TREATY OF FRIENDSHIP AND COMMERCE BETWEEN HER MAJESTY AND HIS MAJESTY THE KING OF COREA.

Signed at Hanyang, 26th November 1883.

[Ratifications exchanged at Hanyang, 28th April 1884.]

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Majesty the King of Corea, being sincerely desirous of establishing permanent relations of friendship and commerce between their respective dominions, have resolved to conclude a Treaty for that purpose, and have therefore named as their Plenipotentiaries, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, Sir Harry Smith Parkes, Knight Grand Cross of the Most Distinguished Order of Saint Michael and St. George, Knight Commander of the Most Honorable Order of the Bath, Her Majesty's Envoy Extraordinary and Minister Plenipotentiary to His Majesty the Emperor of China; His Majesty the King of Corea, Min Yung-Mok, President of His Majesty's Foreign Office, a Dignitary of the First Rank, Senior Vice-President of the Council of State, Member of His Majesty's Privy Council, and Junior Guardian of the Crown Prince;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

ARTICLE I.

1. There shall be perpetual peace and friendship between Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, her heirs and successors, and His Majesty the King of Corea, his heirs and successors, and between their respective dominions and subjects, who shall enjoy full security and protection for their persons and property within the dominion of the other.

2. In case of differences arising between one of the High Contracting Parties, and a third Power, the other High Contracting Party, if requested to do so, shall exert its good offices to bring about an amicable arrangement.

ARTICLE II.

1. The High Contracting Parties may each appoint a Diplomatic Representative to reside permanently or temporarily at the capital of the other, and may appoint a Consul-General, Consul, or Vice-Consul, to reside at any or all of the ports or places of the other which are open to foreign commerce. The Diplomatic Representatives and Consular functionaries of both countries shall freely enjoy the same facilities for communication, personally or in writing, with the authorities of the country where they respectively reside, together with all other privileges and immunities as are enjoyed by Diplomatic or Consular functionaries in other countries.

2. The Diplomatic Representative and the Consular functionaries of each Power and the members of their official establishments shall have the right to travel freely in any part of the dominions of the other, and the Korean authorities shall furnish passports to such British officers travelling in Corea, and shall provide such escort for their protection as may be necessary.

3. The Consular officers of both countries shall exercise their functions on receipt of due authorization from the Sovereign or Government of the country in which they respectively reside, and shall not be permitted to engage in trade.

ARTICLE III.

1. Jurisdiction over the persons and property of British subjects in Corea shall be vested exclusively in the duly authorized British judicial authorities, who shall hear and determine all cases brought against British subjects by any British or other foreign subject or citizen without the intervention of the Korean authorities.

2. If the Korean authorities or a Korean subject make any charge or complaint against a British subject in Corea, the case shall be heard and decided by the British judicial authorities.

3. If the British authorities or a British subject make any charge or complaint against a Korean subject in Corea, the case shall be heard and decided by the Korean authorities.

4. A British subject who commits any offence in Corea shall be tried and punished by the British judicial authorities according to the laws of Great Britain.

5. A Korean subject who commits in Corea any offence against a British subject shall be tried and punished by the Korean authorities according to the laws of Corea.

6. Any complaint against a British subject involving a penalty or confiscation by reason of any breach either of this Treaty or of any regulation annexed thereto, or of any regulation that may hereafter be made in virtue of its provisions, shall be brought before the British judicial authorities for decision, and any penalty imposed, and all property confiscated in such cases, shall belong to the Korean Government.

7. British goods, when seized by the Korean authorities at an open port, shall be put under the seals of the Korean and the British Consular authorities, and shall be detained by the former until the British judicial authorities shall have given their decision. If this decision is in favor of the owner of the goods they shall be immediately placed at the Consul's disposal. But the owner shall be allowed to receive them at once, on depositing their value with the Korean authorities pending the decision of the British judicial authorities.

8. In all cases, whether civil or criminal, tried either in Korean or British Courts in Corea, a properly authorized official of the nationality of the plaintiff or prosecutor shall be allowed to attend the hearing, and shall be treated with the courtesy due to his position. He shall be allowed, whenever he thinks it necessary, to call, examine, and cross-examine witnesses, and to protest against the proceedings or decision.

9. If a Korean subject who is charged with an offence against the laws of his country takes refuge on premises occupied by a British subject, or on board a British merchant-vessel, the British Consular authorities, on receiving an application from the Korean authorities, shall take steps to have such person arrested and handed over to the latter for trial. But, without the consent of the proper British Consular authority, no Korean officer shall enter the premises of any British subject without his consent, or go on board any British ship without the consent of the officer in charge.

10. On the demand of any competent British Consular authority, the Korean authorities shall arrest and deliver to the former any British subject charged with a criminal offence, and any deserter from a British ship of war or merchant-vessel.

ARTICLE IV.

1. The ports of Chemulpo (Jenchuan), Wonsan (Gensan) and Pusan (Fusan), or if the latter port should not be approved, then such other port as may be selected in its neighborhood, together

with the city of Hanyang and of the town of Yanghwa Chin, or such other place in that neighborhood, as may be deemed desirable, shall, from the day on which this Treaty comes into operation, be opened to British commerce.

2. At the above-named places British subjects shall have the right to rent or to purchase land or houses, and to erect dwellings, warehouses and factories. They shall be allowed the free exercise of their religion. All arrangements for the selection, determination of the limits, and laying out of the sites of the foreign Settlements, and for the sale of land at the various ports and places in Corea open to foreign trade, shall be made by the Korean authorities in conjunction with the competent Foreign authorities.

3. These sites shall be purchased from the owners and prepared for occupation by the Korean Government, and the expense thus incurred shall be a first charge on the proceeds of the sale of the land. The yearly rental agreed upon by the Korean authorities in conjunction with the foreign authorities shall be paid to the former, who shall retain a fixed amount thereof as a fair equivalent for the land tax, and the remainder, together with any balance left from the proceeds of land sales, shall belong to a municipal fund to be administered by a Council, the constitution of which shall be determined hereafter by the Korean authorities in conjunction with the competent foreign authorities.

4. British subjects may rent or purchase land or houses beyond the limits of the foreign Settlements, and within a distance of 10 Korean *li* from the same. But all land so occupied shall be subject to such conditions as to the observance of Korean local regulations and payment of land tax as the Korean authorities may see fit to impose.

5. The Korean authorities will set apart, free of cost, at each of the places open to trade, a suitable piece of ground as a foreign cemetery, upon which no rent, land tax, or other charges shall be payable, and the management of which shall be left to the municipal council above mentioned.

6. British subjects shall be allowed to go where they please without passports within a distance of 100 Korean *li* from any of the ports and places open to trade, or within such limits as may be agreed upon between the competent authorities of both countries. British subjects are also authorized to travel in Corea for pleasure or for purposes of trade, to transport and sell goods of all kinds, except books and other printed matter disapproved of by the Korean Government, and to purchase native produce in all parts of the country under passports which will be issued by their Consuls and countersigned or sealed by the Korean local authorities. These passports, if demanded, must be produced for examination in the districts passed through. If the passport be not irregular, the bearer will be allowed to proceed, and he shall be at liberty to procure such means of transport as he may require. Any British subject travelling beyond the limits above named without a passport, or committing when in the interior any offence, shall be arrested and handed over to the nearest British Consul for punishment. Travelling without a passport beyond the said limits will render the offender liable to a fine not exceeding 100 Mexican dollars, with or without imprisonment for a term not exceeding one month.

7. British subjects in Corea shall be amenable to such municipal, police, and other regulations for the maintenance of peace, order, and good government as may be agreed upon by the competent authorities of the two countries.

ARTICLE V.

1. At each of the ports or places open to foreign trade, British subjects shall be at full liberty to import from any foreign port, or from any Korean open port, to sell to or to buy from any Korean subjects or others, and to export to any foreign or Korean open port, all kinds of merchandise not prohibited by this Treaty, on paying the duties of the Tariff annexed thereto. They may freely transact their business with Korean subjects or others without the intervention of Korean officials or other persons, and they may freely engage in any industrial occupation.

2. The owners or consignees of all goods imported from any foreign port upon which the duty of the aforesaid Tariff shall have been paid, shall be entitled, on re-exporting the same to any foreign port at any time within thirteen Korean months from the date of importation, to receive a drawback certificate for the amount of such import duty, provided that the original packages containing such goods remain intact. These drawback certificates shall either be redeemed by the Korean Customs on demand, or they shall be received in payment of duty at any Korean open port.

3. The duty paid on Korean goods, when carried from one Korean open port to another, shall be refunded at the port of shipment on production of a Customs certificate showing that the goods have arrived at the port of destination, or on satisfactory proof being produced of the loss of the goods by shipwreck.

4. All goods imported into Corea by British subjects, and on which the duty of the Tariff annexed to this Treaty shall have been paid, may be conveyed to any Korean open port free of duty, and, when transported into the interior, shall not be subject to any additional tax, excise or transit duty whatsoever in any part of the country. In like manner, full freedom shall be allowed for the transport to the open ports of all Korean commodities intended for exportation, and such commodities shall not, either at the place of production, or when being conveyed from any part of Corea to any of the open ports, be subject to the payment of any tax, excise or transit duty whatsoever.

5. The Korean Government may charter British merchant vessels for the conveyance of goods or passengers to unopened ports in Corea, and Korean subjects shall have the same right, subject to the approval of their own authorities.

6. Whenever the Government of Corea shall have reason to apprehend a scarcity of food within the Kingdom, His Majesty the King of Corea may, by Decree, temporarily prohibit the export of grain to foreign countries from any or all of the Korean open ports, and such prohibition shall become binding on British subjects in Corea on the expiration of one month from the date on which it shall have been officially communicated by the Korean authorities to the British Consul at the port concerned, but shall not remain longer in force than is absolutely necessary.

7. All British ships shall pay tonnage dues at the rate of 30 cents (Mexican) per register ton. One such payment will entitle a vessel to visit any or all of the open ports in Corea during a period of four months without further charge. All tonnage dues shall be appropriated for the purposes of erecting lighthouses and beacons, and placing buoys on the Korean coast, more especially at the approaches to the open ports, and in deepening or otherwise improving the anchorages. No tonnage dues shall be charged on boats employed at the open ports in landing or shipping cargo.

8. In order to carry into effect and secure the observance of the provisions of this Treaty, it is hereby agreed that the Tariff and Trade Regulations hereto annexed shall come into operation simultaneously with this Treaty. The competent authorities of the two countries may, from time to time, revise the said regulations with a view to the insertion therein, by mutual consent, of such modifications or additions as experience shall prove to be expedient.

ARTICLE VI.

Any British subject who smuggles, or attempts to smuggle, goods into any Korean port or place not open to foreign trade, shall forfeit twice the value of such goods, and the goods shall be confiscated. The Korean local authorities may seize such goods, and may arrest any British subject concerned in such smuggling or attempt to smuggle. They shall immediately forward any person so arrested to the nearest British Consul for trial by the proper British judicial authority, and may detain such goods until the case shall have been finally adjudicated.

ARTICLE VII.

1. If a British ship be wrecked or stranded on the coast of Corea, the local authorities shall immediately take such steps to protect the ship and her cargo from plunder, and all the persons belonging to her from ill-treatment, and to render such other assistance as may be required. They shall at once inform the nearest British Consul of the occurrence, and shall furnish the shipwrecked persons, if necessary, with means of conveyance to the nearest open port.

2. All the expenses incurred by the Government of Corea for the rescue, clothing, maintenance, and travelling of shipwrecked British subjects, for the recovery of the bodies of the drowned, for the medical treatment of the sick and injured, and for the burial of the dead, shall be repaid by the British Government to that of Corea.

3. The British Government shall not be responsible for the repayment of the expenses incurred in the recovery or preservation of a wrecked vessel, or the property belonging to her. All such expenses shall be a charge upon the property saved, and shall be paid by the parties interested therein upon receiving delivery of the same.

4. No charge shall be made by the Government of Corea for the expenses of the Government officers, local functionaries, or police who shall proceed to the wreck, for the travelling expenses of officers escorting the shipwrecked men, nor for the expenses of official correspondence. Such expenses shall be borne by the Korean Government.

5. Any British merchant ship compelled by stress of weather or by want of fuel or provisions to enter an unopened port in Corea shall be allowed to execute repairs, and to obtain necessary supplies. All such expenses shall be defrayed by the master of the vessel.

ARTICLE VIII.

1. The ships of war of each country shall be at liberty to visit all the ports of the other. They shall enjoy every facility for procuring supplies of all kinds, or for making repairs, and shall not be subject to trade or harbor regulations, nor be liable to the payment of duties or port charges of any kind.

2. When British ships of war visit unopened ports in Corea, the officers and men may land, but shall not proceed into the interior unless they are provided with passports.

3. Supplies of all kinds for the use of the British navy may be landed at the open ports of Corea, and stored in the custody of a British officer, without the payment of any duty. But if any such supplies are sold, the purchaser shall pay the proper duty to the Korean authorities.

4. The Korean Government will afford all the facilities in their power to ships belonging to the British Government which may be engaged in making surveys in Korean waters.

ARTICLE IX.

1. The British authorities and British subjects in Corea shall be allowed to employ Korean subjects as teachers, interpreters, servants, or in any other lawful capacity, without any restriction on the part of the Korean authorities; and, in like manner, no restrictions shall be placed upon the employment of British subjects by Korean authorities and subjects in any lawful capacity.

2. Subjects of either nationality who may proceed to the country of the other to study its language, literature, laws, arts, or industries, or for the purpose of scientific research, shall be afforded every reasonable facility for doing so.

ARTICLE X.

It is hereby stipulated that the Government, public officers, and subjects of Her Britannic Majesty shall, from the day on which this Treaty comes into operation, participate in all privileges, immunities, and advantages, especially in relation to import or export duties on goods and manufactures, which shall then have been granted or may thereafter be granted by His Majesty the King of Corea to the Government, public officers, or subjects of any other Power.

ARTICLE XI.

Ten years from the date on which this Treaty shall come into operation, either of the High Contracting Parties may, on giving one year's previous notice to the other, demand a revision of the Treaty or of the Tariff annexed thereto, with a view to the insertion therein, by mutual consent, of such modifications as experience shall prove to be desirable.

ARTICLE XII.

1. This Treaty is drawn up in the English and Chinese languages, both of which versions have the same meaning, but it is hereby agreed that any difference which may arise as to interpretation shall be determined by reference to the English text.

2. For the present all official communications addressed by the British authorities to those of Corea shall be accompanied by a translation in Chinese.

ARTICLE XIII.

The present Treaty shall be ratified by Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and by His Majesty the King of Corea, under their hands and seals; the ratification shall be exchanged at Hanyang (Soul) as soon as possible, or at latest within one year from the date of signature, and the Treaty, which shall be published by both Governments, shall come into operation on the day on which the ratifications are exchanged.

In witness whereof the respective Plenipotentiaries above-named have signed the present Treaty, and have thereto affixed their seals.

Done in triplicate at Hanyang, this twenty-sixth day of November, in the year eighteen hundred and eighty-three, corresponding to the twenty-seventh day of the tenth month of the four hundred and ninety-second year of the Corean era being the ninth year of the Chinese reign Kuang Hsü.

REGULATIONS UNDER WHICH BRITISH TRADE IS TO BE CONDUCTED IN COREA.

I.—*Entrance and Clearance of Vessels.*

1. Within forty-eight hours (exclusive of Sundays and holidays) after the arrival of a British ship in a Corean port, the master shall deliver to the Corean Customs authorities the receipt of the British Consul showing that he has deposited the ship's papers at the British Consulate, and he shall then make an entry of his ship by handing in a written paper stating the name of the ship, of the port from which she comes, of her master, the number, and, if required, the names of her passengers, her tonnage, and the number of her crew, which paper shall be certified by the master to be a true statement, and shall be signed by him. He shall, at the same time, deposit a written manifest of his cargo, setting forth the marks and numbers of the packages and their contents as they are described in the bills of lading, with the names of the persons to whom they are consigned. The master shall certify that this description is correct, and shall sign his name to the same. When a vessel has been duly entered, the Customs authorities will issue a permit to open hatches, which shall be exhibited to the Customs officer on board. Breaking bulk without having obtained such permission will render the master liable to a fine not exceeding 100 Mexican dollars.

2. If any error is discovered in the manifest, it may be corrected within twenty-four hours (exclusive of Sundays and holidays) of its being handed in, without the payment of any fee, but for any alteration or post entry to the manifest made after that time a fee of 5 Mexican dollars shall be paid.

3. Any master who shall neglect to enter his vessel at the Corean Custom-house within the time fixed by this Regulation shall pay a penalty not exceeding 50 Mexican dollars for every twenty-four hours that he shall so neglect to enter his ship.

4. Any British vessel which remains in port for less than forty-eight hours (exclusive of Sundays and holidays) and does not open her hatches, also any vessel driven into port by stress of weather, or only in want of supplies, shall not be required to enter or to pay tonnage dues so long as such vessels does not engage in trade.

5. When the master of a vessel wishes to clear, he shall hand in to the Customs authorities an export manifest containing similar particulars to those given in the import manifest. The Customs authorities will then issue a clearance certificate and return the Consul's receipt for the ship's papers. These documents must be handed into the Consulate before the ship's papers are returned to the master.

6. Should any ship leave the port without clearing outwards in the manner above prescribed, the master shall be liable to a penalty not exceeding 200 Mexican dollars.

7. British steamers may enter and clear on the same day, and they shall not be required to hand in a manifest except for such goods as are to be landed or transhipped at the port of entry.

II.—*Landing and Shipping of Cargo and Payment of Duties.*

1. The importer of any goods who desire to land them shall make and sign an application to that effect at the Custom-house, stating his own name, the name of the ship in which the goods have been imported, the marks, numbers, and contents of the packages and their values, and declaring that this statement is correct. The Customs authorities may demand the production of the invoice of each consignment of merchandize. If it is not produced, or if its absence is not satisfactorily accounted for, the owner shall be allowed to land his goods on payment of double the Tariff duty, but the surplus duty so levied shall be refunded on the production of the invoice.

2. All goods so entered may be examined by the Customs officers at the places appointed for the purpose. Such examination shall be made without delay or injury to the merchandize, and the packages shall be at once restored by the Customs authorities to their original condition, in so far as may be practicable.

3. Should the Customs authorities consider the value of any goods paying an *ad valorem* duty as declared by the importer or exporter insufficient, they shall call upon him to pay duty on the value determined by an appraisement to be made by the Customs appraiser. But should the importer or exporter be dissatisfied with that appraisement, he shall, within twenty-four hours (exclusive of Sundays and holidays) state his reasons for such

dissatisfaction to the Commissioner of Customs, and shall appoint an appraiser of his own to make a re-appraisement. He shall then declare the value of the goods as determined by such re-appraisement. The Commissioner of Customs will thereupon, at his option, either assess the duty on the value determined by this re-appraisement, or will purchase the goods from the importer or exporter at the prices thus determined, with the addition of 5 per cent. In the latter case the purchase-money shall be paid to the importer or exporter within five days from the date on which he has declared the value determined by his own appraiser.

4. Upon all goods damaged on the voyage of importation a fair reduction of duty shall be allowed, proportionate to their deterioration. If any dispute arise as to the amount of such reduction, they shall be settled in the manner pointed out in the preceding clause.

5. All goods intended to be exported shall be entered at the Corean Custom-house before they are shipped. The application to ship shall be made in writing, and shall state the name of the vessel by which the goods are to be exported, the marks and number of the packages, and the quantity, description, and value of the contents. The exporter shall certify in writing that the application gives a true account of all the goods contained therein, and shall sign his name thereto.

6. No goods shall be landed or shipped at other places than those fixed by the Corean Customs authorities, or between the hours of sunset and sunrise, or on Sundays or holidays, without the special permission of the Customs authorities, who will be entitled to reasonable fees for the extra duty thus performed.

7. Claims by importers or exporters for duties paid in excess, or by the Customs authorities for duties which have not been fully paid, shall be entertained only when made within thirty days from the date of payment.

8. No entry will be required in the case of provisions for the use of British ships, their crews and passengers, nor for the baggage of the latter which may be landed or shipped at any time after examination by the Customs officers.

9. Vessels needing repairs may land their cargo for that purpose without the payment of duty. All goods so landed shall remain in charge of the Corean authorities, and all just charges for storage, labor, and supervision shall be paid by the master. But if any portion of such cargo be sold, the duties of the Tariff shall be paid on the portion so disposed of.

10. Any person desiring to transship cargo shall obtain a permit from the Customs authorities before doing so.

III.—*Protection of the Revenue.*

1. The Customs authorities shall have the right to place Customs officers on board any British merchant vessel in their ports. All such Customs officers shall have access to all parts of the ship in which cargo is stowed. They shall be treated with civility, and such reasonable accommodation shall be allotted to them as the ship affords.

2. The hatches and all other places of entrance into that part of the ship where cargo is stowed may be secured by the Corean Customs officers between the hours of sunset and sunrise, and on Sundays and holidays, by affixing seals, locks, or other fastenings, and if any person, shall, without due permission, wilfully open any entrance that has been so secured, or break any seal, lock, or other fastening that has been affixed by the Corean Customs officers, not only the person so offending, but the master of the ship also, shall be liable to a penalty not exceeding 100 Mexican dollars.

3. Any British subject who ships, or attempts to ship, or discharges, or attempts to discharge, goods which have not been duly entered at the Custom-house in the manner above provided, or packages containing goods different from those described in the import or export permit application, or prohibited goods, shall forfeit twice the value of such goods, and the goods shall be confiscated.

4. Any person signing a false declaration or certificate with the intent to defraud the revenue of Corea shall be liable to a fine not exceeding 200 Mexican dollars.

5. Any violation of any provision of these regulations, to which no penalty is specially attached herein, may be punished by a fine not exceeding 100 Mexican dollars.

Note.—All documents required by these regulations, and all other communications addressed to the Corean Customs authorities, may be written in the English language.

Lesquels, après avoir échangé leurs pleins pouvoirs, trouvés en bonne et due forme, sont convenus des Articles suivants :—

ARTICLE I.

La présente Convention s'applique, en dehors des eaux territoriales, à tous les câbles sous-marins légalement établis et qui atterrissent sur les territoires, Colonies, ou possessions de l'une ou de plusieurs des Hautes Parties Contractantes.

ARTICLE II.

La rupture ou la détérioration d'un câble sous-marin, faite volontairement ou par négligence coupable, et qui pourrait avoir pour résultat d'interrompre ou d'entraver, en tout ou en partie, les communications télégraphiques et postales, sans préjudice de l'action civile en dommages-intérêts.

Cette disposition ne s'applique pas aux ruptures ou détériorations dont les auteurs n'auraient eu que le but légitime de protéger leur vie ou la sécurité de leurs bâtiments, après avoir pris toutes les précautions nécessaires pour éviter ces ruptures ou détériorations.

ARTICLE III.

Les Hautes Parties Contractantes s'engagent à imposer, autant que possible, quand elles autoriseront l'atterrissage d'un câble sous-marin, des conditions de sûreté convenables, tant sous le rapport du tracé que sous celui des dimensions du câble.

ARTICLE IV.

Le propriétaire d'un câble qui, par la pose ou la réparation de ce câble, cause la rupture ou la détérioration d'un autre câble doit supporter les frais de réparation que cette rupture ou cette détérioration aura rendus nécessaires, sans préjudice, s'il y a lieu, de l'application de l'Article II de la présente Convention.

ARTICLE V.

Les bâtiments occupés à la pose ou à la réparation des câbles sous-marins doivent observer les règles sur les signaux qui sont ou seront adoptées, d'un commun accord, par les Hautes Parties Contractantes, en vue de prévenir les abordages.

Quand un bâtiment occupé à la réparation d'un câble porte les dits signaux, les autres bâtiments qui aperçoivent ou sont en mesure d'apercevoir ces signaux doivent ou se retirer ou se tenir éloignés d'un mille nautique au moins de ce bâtiment, pour ne pas le gêner dans ses opérations.

Les engins ou filets des pêcheurs devront être tenus à la même distance.

Toutefois, les bateaux de pêche qui aperçoivent ou sont en mesure d'apercevoir un navire télégraphique portant les dits signaux auront, pour se conformer à l'avertissement ainsi donné, un délai de vingt-quatre heures au plus, pendant lequel aucun obstacle ne devra être apporté à leurs manœuvres.

Les opérations du navire télégraphique devront être achevées dans le plus bref délai possible.

ARTICLE VI.

Les bâtiments qui voient ou sont en mesure de voir les bouées destinées à indiquer la position des câbles, en cas de pose, de dérangements ou de rupture, doivent se tenir éloignés de ces bouées à un quart de mille nautique au moins.

Les engins ou filets de pêcheurs devront être tenus à la même distance.

ARTICLE VII.

Les propriétaires des navires ou bâtiments qui peuvent prouver qu'ils ont sacrifié une ancre, un filet ou un autre engin de pêche, pour ne pas endommager un câble sous-marin, doivent être indemnisés par le propriétaire du câble.

Pour avoir droit à une telle indemnité, il faut, autant que possible, qu'aussitôt après l'accident, on ait dressé, pour le constater, un procès-verbal appuyé des témoignages des gens de l'équipage, et que le capitaine du navire fasse, dans les vingt-quatre heures de son arrivée au premier port de retour ou de relâche, sa déclaration aux autorités compétentes. Celles-ci en donnent avis aux autorités Consulaires de la nation du propriétaire du câble.

ARTICLE VIII.

Les Tribunaux compétents pour connaître des infractions à la présente Convention sont ceux du pays auquel appartient le bâtiment à bord duquel l'infraction a été commise.

Il est, d'ailleurs, entendu que, dans les cas où la disposition insérée dans le précédent alinéa ne pourrait pas recevoir d'exécution, la répression des infractions à la présente Convention aurait lieu, dans chacun des États Contractants à l'égard de ses nationaux, conformément aux règles générales de compétence pénale résultant des lois particulières de ces États ou des Traités Internationaux.

ARTICLE IX.

La poursuite des infractions prévues aux Articles II, V, et VI de la présente Convention aura lieu par l'État ou en son nom.

ARTICLE X.

Les infractions à la présente Convention pourront être constatées par tous les moyens de preuve admis dans la législation du pays où siège le Tribunal saisi.

Lorsque les officiers commandant les bâtiments de guerre ou les bâtiments spécialement commissionnés à cet effet de l'une des Hautes Parties Contractantes auront lieu de croire qu'une infraction aux mesures prévues par la présente Convention a été commise par un bâtiment autre qu'un bâtiment de guerre, ils pourront exiger du capitaine ou du patron l'exhibition des pièces officielles justifiant de la nationalité du dit bâtiment. Mention sommaire de cette exhibition sera faite immédiatement sur les pièces produites.

En outre, des procès-verbaux pourront être dressés par les dits officiers, quelle que soit la nationalité du bâtiment inculpé. Ces procès-verbaux seront dressés suivant les formes et dans la langue en usage dans le pays auquel appartient l'officier qui les dresse ; ils pourront servir de moyen de preuve dans le pays où ils seront invoqués et suivant la législation de ce pays. Les inculpés et les témoins auront le droit d'y ajouter ou d'y faire ajouter, dans leur propre langue, toutes explications qu'ils croiront utiles ; ces déclarations devront être dûment signées.

ARTICLE XI.

La procédure et le jugement des infractions aux dispositions de la présente Convention ont toujours lieu aussi sommairement que les Lois et Règlements en vigueur le permettent.

ARTICLE XII.

Les Hautes Parties Contractantes s'engagent à prendre ou à proposer à leurs Législatures respectives les mesures nécessaires pour assurer l'exécution de la présente Convention, et notamment pour faire punir soit de l'emprisonnement, soit de l'amende, soit de ces deux peines, ceux qui contreviendraient aux dispositions des Articles II, V, et VI.

ARTICLE XIII.

Who, after having exchanged their full powers, found in good and due form, have agreed upon the following Articles:—

ARTICLE I.

The present Convention applies outside territorial waters to all legally established cables landed on the territories, colonies, or possessions of one or more of the High Contracting Parties.

ARTICLE II.

It is a punishable offence to break or injure a submarine cable, wilfully or by culpable negligence, so as to interrupt or obstruct telegraphic communication, either wholly or partially, such punishment being without prejudice to any civil action for damages.

This provision does not apply to cases where those who break or injure a cable do so with the lawful object of saving their lives or their ship, after they have taken every necessary precaution to avoid so breaking or injuring the cable.

ARTICLE III.

The High Contracting Parties undertake that, on granting a Concession for landing a submarine cable, they will insist upon proper measures of safety being taken, both as regards the track of the cable and its dimensions.

ARTICLE IV.

The owner of a cable who, on laying or repairing his own cable, breaks or injures another cable, must bear the cost of repairing the breakage or injury, without prejudice to the application, if need be, of Article II of the present Convention.

ARTICLE V.

Vessels engaged in laying or repairing submarine cables shall conform to the regulations as to signals which have been, or may be, adopted by mutual agreement among the High Contracting Parties, with the view of preventing collisions at sea.

When a ship engaged in repairing a cable exhibits the said signals, other vessels which see them, or are able to see them, shall withdraw to or keep beyond a distance of 1 nautical mile at least from the ship in question, so as not to interfere with her operations.

Fishing gear and nets shall be kept at the same distance. Nevertheless, fishing-vessels which see or are able to see a telegraph-ship exhibiting the said signals, shall be allowed a period of twenty-four hours at most within which to obey the notice so given, during which time she shall not be interfered with in any way.

The operations of the telegraph-ships shall be completed as quickly as possible.

ARTICLE VI.

Vessels which see, or are able to see, the buoys showing the position of a cable when the latter is being laid, is out of order, or is broken, shall keep beyond a distance of one-quarter of a nautical mile at least from the said buoys.

Fishing nets and gear shall be kept at the same distance.

ARTICLE VII.

Owners of ships or vessels who can prove that they have sacrificed an anchor, a net, or other fishing gear in order to avoid injuring a submarine cable, shall receive compensation from the owner of the cable.

To be entitled to such compensation, a statement, supported by the evidence of the crew, must, whenever possible, be drawn up immediately after the occurrence; and the master must, within twenty-four hours after arriving at his destination, or on next putting into a port, make a declaration to the proper authorities.

The latter shall communicate the information to the Consular authorities of the country to which the owner of the cable belongs.

ARTICLE VIII.

The tribunals competent to take cognizance of infractions of the present Convention are those of the country to which the vessel on board of which the offence was committed belongs.

It is, moreover, understood that, in cases where the provisions in the previous paragraph cannot apply, offences against the present Convention will be dealt with in each of the Contracting States in accordance, so far as the subjects and citizens of those States respectively are concerned, with the general rules of competence prescribed by the municipal laws of that State, or by International Treaties.

ARTICLE IX.

Prosecutions for infractions provided against by Articles II, V, and VI of the present Convention shall be instituted by the State or in its name.

ARTICLE X.

Offences against the present Convention may be verified by all means of proof allowed by the legislation of the country of the Court. When the officers commanding the ships of war, or ships specially commissioned for the purpose by one of the High Contracting Parties, have reason to believe that an infraction of the measures provided for in the present Convention has been committed by a vessel other than a vessel of war, they may demand from the captain or master the production of the official documents proving the nationality of the said vessel. The fact of such document having been exhibited shall then be endorsed upon it immediately. Further, formal statements of the facts of any offence may be prepared by the said officers, whatever may be the nationality of the vessel on board of which the offence has been committed. These formal statements shall be drawn up in the form and in the language used in the country to which the officer making them belongs; they may be considered, in the

country where they are adduced, as evidence in accordance with the laws of that country. The accused and the witnesses shall have the right to add, or to have added, thereto, in their own language, any explanations they may consider useful. These declarations shall be duly signed.

ARTICLE XI.

The proceedings and trial in cases of infraction of the provisions of the present Convention shall take place as summarily as the laws and regulations in force will permit.

ARTICLE XII.

The High Contracting Parties engage to take or to propose to their respective Legislatures the necessary measures for insuring the execution of the present Convention, and especially for punishing, by either fine or imprisonment, or both, those who contravene the provisions of Articles II, V, and VI.

ARTICLE XIII.

The High Contracting Parties will communicate to each other laws already made, or which may hereafter be made, in their respective countries, relating to the object of the present Convention.

ARTICLE XIV.

States which have not signed the present Convention may adhere to it on making a request to that effect. This adhesion shall be notified diplomatically to the Government of the French Republic, and by the latter to the other Signatory Powers.

ARTICLE XV.

It is understood that the stipulations of the present Convention do not in any way restrict the freedom of action of belligerents.

ARTICLE XVI.

The present Convention shall be brought into force on a day to be agreed upon by the High Contracting Powers.

It shall remain in force for five years from that day, and unless any of the High Contracting Parties have announced, twelve months before the expiration of the said period of five years, its intention to terminate its operation, it shall continue in force for a period of one year, and so on from year to year.

If one of the Signatory Powers denounce the Convention, such denunciation shall have effect only as regards that power.

ARTICLE XVII.

The present Convention shall be ratified, and the ratifications exchanged at Paris with as little delay as possible, and, at the latest, at the expiration of a year.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto their seals.

Done in twenty-six copies, at Paris, the 14th day of March 1884.

Procès-Verbal de Signature.—(Vendredi, le 14 Mars, 1884.)

[Translation.]

After having communicated their full powers, the Plenipotentiaries collated the texts of the Convention which had been prepared in a number equal to that of the Contracting States, and all these documents having been found in good and proper form, the Plenipotentiaries affixed thereto their signatures and the seal of their arms.

On signing the Convention, His Excellency Lord Lyons made the following declaration in the name of his Government:—

"Her Majesty's Government takes Article XV to mean that in time of war, a belligerent, who is signatory to the Convention, will be free to act, with respect to submarine cables, as if the Convention did not exist."

Formal note was taken of this declaration on the part of His Excellency the Ambassador of Great Britain.

M. Léopold Orban read the following declaration in the name of the Belgian Government:—

"The Belgian Government, through its delegate at the Conference, has maintained that the Convention has no effect on the rights of belligerent powers; these rights would be, after signing, neither more nor less extended than they are at present. The reference inserted in Article XV, though absolutely useless in the view of the Belgian Government, would not justify it in refusing to join in an object the importance of which was beyond dispute."

Formal note was taken of this declaration of M. Léopold Orban.

Baron de Zuylen de Nyevelt stated that the Netherlands Government, in signing the Convention, could undertake to accede at present only as regards the mother country. It reserved to itself the power to accede later to this Convention for the whole or for part of its colonies or possessions.

Formal note was taken of this declaration of the Minister of the Netherlands.

The Minister of Sweden and Norway stated that his instructions require him to reserve, in signing the Convention, the subsequent approval of the legislatures of the United Kingdoms.

The President took formal note of this declaration of the Minister of Sweden and Norway, while observing further that the reservation for the fulfilment of the formalities required by the different constitutions, before exchanging the ratifications of the Convention, was the right of all the Contracting States.

Taking into consideration the large number of the Contracting Parties, and following the method of proceeding already adopted at the time of the ratification of the treaties relative to the redemption of the Sound Dues and the Scheldt Tolls, of the Telegraph Convention at Paris and of the Metre Convention, it was agreed, on the proposal of the President, that the exchange of ratifications for the protection of submarine cables should be effected through the Government of the French Republic.

The Plenipotentiaries decided further that the document which had just been signed should be brought to the cognizance of all the non-signatory States, which should be invited to take advantage of the power of accession which is reserved to them by Article XIV of the Convention.

It was agreed that this communication should be left to the care of the French Minister for Foreign Affairs. The Government of the French Republic would likewise receive notifications of accession, which might come in before the date fixed for the Convention to come into force.

The present minutes, drawn up during the sitting, having been read and approved, the Conference separated at 3 o'clock.

WHEREAS by *The Mallee Pastoral Leases Act 1883* (No. 766) it is amongst other things enacted that the Governor in Council may from time to time make regulations for carrying out the provisions of the said Act and the various parts thereof, and that such regulations having been signed by the Minister, upon being published in the *Government Gazette*, shall be valid in law as if the same were enacted in the said Act, and shall be judicially noticed: Now it is hereby ordered by the Governor in Council that the regulations signed by the Minister hereinafter set forth for the election of Members of Local Committees, and generally for carrying out the provisions of the said Act with regard to the destruction of vermin, shall forthwith be published in the *Government Gazette*; and shall thenceforth be observed, and have the full force of law within the boundaries of the Mallee Country and Mallee Border, described in the First and Second Schedules of the said Act:—

I.

The Minister shall, on the publication hereof and thereafter in the month of January in each and every year, cause to be prepared and published in the *Government Gazette* alphabetical lists of owners, lessees, and occupiers entitled to vote for the election of the members of Local Committees in each vermin district, with the number of votes to which each owner, lessee, or occupier is entitled set opposite his name.

The Governor in Council shall, by notice published in the *Government Gazette* for four consecutive weeks, and in some newspaper circulating in the locality, appoint the time and place of the election of members of the Local Committees, and shall in such notice name a fit and proper person to act as Returning Officer to conduct such election.

If at such meeting no more persons be proposed as members of such Local Committee than are required to be elected, the Returning Officer shall declare such persons duly elected. If a greater number be proposed than are required, then the owners, lessees, and occupiers present in person, or by proxy, entitled to vote, shall elect the members of the Local Committee.

At each such meeting such owners, lessees, and occupiers may vote personally or by proxy; and in all cases the voting shall be according to the scale set forth in the Fifth Schedule of the said Act.

Forms of voting papers shall be on the form prescribed in Schedule A hereto.

Forms of proxy shall be on the form prescribed in Schedule B hereto.

In case of an equality of votes, the Returning Officer shall have a casting vote in addition to any vote or votes he may be entitled to as an owner, lessee, or occupier, as the case may be.

II.

To regulate the Place, Time, and Mode of Meetings of such Local Committees, the Appointment of their Officers, and Conduct of their Proceedings.

Within fourteen days after the first or any subsequent annual election of members of a Local Committee, the members shall meet for the despatch of business, and shall appoint the place where the Local Committee shall meet.

In the event of a charge of neglect to kill vermin being made by any owner, lessee, or occupier, against another owner, lessee, or occupier, the Local Committee shall take immediate steps to call upon the inspector to show cause for not having reported on the alleged neglect; and if the explanation is not deemed satisfactory, the inspector shall be liable to be dismissed.

In the event of any owner, lessee, or occupier disputing the accuracy of an inspector's report of neglect, it shall rest with the said owner, lessee, or occupier to prove to the satisfaction of the Local Committee that he has taken necessary and sufficient steps to destroy all vermin upon the land occupied by him. No member of a Local Committee shall sit on the Local Committee when a report of neglect to destroy vermin upon any land in his occupation is being considered.

The scalps of all vermin destroyed under the provisions of this Act within the district shall be delivered to the secretary of the Local Committee thereof, or to some person duly authorized by such Local Committee to receive the same, and a certificate in the form of Schedule D hereto, signed by such secretary or authorized person, and also by some one member of the Local Committee, shall be granted to the person delivering such scalps, and such scalps shall be forthwith destroyed by fire in the presence of the persons granting such certificate.

If any rate or assessment under the said Act shall remain unpaid after due notice has been served upon the owner, lessee, or occupier of any land after a day named therein and published in the *Government Gazette*, the Local Committee, or some person by it thereunto authorized in writing under the hand of the Chairman may, at any time, and from time to time thereafter, so long as any money shall remain so unpaid, enter upon any land of such owner, lessee, or occupier and distrain the cattle, sheep, goods, chattels, and effects the property of such owner, lessee, or occupier found thereon for the amount remaining due and unpaid; and if the amount for which such distraint shall have been levied, together with all reasonable costs of such notice, entry, and distraint, be not paid within five days after such levy, then the said distress, or so much thereof as shall be sufficient to pay the amount remaining unpaid and costs, may be sold, and any surplus which may remain after payment of such amount and costs and the costs of and incidental to the sale shall be returned to the owner of the cattle, sheep, goods, chattels, and effects distrained, or such amounts and costs may, in the discretion of the Local Committee, be recovered in a summary manner.

VI.

The Minister may authorize any person to inspect lands within the jurisdiction of any Local Committee or Local Committees for the purpose of ascertaining whether such Local Committee or Local Committees are carrying out the provisions of the said Act and these regulations, and may require a satisfactory explanation from such Local Committee or Local Committees as to why any act or acts which appear to him to be necessary are not being done, and the Minister shall be sole judge as to the necessity of such acts, and may require such to be done by any Local Committee or Local Committees, and such authorized person shall have all the powers conferred by section 51 of the said Act.

Schedule.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.
