling upon any person therein named to give evidence in the matter of the election so petitioned against and to produce any documentary evidence relating thereto which may be in the custody of the party named in the summons: Provided that no such summons shall be granted unless the applicant shall have previously deposited with the clerk an amount sufficient to allow each witness a mileage of One shilling (1s.) per mile and a further sum of Twenty shillings (20s.) for the expenses of such witness during the time of his attendance and in the event of the non-attendance of such witness, the sum so deposited shall be returned by the clerk to the depositors.

5. *Oath to be administered.*—At any meeting specially called for the purpose aforesaid, it shall be competent for the chairman of this board to administer an oath in the usual form to any witness previous to the examination of such witness, and any such meeting may be adjourned for the hearing of further evidence at the discretion of the board.

6. *The examination of witnesses, how conducted.*—The examination of witnesses shall be conducted by the chairman, the petitioners, the member petitioned against, or their legal advisers; after which the chairman shall enquire if any member of the board desires to ask any question; each member shall then, commencing on the left hand of the chairman, put such questions as he may see fit, or signify that he has no intention of examining the witness, re-examination may then proceed in the same manner, after the completion of which no question shall be put to the witness unless through the chairman.

7. *Judgment of board, how arrived at and pronounced.*—The decision of this board shall be arrived at by ballot in the following manner, that is to say—the clerk of the board shall furnish to each member a ballot-paper in the form specified in Schedule B 2, and after the examination of witnesses shall have been concluded, each member shall erase from his ballot-paper the form of judgment in which he does not concur, and shall put into the ballot-box such paper, which shall be opened in the presence of the board by the chairman, who shall declare the result of such ballot, and the majority of either form of

*NOTE.—The bye-law, to give it validity as to Section 9, must bear date some day subsequent to the 1st of April 1882, the day when *The Residence Act 1881*, came into operation. The better way will be to date it of the day when the Mining Board shall adopt the amendments made in red ink in Section 9.

finding shall be deemed to be the judgment of the board, which shall be declared by the chairman accordingly: Provided that in the event of the findings being equally divided the chairman shall then give his casting vote, and pronounce judgment in the form specified in Schedule C 3, and such judgment shall be deemed final and conclusive in the matter of such disputed election.

8. Notwithstanding anything contained in this bye-law it shall be competent for the board to entertain any petition (that may be presented within 14 days from the day upon which this bye-law becomes law) disputing the validity of any election that may have already taken place.

SECTION II.—FOR REGULATING THE PROCEEDINGS OF THE SANDHURST MINING BOARD.

ORDER OF MEETINGS.

1. That the sittings of the board be open to the public on all ordinary occasions, but a majority of the board may require the exclusion of strangers while the sense of the board is taken, whether the question then under consideration shall be discussed with closed doors or not.

2. The first business at each sitting of the board shall be to confirm, and, if necessary, amend the minutes of the preceding sitting. The chairman shall initial any amendment made on the minutes.

3. The reception of depositions, the presentation of memorials or petitions, and the reading of correspondence shall take precedence of all other business in the order herein stated.

4. The order of the day shall include all business of which due notice has been given, and all matters arising out of former sittings of the board. The bringing up of reports shall have precedence of all motions.

5. All motions shall be considered in the order in which notice thereof has been given.

6. It shall be competent for any member to propose an original motion, or an amendment upon a motion, without previous notice, provided the same shall be handed to the chairman and read to the members, and that it be not of a legislative character. But no motion the effect of which would be to rescind any previous resolution of the board shall be entertained unless a fortnight's notice shall have been previously given.

7. No motion having reference to the amendment, repeal, or introduction of a bye-law shall be entertained unless upon one (1) week's notice in writing given at a previous sitting of the board.

8. No notice of motion entered on the notice paper shall be proceeded with unless by the member who gave such notice, or by some member authorized by him, and no motion shall be entertained until seconded, nor shall any motion be withdrawn unless by the sanction of the board, and any member about to propose a motion shall read the same before speaking to it.

9. No committee report shall be adopted unless it shall have been brought up and read at a previous sitting of the board.

10. Any proposed bye-law or amendment of any bye-law shall be read a first time without discussion. Upon a second reading of such proposed bye-law or amendment of any bye-law, a discussion may take place, after which the said proposed bye-law or amendment of any bye-law may be considered in a committee of the board. But no bye-law or any amendment of a bye-law shall be passed until read a third time.

11. Any one or more of the "standing orders" may be suspended *pro tem.* in case of emergency by the consent of a majority of the members present, exclusive of the chairman.

12. A call of the board for special purposes shall be made by the chairman, on the written requisition of four (4) members of the board.

13. The final decision of the board upon all questions shall be ascertained by the chairman in the following manner, viz.:—Having put the question to the board, the members shall each respectively signify his judgment by the word "aye" or "no." The chairman may afterwards require a show of hands upon any such occasion, at his discretion.

14. The clerk of the board shall have charge of the board-room, and all books, records, maps, &c., therein, and shall affix in a conspicuous place in the same room copies of such notices as may be given at the board from time to time, and shall also preserve the original notices.

ORDER OF DEBATE.

1. Any member upon proposing a motion or amendment, or discussing any matter, must rise and address the chairman, and no member shall be interrupted unless by a call to order, when he shall resume his seat; the member calling to order shall then be heard, and the question of order decided by the chairman before the subject is resumed or any other business entered upon.

2. If more than one member rise at the same time, the chairman shall decide respecting the pro-audience.

3. No member shall speak twice on the same question, unless by way of explanation merely, or in reply, as the mover of an original motion; after such reply the question shall be immediately put to the vote, unless an amendment be moved. When, however, any amendment has been proposed and seconded, it may be discussed, and the question upon it put by the chairman before he shall put the original motion. If no amendment shall be proposed, nor any amendment proposed shall be carried, then the original motion shall be put to the vote.

4. No member shall digress from the subject under discussion and any member who may impute motives or make use of expressions calculated to offend any other member of the board, shall be required by the chairman to withdraw such expression and apologise to the board.

5. The decision of the chairman shall be final on all questions of "order" or "practice," and he shall state the same without comment or argument.

6. Any member may require the clerk of the board to take down any particular expression immediately upon it being used, and any member may of right demand the production of any of the documents of the board bearing upon the question under consideration.

7. No discussion shall be allowed on any motion for adjournment, and if the question shall be decided in the negative the next motion or order of the day shall be considered before the question of adjournment be again entertained.

8. Any member may record his protest against any decision of the board, provided he notify his intention to that effect on the passing of the resolution against which he protested.

SECTION III.—GENERAL CLAUSES.

1. *Warning before blasting.*—Ten (10) minutes previous to the discharge of any blast of gunpowder or other explosive substance within fifty (50) feet from the surface of the ground, due notice of such discharge shall be given by the persons who shall have prepared or caused such explosion to all other persons working, residing, or passing within a distance of one hundred (100) yards from the place of such discharge.

2. *Pegs, posts, and all mining plant and easements protected.*—No person shall remove, injure, destroy, or deface any posts, pegs, logs, fence, notices, or any mining plant of whatsoever description without permission from the owner of the claim on which they may be situated.

3. *Forms, &c.*—For the purposes of this bye-law, all printed forms, schedules, or other documents appertaining to them, shall be issued in triplicate, two copies of which shall be filed in the proper offices, and one retained by the person requiring it. In the district mining registrar's office it shall be necessary only to issue such forms, schedules, documents, &c., in duplicate.

4. *Making of crossing-places.*—Where any two (2) or more miners are desirous of forming a road, or bridge, or crossing-place over or across any gully, creek, reef, or claim, they shall be at liberty to do so. Provided, however, that no such road or crossing-place shall be made over or through any mining claim unless compensation for damage or loss shall be immediately paid or tendered to the owners thereof; and provided further, that such road, bridge, or crossing-place shall be of a breadth, when practicable, of not less than fifteen (15) feet, and be so constructed that no injury shall accrue to any drain, creek, or culvert passing under it.

5. *Transfers.*—Any interest held under this bye-law may be transferred in the form of Schedule eleven (11) hereunto annexed.

6. *Protection of private roads.*—No person shall dig within a distance of five (5) feet from the nearest wheel-track of any private road used for mining purposes, or drive underneath the same, unless the drive shall be more than ten (10) feet beneath the surface of the road, nor shall any person interfere in any way with any such road.

7. *Registration of sites, &c.*—All sites for dams, reservoirs, mining plant, or other easements may be registered on application to the mining registrar of the division.

8. *Preparatory work in claims.*—Any miner employed in making necessary preparation for the working of any claim, or employed in the erection of machinery in connection with the same, shall be deemed as working the claim.

9. *Claims not forfeited by neglect of hired workmen or tributors.*—No miner holding a claim or portion thereof, or share or interest therein, who employs hired labor, and no miner holding a claim or interest therein, where the claim or a portion thereof is let on tribute, that is to say, when a portion of the gross or net proceeds of the claim (as the case may be) is agreed upon to be returned to the tributor or tributors to the owner or owners of the claim by way of tribute rent or royalty, shall be deemed to have forfeited his right, title, or interest in the same through any neglect, absence, or omission on the part of any workman thereon employed by him, nor by the neglect, absence, or omission of any tributor to whom the claim or a portion thereof is let on tribute.

And the owner or owners of any claim let on tribute as aforesaid, shall be deemed to be working the same in a *bona fide* manner as much as if they employed hired workmen for that purpose, and shall enjoy all the rights, privileges, and exemptions contained in the bye-laws now in force. Provided always, that any such neglect shall not extend over a period of twenty-eight (28) days; but in the event of the neglect extending over that period, then any such claim shall be liable to forfeiture whether the owner or owners be acquainted with such neglect or not.

10. *Registration of shares in claims held under tribute.*—It shall be competent for any minor or miners having a tribute share or interest in any claim or claims to register such share or interest at the office of any local registrar in the same manner as any ordinary claim.

11. *Justifiable absence.*—No miner shall forfeit his claim or share in a claim who may be absent from the same from the twenty-fourth (24th) day of December in any one year to the fifth (5th) day of January in the following year, or on any general holiday, or through sickness of himself or family, or through attending a court of justice or a mining board, or being a volunteer and absent in obedience to an order received from his commanding officer.

12. *Lien clause.*—The holder or holders of any registered claim (whether quartz or alluvial), or of any share or interest therein, may grant a lien upon the same to any person or persons as security for the payment of any debt or liability which he or they may have contracted; and upon the production to the registrar of the register, or transfer, or certificate by which the intending lienor holds such share, claim, or interest intended to be made subject to such lien, and of the lienor's miner's right, and upon the execution of a lien ticket by the lienor and lieenee in the form of Schedule No. 1, the said registrar shall register the said lien, and after making such registration he (the registrar) shall issue to the lieenee a duplicate of the lien ticket, and shall inscribe on the register or transfer ticket, or certificate of the lienor, the date and amount of the lien and the name of the lieenee. And every such lien so effected shall be a specific charge upon the subject of such lien; and when more than one (1) lien shall be effected on the same subject, each lien shall take precedence according to their respective dates. Provided that the registrar shall cancel any lien on any claim, share, or interest upon the lienor delivering to the said registrar a certificate from the lieenee to the effect that such debt or liability for which such lien was granted has been discharged.

13. *Time within which surveys shall be made.*—That upon an application for a survey being made by any minor or miners to an authorized mining surveyor, and upon the requisite fee having been deposited, it shall be the duty of the surveyor to make the same or cause it to be made within fourteen (14) days from the date of application.

14. *Interests may cross each other.*—It shall be lawful for any miner to take up and hold any alluvial claim across any quartz claim already occupied, and *vice versa*, but no alluvial mining shall be carried on within a distance of twenty (20) feet of any quartz workings.

15. *Auriferous earth, quartz, &c., may be stacked and registered.*—Any person or persons having forfeited or abandoned any quartz or gold workings shall be at liberty to retain possession of any quartz, stones, cement, tailings, or other substance containing gold (the produce of such workings) that may have been raised at the time of forfeiture or abandonment, provided such quartz, stone, cement, tailings, or other substance shall be stacked and registered within seven (7) days after such abandonment or forfeiture, and the registrar shall, on application being made to him, register an exemption for the same for a period not exceeding twelve (12) months, and issue a certificate stating where the said quartz, stone, cement, tailings, or other substance is situated, the period for which it is exempted or protected, and the name or names of the owners thereof. Such certificate shall be in the form of Schedule 2 so far as it is applicable, and when such certificate has been obtained the owners shall cause a board to be posted in a conspicuous place on the quartz or other substance stacked, with the letter B and the number and date of such certificate legibly painted thereon. At the end of such period of exemption or protection the owner of such quartz, stone, cement, tailings, or other substance may be ordered to remove the same at the instance of any miner applying to be put in possession for mining purposes of the ground on which it was stacked.

SECTION IV.—ALLUVIAL CLAIMS.

1. *Claims to be properly marked.*—All alluvial claims taken up or occupied under this bye-law shall be marked as follows, that is to say:—In alluvial ground the claim shall be marked by substantial pegs standing at each corner of the claim, at least one (1) foot above the surface of the ground, and in addition an angular trench at least six (6) inches in depth and three (3) feet in length, to be cut at each corner of the claim.

2. *Prevention of accidents.*—Any miner working in alluvial ground a claim within twenty (20) feet of any public road or ordinary crossing-place shall enclose any shaft or excavation which he shall make upon such claim by an embankment or other fence at least four (4) feet in height, so as to afford thereby a reasonable security against accidents to passengers, and no person shall, without previously filling up such shaft or excavation, destroy or remove any such fence or embankment or portion thereof.

3. *Extent of ordinary block claims.*—The greatest extent of ground that miners shall be entitled to mark off and hold as claims shall be as follows, viz:—

	Feet.	Feet.	Sq. Feet.
One miner shall be entitled to	35	x	35
Two	50	x	50
Three	60	x	60
Four	70	x	70
But whenever the extent of sinking shall exceed fifty (50) feet the greatest extent of ground for—			
Two men shall be	70	x	70
Three	85	x	85
Four	100	x	100
			or an area of
			1,225
			2,500
			3,600
			4,900
			4,900
			7,225
			10,000

And when the ground is wet and the sinking exceeds twenty (20) feet the greatest extent of ground for—

	Feet.	Feet.	Sq. Feet.
Two men shall be	80	x 80	6,400
Three " " "	95	x 85	9,025
Four " " "	110	x 110	12,100

As far as practicable all claims under this clause shall be marked off in a rectangular form, the length of the same in any case not to exceed twice the breadth. Any claim taken up under this clause must be worked with the number of men entitled to hold the same either by owners or their representatives.

4. *Size of prospecting claims.*—Prospectors shall be entitled to an extent of claim as specified in the following table:—

FOR DISCOVERING A NEW LEAD.

Exceeding two hundred and fifty (250) yards and less than one (1) mile distant from any established lead..	}	Sixty-five (65) yards on the supposed lead by a width of two hundred (200) yards.
One (1) mile and less than three (3) miles		One hundred (100) yards by two hundred (200) yards.
Three (3) miles and less than five (5) miles	}	One hundred and fifty (150) yards by two hundred and fifty (250) yards.
Five (5) miles or any greater distance		Two hundred (200) yards by three hundred (300) yards.

Such distance to be reckoned from the nearest point thereto of any existing alluvial gold-workings.

FOR DISCOVERING A LOST OR ABANDONED LEAD.

In dry sinking.. .. .	}	Fifty (50) yards by one hundred (100) yards.
In wet sinking.. .. .		One hundred (100) yards by two hundred (200) yards.

5. *Sinking a-head of an established lead.*—Any party sinking not less than two hundred and fifty (250) yards distant from the nearest boundary-line of any claim bottomed or at work (at the time of commencing to sink) shall be entitled to a claim—

In dry sinking.. .. .	}	Fifty (50) yards by one hundred (100) yards.
In wet sinking.. .. .		One hundred (100) yards by two hundred (200) yards.

6. *Prospectors must register their claims and report the discovery of payable gold.*—Prospectors on discovering payable gold shall within seven (7) days report the same, and make application, in the form of Schedule 4, to the registrar of the division or subdivision in which such discovery is made, and register the claim and post a notice outside the registrar's officestating the locality in which such claim is situated. Prospectors not complying with the aforesaid conditions shall only be entitled to an ordinary claim.

7. *Claims may be amalgamated.*—In wet ground the holders of any number of adjoining claims, not exceeding four (4), may amalgamate the same by posting, on some conspicuous place near the centres of such claims, a notice, in writing, containing the number of claims amalgamated and the name of each shareholder, which notice must be kept posted until a shaft has been bottomed in any of such claims; the working of any one of the said amalgamated claims until then shall be deemed a working of the whole; after which the full number of men necessary to hold each claim separately must be employed thereon, and such amalgamated claims shall be worked every working day whilst sinking by at least two (2) miners.

8. *Co-operative claims.*—It shall be lawful for any number of miners to combine together in the use of steam machinery for the working of previously worked wet alluvial ground, and to hold any quantity of that ground not exceeding twenty (20) acres. Provided, however, that when the horse-power of the steam-engine or engines used on such claim shall not amount to fifteen (15) horse-power, such claim shall not exceed ten (10) acres. Provided also, that any such miners, not employing at least five (5) horse-power, shall not be entitled to hold more than five (5) acres. And provided that in all such claims at least one (1) man to every acre shall be constantly employed during the ordinary working hours. Provided that in all such cases claims shall be taken possession of only upon being laid out and surveyed by a mining surveyor, and the expenses of such survey shall be defrayed by the applicant.

9. *Shepherding claims.*—On the day on which any claim shall be taken possession of not less than one-half (½) the shareholders must remain thereon for two (2) consecutive hours, viz., from nine (9) of the clock a.m. to eleven (11) of the clock a.m., and on every succeeding day each shareholder or his representative in his stead must be present thereon through sickness, or any public holiday) be present thereon during the term above mentioned until work is commenced and continued in a *bona fide* manner. No share or interest in any claim being shepherded shall, under any circumstances, become liable to forfeiture unless through absence from such claim during the hours specified above.

10. *Alluvial claims (forfeited).*—If any miner or miners shall neglect to work or cause to be worked his or their claim or claims, after the shaft thereon has been bottomed, for a longer period than ninety-six (96) consecutive hours, his or their claim or claims shall be deemed forfeited, unless, in case of dispute, he or they can justify such neglect under any of the provisions of the bye-law.

11. *Exempted alluvial claims in wet ground.*—The owner of any wet alluvial claim held under this bye-law, and in which a shaft of not less than fifty (50) feet deep from grass to bed rock has been sunk, not being a puddler's claim, shall be exempted from working the same for a period of one (1) month from the date that *bona fide* work ceased. Provided that the owner of such

claim shall immediately acquaint the mining registrar of the division of the cessation of work; and the mining registrar shall keep a record of the same, and issue a certificate of exemption in the form of Schedule 2 hereunto annexed; and the said owner shall post up a notice on a conspicuous part of the claim, with the number and date of such record and the letter E painted legibly thereon.

SECTION V.—QUARTZ WORKINGS.

1. *Marking of quartz claims.*—All quartz claims shall be marked by substantial posts at least three (3) inches in thickness and standing three (3) feet above the surface, and in addition an angular trench at least six (6) inches in depth and three (3) feet in length to be cut at each corner of the claim; and all such posts and trenches shall be maintained free from any rubbish or soil, so as to be readily observed.

2. *Extent of ordinary claim.*—Any one or more miners shall be entitled to hold more than one claim on any line of reef, but such claim shall not exceed one hundred (100) yards in length by a width at right angles to the supposed line of reef of one hundred and fifty (150) yards. Provided the right to any such claim shall not be taken to include a right to any alluvial deposits that may exist within the boundaries of the same. And further, that not less than two (2) miners or workmen shall be kept regularly employed upon or at work in connection with any such claim.

3. *Prospecting.*—When any miner may be desirous of searching for any new lode or vein of quartz or the continuation of any discovered vein, he shall be entitled to mark off and occupy a claim not exceeding two hundred (200) yards in length on the supposed line of reef by a width at right angles to said line not exceeding one hundred and fifty (150) yards. Provided the boundary of such claim be not within the distance of four hundred (400) yards from the nearest boundary of any claim occupied upon the supposed line of reef. Provided further, that any claim taken up under this clause shall be worked in a *bona fide* manner, by not less than two (2) miners, during the ordinary hours of labor for a period of six (6) months; but the holder of any claim under this clause shall, if the same has been worked in accordance therewith, be entitled to an exemption for a period of three (3) months at the end of every six (6) months' *bona fide* work executed, having previously obtained registration thereof. Provided also, that the occupant of any such increased claim shall, within seven (7) days after the marking thereof, report the particulars to the mining registrar of the division or subdivision wherein the said claim is situated, and obtain registration thereof. And further, on the discovery of any such payable reef aforesaid, the said occupant shall defray the expenses of surveying the claim, with the view of laying down the definite bearing of his said reef.

4. *Temporary amalgamation of quartz claims.*—It shall be lawful for the owners of any number of adjoining claims on the same line of reef, such claims having been sunk below the known datum water-level, and the aggregate length of which said claims, taken together, shall not exceed two hundred and forty (240) yards, to amalgamate such claims temporarily for the purpose of mining in search of any lode or supposed lode at their joint expense and under their joint management, until the discovery of a payable auriferous lode shall be effected; and under the aforesaid circumstances, and until such discovery, the *bona fide* working of any one (1) such amalgamated claims shall be deemed a legal working of the whole of them. And it shall be lawful for any owner of a claim so amalgamated to hold the same unworked if he shall pay to the owner of the working claim a weekly contribution as may be agreed upon. But the owner or owners of any claims amalgamated and contributed for, and so held unworked, shall be bound to work the same as if no amalgamations had taken place, within one (1) month from the day upon which such mining ceased to be carried on. And the proprietors of any shaft upon such amalgamated claims, or the owners of any prospecting shaft receiving any such contribution, shall post up on each shaft and at all times maintain a ticket containing a list legibly written of the number of such claims amalgamated or paying in the length of each claim respectively, and the name of the owners thereof. And the miners working at any such shaft shall in addition at all times give such information respecting any contributing claim as shall be required of them by any miner, and the owner of the claim to which contributions are paid, or in which the work is carried on, shall immediately after such amalgamation lodge with the registrar of the division wherein the said amalgamated claims are situated, a memorial in the form of Schedule 6 hereunto annexed. Provided, however, that it shall not be lawful for any claimholder to let his claim stand unworked under this clause so as in any manner to interfere with any bye-law enacted by the mining board for the drainage of wet reefs.

5. *Special claims.*—For the better and more economical working of quartz, it shall be lawful for any miner or miners to take up a quartz claim on any line of reef exceeding eighty (80) yards and not exceeding three hundred and twenty (320) yards in length, by a width not exceeding one hundred and fifty (150) yards, subject to the following special conditions:—That the owners of any such claim shall, within forty-eight (48) hours after marking off, commence to work the claim in a *bona fide* manner, and shall for the first six (6) months thereafter, or until payable gold shall be obtained, keep constantly employed thereon every lawful day not less than two (2) men, after which; and so long as they continue to hold it, not less than one (1) man for every forty (40) yards in length or portion thereof. The erection of machinery for the working of the claim shall be deemed equivalent to manual labor in the following ratio:—One hundred and fifty (150) pounds shall be deemed equivalent to the labor of one (1) miner for one (1) year, and in a like ratio

for every One hundred and fifty (£150) pounds expended *bona fide* for the same purpose in any year, and the net cost of all machinery erected, or in conjunction with such claim, may be assessed by a competent surveyor or engineer, and a statutory declaration to such effect, with the amount of capital expended on such machinery specified therein, shall be lodged with the mining registrar. That such sum expended in machinery which, at the rate of ten per cent. per annum, would produce an interest of One hundred and fifty (£150) pounds sterling a year is to be equivalent to the labor of one (1) man, and so in like ratio as hereinbefore provided. Provided that the owner of any such claim shall be entitled to exemption from the aforesaid labor basis for one (1) month for each six (6) months' labor continuously done, such exemption to be recorded in manner as provided for in Schedule 2. And every owner of a claim held under this clause shall, upon discovery of payable gold, cause such claim to be surveyed by a Government mining surveyor, and the plan of the same shall be lodged with the mining registrar, and a duplicate thereof delivered to the owner of such claim. The bearings of such surveys to be taken from some previous survey, or, where that may be impracticable, from some defined point. But in the event of the conditions imposed by this clause not being fulfilled, any claim held under the same shall be liable to forfeiture, and such forfeiture may be enforced by any duly qualified miner before any warden or warden and assessors; and in the event of such forfeiture being decreed, the miner enforcing such forfeiture will have the preference of being put into possession of such forfeited claim, and a prior right to the same as against any other person: Provided that, when a claim is declared forfeited, it shall be lawful to have any road, shaft, drives, timber, mining plant or other materials absolutely beneficial to the applicant, valued by a mining surveyor, and that the amount of said valuation (if any), together with the costs of estimating such value, shall, within forty-eight (48) hours, be paid or tendered to the original owner; and such payment or tender of payment shall be a condition precedent to putting the applicant in possession of such claim.

6. *Exemption of ordinary quartz claims.*—The owner of any ordinary quartz claim in which six (6) months' *bona fide* work or upwards has been done shall be entitled to be exempted from working the same for a period of three (3) months from the date on which such work ceased; provided that the said owner shall, within three (3) days of the commencement of such period of exemption, lodge with the registrar of the division wherein the claim is situated, an application in the form of Schedule 2 hereunto annexed, and headed "Exemption Certificate;" and the registrar shall thereupon issue to the aforesaid owner a certificate; and the said owner shall post up a notice on a conspicuous part of the claim, with the number and date of such certificate and the letter E legibly painted thereon.

7. *Forfeiture of claims.*—The owner or owners of any claim other than a special claim neglecting to work or to cause the same to be worked with the full number of men required to be employed on any such claim by the section under which such claim is held, or neglecting to work the same for a period of ninety-six (96) consecutive hours, shall forfeit all right, title, and interest in such claim, and such forfeiture may be enforced by any duly qualified miner before any warden or warden and assessors; and in the event of such forfeiture being decreed, the miner enforcing such forfeiture will have the preference of being put in possession of such forfeited claims, and a prior right to the same as against any other person. Provided that when a claim is declared forfeited, it shall be lawful to have any road, shaft, drives, timber, mining plant, or other materials absolutely beneficial to the applicant, valued by a mining surveyor, and that the amount of said valuation (if any), together with the cost of estimating such value, shall, within forty-eight (48) hours, be paid or tendered to the original owner; and such payment or tender of payment shall be a condition precedent to putting the applicant in possession of such claim. But no suit in law or equity shall be had or taken under this clause after the resumption of work by the latest registered holder.

8. *Claims may be declared abandoned.*—Any quartz claim unworked for one (1) calendar month when the workings are dry, or three (3) calendar months when the workings are wet, from the date on which *bona fide* work ceased in such claim, or from the date of expiration of period of exemption shall be deemed to be abandoned, and may without any adjudication of forfeiture or abandonment be taken up and registered as a claim in accordance with the by-laws by any holder of a miner's right, but subject, nevertheless, to the rights (if any still subsisting) of any previous occupant of such ground.

9. *Amalgamated claims, or when labor is found to be inadequate.*—It shall be lawful for the owners of any number of adjacent quartz claims which cannot be worked by manual labor, and the length of which in the aggregate shall not exceed three hundred and twenty (320) yards, and any one of such claims having worked two hundred and twenty (220) feet below the surface or to the original water level, to amalgamate their claims into one area, which shall be called a working area, so that such amalgamated claims may be worked from one (1) main shaft and drives and the working of any one (1) of such amalgamated claims shall be considered equivalent to working the whole of said claims. Or the said claimholders may permanently amalgamate their interests in the said claims, which shall then be registered and held under the same conditions as a special claim (clause 5) under this section. (5). Provided always, that there shall be one (1) miner employed to every eighty (80) lineal yards contained within such area, and also that such an amalgamation as aforesaid shall not in any way invalidate or interfere with any right, title, or interest of any claimholders or part claimholders that may have existed prior to its formation. But no working area shall be considered legally formed until a survey and plans have been made showing the boundaries of all the claims proposed to be amalgamated within said area. And further, the holders of any claim may withdraw the same from any working area three (3) months after they have

given to the mining registrar and to the manager of the area, notice in writing of their intention so to do. Provided that the said claimholders shall have paid their share of all the expenses incurred, and of all the expenses they have agreed to incur by the execution of any work that they have consented to have done for the benefit of the whole of the said area; but the withdrawal of any claim from any working area shall not deprive the owners of the claims which have not been withdrawn from the free use of any shafts or drives in the said withdrawn claims that may have been made at the joint expense of the claimholders within the said area.

The plans of all working areas shall be left in charge of the mining registrar, who shall certify the withdrawal of any claim by writing across the face of the said claim as shown on said deposited plan.

10. *Claims to be registered.*—Every owner or part owner of a claim held by "miner's right" under this section shall, within seven (7) days after first becoming possessed of the same, cause his or their interest in the claim to be registered in a book to be kept for that purpose by the mining registrar, and no miner shall be deemed to be legally in possession of any claim or share in any such claim until such claim or share as aforesaid has been so registered; and no transfer made of any claim or share in such claim by transferrors, though in legal possession, shall be deemed a legal transfer unless such transfer has been duly registered by the registrar of the division in which the claim sought to be transferred is situated; and when any claim or share in any such claim has been transferred, and the transfer duly registered, the registrar shall certify the same by signing his name across the face of the transfer ticket and affixing the day and date. All claims to be numbered consecutively as they are registered, and the registrar shall issue to each applicant for registration a certificate in the form set forth in Schedule 3 annexed, and shall keep a duplicate copy of the same. This clause shall not apply to any claims situated ten (10) miles or more from the nearest mining registrar's office. Provided always, the owners of any claim situated a further distance off may avail themselves of said clause should they deem it advisable.

11. *For defining and fixing the boundaries of quartz claims.*—The owner of any quartz claims other than prospecting claims may, for the better identification of their respective claims, cause the same to be surveyed by the mining surveyor, who shall make a plan of the same, showing the area and boundaries, and shall connect each claim with one fixed point, and the said surveyor shall issue to the owner whose claim he has surveyed a sketch or duplicate of the plans made. And such mining surveyor shall make, and always maintain at the registrar's office, a plan of each line of reef within his division, or within such portion of a division as may be allotted to him, on a scale not more than twenty (20) yards to the inch; and such plans shall be called office plans, and shall be kept in conspicuous places in the registrar's office, and shall at all times be accessible for inspection by the public; and in the event of no objection being raised by any miner, the said surveyor shall enter such survey in the office plan to which it respectively belongs within fourteen (14) days after such survey has been made. And further, the said surveyor shall, at the time of making such surveys as aforesaid, afford every facility for adjoining claimholders to ascertain whether any encroachment is being made; and any miner deeming that an encroachment has been made may lodge an objection with the warden against the survey, and shall lodge a copy of such objection with the registrar of the division; but no such objection shall hold good unless made within fourteen (14) days after the survey has been made. And no survey objected to shall be entered on the office plan until all objections made have been heard and set aside; and the fact of any such claim surveyed as aforesaid being entered on any such office plan shall be deemed good and conclusive evidence that such claim, with such boundaries as are therein set forth, was at the time of the survey legally in possession of the aforesaid owner, unless direct evidence can be brought showing that mistakes have occurred. And in the event of any such owner being desirous of having his boundaries altered, he may mark off the claim temporarily in such altered form as he may require, and shall, within three (3) days thereafter, lodge with the registrar an application for re-survey; and when such re-survey shall have been made and the alterations entered on the office plan as aforesaid, the boundaries shown in such survey shall be deemed the boundaries of such claim.

12. *Shafts shall be made safe for the public.*—Any miner who may sink a shaft or make an excavation upon his claim in search of auriferous quartz within twenty (20) feet of any public road or ordinary crossing-place, shall substantially fence or embank in such shaft or excavation to the height of at least four (4) feet, and maintain the same during the occupancy of such claim. No person shall destroy or remove any such fence or embankment or any portion thereof without previously filling up such shaft or excavation.

SECTION VI.

1. *Machinery sites.*—Any person or persons may take possession of and occupy a site upon which to erect machinery for the purpose of crushing or extracting gold or other metals from quartz, cement, pyrites, or any similar substance connected with mining, any extent of unoccupied Crown lands not exceeding three (3) acres, the length thereof in no case to exceed twice the breadth, provided such site be not on any known reef, or within fifty (50) yards of any known reef, and does not interfere with residence sites or any existing rights to the said land in that locality.

2. *Application.*—The applicant for a machinery site shall, as far as practicable, in the first place, erect posts at each angle of the ground, for the purpose of defining, as nearly as possible, the boundaries of such site, such posts to be six (6) inches square and standing three (3) feet above the ground, each post

to have a metal plate on it, with the words "Applied for machinery site," with the name of the applicant, painted thereon, such notice to be maintained, as far as practicable, until the date of registration of such site; and the applicant shall, within forty-eight (48) hours after marking out such site, leave with the mining registrar a notice in the form of the schedule hereto annexed numbered 8, and publish a copy of such notice in any newspaper published or circulating in the division in which the site is situated, giving, as far as practicable, the exact position of the ground applied for.

8. *Survey and registration.*—The applicant shall then cause the site to be surveyed by the mining surveyor appointed to make surveys under the bye-laws for the division in which such machinery site is situated, and shall, upon the expiration of twenty-one (21) days of the first marking out of the site, lodge a plan of it with the mining registrar, and register such site and the owners thereof in the same way that claims and shares therein are registered; and the mining registrar shall issue certificates of the same in the form of No. 9 hereunto attached.

4. *Exemption.*—The applicants or registered owners of any machinery site shall be allowed six (6) months for the erection of their machinery, after which, if having worked their machinery for any period not less than six (6) months for any of the purposes named in the bye-law, they may, on application to the registrar, obtain exemption for the same for a period of six (6) months from the date of ceasing to work, and the registrar shall issue an exemption certificate in the form of Schedule No. 2 hereunto annexed.

5. *Forfeiture.*—Two months after ceasing to work the machinery for which any machinery site has been obtained, without having the same exempted, or seven (7) days after period of exemption has expired, without work being resumed, such site may by the warden be declared abandoned; or if the owners or applicants of any machinery site should fail to erect the machinery for which the site was obtained within six (6) months after the first marking out such site, on the application of any miner it may by the warden be declared abandoned, and on such declaration being made the first applicant may be put in possession of the same without having to pay compensation to former owners. Provided that the former owners shall be allowed two (2) months from the date of such declaration to remove any machinery they may have erected on the said site. But no machinery site shall be declared abandoned if the machinery be in perfect working order and cannot be worked through want of water or such material to crush for which the site was granted, or from other and sufficient cause proved before a warden.

SECTION VII.—PUDDLING AND CEMENT CRUSHING.

1. *Machines not to be placed on workable ground.*—No race, dam, dam-bank, machine, roadway, waterhole, or water shall be made, placed, formed, or collected upon auriferous ground, nor in such a position as to prevent or hinder any miner from taking out auriferous earth, quartz, or other substance, and the owner of any such race, dam, dam-bank, machine, waterhole, or water so situated, shall be compelled to remove the same. Provided always, that no such owner shall be compelled to remove the same until compensation for such removal shall have been paid or tendered to him by the miner or miners seeking to enforce such removal, and the amount of compensation to be determined by the warden.

2. *Dams, machines, &c., authorized.*—Any miner may form a dam, well, or waterhole, or erect a puddling machine, but so as not to prejudice the rights of any other person under this bye-law or otherwise, provided that such miner shall first personally serve upon the owners (or persons in charge) of two (2) machines or registered dams nearest to the site required a notice in the form prescribed in Schedule 5 annexed, provided such machines are not more than half (½) a mile distant from the said site; and in case there should not be so many as two (2) machines or registered dams within the said distance, then upon any storekeeper or smith residing within the distance aforesaid; or if there be none such, then upon any miner or miners working nearest to such site. And the applicant shall, if required by any person upon whom such notice is served, go to and point out to such person the exact position of such site. Any person to whom such notice is tendered (if tendered in accordance with this bye-law) shall insert in writing on the back of same, and in the manner therein prescribed, the date on which it was served upon him, and his approval of or objection to the occupation of such site. After the expiration of three (3) clear days from the day of the service of the said notice, but not before, and if within that period no proceedings before a competent tribunal have been taken to prevent the formation or erection proposed, the person who has served the said notice may, but subject to the provisions of clause three (3) of this section, proceed with such formation or erection. If any such proceedings be taken, then after their determination in favor of the person who has served the notice, and after the lapse of the said three (3) days, and subject as aforesaid, such person may so proceed. On compliance with the aforesaid conditions, applications shall be made to the registrar, who shall register such site and issue a certificate in the form of Schedule 7, and no miner shall be deemed to be legally in possession of any site until such site has been so registered.

3. *Sites of dams, &c., to be surveyed.*—No person shall obtain the grant of a site for a puddling mill, dam, or easements therewith, save upon the survey and report made by a mining surveyor, and the said surveyor shall see that a notice has been received by the persons named in and in accordance with clause 2 of this section before making the survey, and shall give a copy of his report and plans of said site to the appli-

cant; and also the said surveyor shall, on making such plan, connect the site of the proposed mill or dam, &c., with some point so as to secure its identity.

4. *Claims when exempted.*—When any miner is engaged in the erection of steam or horse machinery for puddling or crushing cement, it shall be competent for him to mark off the claim which he proposes to occupy in connection with such machinery, and the said claim shall be deemed his claim to occupy in connection with such machinery; but he shall duly work the same within two (2) months after the so marking it off; and when any miner, notwithstanding proper precautions on his part, shall be, through the want of water, unable to work his claim, he shall not forfeit the same nor any portion thereof on that account. And this clause further provides that it shall be competent for any miner, upon giving notice to the registrar of the division, to obtain three (3) months' exemption in any one (1) year, provided three (3) months' bona fide work shall have been done upon the claim immediately preceding the application for such exemption, such application to be made in accordance with Schedule 2 hereunto annexed, and the registrar shall thereupon issue to the aforesaid miner a certificate, and the said miner shall post up a notice on a conspicuous part of the claim, with the number and date of such certificate, and the letter E legibly painted thereon.

5. *Changing a road.*—If any miner be desirous to change the direction of any private road, he shall, for a period of seven (7) days previous to such change, affix a notice of such desire in a conspicuous place in such road.

6. *Machines, &c., not to be too close to roads.*—No puddling or crushing machine of any description shall be placed within the distance of fifteen (15) feet from the edge of any road or crossing-place in use.

7. *Sludge and water to be kept off roads.*—No person shall allow any water or sludge flowing from his mill, dam, or machine to run or spread over any road, footpath, or crossing-place in common use, unless the same shall be in an authorized drain.

8. *Dams, &c., to be properly made.*—When any person shall receive authority under this section to make any waterhole or dam, he shall excavate the earth to the depth of twelve (12) feet, unless the bed rock lies nearer to the surface, in which latter case the said dam or waterhole shall be excavated to the rock.

9. *Dams not to be made near reefs.*—No waterhole, race, or dam shall be made by any miner within the distance of twenty (20) yards from the line of any quartz workings; and the removal or alteration of any race, waterhole, or dam respectively, which is proved to discharge water into any underground workings, may be made on payment of such sum of money as may be deemed equitable to be paid by the person benefited to the owner of the said waterhole or dam; and any such removal or alteration of any such race or dam shall be effected in such manner as may be directed by the warden of the district.

10. *Water not to be taken from dams.*—No person shall, without the consent of the owner thereof, take away or make use of any water which may be in any duly authorized waterhole or dam, nor shall any person drive, or allow his or their cattle into any such hole or dam, but any person may carry water therefrom for domestic purposes only. Provided, however, that it shall be lawful for any person to take water from any dam or waterhole when such dam or waterhole shall have been (under the provisions of this section) unused for the purposes intended for a period of three (3) months.

11. *Forfeiture of puddling dams, &c., by neglect to use them.*—The owner of any dam, waterhole, well, or site of machine neglecting or discontinuing the use of the same in connection with his own mining operations for a period of six (6) months, except in the case of want of water, shall thereby forfeit all right, title, and interest therein.

12. *Puddlers or others, not to pump water from other miners.*—No puddler or other person shall pump, take away, or damage any water which may be in any unregistered waterhole or excavation of any kind, if any other miner shall be at work at such waterhole or excavation and require the water for puddling purposes, unless such puddler or other person shall have previously obtained the consent of such miner or other competent authority.

13. *Machines, &c., obstructing creeks.*—It shall not be lawful for any person to hold or place any machine, dam, waterhole, bank washing stuff, or building of any kind so as to impede the passage of water or sludge in any channel or creek within the district in which mining operations are carried on, or within the distance of fifteen (15) feet from the edge of any channel or creek as aforesaid.

14. *Drains for machines, &c., to be made.*—The owner or occupier of any machine or claim which discharges sludge or water shall, if necessary, under the direction and subject to the approval of the superintendent of drains for the time being, make, for the proper conveyance of such sludge or water to the main drain of the gully or flat in which such machine is situated, a good and sufficient drain; and every such private drain shall be excavated and made as neatly as possible to the same depth as that of the main drain into which it shall discharge and join; and when, in any branch gully, there shall be no proper main drain, then such private drain shall, subject and under like direction, be made and united in the manner most convenient to the private drain of any other machines in the same gully; and the owner of such private drain shall at all times maintain the same in good order and free from obstruction.

15. *Making drains across roads, &c.*—Any person who may enjoy the use of any drain crossing any road or footpath, or who may be desirous to make any drain of any kind across any

road or footpath, shall make or hold such drain only upon obtaining permission from the owner of said road or footpath or other competent authority; and such drains, and the bridges in connection therewith, shall be constructed and kept in repair by the owner of such drains.

16. *Protection of sludge or water drains and reservoirs.*—No person shall, in any way whatsoever, interfere with any private or public sludge or water channel without the written authority of the owner or superintendent of sludge and water drains. But it shall be lawful for the superintendent, or any one authorized by the board, to mark off and hold certain areas, to be called sludge or tailing reservoirs, for the more convenient depositing of the sludge or tailings flowing from puddling, quartz crushing, or other machines; such areas to be marked by posts three (3) inches in thickness, and standing three (3) feet above the surface of the ground, with the words painted thereon, "Sludge" or "Tailing reservoir."

17. *Puddling and cement crushing.*—In all partially worked and unoccupied ground where horse-machinery is employed, any miner or miners employing not less than two (2) men to each machine, shall be entitled to hold one (1) acre in not more than two (2) blocks to each machine, exclusive of the site of his or their mill where the ground exceeds 20 feet in depth two (2) acres, and where steam machinery is employed three (3) acres, which may be taken up in not more than two (2) blocks, the working of either of which shall be deemed a working of the claim. Provided that no such claim be allowed on any goldfield until after the expiration of twelve (12) months from the date of the day on which the prospecting claim of such goldfield was allowed, and any such claim left unworked for ninety-six (96) consecutive hours (except in the case of want of water) shall be declared forfeited.

SECTION VIII.

1. *Rules and regulations for mining partnership.*—In any mining partnership or company formed for the purpose of extracting gold from any claim held under miners' right, where the rules and regulations of the said company shall not otherwise provide, or where the said company shall not have any rules and regulations in writing, the rights and privileges of the several members shall be held and enjoyed subject to the following rules and regulations:—

The decision of a majority of shareholders in number and value shall (subject to any bye-law made or hereafter to be made by this board) be final on all questions relating to the working of the mine, or the amount of money to be paid by each member into the funds of the company for the purpose of carrying on the works, or for the erection of machinery, or for drainage purposes; provided that each member shall be liable to pay a share of the expenses, and shall be entitled to receive a share of the profits of the company, proportionate to the value of the share held by him. When any call of money shall have been made by a majority as aforesaid of the members of any company for any of the purposes aforesaid, every member shall forthwith pay unto the person appointed to receive the same, his part or proportion thereof; and every call shall become due twenty-four (24) hours after the same shall be made. When any member shall make default in payment of any such call for the space of fourteen (14) days next after such call shall have become due, a meeting of the company shall be called in the same manner as the meetings of the said company have heretofore usually been called, and notice of such meeting, in the form and to the effect hereinafter provided, shall be delivered to the defaulting member, or advertised three (3) clear days in one or more newspapers circulating or published in the division in which the claim is situated before the time of holding such meeting, and such notice shall be signed by the manager or other presiding member of the company. And when said meeting shall be held, if the said defaulting member shall not in the meantime have paid up all arrears due by him, and shall not be present, or being present shall not then pay up the amount due, a majority of the members then present, having paid up all arrears, may declare the share or shares of the said defaulting member to be forfeited and without any further notice to the defaulter, and the said share or shares, with all right, title, or interest to or in any capital, machinery, or other property of the company, shall be forfeited.

Provided always that, when any share or shares have been declared by the said shareholders forfeited, such share or shares shall be put up for sale by public auction, of which previous notice shall be given of at least three (3) succeeding days in some newspaper published or circulating in the division, or if there be no such newspaper, then in two (2) newspapers circulating in the district where the claim is situated, and shall at such sale be sold to the highest bidder; and the proceeds of such sale, after payment of the expenses thereof, shall, so far as they will extend, be appropriated in liquidation of the debt due to the company on such share or shares; the surplus, if any, shall be delivered to the former owner of the said share or shares, and after payment of the expenses of such sale, and of the call or calls due on such share or shares, on his executing to the said company and the shareholders thereof a release of all claims in respect thereof.

The following is the notice referred to:—

To A. B. (the defaulter).
 Sir,—You are requested to take notice that a meeting of the company, of which you are a shareholder, will be held at _____ on the _____ day of _____ 18____, at which you are requested to attend.
 You are indebted to the company for calls now due over fourteen (14) days, in the sum of £ _____, and unless that sum be paid at or before said meeting your share (or shares) will be forfeited.
 C. D.,
 Manager or Secretary (as the case may be).

SECTION IX.—RESIDENCE AREAS.

1. No person shall be entitled to occupy any land as a "residence area" unless such area shall for the time being be registered by the mining registrar or other proper officer, and unless such person shall be registered as the holder of such area and the number of the miner's right or business license by virtue of which he is entitled to occupy such area is also registered.

2. Any person may be the holder at any one and the same time of not more than one residence area in addition to the residence area on which he may actually reside or on which he may reside and carry on his business, but no person shall be the holder of a residence area situated within a distance of ten miles from any other residence area held by him.

A separate miner's right or business license shall be held for each residence area of which any person may be the holder.

3. A notification of the fact of the registration of a residence area registered after the 1st day of April 1882, shall be endorsed by the mining registrar or other officer on the miner's right or business license by virtue of which such area is held, and a similar endorsement shall be made by the registrar upon any renewal of such right or license.

4. Every holder of a miner's right or business license who is entitled to occupy and does occupy either by himself or his agent any Crown lands for the purpose of residence or of residence and carrying on his business, and who on the 24th day of December 1881 was registered, or before the 31st day of March 1882 shall have become registered, as the holder of such area, shall be entitled to all the rights and privileges by the *Residence Areas Act 1881* conferred on holders of residence areas who have resided thereon for a period of at least twelve months.

Provided that any person who has been in undisturbed occupation by himself or his agent of any residence area for twelve months prior to the 1st day of April 1882, shall be deemed to be a person entitled to occupy within the meaning of this clause.

5. If at any time after the registration of a residence area it shall be proved to the satisfaction of any warden that the person who is registered as the holder thereof is no longer the holder of a miner's right or business license, as the case may be, or that such person has obtained such registration in contravention of any of the provisions of the *Residence Areas Act 1881*, or of *The Mining Statute 1865*, or of any bye-laws of the district such warden shall in any such case make an order that the registration of such residence area be cancelled, and such registration shall thereupon be cancelled by the mining registrar or other proper officer, and the land so registered shall on such cancellation cease to be a residence area.

6. If at any time after four months from the registration of a residence area it shall be proved to the satisfaction of any warden that there is no habitable dwelling thereon erected, and that there has not been a habitable dwelling thereon erected for a period of at least three consecutive months, such warden shall make an order that the registration of such residence area be cancelled, and such registration shall thereupon be cancelled by the mining registrar or other proper officer, and the land so registered shall on such cancellation cease to be a residence area, and no second registration shall be effected by the same person of the whole or any part of a residence area within a period of six months.

7. Every order as aforesaid and the decision of any warden, whether he will or will not make an order as aforesaid, shall be final; and no such order or decision shall be a bar to any fresh suit before any warden; and no order shall in any case be made or refused until a suit claiming an order for the cancellation of the registration of a residence area shall have been commenced before and heard and determined by such warden in accordance with the provisions of Part II. of the *Mining Statute 1865*, or any Act amending the same.

8. The holder of a residence area and the executors or administrators of any deceased holder shall have except as against Her Majesty, her heirs and successors, the sole and exclusive right to occupy the surface of such residence area, or to take any proceedings that may be necessary to enable him to keep or recover possession of such surface in like manner so far as is consistent with the *Residence Areas Act 1881*, as if he were the owner of such area in fee simple.

9. The holder of a residence area may at any time after he has resided thereon for a period of at least twelve months let his interest in the occupation of the surface thereof to any person at a monthly or weekly rental, and between such holder and such person there shall exist the same rights as between any landlord and his tenant.

10. The holder of a residence area may at any time after he has resided thereon for a period of at least twelve months

sell or transfer his interest in the occupation of the surface of such area to any other holder of a miner's right or business license.

11. No such sale or transfer shall have any force or effect until the fact of such transfer or sale shall be registered by said mining registrar or other proper officer, and the area shall be registered in the name of the person to whom it shall be so sold or transferred, and such person's right or license as the case may be shall be endorsed as hereinbefore provided, and such person shall thenceforth be and be deemed to be the holder of such residence area.

12. In the case of the death of the holder of a residence area before he shall have resided therefor for a period of twelve months, it shall be lawful for the executors or administrators of such deceased holder to sell, transfer, or let the interest in the occupation of the surface of such area notwithstanding the deceased holder may not have resided for at least twelve months thereon: Provided always that every such sale or transfer shall be in accordance with the provisions of the *Residence Areas Act 1881*.

13. Every residence area shall be and the same is hereby exempted from occupation for mining purposes under any miner's right: subject, however, to the powers conferred upon the Governor-in-Council by section 15 of the *Residence Areas Act 1881*, and to the provisions of that section.

14. Nothing in this clause shall affect the right of any person or company holding a claim under a miner's right at the time of coming into operation of this Act to mine under any residence area that may have heretofore been taken up as a residence area on the surface of such claim so held under a miner's right.

15. *Water-holes for Domestic Purposes.*—Where any miner or miners or holders of business licenses find it necessary to reserve a water-hole for domestic purposes the same shall be protected from damage. Provided that in case of long continued drought or scarcity of water, the water-holes so protected shall become public property for domestic purposes only. And this clause further provides that any person or persons wishing to protect a water-hole for the above purposes must cause a notice to that effect to be placed on a post alongside of such hole.

NOTE.—These sections cannot be the subject of a bye-law.

SECTION X.—SLUICING.

1. *Definition of claims.*—A single claim shall be such a parcel of land as may, by virtue of one miner's right, be held for sluicing purposes under this bye-law; and a united claim shall be any number of such parcels of land as shall have been taken possession of conjointly, or any number of such parcels of land as shall have been amalgamated, as hereinafter provided.

2. *Mode of marking out claims.*—Any person or persons marking out a claim for sluicing purposes shall proceed as follows:—A post three feet high shall be placed at each angle of the boundary-lines, such posts not to be less than two inches in diameter, and to be firmly fixed in the ground.

3.—*Size of claims other than creek claims.*—Sluicing claims, that is alluvial claims intended to be worked by any sluicing process, either box sluicing, ground sluicing, or otherwise, shall not exceed the following dimensions, viz.:—

50 yards by 100 yards for one man.
100 " " 100 " " two men.
150 " " 100 " " three "
200 " " 100 " " four "

And in all cases claims must be constantly worked in a *bond fide* manner (except where otherwise provided) by the number of men for which they have been taken up.

4. *River and creek claims.*—River and creek claims shall not exceed the following dimensions, viz.:—Seventy (70) yards in the direction of the course of the stream by one hundred (100) yards in width for one man; one hundred and forty (140) yards in the direction of the course of the stream by one hundred (100) yards in width for two men; two hundred and ten (210) yards in the direction of the course of the stream by one hundred (100) yards in width for three men. The width to be taken from the centre of the river or creek equally on each side.

5. *Prospecting claims.*—Any person prospecting by sluicing for new alluvial gold workings within one mile from any place where gold has been obtained, or where any prospecting claim is at the time occupied, shall be allowed to mark off an area of ground equal to a four men's claim, and hold the same until such time as payable gold may have been discovered, after which, and within seven days of the date of such discovery, the area shall be reduced to the size of a two-men's claim, and registered at the office of the nearest Mining Registrar.

6. *Amalgamation of claims.*—Any number of claims (not exceeding six) may be amalgamated, and held and worked as one claim, provided always that the number of men necessary to be employed on or in connexion with the claims, if occupied singly, shall be employed on or in connexion with the amalgamated claim, as provided for in clause No. 3.

7. Any claim upon which work having been commenced, shall be left unworked for a longer period than seven consecutive days, except as hereinafter provided for, or in which less than the full number of men required by this bye-law have been regularly employed thereon, shall become forfeited; and any such forfeiture may be enforced by any person or persons the holder or holders of miners' rights, in case the owners thereof shall not have resumed work and continue *bond fide* to work thereon at least forty-eight hours before complaint made to the warden and summons issued for the purpose of enforcing the forfeiture thereof.

8. *Exemption from work.*—When any holder of a sluicing-claim requires exemption from mining operations, through

overflow of water, want of water, breakage of machinery, or from any other sufficient cause, he shall, upon making a statutory declaration as in the form of Schedule A, hereunto annexed, setting forth his reasons for requiring such exemption, be entitled to obtain exemption from the mining registrar of the division in which such claim is situate, for a period not exceeding three months, such exemption to be in the form of Schedule B, and after the expiration of such period of exemption work, with the necessary number of men, shall be immediately resumed; and further, no second or subsequent exemption shall be allowed until at least three months' work with the full complement of men shall have been done on the claim from date of the last exemption. In every case of exemption as above, the owner or owners of the claim shall post or cause to be posted on the claim a board not less than ten (10) inches square, with the word "Exempted" distinctly painted thereon, and also the registered number of such exemption.

9. *Exemption from forfeiture.*—1. Notwithstanding the provision made in this bye-law for forfeiture of claims, the lawful occupant of a claim shall not be liable to any penalty, or his claim liable to forfeiture, should he be debarred from working the same, from any of the following causes, viz.:—Sickness, or having to attend any court of law, or having to attend his duties as a volunteer in the Volunteer Force of the colony, or from attending to any urgent business, or from absenting himself from the claim upon any public holiday. 2. No miner or shareholder in a claim who employs hired labor to work the same, shall be deemed to have forfeited or abandoned his right, title, or interest in the same through the neglect, absence, or omission on the part of any workman therein employed by him.

10. *Water-races.*—Any person intending to cut or construct a race for sluicing purposes, shall mark the proposed course thereof with pegs firmly fixed in the ground, and showing at least one foot above the surface, and at intervals of not less than fifty feet. He shall then register the site with the mining registrar of the division, in the form of Schedule C, but if he shall not within fourteen days from the date of such registration begin to form such race, or, having begun, shall not continue the formation, each working day until the completion thereof, he shall forfeit his title to the proposed course of the race, and any applicant may be put in possession of the same by the warden (or other officer appointed to administer this bye-law). Should sluicing be discontinued by the person constructing the race, and should such race be required in the locality for domestic purposes, the original registration shall be sufficient to so protect it from pollution.

11. *Tail-races.*—The holder of any claim using a tail-race in connection with such claim, shall be entitled to an area for the site of such tail-race not exceeding one hundred (100) yards in length by a width of twenty-seven feet, for a distance of twenty yards from the upper end of the race, and twelve feet for the remaining portion thereof.

12. *Flooding claims.*—No person or persons shall be permitted to construct any embankment of earth or other material the effect of which would be to flood any claim or mining tenement, and no person or persons shall back the water of any river, creek, race, or water-course into or upon any claim or other mining tenement, or otherwise cause the same to be flooded, wilfully or by neglect.

PUBLIC HIGHWAYS IN THE BOROUGHS OF ARARAT AND HAWTHORN.

PROCLAMATION

By His Excellency The Most Honorable George Augustus Constantine, Marquis of Normanby, Earl of Mulgrave, Viscount Normanby, and Baron Mulgrave, of Mulgrave, all in the County of York, in the Peerage of the United Kingdom; and Baron Mulgrave of New Ross, in the County of Wexford, in the Peerage of Ireland; a Member of Her Majesty's Most Honorable Privy Council; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Governor and Commander-in-Chief in and over the Colony of Victoria and its Dependencies, &c., &c., &c.

WHEREAS by the *Local Government Act 1874* (38 Vict. No. 506), it was amongst other things enacted, that it should be lawful for the Governor in Council at any time, and from time to time, upon the request of the council of any municipality by notice in the *Government Gazette* to declare any land reserved, used, or by purchase or exchange acquired for a street, road, highway, thoroughfare, bridge, square, court, alley, or right-of-way to be a public highway, and such land should thereupon and thenceforth from the date of such proclamation become and be absolutely dedicated to the public as a public highway within the meaning of any law then or thereafter in force: And whereas the Councils of the Boroughs of Ararat and Hawthorn have respectively requested that the streets hereinafter mentioned, within the said boroughs, be so declared public highways: Now therefore I, the Governor of Victoria, with the advice of the Executive Council, do by this notice declare the lands acquired or used for the streets hereinafter described, and situate in the Boroughs of Ararat and Hawthorn respectively, to be Public Highways within the meaning of the said Act, viz. :-

VICTORIAN RAILWAYS.
REGULATIONS FOR WORKING SINGLE LINES OF
RAILWAY BY STAFF.

Approved by the Board of Land and Works, 10th May 1883.

REGULATIONS.

THE Board of Land and Works, by virtue of the powers and authorities vested in it by *The Public Works Statute 1865*, doth hereby repeal the Staff Regulations of 27th November 1874, and approves the following:—

1. *Certain lines to be worked by the staff system.*—On and after the 11th May 1883, all trains running on single lines of railway between stations which are notified in the time-table for officers and servants as staff stations, shall be worked by the staff system as herein described.

2. *Line to be divided into sections.* Station-master solely responsible under these regulations.—Lines which are under the staff system shall be divided into sections, each section being the line from one staff station to the next staff station. A staff will be made and lettered for each section, and the station-master in possession of this staff may start trains on the said section by delivery either of the staff or the staff ticket, as hereinafter described; but the station-master will be held solely responsible for the custody and use of the staff and staff tickets in accordance with these regulations.

3. *Staff and staff tickets.*—The staff for the use of station-masters at staff stations will be issued by the General Traffic Manager; but at any staff station the station-master or other officer in charge for the day may start trains upon his written order or staff ticket within the limits of the staff for the section, provided he be in possession of the staff. The staff ticket must show the direction of the journey and the time of starting, and be signed and dated by the station-master thus: "Wallan to Broadford, 4.15 a.m., J. Jones, S.M., 23/12/74."

4. *Their preparation and custody.*—The station-master must have his staff tickets for the day made out, dated and signed beforehand, all except the time of starting, which he must fill up legibly and initial at the last moment with pen or pencil, so as not to delay any train starting for want of this authority. To prevent mistakes, the paper used by station-masters for up and down trains should be cut of different sizes. Any informality, omission, or neglect in the preparation, custody, or transmission of the staff or staff tickets to be reported to the General Traffic Manager.

5. *Trains may pass staff stations slowly.*—When, in the monthly time-table for officers and servants, no time is shown at a staff station, or if a train is not required to stop by signal or for traffic purposes, it must pass the station so slowly as to allow the station-master to deliver to and receive direct from the driver the staff or staff ticket; and no train, whether special or otherwise, is to run past a staff station without this authority, or without written instructions from the General Traffic Manager. In all other cases where trains stop at staff stations their arrival and departure must proceed in the order following.

6. *Order of starting a train from a staff station.*—When all train arrangements at a staff station are complete and the train or engine is ready to start, it is the duty of the station-master to give the staff or a staff ticket to the guard, who must thereupon, in the presence of the station-master, hand the same to the driver as the instruction to start the train. In the case of a light engine without a guard, the station-master will hand the staff or staff ticket to the driver.

7. *No train to be started without a staff or staff ticket.*—No engine or train must under any circumstances leave a staff station unless the driver, as hereinbefore provided, has received the staff or staff ticket for the section; and no engine-driver is to leave any station on a staff ticket until he has seen the staff itself.

8. *The guard to give the signal to start.*—The only authority to start a train from a staff station is the delivery to the driver of the staff or staff ticket, as directed by rules 5 and 6; but the driver must not start until the usual signal has been given by the guard.

9. *When the staff is despatched from a station no engine or train can be started in the same direction.*—Any number of trains required may be started by ticket from the same station and in the same direction, provided only the staff for the section is at the station; but when a train has been started carrying the staff, no other engine or train can leave in the same direction.

10. *Order upon arrival of a train at a staff station.*—On the arrival of a train at a staff station the driver must hand the staff or staff ticket to the guard, who will deliver it to the station-master.

11. *Station-master sole person authorized to start or receive trains at a staff station.*—The station-master is the sole person authorized to deliver or receive the staff or staff ticket to or from the guard or driver as prescribed by these regulations.

12. *Neglect in certain cases will render the person at fault liable to dismissal.*—Neglect to deliver up a staff or staff ticket, the carrying of the same beyond the station at which it should be delivered, or the starting from a staff station without the staff or ticket, will render the person at fault liable to dismissal, although no accident may arise.

13. *Disposal of collected staff tickets.*—All tickets received by station-masters on the arrival of trains at staff stations are to be marked "cancelled," and filed for one week at the receiving station, after which time, if not required by the General Traffic Manager, they are to be destroyed.

14. *Care and judgment to be exercised as to whether a train is started by staff or staff ticket.*—The last train for the day from a staff station may be started either by a staff or ticket, according to the requirements of the terminal stations of the section, as shown by the time-table, or by any special instructions issued by the General Traffic Manager. For example, if the first train for the day will be an arrival from the station to which the last train is despatched on the pre-

No. 53.—MAY 18, 1883.—2.

vious night, then that last train must carry the staff, so that the station-master to whom it is delivered may start next morning's train either with a ticket or a staff in accordance with these regulations. But if the first train for the day will be a departure in the same direction as the last train of the previous night, then that last train must be started by a staff ticket, so that the staff, being detained at the station, can be used to start next morning's train.

15. *As to trains started at midnight.*—Any train started at midnight will be held as the last train for the previous day.

16. *Stoppage of traffic by improper use of staff or staff tickets will subject the offender to fine.*—Each station-master at a staff station must pay particular attention to the working of the staff and tickets in accordance with these regulations, and cause as little delay as possible to the traffic on both sides of him. For example, the starting of a train by ticket when it ought to have been started by staff, or vice versa, will cause a stoppage of traffic, and will render the offender liable to fine.

17. *A disc or extra tail lamp to denote special to follow.*—No train is to carry a disc or extra tail lamp unless it is to be followed by a special train not shown in the time-table, when this signal must be used. Station-masters, gatekeepers, platelayers, and others on the permanent way must observe the last vehicle in every train, as enjoined by Rule 78 of the Regulations under the Public Works Statute, to ascertain if a special is to follow. But where a special train or engine takes the time of a published train, i.e., starts a few minutes before it, then that special must carry a disc.

18. *Measures to be taken on a train carrying the staff becoming disabled.*—In the event of a train carrying the staff becoming disabled, the staff must be taken to the nearest station where assistance can be obtained, or where it can be applied for by means of the staff on the next section. On the line being clear, the staff of the disabled train must be taken without delay to its original destination.

19. *Or upon a train carrying a staff ticket becoming disabled.*—If a train is disabled while travelling on a staff ticket, the fireman must go back 800 yards to the rear of the train with a danger signal while the guard procures assistance from the nearest station and telegraphs to prevent the despatch of other trains, until the line is clear.

20. *Nature of special arrangements to be made when road is blocked for any considerable time.*—Should any accident occur of a nature to block the road for any considerable time, special arrangements must be made for working the trains to and from the point of obstruction on either side. The staff regulations to be carried out on that side where the staff happens to be at the moment of the accident. On the other side the traffic to be conducted by a pilotman. The station-masters at the staff stations on each side will receive written instructions as to the arrangements made, and these will continue in force until the line is clear.

21. *Of two engines with a train the one directly attached to carry the staff or staff ticket.*—When more than one engine runs with a train, the engine directly attached and nearest to the train shall carry the staff or staff ticket.

22. *Certain trains not subject to these regulations.*—Ballast trains or engines working for contractors or under the Engineer-in-Chief will be subject to the staff regulations. When a ballast train has to work on a single line, the staff has to be given to the guard in charge of it, or, in his absence, to the engine-man. This will close that section of the line while the ballast train is at work. The ballast train must proceed to the station whence the staff was obtained, at the time appointed for the resumption of the ordinary traffic.

The Common Seal of the Board of Land and Works was hereunto affixed in the presence of the undersigned two members of the Board on the tenth day of May 1883.

STREET PROCLAIMED UNDER "THE LAND ACT
1869."

PROCLAMATION

By His Excellency The Most Honorable George Augustus Constantine, Marquis of Normanby, Earl of Mulgrave, Viscount Normanby, and Baron Mulgrave of Mulgrave, all in the County of York, in the Peerage of the United Kingdom; and Baron Mulgrave of New Ross, in the County of Wexford, in the Peerage of Ireland; a Member of Her Majesty's Most Honorable Privy Council; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Governor and Commander-in-Chief in and over the Colony of Victoria and its Dependencies, &c., &c., &c.

WHEREAS by the *The Land Act 1869* it was amongst other things enacted, that the Governor might from time to time by a notice in the *Government Gazette* proclaim as a street or road or as a town or village any portion or portions of Crown lands, and the lands in such town or village should be sold by auction in the manner therein provided for the sale of Crown lands by public auction, and the lands upon which such street or road should have been proclaimed should be and be deemed to be thenceforward dedicated to the public: Now therefore I, the Governor of Victoria, with the advice of the Executive Council, do by this notice proclaim as a street the portion of Crown land hereinafter described, that is to say:—

STREET IN THE BOROUGH OF BELFAST.

Griffith street (extension), county of Villiers, municipal district of Belfast: Commencing at the south angle of section 1; bounded thence by that section and sections 2, 3, and 4 bearing northerly to the north-west angle of the last-mentioned section; thence by a line bearing N. 85° W. one chain fifty links; thence by the Botanic Gardens reserve and the Moyne River southerly to a point bearing S. 62° W. from the south angle of section 1 aforesaid; and thence by a line bearing N. 62° E. to that angle, being the point of commencement.—(13.374) (83.B.32545).

Given under my Hand and the Seal of the Colony, at Melbourne, this fifteenth day of May, in the year of our Lord One thousand eight hundred and eighty-three, and in the forty-sixth year of Her Majesty's reign.

(L.S.)

NORMANBY.

By His Excellency's Command,

A. L. TUCKER,

Commissioner of Crown Lands and Survey.

GOD SAVE THE QUEEN!

DISPOSITION OF CHURCH LAND ALLOWED.

A STATEMENT of Trusts having been submitted by the head or authorized representative of the denomination of Wesleyan Methodists, under the provisions of the *Act to provide for the Abolition of State Aid to Religion*, for allowance by the Governor, the same was allowed by him on the first day of May 1883, and the following is the form in which such statement of trusts has been allowed:—

Description of land.—Two roods, county of Grant, parish of Paywit, municipal district of Queenscliff, being allotments 1 and 2 of section 3: Commencing at the south-west angle of allotment 1, being the point of intersection of the northern side of Stokes street and the eastern side of Hesse street; bounded thence by the last-named street bearing N. 15° E. two chains; thence by allotment 3 bearing S. 75° E. two chains and fifty links; thence by allotments 17 and 18 bearing S. 15° W. two chains; and thence by Stokes street aforesaid bearing N. 75° W. two chains fifty links to the point of commencement.

Names of trustees.—Edward Hawse, Henry Richardson, Peter Angel, John Henry Trathan, and John Butler.

Power of disposition.—Power to sell, lease, mortgage, exchange, transfer, or deal with the whole or any part or parts of the land when and as the trustees, or the major part of them, shall with the approval of the annual conference regulating the affairs of the Wesleyan Methodist Church in Victoria think most advantageous. The authorized representative for the time being of the said church shall have power to fill up all vacancies occurring in the trusteeship, to appoint new or additional trustees, and to register these trusts under the provisions of *The Successory Trusts Act 1878*. The printed minutes of the meetings of the said annual conference shall for the purposes hereof be received and taken as sufficient evidence of its acts and proceedings. Subject to such power as aforesaid the land or such part thereof as shall be undisposed of as aforesaid shall be held upon the trusts of the Wesleyan Model Deed, enrolled in the Supreme Court of New South Wales under the Act of Council of that colony, 2 Victoria, No. 7, so far as such trusts can be applied and are not inconsistent herewith.

Purposes to which proceeds of disposition are to be applied.—To such Wesleyan Methodist building purposes in Queenscliff as shall be approved by a majority of the trustees and the superintendent minister of the circuit.

As witness the hand of the Governor of the Colony of Victoria this first day of May 1883.

NORMANBY,
Governor of the Colony of Victoria.

NOTE.—This notification is in lieu of that published in the *Government Gazette* of the 4th May 1883, in which a typographical error, in the name of one of the trustees, appears.

SHIRE OF KORONG.—KINGOWER RESERVOIR
RESERVE.—REGULATIONS.

THE Council of the Shire of Korong, the duly appointed Committee of Management of the land temporarily reserved, by Order of the 26th September 1882, as a site for Conservation of Water in the parish of Kingower, at Kingower, and hereinafter styled Kingower Reservoir Reserve, having framed the following regulations in respect thereof, submit the same to the Board of Land and Works, to be made by such Board in pursuance of the powers conferred by section 108 of *The Land Act 1869*.

REGULATIONS.

1. Every person using or carrying away water from Kingower Reservoir Reserve shall pay therefor to any person duly appointed by the Committee of Management in that behalf, and duly authorized to demand the same, the fees hereinafter specified:—

- (1.) For each of the three first hogsheads of water taken away in any one day, Sixpence.
- (2.) For every hogshead of water after the three (3) first hogsheads taken away in any one day, One shilling; provided that no person shall be permitted to take for his own use more than six hogsheads in one day.
- (3.) For every horse or head of cattle brought to water at any one time, Twopence.

2. No person shall permit or cause to enter within the fence enclosing Kingower Reservoir Reserve any horses, cattle, goats, pigs, or geese, without the written authority of the committee of management or their officers duly appointed.

3. No person shall wash any auriferous or other earth in the water within Kingower Reservoir Reserve, nor allow any sludge, drainage from house, stable, yard, pigsty, or foul water of any description to flow into it; nor bathe or wash in it; nor deposit any earth, manure, or other similar matter within the reserve, or in any way pollute the water therein.

4. No person shall remove any portion of any fence, or break or damage any fence, gates, pumps, trough, bank, or drain within Kingower Reservoir Reserve.

Every person offending against these regulations, or refusing to pay on demand the fees specified therein, shall, in accordance with section 108 of *The Land Act 1869*, on conviction before any justice, forfeit and pay a penalty not exceeding Five pounds for each offence; and every person who shall knowingly and wilfully offend against any such regulations, and who shall not, after he shall have been warned by a bailiff of Crown lands or any constable, desist from so offending, may be forthwith apprehended by such bailiff or constable, and be taken before some justice of the peace, and shall, on conviction, forfeit and pay a penalty not exceeding Ten pounds.

The foregoing regulations were framed by the Shire Council of Korong this 20th day of March 1883.

P. QUIRK, President of the Council. (L.S.)
SAML. RINDER, Shire Secretary.

THE Board of Land and Works, in pursuance of the powers conferred by *The Land Act 1869*, section 108, do hereby make the foregoing regulations in respect of the reserve for Conservation of Water in the parish of Kingower, at Kingower, known as "Kingower Reservoir Reserve."

WINES, SPIRITS, AND BEER.

TENDERS will be received until Ten o'clock a.m. on Monday the 28th May from persons willing to supply Wines, Spirits, and Beer, as per schedule, in such quantities as may be ordered by the various departments of the Public Service, during twelve calendar months, commencing on the 1st July 1883, for delivery in the Melbourne district.

Melbourne district will include a radius of six miles from the General Post Office.

The terms and conditions of contract will be the same as those published in the *Government Gazette* for the General Provision Contracts, 1883-84.

The accounts are to be rendered monthly for the quantities issued during that period. For Ararat, Beechworth, and Sunbury the supplies are to be furnished in such quantities in excess of the month's requirements as may be ordered.

Printed forms of tender, showing the estimated consumption and conditions of contract, may be obtained from the Secretary to the Tender Board, Melbourne.

Security will be required in the sum of £100, either in Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by a preliminary deposit in bank notes or a bank draft, payable to the order of the Secretary to the Tender Board, for Ten per cent. of the amount of security required (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application.

Tenders must be endorsed in a separate envelope, marked "Tenders for Wines and Spirits," and be deposited in the Tender-box at the Pay Office, Treasury; or (if sent by post) must be prepaid and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

JAMES SERVICE,
Treasurer.

Treasury,
Melbourne, 2nd May 1883.

CARTAGE.

TENDERS, endorsed "Tender for delivery of Goods," and addressed to the Chairman of the Tender Board, Treasury, Melbourne, will be received at the Pay Office until Ten o'clock a.m. on Monday the 28th May, for delivery at Ararat, Ballarat (except the Industrial Schools), Beechworth, Castlemaine, Echuca, Geelong, Horsham, Maryborough, Sale, Sandhurst, and Stawell of such goods and furniture as may be forwarded per Railway by the Stores and Transport Departments to the various Government Departments, including Lunatic Asylums, from the 1st July 1883 to 30th June 1884.

Tenders will be accepted or rejected for each place separately. The prices quoted are to cover all descriptions of parcels and goods, including furniture, &c.

A separate charge is to be made for each consignment, such charge to be for the gross weight thereof, irrespective of the number of packages.

Accounts in all cases to be made out by weight only, and to be rendered to the Stores and Transport Office monthly, supported by the way-bills properly receipted, subject to any deductions for damage sustained to the goods whilst in the custody of the carrier.

Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government. Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Full particulars and forms of tender at the office of the Secretary to the Tender Board, Treasury, Melbourne, and at the Police Stations at the places named.

JAMES SERVICE,
Treasurer.

Tenders must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or (if sent by post) must be addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

JAMES SERVICE,
Treasurer.

Treasury,
Melbourne, 23rd April 1883.

CONVEYANCE OF MAILS.—1883-84.

TENDERS are hereby invited, and will be received until Noon on Wednesday the 6th day of June 1883, for the Conveyance of Post Office Mails, as undermentioned, from the 1st July 1883 to 30th June 1884.

1. Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and are to be forwarded (if by post, registered) for receipt at the General Post Office by the hour and date first above mentioned, addressed to the Honorable the Postmaster-General, with the words "Tender for Mail Service No. " endorsed on the cover, or placed in the tender-box at the General Post Office.

2. Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

3. Every tender will be taken to include the entire service as called for. The amount of the tender must be stated AT RATE PER ANNUM in words as well as figures.

4. Every tender must bear the *bona fide* signatures and addresses of the tenderer, and of two responsible persons willing to become bound for the fulfilment of the same in such sum as the Government may direct, not exceeding the gross amount of the contract.

5. Every tender must be accompanied by cash, bank draft, or a bank deposit-receipt to the credit of the Deputy Postmaster-General for a sum equal to TEN PER CENT. of the annual amount for which the tenderer is willing to undertake the service; and to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient. CHEQUES ON ACCOUNT OF DEPOSITS WILL NOT BE ACCEPTED.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being completed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts, but not otherwise.

8. In the event of a portion of railway affecting any particular service being opened for traffic during the period of contract, and it being decided that the mails shall be conveyed by rail, the

No. 53.—MAY 18, 1883.—3.

place of departure for the mail coaches may be altered in such manner as the Postmaster-General may from time to time direct; a rateable reduction shall be made in the amount paid for the service as then rendered by the contractors, such reduction to be computed on the basis of the average mileage rate of the accepted tender.

9. Persons tendering are requested to state the description of the vehicle they intend to use, and the number of horses by which it is to be drawn, or if by saddle or pack horse.

10. A separate *bona fide* tender must be sent in for each service. No. 14 of "general conditions" of contract, relating to assigning or sub-letting, will be *strictly enforced*.

11. The tender of any person failing to comply with the foregoing conditions will not be entertained.

12. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

13. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

14. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

15. Tenderers for services in connection with any Railway Station are to state a sum for the number of trips specified in the call and a rate per trip for additional trips, or as a basis for reduction in the number of trips as above.

A "trip" must be understood to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, *carrying Mails each way*.

All contracts for such services are liable to be discontinued at one month's notice.

16. The Government will not necessarily accept the lowest or any tender.

GRAZING ON LAND ADJOINING THE WEST MELBOURNE SWAMP.

NOTICE is hereby given that tenders will be received at the Crown Lands Office, Melbourne, up to Noon on Monday, 28th May 1883, for the right to graze on certain land, containing about 25 acres, adjoining the West Melbourne Swamp, and shown by pink tint on plan attached to Corr. 1636/47 in the Crown Lands Office.

The period of occupation will be for seven months from 1st June 1883, and the license will be subject to the following special conditions:—

Special Conditions.

1. The license fee must be paid in advance.
2. Any fencing erected during the currency of the license shall be liable to removal after one month's notice shall have been given, and, if not removed within that time, shall become the property of the Crown.
3. No horses or cattle are to be allowed to graze on the embankment during the currency of the license.

The highest or any tender not necessarily accepted.

A. L. TUCKER,

Commissioner of Crown Lands and Survey.
Lands and Survey Office,
Melbourne, 24th April 1883.

TENDERS FOR GRAZING LANDS.

NOTE.—The fee for seven months must accompany the tender.

TENDERS will be received by the Board of Land and Works up to Noon of Monday, 28th May 1883, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council, and published in the *Government Gazette* of 11th February 1876, as under, and also the subjoined special conditions.

Every license granted under subdivision VII. of section 47 of *The Land Act 1869* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payments in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Schedule.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

2. If the licensee, or any person claiming an interest through or under the licensee in the land comprised in this license shall, at any time during the period for which the license has been issued, employ any person to apply for a license of an allotment under *The Land Act 1869*, contrary to the true intent of the provisions thereof, or shall make or cause to be made any agreement or contract, or shall give or take, or cause to be given or taken, any negotiable security for the purpose of defeating or evading the provisions of, or shall in any way whatsoever, directly or indirectly, commit or be privy to a fraud upon the said Act this license shall be void.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within the operations of this license.

4. This license entitles the holder thereof during the period therein specified to use the land in respect of which the same is granted for depasturing purposes only, and does not confer any right to build thereon or to cultivate, or fence any portion thereof; but if the holder thereof desire such use of the land beyond such period, notice to that effect must be given by him to the Minister one month prior to expiry thereof.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.

6. No claim whatsoever shall be made or entertained by reason of this license not being renewed or transferred.

Special Conditions.

1. The period of occupation will be from 1st June 1883 to 31st December 1883.
2. The license fee must be paid in advance. The fee for seven months—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.
3. Tenders to be for so much per block per annum separately.
4. Tenders to be endorsed "Tender for Block "159," or "202," or "220," &c., as the case may be.
5. The highest or any tender not necessarily accepted.
6. Tenderers must give their full name and ordinary postal address.

7 The areas are in all cases given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

A. L. TUCKER,
Commissioner of Crown Lands and Survey.
