All round 20 fathoms of water was sounded.

Reef Karang Pandjang di Laoet.—This reef, marked on the chart with 3½ fathoms, has 2 fathoms least water over it.

9. If the Military Commandant or any officer under his command from any cause become or be unable to perform his duties under his engagement, the Minister of Defence may, if he think fit, recommend to the Governor in Council that the said Military Commandant or such officer (as the case may be) be suspended or removed, and he may thereupon be removed by the Governor in Council.

#### VI.—PUNISHMENTS AND OFFENCES.

##### PUNISHMENTS.

1. *Awards by officers.*—Commanding officers are in all instances to report in writing to their superior officer any punishment awarded by them to men under their command. No officer, warrant officer, or N. C. officer is to be subject to any minor punishment at the hands of his commanding officer. Offences committed by any of the above which, in the opinion of the commanding officer, cannot be dealt with by reprimand, should be reported for the orders of the Commandant.

2. *Right of option not permitted.*—It would be inconsistent with subordination for a commanding officer to admit of the right of option or appeal from any of the above awards, but he may, if he think proper, vindicate the justice of his first order by resorting to the alternative of a court.

Non-commissioned officers may, with their commanding officer's consent, resign their rank, and revert to the rank or position they may have previously held, but they are not allowed to do so in order to escape the consequences of misconduct without the special sanction of the Commandant. A certificate of the commanding officer, stating the cause of the resignation (together with the written authority of the Commandant, if the case has been referred to him as above), is to be forwarded to Head Quarters to be appended to the man's enrolment form.

3. *Imprisonment.*—Solitary confinement is, as much as possible, to be reserved for cases of drunkenness, riot, or violence, and, in aggravated cases, should be followed by extra duty and drills.

## VII.—COURTS.

1. *Authority for constitution, &c., of courts.*—The Discipline Act 1870 lays down rules for the constitution of courts, and defines the powers with which they are invested.

2. *Investigation of charges.*—All charges preferred against persons serving under the said Act, and the circumstances on which they are founded, are to be carefully inquired into, without delay, by the commanding officer of the accused. The said commanding

officer will either deal with the case himself (if it is within his power, under *The Discipline Act 1870* and Acts amending the same and these Regulations) or refer the matter to higher authority. In the latter case, the evidence of the witnesses to the offence shall be taken down in writing, in a narrative form, in the presence of the accused, unless such accused shall fail to attend after having been duly warned. The evidence of each witness, when taken down, shall be read over to him, and shall be signed by him, or, if he cannot write his name, shall be attested by his mark and witnessed. Any statement of the accused material to his defence shall be added in writing.

3. *Courts on officers.*—Whenever it can be arranged without serious inconvenience to the service, the members of a court assembled for the trial of an officer are to be of equal, if not superior, rank to the prisoner.

4. *Separate trial for each prisoner.*—Any number of prisoners may be tried together for an offence committed collectively, but when more prisoners than one are tried by the same court, and they are arraigned upon separate and distinct charges, the court is to be re-sworn at the commencement of each trial, and the proceedings of each trial are to be conducted and recorded separately.

5. *Adjournments.*—It is important that every trial by court once begun should, as far as possible, proceed with strict regularity and without interruption to its conclusion. The court have the power of granting an adjournment, but they should in no case permit an adjournment for the purpose of obtaining further evidence, either on behalf of the prosecution or of the prisoner, unless they are satisfied that such adjournment and production of further evidence will not render the trial unjust, and ought reasonably to be allowed in order to assist the course of justice. Great care is therefore to be taken, both by the prosecuting officer and the prisoner, to have ready at the trial all the witnesses and documents which they may desire to produce in support of their respective cases.

6. *Copy of charge to be given to prisoner.*—The accused is to be furnished, within a reasonable time before the trial, with a copy of the charge to be preferred against him.

7. *Instruction in framing charges.*—In framing charges, care is to be taken to render them specific in names, dates, and places, but all non-essential minutiae are to be avoided.

8. *Charges of "disgraceful conduct."*—A charge of "disgraceful conduct" is never to be preferred unless the offence is clearly of a felonious or fraudulent nature, or of a cruel, indecent, or unnatural kind.

9. *Charges of drunkenness.*—No person under the rank of a non-commissioned officer is to be brought to trial by court-martial on a first charge of drunkenness only. If, however, he is to be tried for another offence, a charge of drunkenness may be added as a separate charge. In cases of frequent drunkenness, the evidence given from the Defaulters' Book is to specify the date, place, and circumstance of each previous instance of drunkenness. The entries in the Defaulters' Book are to be conclusive evidence of the previous instances of drunkenness therein stated.

10. *Plea of prisoner.*—In every case in which a prisoner pleads guilty, the court is, notwithstanding, to receive, and to report in the proceedings, such evidence as may afford a full knowledge of the circumstances, as it is essential that the facts and particulars should be known to those whose duty it is to report on the case, or who have discretion in carrying the sentence into effect.

11. *Former convictions, age, &c.*—After any person has been found guilty of the charge or charges preferred against him, the court is to inquire into and record the prisoner's former convictions (if any), and any sentence which he may be undergoing; also his age, service, general character, and any decorations or other honorary rewards he may be in possession of. These particulars are required for the guidance of the court in awarding punishment, as well as for that of the confirming authority in sanctioning the award. The evidence under this head is to be given, whenever possible, by a commissioned officer who is not a member of the court.

12. *Minutes of proceedings.*—The minutes of the proceedings of all courts-martial are to be fairly and accurately recorded in a clear and legible hand, without erasures. When interlineations, which should be avoided as much as possible, are necessarily made, they are to be verified by the president's initials. The pages are to be numbered, and the sheets, when more than one,

are to be fastened together. Care is to be taken that sufficient space, at least half a page, is left, immediately below the signature of the president, for the signature and remarks of the confirming authority.

Whenever a court is re-assembled for the purpose of revising their proceedings, the letter, order, or memorandum, or a copy thereof, containing the instructions to the court, and the reasons for requiring the revision, is to be attached to, and form part of, the proceedings.

All trials shall be conducted in accordance with the rules of procedure appended to the English Army Act in force for the time being so far as such rules may not be inconsistent with the provisions of *The Discipline Act 1870* and Acts amending the same.

13. *Sentences remitted or proceedings quashed.*—When any person has been tried and sentenced by a court, and his punishment has been wholly remitted, his conviction is to be recorded; but when the proceedings of a court are quashed on account of their illegality, or from any other circumstances, such person is to be relieved from all consequences of his trial, and all record of it is to be erased.

#### VIII.—PAY.

All pay and allowances are issued by the Paymaster in accordance with the rates laid down from time to time by Order in Council or Defence Circular.

Commanding officers are responsible for the proper disbursement of all moneys received by them from the Paymaster, and shall keep such record of their expenditure and receipts as may from time to time be directed.

In any case in which a commanding officer may desire to question a decision communicated to him by the Pay Department, or to apply for any grant of money not provided for by Regulation, he shall do so through the Commandant.

#### IX.—STORES.

Commanding officers are responsible for the proper custody of all stores which may be issued on their requisitions by the Controller, and that the proper establishment of stores, as laid down from time to time, is kept up.

1. The regulated establishment of stores allotted to each corps must not be exceeded or reduced except by the authority of the Minister, which must be obtained through the Commandant.

2. When the articles requisitioned for come within the authorized establishment, the requisitions will be signed by the commanding officer, and forwarded direct to the Secretary, who will send same to the Controller; but in all cases where articles not forming part of the regulated equipment are required, the requisition must be marked "Special," and forwarded, through the Commandant, to the Secretary for the approval of the Minister. When approved by the Minister, such requisitions will be forwarded to the Controller.

3. In the case of stores forming part of barrack equipment of the Victorian Artillery, the certificate of the officer commanding, that such stores have become unserviceable from fair wear and tear, attached to the requisition for new stores, will be sufficient authority for the Controller to satisfy the requisition.

4. When articles requisitioned for are supplied from stock, they will be accompanied by the requisition forms in duplicate. The black forms will be signed and returned without delay to the Controller, and the red form will be retained as a voucher.

5. When articles on approved requisitions are supplied direct by contractors, and not from ordnance stock, the officer receiving the stores will be responsible that they are in accordance with contract as to quality and description, and that the quantities charged are correct.

The order on contractor, duly signed by the officer authorized to receive the stores, will be retained by the Controller as his authority for passing contractors' accounts.

6. Requisitions in duplicate must be forwarded to the Controller for all stores to be supplied by or returned to the Ordnance Branch; the red form to be signed by the Controller on the receipt of the stores and returned to the Corps, to be retained as a

voucher; the black form will be sent by the Controller to the Secretary, who will initial and return it to the Controller.

7. Requisitions in duplicate for stores to be struck off the books as lost must be forwarded to the Controller. The authority to strike them off will be entered on the red form, which will be returned to the Corps as a voucher. When stores are returned as unserviceable, or struck off the books as lost, the proceedings of a Garrison Board approved by the Commandant must be attached to the requisition, and will be forwarded by the Controller to the Secretary for initial and return.

8. Requisitions in triplicate for the transfer of stores from one Corps to another must be forwarded to and approved by the Commandant. One form (black) will be retained by the Controller, one form (red) by the officer receiving the stores, and one form (red) by the officer transferring them.

9. Requisitions for the repairs of stores must be forwarded to the Controller, and must state clearly the nature of the repairs required; and all repairs will be executed in the order in which they are received, except in special cases, when instructions to the contrary are issued.

10. No erasures as to numbers or description of stores are to be made by commanding officers on any voucher. When any stores requisitioned for cannot be supplied, they will be struck out of the requisition in red ink by the Controller, or Assistant Adjutant-General in case of stores requiring the counter-signature of the Commandant, who will enter the cause of non-supply in the column for remarks, and initial.

Similarly, alterations in vouchers for stores returned must be initialled by commanding officers.

11. In all cases where stores are lost, damaged, or have become unserviceable from any cause, the officer in whose charge they are will apply to the Assistant Adjutant-General for a Board to report upon them. In case of loss or damage, it will be the duty of the Board to express an opinion by whom the loss should be borne, unless the value is less than £1, when the certificate of the commanding officer will be sufficient, and except also as provided in paragraph 4.

12. In order to ensure the utmost accuracy in the supply of stores required for each branch of the service, it is directed that all requisitions are to contain full and exact details as to the number and particular description, as shown in the vocabulary of stores, of every article required. The responsibility of the professional details will rest with the officer requiring the stores, whilst the Controller will only be responsible for providing and issuing them in accordance with the details furnished.

13. Expended stores must be entered in the Expense Book as they are drawn for consumption. The Expense Book must be made up at the beginning of each month, and, after being examined and signed by the commanding officer, the various items must be transferred to the proper columns on the issue side of the Equipment Ledger (see example shown on Appendix A, at end of such ledger), and a requisition (Appendix C) to strike off such expended stores must be forwarded to the Controller not later than the third day of each month. In the event of no stores being expended during any month, a blank requisition must be forwarded in the same manner as if stores had been expended.

14. All articles received and issued (except expended stores, which are to be posted up monthly, as per clause 8) must be entered under their proper headings in the Equipment Ledger as the transactions occur, and the ledger folios in which the entries are made must be inserted in the columns provided for that purpose on the requisition forms.

15. Once in each year—viz., on the 31st December—the Equipment Ledgers and Abstract Books are to be balanced and the balances brought down. The balances are to be compared with the articles actually on hand, and the general correctness of the Ledger or Abstract Book certified to by the commanding officer; after which, and not later than the 7th day of January, the Ledgers and Abstract Books are to be forwarded to the Controller for inspection and comparison with Ordnance Store Books.

If at any time the Controller may have reason to believe that the books of a Corps are not being properly kept, he may report to the Secretary, who will thereupon take steps that the books be forwarded for his inspection.

Whenever commanding officers are permanently changed, the books will be balanced as at the close of the year.

Recruits passed into the ranks between the 1st October and 31st December must attend two whole days, twelve half days, and twenty night drills.

Recruits passed into the ranks between the 1st January and 31st March must attend one whole day, four half days, and twelve night drills.

Recruits passed into the ranks between 1st April and 30th June may be classed as "Effective" irrespective of the number of drills they may attend.

15. In the Artillery the drills and parades of the annual course of Gunnery, and in the Cavalry, Garrison Artillery, Engineers, Torpedo and Infantry, those of the annual course of Musketry, may be included in the above drills.

16. One whole day will be considered equal to two half days or four night drills; one half day will be considered equal to two night drills; two half days will count as one whole; but no number of night drills will be allowed to count for daylight parades.

17. Pay will be issued to Commanding Officers of Corps and Brigade and Regimental Staff on the certificate of the Commandant that they have been effective during the period for which it is claimed.

18. Whole day parades will be ordered by the Commandant, who shall call at least four of such in each year on public holidays. Half-day parades shall be held on half-holidays, and will be ordered by Commanding Officers.

19. If temporarily resident in another district, a Militia man may by order of the Commandant be attached to a Corps serving in such district, and drills done with such Corps shall be returned to his Commanding Officer and count towards pay and effectiveness.

20. For the purpose of these Regulations, the duration of parades and drills shall be as follows (except in the case of the Torpedo Corps):—

A whole day parade,	not less than eight hours.
A half " "	three " "
A night drill " "	one and a-half hours.

But should the Corps, having assembled, be dismissed through inclemency of weather or other cause before the minimum time be reached, such parade or drill may be returned as complete under the authority of the Commandant. No member of the Force arriving on the parade ground after parade has been formed up and told off shall be entitled to claim payment for such parade.

21. Commanding Officers of Corps and Brigades, Regimental Staff, and Officers detached from their Corps on special duty, shall be classed as effective on having performed the duties required of them by General Order.

22. Attendance at church parades or funerals shall not be allowed to count towards effectiveness, nor shall pay be granted for such attendance.

23. An extra number of parades and drills shall be called in order to allow members the opportunity of earning the maximum amount; but members will not be paid more than the maximum, even although attending a larger number of parades and drills.

24. When the Commandant, or officer deputed by him, makes the annual official inspection of a corps, battalion, battery, or detachment, every officer, warrant officer, non-commissioned officer, or man should be present in the ranks, unless prevented by sickness or urgent necessity. In the former case, a certificate from the officer in medical charge to be produced; in the latter, leave may be granted by the officer commanding, but only in urgent cases. Any member of a corps not attending such inspection is liable to a fine of £1.

25. Any member of the Force not being a Commissioned Officer permanently removed from his district may, by order of the Commandant, be transferred to any arm of the Service in the district to which he is removed; and the Commandant shall by General Order decide what position such member shall take. Commissioned Officers may not be transferred to another branch of the Service except by authority of the Governor in Council.

26. In the event of any member of the Force becoming physically unfit for duty, the Commandant may cause a Medical Board to assemble, to report upon such member, and upon their recommendation may deal with his case.

27. Any Officer who does not qualify as an effective shall not be allowed to retain his commission, unless it be represented by the Commandant that there are special reasons for a relaxation of this Regulation.

28. Any Non-commissioned Officer who does not qualify as an effective shall be reduced to the ranks, unless it shall appear to the Commandant that there are special reasons for the relaxation of this Regulation.

29. After any portion of the Force has been called out for actual military service, it shall be released from such service only by order of the Governor in Council; and, before such portion of the Force is released from actual military service, it shall be returned to the locality to which it belongs.

30. A Corps is not to quit, as a military body, the district to which it belongs unless the sanction of the Commandant be previously obtained.

31. The Queen's Regulations and the Customs of the Imperial Military Service shall be taken generally as a guide in all matters not specifically dealt with in these Regulations, so far as the same may not be inconsistent with "*The Discipline Act 1870*" and the Acts amending the same.

## SECTION II.—DISCIPLINE.

1. As it is desirable to keep up in all ranks a proper feeling and high sense of honour, by which the correct and willing discharge of duty will best be insured, Officers of every rank should be impressed with the advantage which they individually, their own Corps, and the Service at large will derive from the adoption towards the Non-commissioned Officers and privates of a system of command and treatment which shall insure respect towards superiors.

2. Officers are to adopt such a system themselves, and are to require it to be adopted by the Non-commissioned Officers; and the example of Officers will have the effect of checking the use of improper and offensive terms on the part of the Non-commissioned Officers towards the privates. If acts of intentional neglect or of insubordination should take place, and the means of correction and punishment authorized by the Regulations of the Service have to be resorted to, these measures will have double effect if not preceded by intemperate language.

3. Officers are to avoid reproving Non-commissioned Officers for any irregularity, neglect of duty, or awkwardness, in the presence or hearing of the privates—unless it shall be necessary for the benefit of example that the reproof be public, lest their authority should be weakened or their self-respect lessened.

4. Officers are at all times accountable for the maintenance of good order and the rules and discipline of the Service, and they are to afford in these respects the utmost aid and support to the Commanding Officer. It is their duty to take notice of, repress, and instantly report any negligence or impropriety of conduct in Non-commissioned Officers and privates, whether on duty or off duty, although the offenders may not belong to their particular Battalion, Troop, Battery, or Company.

5. Deliberations or discussions, having the object of conveying praise, censure, or any mark of approbation towards superiors or any others in Her Majesty's Service, are strictly prohibited, as being subversive of discipline, and an assumption of power which belongs to the Sovereign alone, or to those Officers to whom the command and discipline of the Troops may be intrusted. Every Officer will therefore be held responsible who shall allow himself to be complimented by Officers, Non-commissioned Officers, or men, who are serving, or who have served under his command, by means of presents of plate, swords, &c., or by any collective expression of their opinion.

6. Corps are not to assemble for any purpose unconnected with military parade, drill, or rifle practice except with the approval of the Commandant.

7. Members of the Force are not individually or collectively to attend political meetings or join in public political discussions or demonstrations in uniform. Bands are not to appear in uniform except at parade or drill without the consent of Commanding Officers.

8. Commanding Officers are to use their utmost vigilance to prevent members of the Force publishing information relative to the numbers, movements, or operations of Troops, or any military details; and any member of the Force will be held personally responsible for reports of this kind which he may make without special permission, or for placing the information beyond his control, so that it finds its way into unauthorized hands. Furthermore, members of the Force are forbidden to give publicity to their individual opinions in any manner tending to prejudge questions that may at the time be undergoing official investigation by the Military Authorities. Anonymous complaints, and the publication through the medium of the press of anything calculated to act injuriously to the interests of the Service or to excite discontent in the Force, are also strictly prohibited.

9. Commanding Officers shall be responsible for the discipline, drill, and instruction of the various Batteries, Troops, or Companies under their command, and they shall notice any infraction of the provisions of the law, or of the orders of the Commandant, relating to the use of arms, the Regulations about clothing, distinctive marks of rank, discipline, and the like.

10. When members of the Force belonging to one or more Corps are brought together under arms, at rifle matches, or on other occasions, either in or out of uniform, the Senior Officer present is to be considered as in command; and although his position in this respect does not involve any authority for his interference in the arrangements of the meeting, yet he is held responsible for the due maintenance of order and discipline among the members of the Force present.

11. Disobedience of orders or disrespect shown to higher authority shall be instantly reported to the Commanding Officer, and it is impressed upon all ranks that discipline depends entirely upon instant obedience; so that not only must all Commissioned Officers see that it is always duly enforced, but Non-commissioned Officers failing to report any contempt or neglect of their authority will be liable to be summarily reduced. Obedience must be rendered even when it may be considered justifiable subsequently to prefer a complaint.

12. Any member of the Force may, for any offence against good order and discipline, be placed under arrest by his Superior Officer.

13. Arrest shall signify suspension from all military duty and participation in rifle shooting; and any member placed under arrest shall deliver up his arms and accoutrements to such person as his Commanding Officer may direct.

14. If any member of the Force, while under arms or on duty with the company to which he belongs or any portion of the Force, or while engaged in any military exercise or drill—either in uniform or plain clothes, or while going to or returning from any place of exercise or assembly—disobeys any lawful order of the Officer under whose command he then is, or is guilty of misconduct, any Superior Officer may order the offender, if an Officer, into arrest, and, if not an Officer, into the custody of any Non-commissioned Officer or private; but so that the offender be not kept in such custody longer than during the time such portion of the Force as aforesaid remains under arms or on duty. After which, his case will either be disposed of by the Officer Commanding on the spot, or he will be suspended from duty under clause 13, and reported to higher authority.

15. Duty with a company or any portion of the Force is held to mean not only presence under arms on parade, but the performance of all administrative duties of a military nature in or out of uniform.

16. Officers commanding shall, immediately after parade, receive the reports of Officers as to any members of the Force who have misconducted themselves, and shall either deal summarily with the case or report it to a higher authority. In case of fine, record of offence and punishment shall be made in the Order Book. Non-commissioned Officers shall not be subject to any fine unless previously reduced to the ranks.

17. If any member of the Force has cause to think himself aggrieved, he may represent his case through his Captain, or other Officer commanding his Troop, Battery, or Company, to the Commanding Officer; any appeal against the decision of the Commanding Officer will be made through the proper channel to the Commandant, and any further appeal will be made through these Officers for transmission to higher authority.

18. Any member of the Force who fails to produce, for inspection, when required, any arms, accoutrements, or other property intrusted to his care may be proceeded against under the Act, and steps taken for his summary discharge from the Force, for disobedience of orders. Every member failing to become effective shall, on demand, immediately return to the head-quarters of his Corps all arms, accoutrements, clothing, stores, &c., which may have been issued to him.

19. Any member of the Force whose services are dispensed with shall deliver up in good order, fair wear and tear only excepted, all arms, ammunition, accoutrements, clothing, or appointments, or any public stores or property issued to him; and if he refuse or neglect to comply with this Regulation, he may be proceeded against under the Act.

20. When a member of the Force has been dismissed for misconduct, a notification of the fact, with the cause of dismissal, will be inserted in Regimental Orders, in addition to the *Government Gazette*.

21. Members of the Force must not, under any circumstances, alter or tamper with their rifles, or use other than the authorized ammunition; and any rifle which, on inspection, may be found to have had its lock or any other part altered or damaged, will be at once returned into store, and repaired at the expense of the member to whom such rifle was issued, and the amount of such expense will be deducted from the pay of such member.

22. Any loss, damage, or destruction of arms, accoutrements, uniform, or stores which may be traced to any member, unless caused by circumstances beyond his control, will be required to be made good by stoppage from his pay; or, in default thereof, proceedings against him will be instituted under the Act.

23. The Commandant may summarily reduce in rank any Non-commissioned Officer, or may fine and dismiss any Warrant Officer, Non-commissioned Officer, or private, for misconduct, or may discharge any Warrant Officer, Non-commissioned Officer, or private.

24. Commanding Officers shall have power to enforce fines, not exceeding the following amounts:—

	s.	d.
(a.) For appearing on parade improperly dressed, or with clothing, arms, or accoutrements dirty	2	6
(b.) Talking in the ranks	2	6
(c.) Inattention, and other minor irregularities	2	6
(d.) Neglecting to notify change of address within fourteen days of such change	2	6
(e.) Neglect of duty	5	0
(f.) Leaving the ranks without permission	7	6
(g.) Minor cases of insubordination	10	0
(h.) Being absent without leave within the meaning of these Regulations	10	0
(i.) Drunkenness on parade or duty, or in camp, or elsewhere in uniform	20	0
(j.) Failing to become effective...	20	0
(k.) Being absent from the annual official inspection	20	0

25. Every member of the Force shall attend at least two parades or drills, of which one shall be a daylight parade, in each month. Any member of the Force failing to attend the required number of parades or drills in any month, unless on leave, shall be at the end of each month deemed to have been absent without leave within the meaning of these Regulations.

26. All fines shall be noted in returns, and shall be appropriated according to law.

27. Any member of the Force absent without leave for a period of three months shall be dismissed, unless in the opinion of the Commandant there be extenuating circumstances.

28. Any member of the Force contravening the Regulations under the Railway Act, with reference to the free conveyance of members of the Militia, thereby renders himself liable to dismissal.

29. Fines which cannot be settled from arrears of pay in accordance with Section 1, Paragraph II., should be recovered by the Commanding Officer in a Court of Petty Sessions.

### SECTION III.—INTERIOR ECONOMY.

#### OFFICERS.

1. A Commanding Officer is invested with authority which renders him responsible to his Sovereign and his country for the maintenance of discipline, order, and a proper system of economy in the Corps, or portion of a Corps, under his command. He is to exact from Officers and men the most implicit obedience to Regulations, and he is not only to enforce by command, but to encourage by example, the energetic discharge of duty.

2. He is to see that the Officers are practically instructed in their duties. He will, at his discretion, direct the Field Officers and the Captains to take the command of the Parade, and in his presence to exercise the Brigade or Battalion. The instruction of his men also forms a most essential part of the supervision of a Commanding Officer.

3. It is the duty of a Commanding Officer to bring specially to the notice of the Commandant, without favour or partiality, any Officers who may be distinguished for attention to and proficiency in their duties, as well as those who, from incapacity or habitual inattention, are deficient in a knowledge of their duties, or show an indisposition to afford the Commanding Officer that support which he has a right to expect from them, or conduct themselves in a manner injurious to the efficiency and the credit of the Corps.

4. An Officer in temporary command is not to give out any Standing Orders, or to alter those issued by the Commanding Officer, without a reference to him or to the Commandant. On the other hand, a Commanding Officer, when absent from his Corps, is not justified in issuing Regimental Orders.

5. Commanding Officers are to cause every Order and Circular issued for general information and guidance to be made known throughout the Corps; and they are to afford all Officers under their command every facility for becoming acquainted with current changes in Regulations and Orders. Ignorance of published Orders will never be admitted as an excuse for their non-observance. All Orders relating to the Corps are to be read and explained immediately after such Orders are received, and those of an important nature are to be read on three successive Parades.

6. Nothing more essentially tends to the maintenance of regularity and good order than that system or chain of responsibility which should extend from the highest to the lowest grade. With this view a Battalion is divided into Companies; and, in the Artillery, Batteries are formed into Brigades, under the command of a Lieutenant-Colonel, who exercises the powers of Commanding Officer. In the Infantry, the senior Major will exercise a general supervision over the whole Battalion, under the direction of the Commanding Officer.

7. It is of importance that the Regimental Field Officers should, at all times, make themselves thoroughly acquainted with the professional abilities of the whole of the Officers placed under their charge, so as to assist Commanding Officers in the appreciation of the military acquirements of those under their command. In like manner, Officers commanding Troops, Batteries, and Companies should make themselves thoroughly acquainted with the ability and acquirements of their subalterns, who ought at all times to look to them for information and advice.

8. Great attention is required from the Officers Commanding Troops, Batteries, and Companies to the cleanliness of the clothing, arms, and accoutrements. The dress and appearance, as well as the demeanour, of members of the Force should on all occasions and in all situations be such as to create a respect for the service. Members of the Force must be properly dressed when going to and returning from Parade.

9. In a Battalion of Infantry two Field Officers, in addition to the Commanding Officer, will be mounted on Parade. The Companies of a Battalion of Infantry are to be equal in size. They will form on Parade according to the seniority of the Majors and Captains from flanks to centre, viz., the senior on the right,

next senior on the left, and so on ; but for purposes of drill and exercise their position may, in accordance with the "Field Exercise," be varied at the discretion of the Commanding Officers. Batteries of Artillery will form up according to the regimental seniority of the Brigade or Battery.

10. For purposes of interior economy, each Troop, Battery, and Company is to be permanently designated as follows :—Cavalry, Field Artillery, and Infantry by a letter of the alphabet, commencing from A ; Garrison Artillery by consecutive numbers.

For the convenience of inspection and general supervision, each Troop is to be divided into two Squads ; each Battery of Field Artillery into three divisions, and each division into two subdivisions ; each Company into two Half Companies, and each Half Company into two Sections.

The subaltern Officers, to whose supervision the Squads, Divisions, or Half Companies are respectively intrusted, are responsible to the Captain or other Officer Commanding, who is answerable for the whole of his Troop, Battery, or Company to the Commanding Officer. Subaltern Officers on joining are to provide themselves with a nominal roll of their Squads, Divisions, or Half Companies, and are as soon as possible to make themselves acquainted with the disposition, character, age, and service of each of their men.

11. It is expected that every Officer who has been two years in the service will be capable of commanding and exercising a Troop, Battery, or Company in every situation, and will be perfectly acquainted with its interior arrangement, economy, and discipline ; and that every officer who shall have been two years in command of a Troop, Battery, or Company will be competent in every respect to undertake the duties of a Field Officer. No Officer of Infantry is to be dismissed from drill until he has gone through a course of musketry instruction ; and, in the Cavalry, a course of singlestick, fencing, and army signalling instruction.

12. Warrant and Non-commissioned Officers who have served in the Volunteer Force may be appointed on probation for six months, after which their appointment may be confirmed.

13. All other candidates for the rank of Warrant and Non-commissioned Officers must pass such examination as may be directed by General Order before being eligible for appointment by Commanding Officers.

14. All members promoted to warrant rank will receive warrants bearing the signature of the Commandant.

15. Non-commissioned Officers and men will address Warrant Officers in the same manner as they do Officers, but will not salute them.

16. Warrant and Non-commissioned Officers, after having served as such for five years, may be retired on the recommendation of Commanding Officers.

17. Every Sergeant is required to provide himself with and to have in his possession a copy of the Regulations for the Field Exercise and movements of that branch of the service to which he belongs.

18. When additional Non-commissioned Officers are required, Corporals may be appointed to act as Sergeants (to be styled Lance-sergeants), and privates as Corporals (to be styled Lance-corporals, or in the Artillery acting Bombardiers), who, if they prove themselves efficient, are to be promoted as vacancies occur. Such appointments not to carry extra pay.

19. The number of these acting Non-commissioned Officers is not to exceed one Lance-sergeant and three Lance-corporals or acting Bombardiers to each Troop, Battery, or Company, unless the effective strength of the Troop, Battery, or Company exceeds 75 privates, in which case one additional Lance-corporal or acting Bombardier is allowed.

20. All funds, effective allowances, and other moneys shall be paid to and administered by the Commanding Officers.

21. At the commencement of each year, Commanding Officers will be credited for each effective member the sum of 20s. per head, together with 30s. per head on the established strength ; to be expended by the said Commanding Officers, on behalf of their Corps, on the following items :—

Clothing, not including great coats.

Store-rooms.

Expenses in connexion with parades and camps.

Expenses incidental to target practice and Prizes, not exceeding 15 per cent. of the effective money.

Battalion bands.

Cost of all supplies received from the Ordnance Department on repayment, or any other expenditure authorized by the Council of Defence.

22. In case of the disbandment of a Corps, any balance of the effective allowance or other funds shall lapse into the Defence Vote after payment of all expenses sanctioned under these Regulations.

23. Commanding Officers shall be responsible to Government for the due custody and expenditure of the Government allowances, no portion of which shall pass from their control or be expended except by their direction. The Government allowances shall be kept in a special bank account, and all books and accounts connected with the expenditure thereof shall be produced when required at Inspections.

24. In cases where effective allowance is payable to officers commanding detachments  $2\frac{1}{2}\%$  (two and a half per cent.) will be deducted from the amount of such allowance and paid to the officer commanding the Brigade or Battalion, to enable him to meet the expenses incidental to the administration of his command. Officers commanding Brigades or Battalions will keep an account of all such money received by them, and at the close of each financial year any balance remaining unexpended will be divided among the several batteries or companies of their command in proportion to the amount received on account of each.

25. The following deductions shall be made from the effective allowances to Metropolitan Corps, and the amounts thereof paid to the treasurer of the Victorian Rifle Association for the support of ranges, etc., viz:—One shilling and sixpence per head on the establishment of Corps armed with the rifle; One shilling per head on the establishment of Corps whose arm is not the rifle.

26. On or before the 10th of July in each year a balance-sheet of the past year's receipts and expenditure, signed by the Commanding Officer, and countersigned by two other Officers, must be forwarded to the Minister of Defence. No portion of the annual allowance shall be issued to any Corps until such balance-sheet shall have been received by the Minister.

27. The Council of Defence shall from time to time appoint and authorize some person or persons to examine all books and accounts of any Commanding Officer, and report thereon.

28. Every Commanding Officer shall furnish such guarantee as may be decided by the Governor in Council.

29. The Band of a Battalion is not to exceed a total strength of 1 Sergeant, 1 Corporal, and 18 Privates, in addition to the boys allowed to be engaged. These men are to be effective for service, to be perfectly drilled, and liable to serve in the ranks on any emergency, and the numbers stated are not to be exceeded. Attendance at Band practice to count as Drills. Commanding Officers are empowered to employ supernumeraries as Bandsmen in addition to the numbers authorized, provided that no portion of the cost falls upon the Effective allowance.

30. Bands are to be dressed in clothing of the same colour as that worn by their Battalions.

31. Boys engaged under Regulations relating to Militia for training as musicians may be clothed like Bandsmen.

32. When Bands are playing together the Bandmasters or Band Sergeants are to lead according to seniority of appointment.

33. The following books of instruction, published by authority, are to be strictly adhered to by the Corps to which they appertain, without additions or alterations either as regards the soundings or their application. In the Mounted Service and Garrison Artillery—"The Trumpet and Bugle Sounds for Mounted Services, &c." In the Infantry—"The Infantry Bugle Sounds," "Instructions for the Fife," and "The Art of beating the Drum."

34. It is essential that the band, the bugles, and the drums and fifes when playing or beating for military purposes, particularly for the marches, should adhere strictly to the time which will allow, within the minute, the exact number of steps prescribed in the "Field Exercise." For this purpose the music for the different cadences is to be practised under the direction of the Sergeant-drummer (or Sergeant-bugler) with the plummet until the cadence has been acquired. The band and the drums are to be frequently practised together in order that when relieving each other in the quick march the cadence may be preserved uniformly and uninterruptedly.

35. In order to ensure uniformity throughout the bands of the Force, the instruments are to be of the same pitch as that adopted by the "Ancient Philharmonic Society."

36. Commanding Officers are permitted to let drill-rooms belonging to their corps (when not required for instruction) for purposes other than military.

All rents to be paid by the Officer Commanding the detachment which occupies the drill-room to the Officer Commanding

the corps, who will apply the same for the benefit of the said corps, subject to such ratable deductions for benefit of head-quarters as he may deem advisable.

The rate of hiring to be fixed by the Commanding Officer.

#### SECTION IV.—MEDICAL BRANCH.

1. The Officers of the Medical Department will, subject to the orders of the Commandant, be detailed for duty by, and be under the immediate command of, the Principal Medical Officer, both for discipline and professional supervision.

2. When on active service, or when the Militia Force is in camp, they will be employed in general, station, or field hospitals, with troops in barracks or in the field, and on all such special duties in camp or quarters as the Principal Medical Officer may decide.

3. The Regulations for the Medical Department of Her Majesty's Army to be the Regulations for the Victorian Medical Branch in so far as they can be applied, more especially in respect to constitution, general duties, hospital organization and management, supply of surgical instruments, appliances and materials, medicines and medical materials, medical examination of recruits, sanitary regulations, and general regulations.

4. Medical officers will be detailed for duty with the various corps, and will, on the application of officers commanding corps to which they are attached, perform, without further reference, the undermentioned duty:—

Examination of recruits on certain nights, to be fixed by the Commanding Officer in conjunction with the Medical Officer.

5. Attendance at artillery and rifle practice and field days will be arranged for by the Principal Medical Officer at head-quarters; and by the Senior Medical Officer at out-stations:

6. In the event of an officer being unable to attend to any of the foregoing duties, he will either make arrangements with some other Medical Officer to take his place (informing the Commanding Officer) or report to the Principal Medical Officer, in sufficient time to enable him to provide for the duties.

7. The Medical Officers of non-metropolitan corps will be required to give professional attendance to the Drill Instructors, together with their wives and families, who may be attached to the corps at the several stations:

8. Medical Officers will be liable to be detailed for Boards, &c., where the attendance of a Medical Officer is necessary.

9. Medical Officers will receive pay as follows:—

(a) For examination of recruits, 2s. 6d. a head.

(b) For other military duties:—

Surgeon-Majors, £2 10s. for whole day.

Ditto £1 5s. for half-day.

Surgeons, £2 for whole day.

Ditto £1 for half-day.

(c) The maximum amount of pay, however derivable, from the various sources shall not exceed in one year £50 for Surgeon-Major ranking as Lieut.-Colonel; £40 for a Surgeon-Major ranking as Major; and £30 for a Surgeon.

10. Horse allowance will be issued to Mounted Medical Officers under the same regulations as to other Mounted Officers.

11. At any Military Station where the services of a Medical Officer of the Victorian Militia are not available, the Officer Commanding may make arrangements with a civil practitioner to carry out the duties required.

Fees will be allowed on the same scale as the pay of a Surgeon. Bills for such fees must be supported by the receipt of the civil practitioner and a certificate by the Officer Commanding that no Medical Officer of the Militia is available.

#### SECTION V.—LEAVE OF ABSENCE.

1. Leave of absence, not exceeding one month, may be granted by Commanding Officers, or they may delegate this power to Officers Commanding Troops, Batteries, or Companies. Beyond this period, application must be made to the Commandant through the proper channel.

#### SECTION VI.—HONOURS AND SALUTES.

1. Warrant and Non-commissioned Officers and privates in uniform shall give the military salute to His Excellency the Governor and to all Commissioned Officers.

2. No member of the Force shall be buried with military honours, except by the express desire of his friends, notified to the Officer Commanding the Corps.

#### SECTION VII.—COMMISSIONS AND PROMOTIONS. OF OFFICERS.

1. The Council of Defence shall, on the nomination of the Commandant, recommend to the Governor in Council competent Officers, who have previously served in the Imperial Regular or Auxiliary Forces, or in any Colonial Militia or Volunteer Force, who may be considered suitable for appointment in the Militia. All such Officers will be posted on probation for six months, during which time they must pass such practical examination as may by General Order be directed, failing which their commissions will not be confirmed. The time of probation may be extended on the recommendation of the Commandant for a period not exceeding six months.

2. Every other candidate for a commission must pass through the School of Instruction, and obtain a certificate of fitness for his branch of the Service. On selection, he will be posted by the Commandant on probation for six months, during which time he must pass such examination—technical and practical—as may be directed, failing which his appointment will not be confirmed. The time of probation may be extended, on the recommendation of the Commandant, for a period not exceeding six months.

3. Arrangements will be made for attaching Officers on probation, if they desire it, to the Victorian Artillery, for instruction in their duties.

4. Officers appointed under clauses 1 and 2 shall receive temporary commissions.

5. All recommendations for appointments, promotions, and resignations of Officers will be made by Commanding Officers to the Commandant.

6. The appointments, promotions, and resignations of Commissioned Officers shall be inserted in the *Government Gazette*.

7. Any Officer applying may, on the recommendation of the Commandant, be placed on the unattached list. Officers on the unattached list shall not, unless special authority is given, receive any pay.

8. The services of unattached Officers are at all times to be at the disposal of the Commandant. Unattached Officers, other than those on Staff employ, are not to perform any duty unless ordered to do so by the Commandant.

9. The appointment of Honorary Chaplains is allowed on the recommendation of the Commandant.

10. Officers not under the rank of Captain, after ten years' commissioned service in the Militia, may be allowed to retire with permission to retain their rank and wear their uniform.

11. Before promotion to the rank of Captain or Major, candidates must pass an examination in professional subjects. Officers may, however, on the recommendation of the Commandant, be promoted without passing such examination on the condition that they do so on the first available opportunity. The promotion of Officers who fail to pass the examination within a reasonable time will be cancelled.

12. Mounted Officers, and candidates for appointment as such, must attend riding-school, if required by the Commandant.

13. The professional examinations required will comprise the following subjects:—

- (a.) Regimental duties.
- (b.) Drill.
- (c.) Duties in the field.
- (d.) Gunnery (for Officers of Artillery only).

The scope of each subject will vary according to the rank for which the examination is required. The various subjects, (a) to (d), showing the scope to be required from Officers of each rank, will be detailed in a syllabus to be published in General Orders.

#### SECTION VIII.—DRESS AND EQUIPMENT.

1. Members of the Force must appear in authorized uniform, or in purely civilian dress—the unsoldierlike appearance of Militiamen dressed partly in uniform and partly in civilian costume bringing discredit not only on themselves but on the Force to which they belong.

And the Honorable Frederick Thomas Sargood, Her Majesty's Minister of Defence for Victoria, shall give the necessary directions herein accordingly.

ROB. WADSWORTH,  
Clerk of the Executive Council.

# THE SHIRE OF YARRAWONGA WATERWORKS TRUST.—LOAN.

At the Executive Council Chamber, Melbourne, the eleventh day of June 1885.

PRESENT:

His Excellency the Governor.

Mr. Service	Mr. Levin
Mr. Kerferd	Mr. Sargood
Mr. Gillies	Mr. Campbell.
Mr. Tucker	

WHEREAS by the Victorian Water Conservation Act 1881 it was amongst other things enacted that, at the expiration of two months after the notice of any application should have been first advertised in the *Government Gazette*, the Minister, if satisfied that the provisions of the now in part recited Act have been substantially complied with, should submit such application, and the general plan and description therein referred to, and all petitions which have been received in respect of such application, to the Governor in Council, together with any recommendations as to the granting of the application, or as to any alterations or additions he might think desirable in the proposed waterworks; and the Governor in Council might thereupon approve of the construction of such proposed waterworks, with or without any alterations or additions in the general plan and description thereof, or might disapprove of the construction of such waterworks, and should make an Order in Council accordingly: And it was further enacted that, if the Governor in Council should approve of the construction of such waterworks, with or without alterations or additions, or restrictions of any such general plan and description, a Waterworks Trust should be constituted to construct, maintain, and continue the whole or any part of the waterworks therein described, in accordance with the provisions of such Order and of the now in part recited Act: and every Order approving the construction of any proposed waterworks, and of the constituting of a Waterworks Trust for the purpose, should state—

(a.) The amount of money which the Governor in Council would grant as a loan for the purpose of carrying out the same, and paying the cost and expense of the plans and application for the same; and also the rate of interest which would be charged for such loan, such rate being at least One-half per centum more than the rate payable by the Government on the Public Loan out of which such loan might be granted.

(b.) Should proclaim the limits of the lands, whether within or without the municipal districts of the council or councils applying for the proposed waterworks within which such trust should have authority, to be called a Waterworks District:

(c.) Should state what are the principal works proposed to be constructed: and

(d.) Should contain such provisions (not inconsistent with the now in part recited Act) as according to the nature of the application and the facts and circumstances of each case the Governor in Council should think fit.

And it was further enacted by the said Act that whenever any Waterworks District was comprised wholly within one municipal district, although portion of the works might be outside same, the Governor in Council might appoint the municipal council thereof for the time being, together with one other commissioner, to be the Waterworks Trust of such Waterworks District: Now therefore His Excellency the Governor, with the advice of the Executive Council, and in pursuance of the provisions of the said Act, has approved of a general plan and description as set forth in a certain application of the Shire Council of Yarrawonga for a Loan of four thousand pounds, to carry out certain waterworks for the domestic supply of a Waterworks District under the said Act, embracing such portions of the Shire of Yarrawonga as are shown on the general plan and description accompanying the said application deposited in the Department of Mines and Water Supply, Melbourne, and doth hereby order and appoint as follows:—

(1.) The construction of the said waterworks:

(2.) The Municipal Council of the Shire of Yarrawonga for the time being and one other Commissioner to be the Waterworks Trust of such Waterworks District:

(3.) That the amount of the loan hereby granted shall be Four thousand pounds sterling, for the purpose of carrying out approved works, and paying the cost and expense of the plans and application for the same; and that the interest to be charged for such loan shall be at the rate of Four pounds ten shillings per centum per annum, payment of which interest shall be made half-yearly:

(4.) That the limits of the land within which the said Waterworks Trust shall have authority shall be the lands included within that portion of the municipal district of the Shire of Yarrawonga comprised within a line drawn about three miles distant north and east from the Boosey or Back Creek, the Broken Creek, and the Wild Dog Creek, containing the whole or parts of the parishes of Katandra, Yabba Yabba, Waggarandall, and St. James, Karrabumet, Pelluebla, Tharanbegg, Youarang, Youanmite, Dunbulbalane, Naringaningalook, Katamatite, Boosey, and Burramine, as follows: Commencing at the south-east angle of the parish of Karrabumet, in the county of Moira; thence by a road north about three hundred and twenty chains to the north-east angle of allotment 24 in the said parish, west by a road about one hundred and twenty-five chains to the north-east angle of allotment 22, north by a road eighty chains to the north-east angle of allotment 15, west by a road one hundred

- The lessee shall not assign or sub-let the allotment, or any portion thereof, without the consent of the Governor in Council.
- The lease will be voidable if the lessee fail at any time to use the land *bona fide* for the purposes for which it has been demised, but the lessee may use the site for any of the purposes before mentioned.
- The lessee shall declare within two (2) weeks after purchase of lease of site the particular purpose for which he intends to use the same, in order that the provision may be inserted in the lease.

Under 31 Victoria No. 310, section 4, cemetery fees are not payable in the cases of paupers buried upon an order signed by a Justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a covered, plain, suitable four-wheeled vehicle for a child under seven years of age, to be provided. The body shall be taken direct to the cemetery, and no more than one body shall be carried in the hearse at a time.

3. Coffins to be sufficiently long, deep, and wide for the corpse to lie extended at full length, and to be fastened down with screws. The contractor shall provide two inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body. Coffins to be properly lowered into the graves, and the graves filled up again.

6. When burials are required to take place on Sunday, no delay must take place in complying therewith, and any additional fees charged by the cemetery authorities will be repaid to the contractor.

7. The attendance of a minister of the denomination named in the order for the burial must, if practicable, be provided, and the contractor must inform the Police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. Such order to be produced at the cemetery when the contractor gives the order for interment. The contractor must pay the minister's fee for reading the burial service should it be claimed, and he will be reimbursed, on producing the minister's receipt, which must specify that the burial service was duly and properly performed, and that he received the fee for so doing; the receipt must also specify the name, age, and denomination of deceased, the name and denomination of the minister who performed the burial service, and the hour when the service was performed.

8. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne. The charge for the minister's fee should be included in the account for the funeral.

9. In the event of any charge of impropriety or neglect in conducting the funerals being established against the contractor, the Government may for the first offence deduct from the security money, by way of fine, £5; and for the second offence a similar amount, and, in addition thereto, may forthwith cancel the contract.

10. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited.
