## SUNDA STRAIT.

## 1. Steers and Calmeyer Islands.

ACCORDING to an examination made by H.N.M. surveying vessel *Hydrograaf* it was proved that the Steers and Calmeyer Islands, besides the islet E. 1 mile of Verlaten Island and the button near the N. point of Lang Island, have disappeared and pumice banks are found on those spots, on which the sea breaks in moderate weather.

The bottom of the sea has not changed at those places. Mariners, however, are cautioned not to pass between the Steers and Calmeyer banks, as the depths very quickly vary within the 5 $\frac{1}{2}$  fathoms line around these dangers and spots are found with less than 1 fathom water.

Commanding the Naval Forces in Neth.-India,

The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Victorian Railways Commissioners, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c.

Tenders must distinctly specify on the tenders the station or stations from which they intend forwarding the articles tendered for.

The rates, extensions, and additions must be without erasure or discrepancy, otherwise the tender may be set aside and not entertained.

Tenders must be accompanied by bank-notes or a bank-draft in favor of the Secretary for Railways, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit will be forfeited as liquidated damages in the event of the successful tenderer failing to complete the security within the prescribed period.

The security will be calculated at Ten per cent. upon contracts not exceeding £1000, and at Five per cent. over that sum.

Security will be required either in Government debentures bank deposit-receipt in favor of the Secretary for Railways, or cash deposit, as the tenderer may elect.

Persons failing to take up their contract will be disqualified from tendering for railway supplies for a period of twelve months.

Tenders must be enclosed in a separate envelope, must have the words "Tender for ——" (as the case may be) written thereon, and be deposited in the Tender-box, Secretary's Office, Spencer street, Melbourne.

The Victorian Railways Commissioners will not necessarily accept the lowest or any tender.

#### CONDITIONS OF CONTRACT.

1. The whole of the articles in the foregoing Schedules, required for the service of the Victorian Railways, are to be strictly in accordance with the samples and specifications, and in every respect to be of the very best description, quality, and manufacture—subject to the approval of the Secretary, the Engineer-in-Chief, the Engineer for Existing Lines, General Traffic Manager, Locomotive Superintendent, Accountant, Telegraph Engineer, and the Railway Storekeeper. The goods will be subject to the examination and test of an inspecting officer appointed by any of the above. The Victorian Railways Commissioners will not be bound to issue orders upon the contractor for all the articles enumerated in the schedules, but only for such articles and such quantities of those articles as the Victorian Railways Commissioners may order from the contractor from time to time; neither will the Victorian Railways Commissioners be bound to take from the contractor any larger supply of any of the articles than the orders which have been issued during the period of the contract, viz., from 1st January, 1885 to 30th June 1887; nor will they be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Victorian Railways Commissioners require a larger supply of any article than the quantity stated in the schedules, or should articles of a particular manufacture be ordered, the contractor will be bound to supply the same at the contract rate.

2. All orders for articles required under these contracts will be issued by the heads of the different branches or such officers as they may appoint, and contractors will be required to forward the goods in such quantities and to such places as the orders specify, but the department will carry the goods free from any stations on the Victorian Railways named on tenders, provided they are properly addressed to the officer who is to receive them, marked "O.H.M.S." and accompanied by the departmental consignment note. Delivery will not be taken until the goods have been received and accepted by the receiving officer named on the order.

3. Each separate order must be completed and the articles included therein delivered at the station whence they are to be forwarded within forty-eight hours after its receipt by the contractor, failing which the articles may be procured elsewhere at his risk, and any expense incurred by the department over and above the contract price deducted from his account.

4. Each delivery of goods must be accompanied by invoice in duplicate, together with the departmental order.

5. The officer ordering the goods will have full power to reject any which in his opinion are not in accordance with contract, and the contractor, on receipt of rejection notice, must remove such articles immediately, and supply others in their stead, failing which they will be procured elsewhere, and any expense incurred will be deducted from the contractor's account. Contractors will be required to pay the ordinary carriage both ways upon all rejected goods, from whatever station the rejection is made.

6. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding one-fourth the amount of the monthly account, as the Victorian Railways Commissioners may direct. It will also be in the power of the Victorian Railways Commissioners, upon such repetition, to terminate the contract forthwith.

7. It will be competent either for the contractor on his own behalf, or for the Secretary for Railways on behalf of the Victorian Railways Commissioners, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of the month, and within the period for which the contract is made.

8. In the event of the contractor failing to carry out the contract, the contract may be cancelled, the security money will be absolutely forfeited as liquidated damages, for breach of contract, and the contractor disqualified as a tenderer for a period of twelve months.

9. The contractor will be required to prepare his own account monthly in the prescribed form, and render the same to the Railway Storekeeper for certification previously to payment at the Treasury.

10. Contractors are not at liberty to transfer their contracts under cover of a power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Victorian Railways Commissioners.

11. The contracts entered into under these conditions are not to be considered as being infringed or violated by the manufacture or importation by the Victorian Railways Commissioners of any of the articles for the use of the Victorian Railways, or by the purchase of any of the articles manufactured in the penal or other Government establishments, or by other contracts made by the said Commissioners.

12. In the event of any alteration in the Customs Tariff affecting any of the items included in these contracts, the schedule rates will be revised and increased or decreased to the extent of the alteration in the duty.

P. P. LABERTOUCHE.

## Schedule.

1. This license shall not be deemed to prevent the land comprised therein or any part or parts thereof from being sold, leased, or licensed under any of the provisions of parts I., II., or III. of *The Land Act 1869*, except subdivision VII. of the 47th section thereof, or proclaimed a common, or occupied by virtue of any miner's right or business license, or alienated or dealt with under the authority of *The Land Act 1869*, or any other Act now or hereafter to be in force, otherwise than for pastoral or depasturing purposes, or resumed by order of the Governor, acting by and with the advice of the Executive Council, for railways, roads, telegraph lines, dams, reservoirs, races, catchwater drains, pipe-tracks, quarries, or other public purposes; and no licensee shall in any such case be entitled to compensation other than the return of such portion of the fee paid by him as the Minister may think fit.

5. The interest in this license may not be transferred without the consent of the Minister and payment of a fee of One pound (£1), and upon sanction of transfer thereof a new license will issue to the transferee.
